GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper:—

Resolution of the Government of India, Department of Finance and Commerce (Accounts, &c.—Stores), dated Calcutta, the 29th November 1889, No. 5973.

Read—the following extract from despatch from the Secretary of State for India, No. 144 (Financial), dated the 4th July 1889:—

Para. 23. From the examination of the Home charges which has been made by the Committee, your Excellency will see what a very large proportion of them (about 78 per cent.) consists of fixed payments for interest and superannuation, in which no reduction can be anticipated for many years. The payments for the recruiting and depôt charges and transport of troops are equally necessary; no immediate diminution of the payment to officers on furlough can be effected; and the cost of the stores indented for from India can only be reduced as the resources of that country may gradually be utilised to a greater extent. * * * *

It is, therefore, evident that no material reduction of the Home charges can result from the direct action of the Secretary of State, and that it is only by the careful watching of the probable consequences of measures adopted by the Government of India that any real check can be placed upon them. * * * *

And if the departments in India can be accustomed to use articles made in that country when of an ordinary character and not needing special inspection during manufacture, they might be procured of sufficiently good quality, even though somewhat inferior to those which would be obtained by paying a higher price in England; and thus a perceptible diminution might be made in the payments in this country. I commend these points to the very earnest attention of your Excellency's Government.

ORDERED that the above extract be communicated to all Local Governments and Administrations; the Home, Revenue, and Foreign Departments; and the Heads of Departments under this Department; with the request that the desirability of introducing and extending the use of stores manufactured in India in preference to imported stores may be always borne in mind and the substitution effected whenever feasible.

(Signed) J. F. FINLAY,
Dy. Secy. to the Govt. of India.

ORDER—dated 14th December 1889, No. 901, Financial.
