GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following paper:—

From the Quartermaster-General, Madras Army, to the Secretary to Government,
Military Department, dated Ootacamund, 12th February 1890, No. 564 A.

With reference to O.G., No. 7956, * dated 15th November 1889, I am desired to
forward, for sanction and transfer to the
Public Works Department for disposal,
the estimate, plans, &c., below mentioned
which have been approved by the Com-
mander-in-Chief. The plans and estimate have been countersigned:—

* Public Works Department No. 3121 W.
of 4th idem.

Plans and estimate, the latter amounting to Rs. 1,100, for providing a Soldiers'
Institute for the European Infantry Detachment at Malapuram.

2. It would be observed that the estimate now submitted exceeds, by Rs. 470, the
approximate amount entered in the statement which accompanied this office letter
No. 3206 A., dated 26th September 1889, as the cost of carrying out the alterations
in question, and I am to express the hope that Government may find it possible to
provide from some other source the balance of the sum now required for completing the
work during the current financial year, it being very desirable, in the Commander-in-
Chief's opinion, that suitable institute accommodation should be provided as early as
possible for the European Infantry Detachment at Malapuram.

3. The Executive Engineer reports that the work in question will be commenced
in anticipation of sanction.

No. 1176, Military.

Approved and transferred to the Public Works Department for disposal.

(By Order.)

FORT ST. GEORGE,
17th February 1890.

(Signed) A. KENNEY-HERBERT, Brigdr.-Genl.,
Secretary to Government.

Notes by the Chief Engineer, P.W.D., General, Buildings and Roads Branch.

It is observed from the plan that according to the present arrangement casks of
liquor for the beer-store will have to be brought in either through the "Private's"
or "Corporal's" room. As this will probably cause some inconvenience, it is proposed
for consideration that the outer window in the beer-store should be converted into a
door and a ramp provided.

CHEPÁK, (Signed)
26th February 1890.

R. R. E. DRAKE-BROCKMAN, Lt.-Col., R.E.,
Ag. Chief Engineer, P.W.D., General,
Buildings and Roads Branch.

ORDER—dated 1st March 1890, No. 653 W., Public Works.

The estimate is returned to the Superintending Engineer, IV Circle, for disposal.

2. A sum of Rs. 630 was provided for the work in G.O., No. 3121 W., dated 4th November 1889, but funds are not available to provide the balance of the estimate.

3. Attention is drawn to the note by the Chief Engineer, Public Works Department, above recorded.

NOTE OF REMARKS.

The estimate under review amounting to Rs. 1100 provided for a Soldier Institute for the Detachment of European Infantry at Malacca.

The estimate is divided as follows.

(1) Improvements Rs. 14
to 14 mureeds
Quarters as well
to adapt them
for a Regimental
Institute 695

(2) Do do Contingencies 405

Total Rs. 1100

The rates, as far as can be checked are fair.

A lump sum of Rs. 100 is provided in the Est. for removing the wall in the Ballroom and substituting a bridge beam for the support of the roof.

Contingencies and petty supervision are provided for in the Est. at 2½ per cent each.

It is stated in para 3
of the Quarter Master General's
letter No 564A of 12.2.90
that the work will be
commenced in anticipation
of sanction.

The plans & Estimates
have been countersigned
by the Quarter Master
General, and approved
in the Military Dept:-
but they are not signed
by the Supy. Engr. IV
Circle.

Cing
21.2.90

It would be well to convert
the inner window in
the beer store into a door
to provide a passage
in order to facilitate
bringing in the casks.
By the present arrange-
ment they will have
to be brought in through
the "Printed Room" or
through the "Corporals
Room" which seems
an inconvenient arrange-
ment.

Cing
21.2.

The plans & estimates will
be forwarded to the Engr.
Circle & the consideration
regarding the provision of
a ramp and door
& the nature of the

entire that is to be
provided with a
holer's institute.

3 will not require
the provision of the
extra 470 Rs, as the
of the P.W. cannot find
the money, a further
allocation cannot be
made.
