GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper:—

G.O., dated 19th February 1890, Mis. No. 370 L., Local and Municipal.

Read—Endorsement of the Acting Joint Secretary to Government, Public Works Department, dated 11th January 1890, No. 167 C., on office note from the Examiner, Public Works Accounts, dated 7th January 1890, No. 29, forwarding, for approval, a statement showing the amounts to be written back from Provincial to Local funds for amounts debited in excess in 1886-87 and in 1887-88 on account of percentage on amounts of estimates for Local Fund works scrutinized by the Public Works Department with reference to G.O., No. 1137 W., of 29th April 1889.

Order—dated 19th February 1890, Mis. No. 370 L., Local and Municipal.

The statement received with the endorsement read above is approved, subject to the following remarks:—

- (1) No contribution should now be charged to Local funds for scrutinizing the estimate for constructing a public market at Adóni, as it is a municipal work.
- (2) Some reason should have been assigned for the remark that no write-back is necessary in the case of item No. 24, Kistna-Guntúr-Chebrole road.
- (3) In the statement received from the Public Works Department with its endorsement No. 550 D., dated 20th August 1888, item 28, "Improving the dispensary at Ambásamudram" was shown under "Trichinopoly." If the charge was debited to that district in 1887-88, the necessary adjustment should now be made.
- (4) As the contribution for examining the estimate for constructing the Marlimand-Saighúr ghât road in Nilgiris, referred to in para. 2 of G.O., dated 29th March 1889, No. 728 L., is not included in the present statement, it is presumed that the estimate was examined in 1887-88, though it received sanction only in 1888-89, and that no contribution has been levied for the same work again in the latter year.
