Copy of letter No 4684 dated
12th February 1890 from A.S. Russell
Esquire Executive Engineer Bellary
Division to the Superintending Engi-
neer 3rd Circle Bellary.

701/1

With reference to your endorse-
ment No 3264 dated 3rd February 1890
on memo from the Chief Engineer
C.W. Department No 506 e dated
29th January 1890, I have the honor
to inform you that the duties of
the two watchmen already sanctioned
are to watch the tools in a big open
store yard day and night by turns.

2. As experience shows that one
man will not keep awake the whole
night, and as the store yard can be
entered at several points and the
extent of it is considerable a third
watcher was absolutely necessary and
was entertained as reported in the
office letters noted in the margin

*No 2690 25-10-89
No 3089 8-1-90

3. The services of the extra or
third watcher will only be required

till

end of July by which time close buildings for storing tools should be ready.
