From the Director-General of Ordnance in India, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 6th February 1890, No. 6845-E.

With reference to your No. 101 W., "Public Works," dated the 15th January 1890, I have the honor to state that, in addition to the budget grant of Rs. 19,483 for the new workshops for the Gun Carriage Factory, Madras, this year, a reallocation of Rs. 40,000 for this work was sanctioned by the Government of India from the grants for the extension of the Foundry and Shell Factory, Cossipore, and of the Tannery at the Harness and Saddlery Factory, Cawnpore.

2. When it was reported in your telegram of the 29th December 1889 that Rs. 45,000 only could be expended on the work in question, it was understood that this amount included the usual percentage charges, and a proposal was therefore made to the Government of India for retransferring Rs. 14,483, which was reported to be surplus, to the grant for the extension of the Cossipore factory from which it was taken, which proposal has since been sanctioned.

3. As it is now understood that Rs. 6,252 more is required as percentage for tools and plant on Rs. 25,517, the Government of India have been asked to sanction a reallocation of this amount from Rs. 13,074 which is available from the grant for the new magazine at Karachi.

4. As regards the subject of providing funds for re-roofing the Ordnance Lines at Madras, I would observe that, at my request, the Government of India have already sanctioned the reappropriation of Rs. 7,650 for this purpose from funds available from the grant of Rs. 10,000 for the workshops in the Bellary Arsenal.

From the Secretary to the Government of India, Military Department, to the Director-General of Ordnance in India, dated Fort William, 21st February 1890, No. 515 M.W.

In reply to your letter No. 6844-E., dated 6th February 1890, I am directed to convey the sanction of the Government of India to the transfer of Rs. 6,252 from the grant for the new magazine at Karachi to the grant for the new workshops for the Gun Carriage Factory, Madras.

Copy of the above forwarded to the Secretary to the Government of Madras, Public Works Department, for the information of His Excellency the Governor in Council.

SIR,

With reference to your letter No. "Public Works" dated the 15th January 1890, I have the honor to state that, in addition to the Budget grant of Rs 19443 for the new Workshops for the Gun Carriage & Factory, Madras, this year, a re-allocation of Rs 40,000 for this work was sanctioned by the Government of India from the grant for the extension of the Foundry and Shell Factory, Coimbatore, and of the Gunners at the Harness and Saddlery Factory, Coimbatore.

When it was reported in your telegram of the 29th December that Rs 45,000 only could be expended on the work in question, it was understood that this amount included the usual percentage charges, and a proposal was therefore made to the Government of India for retransferring Rs 14493, which was reported to be surplus to the grant for the extension of the Coimbatore Factory from which it was taken, which proposal has since been sanctioned.

3. As it is now understood that Rs 6252 more is required as percentage for tools and plant on Rs 2557, the Government of India have been asked to sanction a re-allocation of
