GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers :—

From Lieut.-Colonel A. C. SMITH, R.E., Superintending Engineer, VI Circle,
to the Examiner, Public Works Accounts, dated Bangalore, 20th December
1889, No. 809 T.N.

In acknowledging receipt of your No. 891-S.E./6 of the 14th December 1889,
I have the honor to observe that all sanctions of grants from Incorporated Local Fund
by Government in the Local and Municipal Department have hitherto been communi-
cated to this office by Government in the Public Works Department. Sometimes
Presidents of District Boards communicate to this office copies of sanctions in the
Local and Municipal Department, but we generally take credit to the amounts only
after the formal receipt of Government Orders in the Public Works Department
communicating the above sanctions.

2. In the present case the copy of the Government Orders sent by you appear
to be those passed in the Local and Municipal Department. I request to be informed
whether in future action may be taken by this office and Executive Engineers on
receipt from Presidents, District Boards, of copies of Government Orders in Local and
Municipal Department sanctioning grants.

3. The Executive Engineer, Tinnevely, has been ordered to include to the sum
at his credit the grants in question, as per margin, but I am of opinion that there
should be some distinct order as to the
course of communication to this depart-
ment of Local Fund grants sanctioned by
Government.

- (1) Rs. 2,272 for raising the right bank of
Perungalur surplus channel and road
No. XXIII.
- (2) Rs. 176-4-8 one-sixth contribution for
maintenance of Puckle's channel.

ENCLOSURES.

G.O., dated 24th June 1889, Mia. No. 1434 L., Local and Municipal.

Read—the following letter from the President, District Board, Tinnevely, dated 6th June 1889,
No. 59.

In forwarding herewith copy of District Board's resolution No. 5, dated 27th May 1889,
sanctioning Rs. 176-4-8 from the District Board reserve, being the one-sixth contribution due
from the District Board for the maintenance of Puckle's channel under G.O., No. 49 M., dated
18th January 1888, I have the honor to request that you will be good enough to issue necessary
instructions to the Accountant-General for placing the amount at the disposal of the Superintend-
ing Engineer, VI Circle.

Proceedings of the District Board, Tinnevely, dated 27th May 1889, Resolution No. 5.

5. Read letter from the Collector of Tinnevely, No. 691, dated 7th May 1889, requesting
to place Rs. 176-4-8 at the disposal of the Superintending Engineer being the contribution due
by the District Board for the maintenance of Puckle's channel.

Read also G.O., No. 49 M., dated 18th January 1888.

G.O., dated 1st July 1889, Mis. No. 1479 L., Local and Municipal.

Read—the following letter from the President, District Board, Tinnevely, dated 11th June 1889, No. 60.

On receipt of an estimate from the Superintending Engineer, VI Circle, for raising the right bank of the Perungulam surplus channel over which road No. XXIII runs, a contribution of Rs. 4,000 was provided from the Local Fund reserve and placed at the disposal of the Public Works Department by G.O., Mis. No. 170 L., dated 19th January 1888, but it was subsequently reduced to Rs. 3,935 by G.O., Mis. No. 501 L., dated 3rd March 1888.

2. Of this contribution only Rs. 1,663 were utilised during the last official year in payments of compensation for lands taken up; but the work was not carried out owing to wet cultivation on both sides of the channel. As the balance has already lapsed, a fresh allotment of Rs. 2,272 has been made from the District Board reserve of the current year at the request made last month of the Superintending Engineer, VI Circle. I have therefore the honor to solicit the sanction of Government and to request that the Accountant-General may be authorised to place the said amount at the disposal of the Superintending Engineer, VI Circle.

3. Copy of the District Board's resolution sanctioning the allotment is herewith submitted.

Proceedings of the District Board, Tinnevely, dated 27th May 1889, Resolution No. 7.

7. Read letter from the Superintending Engineer, No. 115 T.W., dated 6th May 1889, requesting to place at his disposal the balance of Rs. 2,272 for raising the Perungulam surplus channel right bank and road No. XXIII in the current year.

Read also G.O., No. 501 L., dated 19th January 1888.
Sanctioned from the reserve.
