Issued

Sir,

I humbly beg to bring to your notice that I got the Surveyor's post here on Rs 80- in the 29th July/89, and ever Since though at times Subject to malarious fever I have endeavoured my best to give Satisfaction in my works.

I have been in Sub-overseer and a Surveyor for a continued period of over 13 years drawing at time even hundred rupees and the Several certificates given by the officers under whom I had the pleasure to Serve (Vide Service book & copies of testimonials enclosed.

enclosed), will testify that I have been recommended for an higher Salary of Rs 150. I was also recommended for an overseer's place exempting me from the operation of the examination rules by Messrs Taylor and Target Executive Engineers of Sts I & II Divisions, but it was my misfortune that this did not turn out Successful.

Any objection in taking the appointment leaving my former in Salem which also carried with it a pay of Rs 80, was to work hard and better my prospects as I am well aware that your honor will encourage deserving men.

Under the circumstances stated and in consideration of my former Service, the unhealthiness & dearness of the place I earnestly Solicit that your honor will be pleased to give me an increase as I would then be enabled to

maintain

maintain a pony at my own cost and to commence my life a little, these being necessary for my works and health respectively.

I beg to remain

Honored Sir

Your honors most obedient Servt.

I F.G. & Pulthumm Medally has been Surveyor under me in the S.R.S. for about 2 years. He has throughout given me great satisfaction. He is experienced and is very accurate in his levels. He draws very well. Has been recommended by me for promotion to the Chief Engineer

Sd/ G. Norfor

Ex. Engineer

II As I am leaving the B Project division to return to the Madras Harbour works I have much pleasure in stating before I depart that I have always been quite satisfied with your works since I joined the division in May 1883. You have worked hard and well and I have always found all surveys

and

and levels done by you most reliable although the work has called for a good deal of fatigue and exposure I gladly testify to the willing manner in which you have set about it in face of many obstacles your plotting is very neat & exact.

I have to add that Captain Romilly R E, Executive Engineer was always quite satisfied with your work and had he not been called away on duty so hurriedly you would have received a very good testimonial from him
