Read—the following Proceedings of the Board of Revenue (Land Revenue), dated 19th September 1889, Mis. No. 5679 :—

Read—the following :—

(1) Letter from the Superintending Engineer, III Circle, to the Collector of Bellary, dated 28th August 1889, No. 1538.

Referring to your endorsement No. 5281, dated 20th December 1887, I have the honor to forward, for countersignature and transmission to Government, an estimate, amounting to Rs. 10,120, for constructing a Deputy Tahsildar's office at Kampli, Hospet taluk, on the standard design approved in G.O., No. 1602 W., dated 15th June 1887.

(2) Endorsement of the Collector of Bellary on the above, dated 3rd September 1889, Ref. on Mis. Eng. No. 3516-1353 of 1889.

Forwarded to the Board of Revenue (Land Revenue Department) with estimate and all its accompaniments with a request that early sanction of Government be obtained for the same.

2. The building at present occupied by the Deputy Tahsildar's office at Kampli is situated in the middle of the town and is quite unsuited for the purpose for which it is intended. It is altogether out of fashion and not sufficiently spacious.

3. The Government have already sanctioned the construction of a new cutcherry at Kampli in their Order, No. 1897, dated 17th December 1868, Judicial Department, on the recommendation of the Jail Committee.

Resolution—dated 19th September 1889, Mis. No. 5679.

The site plan and the estimate for Rs. 10,120 for constructing an office for the Deputy Tahsildar at Kampli are submitted for the orders of Government.

2. In their report printed in G.O., dated 17th December 1868, No. 1897, Judicial Department, the Jail Committee described the present Tahsildar's office as consisting of an open court, a record-room in ruins, and a subsidiary jail, 20.3 feet by 11.3 feet, used for all classes of prisoners. They further reported that the entrance to the building lay in a passage, 52 feet long by 8½ feet broad, between two native houses and recommended that a new office should be built forthwith (paras. 26 to 29 of the report). The Government approved the committee's recommendation and transferred the papers to the Public Works Department with instructions to carry out the proposals when funds are available (para. 6 of the Government order).

3. For some reason or other, no action appears to have been taken till now.

4. In the report accompanying the estimate, the Executive Engineer writes that "the old cutcherry is out of repair, not worth laying out much money upon." The Collector says that "the present building is situated in the middle of the town, is altogether out of fashion and not sufficiently spacious." In these circumstances, it is requested that orders may be issued for constructing a new office at an early date.

5. The building is proposed to be erected on the standard plan approved in G.O., dated 15th June 1887, No. 1602. The approximate cost for a Deputy Tahsildar's office at Madras rates, as entered in the plan, is Rs. 9,300, which is Rs. 820 less than the estimate now sent. No explanation is furnished to account for the excess.

6. The Collector will report whether the present office is held in a Government building, and, if so, what he proposes to do with it when the new office is ready.

Order—dated 5th October 1889, No. 6378, Revenue.

The Board is requested to ascertain and report how near to the town the proposed site is and whether it belongs to Government or has to be acquired and paid for.

Read—also the following Proceedings of the Board of Revenue (Land Revenue), dated 20th December 1889, No. 7812 :—

Resolution—dated 20th December 1889, No. 7812.

Submitted to Government with reference to G.O., dated 5th October 1889, No. 6378.

2. The Board awaits the reply of the President of the District Board, Bellary, to the Collector's proposal referred to in para. 1 of his letter.

Order—dated 5th February 1890, No. 840, Revenue.

The construction of a new office, on the standard design, for the Deputy Tahsildar at Kampli is approved, and the site plan and estimate will be transferred to the Public Works Department for the issue of the necessary orders.

Extract of a letter No. 4742, dated 28th February 1890, from A. S. RUSSELL, Esq., Executive Engineer, Bellary Division, to the Superintending Engineer, III Circle.

With reference to your endorsement No. 3471, dated 22nd instant, on memo., No. 855 C. of 15th idem, from the Chief Engineer, I have the honor to say that the high rates allowed in the estimate are necessary owing to the distance from which the materials have to be obtained. The data that accompanied the estimate shows how the rates are arrived at.

2. Similar rates were sanctioned in 1884 for constructing a Sub-Registrar's office at Kampli and rates have risen in the last six years.

From,

A. St. A. Goodrich Esquire,
Collector of

BELLARY.

To,

Commissioners
The Secretary to the Board of Revenue
of Land Revenue. MADRAS.

SIR,

In reply to Board's Proceedings
No. 6679 Miscellaneous dated 19th September 89
and 6225 dated 15th October 89, I have
the honour to report that the present office
of the Deputy Tahsildar of Kampli is a
Government building, which is proposed
to be converted into a Local Fund
Dispensary and Union Office when the
new Kutcheri is ready for occupation.
Both these offices, the dispensary
and the Union office are at present
located in unsuitable rented
buildings, the former paying a
rental of Rs 5 and the latter Rs 2 per
month. I recommend the proposed
transfer of the building to the Local
Fund Department for the purposes
stated. I have requested the —
and

President District Board Bellary to favor
me with the views of the Board in the
matter.

2. The site of the new Katchery, pro-
posed to be built at Kampli, is close to the
town situated just at the entrance from
the Bellary side. The said site consists
of Government waste lands for which
no pattas have been issued to the ryots
who make use of them for straw-yards,
and can be acquired without any
cost by Government.

I have the honour to be,

Sir,

Your most obedient servant,
