# HIS EXCELLENCY
## THE GOVERNOR OF
## *MADRAS.*

*The humble memorial of N. Ramasami Pillai, Overseer D. P. W. Tanjore District now transferred to the Pension List and residing in Andar Street in Trichy Fort.*

*Most Respectfully sheweth,*

That Your Excellency's humble memorialist begs to state that he entered the D. P. W. as a gumastah on Rs. 15 on 1st December 1858 in the 26th year of his age and served in various capacities and became an Overseer and served in several Districts including Malabar and Kurnool and was on 21st November 1888 declared by the District Surgeon Tanjore to be unfit for further service on account of rupture.

2. Your Excellency's humble memorialist in his 56th year of his age now comes to Your Excellency to grant him a pension of Rs. 40 permensem instead of only Rs. 12. by condoning a break in his service of nearly three years from April 1874 to April 1877 under Section 102 Civil pension Code. He will not tire Your Excellency with a recapitulation of the circumstances under which the break was caused–Suffice it to say that while Overseer in Athoor Taluk in Salem District, your memorialist was so much annoyed, ill-treated, insulted and threatened with dismissal by his immediate superior that he was compelled to resign. His resignation was accepted in G. O. No. 1562 dated 13-6-74 and his name removed from the service, and salary and allowance due to him was credited to Government. The memorialist appealed against this order to the Government fully stating his unfortunate case and the Government in their order No. 3352 dated 23-11-75 were pleased to order his re-employment and in No. 228 dated 28-1-76 gave him the arrears of pay and allowance already credited to Government.

3. Your Excellency's memorialist was trying to find employment and applied to different Engineers, but he did not succeed till November 1876, when the District Engineer Trichinopoly selected him for Famine Relief Works in Kurnool District. The circumstances under which he was re-employed may be well seen from the letter of the District Engineer which is printed as Appendix A. Your memorialist not only volunteered to go to this feverish District, to which the other Overseers refused to go, and got ready on a short notice and did go and work satisfactorily. He was re-employed on the assurance of the late lamented Major Virtue

who wrote A. that he will get the benefit of former service, but to his surprise he now learns that he cannot unless the break in it be condoned by the Government. The break of three years may be accounted for; his appeal was pending for about a year and a half, and he was in search of employment for about a year, and his service of about 6 months in the Famine Relief, which the D. P. W. say, they cannot verify being Revenue service or temporary Work.

4. His only claim is the record of his past services and he begs to print a few of the Testimonials he got from his superiors as Appendix B. The humble memorialist in his dotage who has only a few years before him, to live now falls upon Your Excellency's Mercy to condone or to get the Government of India to condone this break and to save him and his family from the miseries of poverty.

For which act of justice and kindness Your Excellency's Memorialist as in duty bound in his old age shall every pray.

## Appendix A.

In his letter No. 683 dated 8—11—76 to the Chief Engineer P. W. D. the District Engineer, Trichinopoly, has reported as follows:—

"I suddenly bethought myself of Ramasamy pillay lately Taluk Overseer in the Salem District who resigned his situation and with regard to whom in G. O. No. 3352 dated 23rd Nor. 75 the following was recorded."

"His Excellency the Governor-in-Council has no objection to the employment of Ramasamy Pillay in an office. His re-employment in the Executive Branch of the Department, however will depend on his future conduct." "As it happens I know Ramasamy Pillai well and recommended his application to the Executive Branch, he being then Draughtsman and Estimator under me in the first Range of the District. He has been 16 years in the Department rising from Talak Gumastah through the different grades accountant to the forementioned position, and finally in Salem District he was made Taluk Overseer. He is a very smart man, an excellent accountant, Draughtsman and Estimator, has had some experience as Taluk Overseer and what is most important for the work on which he is being sent, he has a good constitution, and is very active. Besides these advantages he speaks Telugu well. For the last few months he has been assisting in my office and has made himself very useful; he may therefore be said to have complied with the conditions under which he was again to be employed with the Executive Branch."

2. "He has justified my opinion of him inasmuch as when I sent for him and asked him if he would go to Kurnool, he, at once replied in the affirmative, and when I asked what time he would require to prepare he said "3 days." He will therefore leave on Monday, 13th Instant, and this I have intimated to the District Engineer Kurnool."

3. "Mr. Ramasamy Pillai has long been out of employ. I have given him an advance of Rs. 100 leaving his pay to be settled by Government. I trust my proceedings in the matter will be approved and that the man's readiness to go will be remembered to his credit."
