Ootacamund,
12th March 1890.

(Signed) ROSS-THOMPSON, Colonel, R.E.,
Executive Engineer, Nilgiri Division.

From Captain H. A. SPEED, R.E., Executive Engineer, Bangalore Division, to the Superintending Engineer, V Circle, dated Bangalore, 19th March 1890, No. 1233 S.E.V.

With reference to your endorsement, No. 7876, dated 14th March 1890, on Chief Engineer's memo. No. 1377 C., dated 13th idem, I have the honor to state that the accounts of the late Presidency division were closed on the 31st January 1890 and accounts opened out for the new Madras and Bangalore divisions as distinct divisions from the 1st February 1890.

2. The booked expenditure during the year up to 31st January on all unfinished works was deducted from the grants for the year and the balances transferred as grants to the new Military divisions concerned, together with grants for works not begun.

3. The submission of a revised statement based on recorded outlay only up to 11th January 1890 will necessitate the revising of accounts already submitted to the Examiner for audit and the reopening of the accounts of the late Presidency division already closed which will throw a lot of extra labor on this office.

4. As this is the last month of the official year and this office will be fully occupied in closing accounts for the year, I beg that the question of submission of a revised statement may be reconsidered.

No. 8036.

Forwarded to the Chief Engineer, Public Works Department, for information, with reference to his memo. No. 1377 C., dated 13th instant.

2. Although the works were transferred on the 11th January, yet the accounts of them were not closed and handed over till 31st idem; the actual balances therefore of the Presidency division transferred to the Military Department were those on 31st January as shown in my statement No. 7747 of 8th March 1890.

3. Revised statements of Military Works transferred from Chingleput and North Arcot divisions will be submitted immediately the accounts of the works in those divisions have been closed. The transfer of the works in those divisions to the Military Department has been effected.

20th March 1890.

(Signed) W. H. BURTON, Colonel, R.E.,
Superintending Engineer, V Circle.

ORDER—dated 31st March 1890, No. 1001 W., Public Works.

No. 1233 S. P. W. ^{Encl.} Madras S. P. W.
Bangalore 19 March 1890
17/1001

From Capt. A. H. Andrews S. P. W.
Executive Engineer,
Bangalore Division
Military Works.

The Superintending Engineer
5th Circle

Sir

With reference to your endorsement
No. 7876 dated 14 March 1890 on Chief
Engineers Memorandum No. 1377C dated
13th Idem, I have the honor to state that
the accounts of the Late Presidency Division
were closed on the 31st January/90 and
accounts opened out for the New Madras
and Bangalore Divisions as distinct
divisions from the 1st February/90.

The booked expenditure during the
year up to 31st January on all unfinished
works was deducted from the grants
for the year and the balances transfer-
red as grants to the new Military
Divisions concerned together with
grants for works not begun.

The submission of a revised state-
ment based on recorded outlay only
up

up to 11th January 190 will necessitate the revising of accounts already submitted to the Examiners for Audit and the reopening of the accounts of the late Presidency Division already closed, which will throw a lot of extra labor on this office.

As this is the last month of the official year and this office will be fully occupied in closing accounts for the year, I beg that the question of submission of a revised statement may be reconsidered.

I have the honor to be &c

Yr of H. Andrew, Esq. D. Capt. R. E.
Engineer, Engr. Military Works.

N^o 8036.

Forwarded to the Chief Engineer, P. W. Department for information with reference to his memorandum N^o 1377C of 13th Instant.

2 Although the works were transferred on the 11th January, yet the accounts of them were not closed and handed over till 31st idem, the actual balances therefore of the Presidency

Division

Division transferred to the Military Department, were those on 31st January, as shown in my statement N^o 7747 of 8 March 1890.

18/1001

3. Revised statements of Military Works grants transferred from C. Engineering and North Arcot Divisions will be submitted immediately the accounts of the Works in those Divisions have been closed. The transfer of the Works in those Divisions to the Military Department has been effected.
