No. 1. Financial Despatch from the Most Honorable the MARQUIS OF HARTINGTON, Her Majesty's Secretary of State for India, to His Excellency the Most Honorable the Governor-General of India in Council; dated India Office, London, 8th June 1882, No. 173.

In continuation of my despatch, dated the 23rd of March 1882, No. 96, Financial, in which you were informed that the claims of men arriving in India to clothing compensation for periods of service on the British establishment should be settled by your officers and finally charged to Indian revenues, I request that I may be furnished with statements of such payments in each quarter from the 1st of April 1881, in order that the commission which is investigating the question of the net sum chargeable to India on account of effective services may be in possession of the data necessary to ensure an equitable adjustment of those charges.

2. Similar returns should be furnished in regard to payments on account of deferred pay, distinguishing that paid on account of Indian from that paid on account of British service, if such a distinction can be made without undue labor.

3. The information required should be furnished promptly and regularly, as it is essential that the data in possession of this office should be, not only complete and accurate, but also as recent as possible.
