Order—Ordered that the foregoing be communicated to the Local Governments and Administrations noted in the margin for information and guidance.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners of the Central Provinces, Burma, Assam and Coorg.
The Agent to the Governor-General, Rajputana.

Ordered also, that copies be forwarded to the Finance Department and to the Accountant-General, Public Works Department, for information.

Secy. to the Govt. of India.

ORDER—dated 2nd May 1890, No. 1262 W., Public Works.

The amounts of the revised and the budget estimates of revenue under Incorporated Local as shown in the statement which accompanies the resolution of the Government of India above recorded have been adopted in the final issue of the budget estimate for 1890-91.

2. The revised estimate of charges for 1889-90 as shown in the preliminary budget amounted to Rs. 1,35,810, but the modifications of grants subsequently sanctioned reduced the amount to Rs. 1,15,956. As the Government of India has passed the estimate for Rs. 1,11,000, that sum has been adopted in the final issue of the budget and the modifications of grants referred to in the marginally-noted Proceedings, together with Rs. 688 out of the additional allotment of Rs. 824 sanctioned in G.O., No. 785 W., dated 10th March 1890, have accordingly been excluded from the revised estimate. The Examiner of Public Works Accounts will append the necessary explanation to his Finance Accounts for the year.

" " 895 W., " 18th " "
" " 934 W., " 22nd " "
" " 997 W., " 28th " "

3. The budget estimate of charges for 1890-91 as shown in the preliminary issue of the budget amounted to Rs. 1,13,900, but as the grants under Act V of 1884 proposed by Superintending Engineers have been reduced by the Local and Municipal Department—*vide* G.O.,* No. 193 L., dated 1st February 1890, the estimate has been reduced to Rs. 1,12,650. The Government of India having fixed the estimate at Rs. 1,13,000 in round figures, that sum has been adopted in the final budget and the necessary increase has been made to the grant for the Mattalapalem bridge. The additional allotment to be provided for the work with reference to para. 2 of G.O., No. 1078 W., dated 10th April 1890, will therefore be Rs. 3,934.

* G.O., No. 473 W., dated 13th February 1890.

4. The Superintending Engineer, I Circle, will expedite the submission of plans and estimates for the following items for which funds have been provided in the budget :—

(1) Construction of bridges across irrigation channels and drains in the Godávari district.
(2) Construction of a steam launch for the Narsápur ferry.

5. The revised estimate of charges under Excluded Local Funds for 1889-90 as shown in the preliminary issue amounted to Rs. 36,422, but the modifications of grants subsequently sanctioned increased the estimate to Rs. 37,549.

6. As already pointed out in para. 5 of G.O., No. 3607 W., dated 19th December 1889, no provision has been made in the budget estimate under Excluded Local Funds for works to be carried out during 1890-91, as it has been decided that the funds under that head shall be held in reserve in the Financial Department and allotted from time to time on application. Superintending Engineers and the Presidency Architect will therefore apply for funds required under Excluded Local in their statements of demands for incomplete and new works and repairs.

7. With these remarks the final issue of the Incorporated and Excluded Local Funds budget estimates for 1890-91 will be printed and circulated for the information and guidance of the officers of the department, and 35 copies, as shown in the margin, will be forwarded to the Government of India.

RESOLUTION.—The amounts of the Revised and Budget Estimates of revenue and expenditure accepted by the Government of India, are shown in the accompanying tables.

2. The Revised Estimate of Provincial Civil Works revenue in Bengal has been modified by the Government of India, in terms of Public Works Department letters Nos. 23 A.—G. and 43 A.—G. of the 18th February and 15th March, respectively, to the address of the Government of Bengal.

3. The final issues of the Provincial and Incorporated Local Public Works Budget Estimates should be prepared for the amounts accepted, and should be despatched* so as to reach the Government of India not later than the 1st May 1890.

* 10 copies to Simla and 25 to Calcutta.

4. The Government of India invites attention to the following remarks regarding the provision for establishment in the estimates of the ensuing year:—

Burma.—The Budget Estimate provides for 59 engineers, whereas the cadre allows only for 51 present on duty. The provision for temporary establishment also seems excessive.

North-Western Provinces and Oudh.—The provision for engineer establishment seems higher than is necessary, considering the actual number present on duty.

Punjab.—The provision for establishment in the Provincial Civil Works estimate represents nearly 36 per cent. on the estimated outlay on works and repairs; this percentage appears undesirably high. It is also observed that Budget provision has been made for 39 engineers, or for 7 in excess of the number actually present.

Madras.—The percentage of 33·3 which the provision for Provinical Civil Works establishment bears to the estimated outlay on works and repairs, though lower than it used to be, is still somewhat high.

5. The Revised and Budget Estimates of Provincial Civil Works in Bombay, provide for a contribution towards the cost of the Gokák storage works, which is exhibited as a deduction at foot of the abstract of expenditure on page 5 of the estimate. As the adjustment between Imperial and Provincial Funds is effected in the accounts of the Civil Department, it will be unnecessary to include the contribution in question, in the final issue of the Provincial Civil Works estimates.

1262 E

6. The statements prescribed in Public Works Department Resolution No. 381 A.—G., dated 30th November 1882, showing the percentages which the charges for establishment bear to the outlay on works and repairs, should be submitted as an appendix to the final issue of the Budget Estimates.

7. The columns in the abstracts of revenue and expenditure in the several Budget Estimates, should, in the final issue and in future Budget Estimates, appear in the following order:—

	Actuals, 1888-89.	Budget Estimate, 1889-90.	Revised Estimate, 1889-90.	Budget Estimate, 1890-91.

ORDER.—Ordered, that the foregoing be communicated to the Local Governments and Administrations noted in the margin, for information and guidance.

The Governments of Madras, Pombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners of the Central Provinces, Burma, Assam and Coorg.
The Agent to the Governor General, Rajputana.

Ordered also, that copies be forwarded to the Finance Department and to the Accountant General, Public Works Department, for information.

amounted to Rs 1,13,900 but as the grants under etc of 1854 proposed by Superintending Engineer have been reduced by the Local and Municipal Deptt vide G.O. The Government of India having fixed the estimate at Rs 1,13,000 in round figures that sum has been adopted in the final budget and the necessary increase has been made to the grant for the Mallakapalem Bridge. The additional allotment to be provided for the work with reference to para 2 of G.O. No. 1078 W. dt 21-6-70. dt April 1870 will therefore be Rs 3,934.

estimate of charges under Excluded Local funds for 1889-90 as shown in the preliminary issue amounted to Rs 36,422, but the modifications of orders subsequently sanctioned increased the estimate to Rs 37,549.

4. The Superintending Engineer I Circle will expedite the submission of plans and estimates for the following items for which funds have been provided in the budget.

(1) Construction of bridges across Irrigation channels and drains in the Godavari District.

(2) Construction of a steam launch for the Narsapur ferry.

6. As already pointed out in para 5 of G.O. No. 3607 W, dated 19th December 1889, no provision has been made in the budget estimates under Excluded Local funds for works to be carried out during 1890-91, as it had been decided that the funds under that head should be held in reserve in the Financial Department, and allotted from time to time on application. Supdg Engineers and the Presidency Architect will therefore apply for funds required under Excluded Local in their statements of demands for incomplete and new works and repairs.

7. With these remarks the final issue of the Incorporated and Excluded Local Funds Budget estimates for 1890-91 will
