READ—the following paper :—

From H. IRWIN, Esq., C.I.E., Presidency Architect, to the Chief Engineer,
Public Works Department, dated Chepāk, 24th April 1890, No. 239.

I have the honor to state that the three-pug mills transferred to this division in accordance with G.O., No. 3415 W., dated the 2nd December 1889, are found to be insufficient for the work. The Superintending Engineer, IV Circle, states that there are three more available in the stores of the Nilgiri division: if these can be easily repaired and if the cost of carriage will not be great, I request that the Superintending Engineer may be directed to forward them to me. There is also one pug mill available at the Cuddapah division which may be transferred.

ORDER—dated 5th May 1890, No. 1277 W., Public Works.

Sanctioned, on the understanding that the pug mills are in working order.
