GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From W. A. HAPPELL, Esq., President, District Board, Tanjore, to the Chief Secretary to Government, dated Vallam, 21st December 1889, No. 376.

I have the honor to submit the consolidated budget estimate of receipts and charges of the Local funds of the Tanjore district for 1890-91, together with the prescribed statements, as per list enclosed.

2. The estimates were laid before the District Board at their meeting held on the 14th December 1889, and approved of by them—*vide* copy of resolution enclosed.

REVISED ESTIMATE FOR 1889-90.

3. The variations between the revised estimates and the budget grants for 1889-90 are few, and they are fully explained in the remarks column of the Statement IX-A. The subjoined abstract shows the receipts and charges of 1889-90 as at present revised :—

BUDGET ESTIMATES FOR 1890-91.

4. The year 1890-91 is expected to begin with a balance of Rs. 1,63,700, which with the receipts of the year, Rs. 6,85,780, will raise the total assets to Rs. 8,49,480. The estimated expenditure under all the grants being Rs. 6,19,630, the year will close with a balance of Rs. 2,29,850. This balance is exclusive of the 10 per cent. of the year's receipts to be reserved under the rules. The working balance of the Kumbakonam Taluk Board is less than 5 per cent. of the year's receipts, while those of the other Boards, Patukóta excepted, are in excess of it. The budget estimates of the Patukóta Taluk Board having closed with a *minus* balance, the District Board has allotted Rs. 3,000 to meet the deficit and provide for a working balance.

5. The estimated receipts and charges of the District and the five Taluk Boards [illegible] are shown in lump in the abstract below

—	District Board	Tanjore	Kumbakónam	Negapatam	Mannárgudi	Pattukóttai	Total Taluk Boards	Grand Total

7. *Tolls.*—Government having ordered the closing of two toll-gates, one on the south side of Nidamangalam and the other on the north of the Railway at Budalur (*vide* G.O., Mis. No. 2840 L., dated 5th December 1889), the receipts under tolls have been reduced from Rs. 12,000 (the amount of the revised estimate) to Rs. 7,000.

8. *House-tax.*—The increase * under house-tax is due to the expected realization of the arrears of past years.

	RS.

9. *Education.*—Credit has been taken on account of fees in the salary results schools, which accounts for the large increase in the item under the Taluk Boards. The slight increase in the fees from the schools under the District Board is due to the fact that orders have been issued to collect fees from well-to-do boys attending the chattram schools at Oratanad and Rajamadam.

10. Under sale-proceeds of books, the Assistant Inspector of Sch[illegible]imates an increase of Rs. 500 over the last year's grant in the hope of de[illegible]g primary education in the district.

11. *Medical.*—The receipts under this head comprise—(1) Rs. 2,670, the contributions paid by the Municip[illegible] School, Raj[illegible]ar Hospital and the District Surg[illegible]00, contribute[illegible] the District Board, Madura, for the education of their students in the Prince of Wales' Medical School, Tanjore, and (3) of sundry items.

13. *Choultry Rents.*—There is a balance under [illegible] of [illegible],000 from the tenants of the Nidámangalam chattram alone. The sum[illegible]nst them have been decided in favor of the chattram; but appeals have been p[illegible] by them to the District Court. 16. *Expenditure.*—Th[illegible]gate expenditure for the year excluding the reserve is estimated at Rs. 5,80,0[illegible]st Rs. 5,72,350, the budget estimate for 18[illegible], and an actual outlay of Rs. 5,47,074 in 1888-89, and is dis[illegible]otal among the grants as shown below :—

17. *Grant I.*—The total expenditure under this grant is estimated at Rs. 2,39,940, of which Rs. 34,210 are [illegible]ment on new works and Rs. 1,70,740 on repairs, and the rest, Rs. 34,990, on es[illegible]ment and contingencies. The charges under establishment are within 20 per cent. of the outlay as [illegible]ed by the rules, while the amount entered on account of tools and plant is calc[illegible] 1 per cent. 19. The provision made for the repairs of roads, civil buildings and miscellaneous public improvements for 1890-91 by the District Board are considerably larger than those made by it for 1889-90. The provision for those under Taluk Boards is nearly the same as in the previous year. As the tolls have been leased out, no provision is made for establishment.

20. *Grant II.*—The expenditure under this grant amounts to Rs. 64,840, against Rs. 57,580, the budget estimate for 1889-90, and Rs. 45,650, actuals for 1888-89.

21. *Normal Schools.*—Under "Stipends of students in the Normal school, Tanjore," and "Purchase of books," larger provision has been made on the recommendation of the Assistant Inspector of Schools.

22. *Secondary Schools.*—The secondary schools under the Local Boards' management are the Sanscrit College at Tiruvádi, the Tiruválúr High school, and the Middle schools at Oratanad and Patukóta. Of these, all except the third are under the management of the Taluk Boards.

23. Rs. 1,944 were provided last year for the establishment of the Sanscrit College at Tiruvádi. The scale of establishment is as follows :—

	RS.
Head Pandit	40 (to 50), vacant.
1st Assistant	30 (to 40).
2nd do.	25 (to 30).
3rd do.	20
4th do.	10
1st Mathematical Teacher	20
2nd do.	15

24. With the exception of the head pandit, the rest were actually entertained during 1889-90. The opening of another (8th) class from January next having been decided upon, the Taluk Board, Tanjore, has proposed the appointment of a head pandit on the minimum salary, Rs. 40, and the appointment of two assistant teachers on Rs. 15 each in the place of the 1st Assistant on Rs. 30. The two assistants are proposed to supplement the existing staff to impart instruction in Logic and Grammar, the instruction at present afforded having been found to be not quite satisfactory. According to the revised scale the cost comes to Rs. 1,920, which is Rs. 24 less than the cost of the present establishment by reason of the 1st Assistant drawing Rs. 32 (30 minimum + 2 rupees increment), and of the inclusion of the provision for the head pandit, though the place was left vacant. The increase in the establishment charges of the Tiruválúr High school is due to the proposed biennial increments to four of the teachers. Details are given at the foot of Statement IV-A.

25. The Middle school at Patukóta has now been divided into two departments with reference to the Director's Proceedings, No. 3724, dated 30th April 1889, making the Primary department as a distinct salary result school. Owing to the gradual decline in the strength of the Middle school, the charges have been reduced at the suggestion of the Director in his Proceedings, No. 1525, dated 17th October 1888. The net cost is estimated at Rs. 240 per annum, and this amount will be contributed by the Rajamadam chattram. The increase in the estimates for the "elementary schools" is due to the following causes :—

(1) The Taluk Boards of Kumbakónam and Patukóta have provided for increased salaries to the salary result schoolmasters in consideration of the fees now credited to Taluk Board funds. The other Taluk Boards, apparently on the ground that sufficient data for revising the salaries of the masters are not available, have shown the "school fees" under receipts as well as under charges, allowing the teachers to appropriate as before the fees realized in their schools.

26. In this connection I beg to state that the subject of revising the scale of pay to the teachers of the salary results schools is now under consideration with reference to the Director's Proceedings, No. 7696, dated 2nd November 1889, communicated to this office by the Assistant Inspector of Schools, and when the consideration of the subject is complete, the matter will be reported to Government for orders. Pending such revision, the Taluk Board's figures are adopted in the consolidated budget.

(2) Opening of additional salary result schools—*vide* Statement IV-A.

(3) The inclusion of the provincial grants on the results of the examination for grants under Contribution on the receipt side and under Salaries on the charges side of the accounts as per instructions.

27. Under building grants Rs. 950 are provided by the Taluk Boards of Tanjore (Rs. 100), Kumbakónam (Rs. 200), Negapatam (Rs. 500), and Mannárgudi (Rs. 150), the Director having observed that such provision should be made to improve the accommodation of some of the deserving salary results schools.

28. At a recent meeting, the District Board have resolved upon transferring their Normal school from Tanjore to Kumbakónam, and have adopted the suggestion of the Director to form a Technico-Normal school at the latter place. As in 1889-90, Rs. 1,000 are provided as contribution to the Kumbakónam Technical school, subject to any increase which may be proposed hereafter. A sub-committee has been appointed for the purpose of selecting a site for the Technical Normal school and for working out the details for its management. When the sub-committee's report is received, the matter will be submitted for the sanction of Government.

29. *Grant III.*—The charges under this head aggregate Rs. 2,53,150, against Rs. 2,45,600, the budget estimate of 1889-90, and Rs. 2,44,636, the actuals of 1888-89. The chief items of expenditure are—

	RS.
Hospitals and dispensaries	48,850
Medical school	5,750
Cholera charges	720
Vaccination	8,160
Sanitation, including lighting charges	33,710
Choultries	1,46,220

30. Under establishment charges of the Raja Mirasidar Hospital, there is an increase of Rs. 540, and this is due to the entertainment of three paid probationary compounders sanctioned in G.O., Mis. No. 1869 L., dated 29th August 1889, and to the increase of pay (from Rs. 45 to 75) to the civil apothecary, Mr. Wright. With reference to the Surgeon-General's recommendations embodied in G.O., No. 1677 L., dated 11th September 1888, the increase of salaries of the compounders attached to the several dispensaries has been sanctioned, and as others qualify for promotion, their salaries will be increased. Due provision is made to meet this increased expenditure.

31. *Medical School.*—The charges of this institution are estimated at Rs. 5,750, against Rs. 5,670 for 1889-90.

32. Under Establishment, the charges estimated are smaller than those for 1889-90, and this decrease is brought about by the reduction from Rs. 75 to 50 in the pay of Mr. Wright as lecturer of the Medical School, Tanjore: *vide* G.O., Mis. No. 1730 L., dated 5th August 1889.

33. The provision under Stipends is made with reference to the detailed proposals submitted by the District Surgeon and Principal of the Medical School. Please see below: —

		Rs.
3	Students for third year's course, at Rs. 10 each	360
6	Do. for second year's course, at Rs. 8 for 6 months	288
6	Do. for third year, at Rs. 10 for 6 months	360
8	Do. for first year at Rs. 8	768
8	Additional students from October 1890, at Rs. 8	384
	Total ..	2,160

34. *Vaccination.*—The decrease under cost of establishment is due to the lower rate of pay drawn by the present Deputy Inspector of Vaccination, Negapatam Range, —Rs. 60, instead of Rs. 70 drawn by his predecessor—while the increase under contingencies is due chiefly to the introduction of animal vaccination throughout the district all round the year.

35. *Sanitation.*—Including lighting charges shown under "Miscellaneous," the expenditure under this head aggregates Rs. 33,710, against Rs. 31,080 provided in the last year. The increase occurs mainly under water-supply, scavengering establishment, and lighting charges.

	1890-91.	1889-90.
Improvement of water-supply.	6,140	5,180
Improvement of village site	1,880	1,960
Scavengering establishment	21,630	20,810
Fairs and festivals ..	1,090	1,030
Other sanitary outlay ..	360	
Miscellaneous lighting charges	2,610	2,100
Total ..	33,710	31,080

36. *Choultries.*—The establishment charges amount to Rs. 34,360, against Rs. 33,150 in the past year. The increase occurs in the Rajah's chattrams and is due to the provision made for 6 pattamonigars for the Tanjore taluk, a watchman for the Sraiyasi chattram, and a sweeper for the Mimisal chattram. These establishments were sanctioned in 1886, 1884 and 1888; but the budget provisions up to the year have not been revised with reference to these additions to the establishments. Provision is also made to meet the increased salaries of the cooks attached to the several chattrams in the Patukóta taluk sanctioned in G.O., Mis. No. 913 L. dated 24th April 1889. The Taluk Board, Mannárgudi, has provided for a clerk on Rs. 10 to the Tahsildar of Tiruturaipúndi to be paid from Kallimodu chattram funds. The chattram lands have been leased out, but it appears that there are large arrears to realize. Instead of Rs. 96 provided in the last year's budget, the cost of establishment is estimated at Rs. 144, or Rs. 48 in excess.

37. *Sanitary Inspection and Cutlers' Establishment.*—The actuals of 1888-89 have been adopted for the estimates of 1890-91.

38. Under Contributions—(*g*) 4 to private individuals, Rs. 100 are provided by the Kumbakónam Taluk Board on account of the Mission dispensary at Kuttalam: *vide* G.O., Mis. No. 2484 L., dated 24th October 1889.

39. *Grant IV.*— Under District Board's Office Establishment, provision is made for the employment for 2 months of two temporary record clerks sanctioned in G.O., Mis. No. 2490 L., dated 24th October 1889.

40. *Panchayat Establishment.*—The Taluk Board, Mannárgudi, has provided for the increase of one rupee to the peon in the Vedarniem Union. The increase under the Negapatam Board is due to the entertainment in 1889-90 of a bill collector on Rs. 4 for the Nannilam Union and the increase of one rupee to the pay of the karnam of the Kodavasal Union. All these proposals for increase in the Union establishments are within the maximum scale fixed by Government in G.O., No. 1091 L., dated 6th September 1886. The provision for stationery under "District Board" (Rs. 1,000 against Rs. 2,400 in 1889-90) is reduced, the charges for stationery supplied to the other departments having been apportioned and debited to them.

41. As there is no sweeper for the District Board's office, a monthly allowance of one rupee for the purpose has been sanctioned and the necessary provision made under establishment charges.

42. *Railway Guarantee Fund.*—As it is expected that the operations in connection with the formation of the Máyavaram-Mutupet Railway will be commenced in 1890-91, no further investment of the balance under the fund is proposed in the budget.

From Surgeon-Major J. A. LAING, Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 30th January 1890, No. 277.

I have the honor to report that the statements furnished to me by the District Board of Tanjore give only the following items of sanitation which they propose to undertake during the year 1890-91:—

	Rs.
Improvement of water-supply	6,140
Do. of village-sites	1,880
Conservancy	21,630
Fairs and festivals	1,090
Other sanitary outlay	360
Total ..	31,100

2. The allotments may be accepted for the intended purposes. I do not, however, know if the Board intend undertaking any other sanitary work as no detailed particulars of the works under Grant I, "New Works" and "Repairs," have been furnished to me.

3. The vaccination grant amounts to Rs. 8,160, against Rs. 7,960 for the current year. The difference is due to lower pay being granted to the present Deputy Inspector of Vaccination, Negapatam range—Rs. 60 instead of Rs. 70 per mensem—and to the introduction of animal vaccination throughout the district all the year.

ORDER—dated 26th February 1890, No. 422 L., Local and Municipal.

I.—Variations between the budget and the revised estimates for 1889-90—

A. Increase due chiefly to short expenditure under Grants I, II and III in 1888-89.
B. Increase caused by the substitution of the leasing system for departmental management.
C. Variations not fully explained.
D. Increase due to the investment of Rs. 50,000 in Government promissory notes on account of the Railway Guarantee Fund.
E. Increase owing to the contributions promised by villagers for tank works.
F. Increase occurs mainly under fishery and avenue rents.
G. These increases are covered by subsequent allotments.
H. Decrease due mainly to surrender of the allotments for two works.
I. Decrease caused chiefly by the abolition of the toll-gate establishments, on the leasing of the gates.
J. Increase due mainly to subsequent allotments sanctioned for the purchase of medicines, &c., on account of the Raja Minassidar hospital.
K. Increase owing to the enhanced provision made for feeding charges and refunds, with reference to actual requirements.
L. Increase caused by the refund to Government of the balance in favor of the Nadiem matt endowment.
M. Decrease due chiefly to the distribution of stationery charges provided under this head among the Engineering, Medical and Chattram departments.

II.—The principal variations between the budget estimates for 1889-90 and 1890-91 are explained in the President's letter with the exceptions marked C.

2. The following errors, discrepancies and omissions are noticed in the budget statements:—

(1) In Statements I-A and IX, interest on arrears of choultry rents should be included under choultry rents, and not under "Interest on arrears of revenue."

(2) In Statement I-A, the sum of Rs. 275, which from the foot-note to Statement IV-A appears to be the building grant expected from Provincial funds on account of salary-result schools, should have been shown as a sub-head under 7 (*a*) Education, and not included therein.

(3) In the last column of Statement I-B, showing the actuals of 1888-89, the Accountant-General's finally-audited figures have not been adopted under hospitals and dispensaries and choultries.

(4) In Statements I-B and IX, the details of charges connected with the Board schools on the salary and salary-result systems have not been distinguished, notwithstanding the repeated instructions of Government on the subject.

(5) In Statement I-B, the balance in favor of endowments at the close of 1890-91 is shown as Rs. 11,100, whereas in Statement VII it appears as Rs. 10,870.

(6) In Statement IV-A, the lump provision made for furniture in certain taluks should have been distributed among the several schools concerned.

(7) In Statement VI, the lighting charges, which are debitable to Grant III, (*h*) Miscellaneous, should not have been included under "Other sanitary outlay," but shown separately in a foot-note.

(8) In Statement VII, a sum of Rs. 100 is shown as receipts from escheats. The institution to which this appertains should be reported.

(9) In Statement VIII, the details of fees and miscellaneous receipts and Public Works charges should have been shown by means of foot-notes, and the lighting charges, which are debitable to Grant III—(*h*) Miscellaneous, should have been shown separately and not included under sanitation. The President is requested to state whether the distribution of the Union receipts and charges shown in the abstract in paragraph 1 above, is correct.

(10) In the same statement, the expenditure on sanitation in the Tranquebar Union, which according to the notification published under G.O., dated 27th April 1886, No. 460 L., consists of only the villages of Porayar and Sattangudi, is given as Rs. 2,170, which agrees with the total amount shown in Statement VI, against the villages noted in the margin. The President is requested to expedite the submission of the proposals for the reconstitution of the Unions promised in paragraph 2 of his letter, dated 6th June 1889, No. 165, which have not yet been received.

Porayar.	Tranquebar Fort.
Olugumangalam.	Erukuttanjeri.
Sattangudi.	Kottupaliem.
Velipalliem.	

(11) In Statement IX, Rs. 30, being the receipts of the chattram markets, should have been included under choultry rents, as required in paragraph 2 (12) of G.O., dated 30th March 1889, No. 736 L., and not under market rents.

(12) In the same statement, the charges, amounting to Rs. 655, incurred in purchasing Government securities on account of the Railway Guarantee Fund, should have been shown under Grant I—(*g*) Miscellaneous, and not under (*e*) Contingencies.

(13) In the foot-note to the same statement, the receipts, charges and balance of the Union funds have not been shown.

(14) In Statement X, the establishments maintained by the Union Panchayats of Melatur, Swamimalai and Vedarniem, have not been shown.

The necessary corrections have been made with reference to clauses (2), (3), (11) and (12) above. The discrepancies noticed in clause (5) should be explained as soon as possible.

Revised Estimate for 1889-90.

3. The current receipts and charges are now estimated at Rs. 6,68,280 and Rs. 7,60,580, respectively, against Rs. 6,62,350 and Rs. 7,58,190 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under tolls, interest on Government securities, contributions, and fishery and avenue rents. The circumstances under which Rs. 1,860 is provided as a refund to Provincial funds on account of the normal school, and Rs. 500 is provided for contribution to Provincial funds on account of lunatics, notwithstanding paragraph 3 of G.O., dated 27th November 1888, No. 2228 L., have not been explained. This should now be done. The provision of Rs. 430 now made for Printing charges, at the instance of the Accountant-General, will be struck out, as the charge can be met from the allotment for controlling establishments at the Presidency, wherein provision was made for this item. The balance to be carried forward to the ensuing year's budget will be Rs. 1,64,130—

Rs. 1,12,830 under the District fund, and Rs. 51,300 under Taluk funds. It is noticed that collections under house-tax and tolls during the first six months of the year were disproportionately small. The expenditure under Grant I during the same period was also in many instances most unsatisfactory.

Budget Estimate for 1890-91.

4. The receipts for the ensuing year are estimated at Rs. 6,82,780, against Rs. 6,68,280 anticipated in the revised estimate for the current year. The increase occurs mainly under school-fees, choultry rents, and contribution from Provincial funds for education, counterbalanced by a decrease under tolls. These variations are explained in the President's letter.

5. *Charges*—(1) *Grant I.*—No expenditure should be incurred on any of the new works until the plans and estimates have been sanctioned by competent authority. A sum of Rs. 285 will be provided for contribution to the Public Works Department for the scrutiny of Local Fund plans and estimates, with reference to G.O., dated 1st February 1890, No. 193 L.

(2) *Grant II.*—The provision under this grant and the proposed additions to, and alterations in, the existing establishments, will be allowed to stand, pending the remarks of the Director of Public Instruction on this portion of the budget.

(3) *Grant III.*—The remarks of the Surgeon-General on the provision for medical services are awaited. The entertainment of two additional midwives on Rs. 8 each, which from Statement V appears to be contemplated, is sanctioned. The President's attention is drawn to the omission pointed out by the Sanitary Commissioner in paragraph 2 of his letter read above. The necessity for the proposed entertainment of a clerk on Rs. 10 in the Tiruturaipundi Tahsildar's office, to be paid from the Kallimodu chattram funds, in lieu of a maniyam on Rs. 6, should be explained. Meanwhile, the provision made for this purpose will be retained.

(4) *Grant IV*—The actuals of the previous year will be repeated under controlling establishments at the Presidency, including printing charges and pensions, with reference to G.O., dated 2nd April 1887, No. 641 L.

The entertainment of a sweeper on Re. 1 per mensem for the District Board's office is sanctioned.

6. *Investment, Reserve and Balance.*—The Máyavaram-Mutupet Railway may not be commenced in 1890-91, and in view to avoid loss of interest, an additional sum of Rs. 1,50,000 should be invested from the Railway Guarantee fund when available. The reserve, calculated at 10 per cent. of the estimated receipts, excluding those of endowed institutions and the Railway Guarantee fund, and the allotments sanctioned from the District to Taluk funds, should be Rs. 36,270, viz., Rs. 17,480 under the District fund, and Rs. 18,790 under Taluk funds. The budget, as revised by Government, closes with a balance of Rs. 79,440, distributed among the several funds as shown below :—

		Rs.
District Fund	General	8,260
	Endowment	5,620
	Railway Guarantee Fund	46,690
Taluk Funds	General	12,830
	Endowment	5,480
Union		560
	Total ..	79,440

The balances available for general purposes under the District and Taluk funds are, respectively, 5 and 7 per cent. of the estimated receipts.

7. The attention of the President is drawn to the insufficiency of the explanations tendered by him for variations in several items of receipt and expenditure.
