31ST MARCH 1890, Nos. 246, 246A, REVENUE.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—again G.O., dated 6th November 1889, No. 7147, Revenue.

ABSTRACT.—Recording G.O., dated 26th August 1889, No. 1859 L., Local and Municipal, forwarding to the Revenue Department, with remarks, statement showing the famine-relief works proposed by the Local Boards and Municipalities in the Ceded Districts and North Arcot.

Read—the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 4th March 1890, No. 58 :—

MR. CLOGSTOUN.

READ—again Board's Proceedings (Revenue Settlement, Land Records and Agriculture), dated 13th August 1889, No. 3104, Mis., returning to the Collector of Cuddapah, with remarks, for revision and resubmission, list of famine-relief works in the Cuddapah district.

Read—also the following letter from the Collector of Cuddapah, dated 28th February 1890, Reference on Current No. 315-Eng. of 1890 :—

With reference to Board's Proceedings, No. 3104, Mis., dated 13th August 1889, and reminders thereon marginally noted, I have the honor to forward a revised statement of famine-relief works in the district.

* 10th September 1889.	
21st November „	
19th December „	
15th January 1890.	
14th February 1890, No. 722, Mis.	2. Some of the larger works proposed in the taluks of Proddutur, Jammalamadugu and Pulivendla in the list already submitted have been struck out under the instructions of the Board as being Professional Agency works.

3. The number of men for whom labor can be obtained for 12 months has been inserted.

4. One uniform rate of labor has been adopted for the district. In towns, skilled laborers can be had at Rs. 15 per mensem and unskilled laborers at Rs. 7½ per mensem and in the villages at Rs. 14 and Rs. 4½, respectively.

5. An abstract showing the cost of labor under the several heads of works and number for whom work can be had throughout the year is appended. The total cost of Local Fund and Municipal works (without details) is separately shown in the abstract as directed.

6. The delay in the submission of this report is due to the late receipt of the information from the Head Assistant on the 18th instant after five reminders had been sent to him for the submission of the same. The returns as then submitted had to be checked and revised.

P.S.—The information about Local Fund amounts ordered to be inserted in paragraph 6 of Board's Proceedings, No. 3104, dated 13th August 1889, will shortly follow.

Resolution—dated 4th March 1890, No. 58.

The list of famine-relief works received from the Collector of Cuddapah will be submitted for the information of Government.

2. The works proposed consist principally of repairs to Minor Irrigation works, and their estimated outlay is only Rs. 78,005. This sum at an average wage of 2 annas *per diem* will afford employment for one year to only one per cent. of the population of the district which was returned at 1,121,038 in the census taken in 1881.

3. The sum proposed is utterly inadequate for a district like Cuddapah which suffered so severely in the famine of 1876—78. The Collector will be requested to state whether he cannot suggest any more Civil Agency works.

Secretary.
