GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—again the following G.O., dated 4th November 1889, No. 7081, Mis., Revenue:—

Read— the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 5th August 1889, No. 388:—

Mr. Wilson.

Read—the following letter from W. J. H. LE FANU, Esq., Collector of North Arcot, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Palmanér, 22nd May 1889, No. 557-In.:—

With reference to Board's Proceedings, No. 27, dated 24th January 1888, I have the honor to forward, herewith, a list of civil agency works that can be set on foot in this district on occurrence of a famine. The detailed lists of works received from Tahsildars and Deputy Tahsildars have been detained here, and if they are required they will be sent.

2. The number of works proposed this year is 3,188 at a cost of Rs. 42,60,960 against 1,141 proposed last year at a cost of Rs. 24,48,873. The above figure, viz., Rs. 42,60,960, includes a provision of 15 per cent. of the cost of works for management and supervision. Deducting, therefore, this 15 per cent. from the total cost of the works, the net amount available for distribution comes to Rs. 37,05,169. This will provide work for nearly 4·53 per cent. of the population for a whole year at 2 annas per day (taking a year to be equal to 360 days).

3. I would respectfully ask the Board if they consider it necessary that the list should be submitted every year; for nearly the same list will have to be sent year after year, if they insist on its annual submission.

Enclosure.—Statement.

Resolution—dated 5th August 1889, No. 388.

The list of civil agency works received from the Collector of North Arcot for the year 1889-90 is submitted to Government for information.

2. As regards the question raised in paragraph 3 of the Collector's letter, he will be informed that the detailed lists of works retained in his office need not be submitted to the Board each year. They should be kept corrected to date, an abstract only of this statement being prepared annually and forwarded to the Board for transmission to Government.

(A true Copy and Extract.)

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Secretary to Government, Revenue Department, with list.
" Collector of North Arcot.

Order—dated 4th November 1889, No. 7081, Mis., Revenue.

The statement forwarded with the above Proceedings does not show whether the Local Fund and Municipal works proposed by the Collector are, or are not, included in the list submitted by him to the Local and Municipal Department as President of the

District Board. The Collector should be called upon to report on this point and to submit a detailed list of the works.

2. It is observed that the works * specified in the list received from the Local and Municipal Department are estimated to cost Rs. 4,07,036 while the cost of the Local Fund and Municipal works amounts, according to the statement received with the foregoing Proceedings, to Rs. 29,49,570. The discrepancy should be explained.

* These include the works proposed by the District Board and by the Municipal Councils of Vellore and Tirupati.

(True Extract.)

(Signed) C. A. GALTON,
Secretary to Government.

To the Commissioner of Revenue Settlement,
Land Records and Agriculture, with list, to be returned.

Read—again G.O., dated 6th November 1889, No. 7147, Mis.

Abstract.—Recording G.O., dated 26th August 1889, No. 1859-L, Local and Municipal, forwarding statement showing the famine-relief works proposed by the Local Boards and Municipalities in the Ceded Districts and North Arcot.

Read—also the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 24th February 1890, No. 806, Mis. :—

Mr. Clogstoun.

Read—again Proceedings of the Board of Revenue, dated 11th November 1889, No. 4483, Mis.

Abstract.—Forwarding to the Collector of North Arcot Government order passing remarks on Board's Proceedings, submitting list of civil agency famine-relief works for 1889-90, and requesting him to furnish the report and the list of works called for and to explain the discrepancy pointed out by Government.

Read—the following letter from the Collector of North Arcot, dated 14th February 1890, No. 2780 :—

Referring to the Board's Proceedings, dated the 11th November last, No. 4483, Mis., I have the honor to state that the Local Fund and Municipal works proposed by me are not included in the list submitted by the District Board. The statement submitted from this office was prepared from Tahsildar's returns, independent of information obtained and submitted to Government direct in the Local Fund and Municipal Department. The figures referred to in paragraph 2 of Government order embodied in the above Proceedings will not therefore tally.

2. As the Board's order was issued independent of the Government order in the Local Fund and Municipal Department, it was never understood that the two returns should tally with each other. From a perusal of all of the lists of works sent up, it appears that the Tahsildars included in their lists only such of the Local Fund works as are situated within the limits of their own taluks, such as the feeder roads, &c., while the list submitted by the District Board relates to the main lines of communication, such as the Bombay and the Madras trunk roads. So also in the case of municipalities, the two sets of figures relate to different items.

3. Copies of the detailed lists submitted by the Tahsildars are herewith forwarded.

1288/2

Read—the following reference thereon, dated 15th February 1890, to the Collector of North Arcot :—

The Collector is requested to return the list sent to him with Board's Proceedings, No. 4483, Mis., dated 11th November 1889.

Read—the following letter from the Collector of North Arcot, dated 23rd February 1890, No. 769, Rev. Genl. :—

I have the honor to return the list referred to in the Board's Reference, dated the 15th instant, on General Register No. 748 of 1890.

Resolution—dated 24th February 1890, No. 806, Mis.

Submitted for the information of Government in continuation of Board's Proceedings, No. 684, dated 12th February 1890.

(A true Extract.)

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Secretary to Government, Revenue Department,
with one detailed list of works and an abstract statement of the same.

Copy to the Collector of North Arcot.

Order—dated 31st March 1890, No. 245, Revenue.

Miscellaneous.

The following is an abstract of the estimated cost of civil agency works which could be started in the North Arcot district, if, famine were to occur :—

Civil Agency.	Amount of Estimate. Rs.
Provincial and Special Fund works	37,05,200
District Board works	3,26,036
Municipal works	1,69,500
Total ...	42,00,736

These works would afford employment, for twelve months, to 5 per cent. of the population at an average wage of two annas *per diem* or to 6·7 per cent. of the population, if the daily wage be reckoned at an anna and-a-half.

2. In addition to these works, the Cheyár river project would, if investigated, give employment to a large number of people.
