GOVERNMENT OF MADRAS.
MARINE DEPARTMENT.

READ—the following papers :—

From Messrs. ADAMSON, MACTAGGART AND Co., Agents, British India Steam Navigation Company, Limited, to the Chief Secretary to Government, dated Tuticorin, 18th March 1890.

We have the honor to enclose herewith communication received from the local Port officer, also extract contribution to *Navarino's* general average, and endorsement by the Superintending Engineer, Periyár Project. From the enclosures, you will see that the Superintending Engineer declines to pay the general average contribution, and from his remarks he is evidently quite ignorant on the subject of general average. We beg to submit the following facts in explanation, viz., that on the arrival of the goods here, they were handed over to the late Port officer as usual, on his promise that the general average contribution would be paid. Under ordinary circumstances, the deposit must be paid before the goods are removed, but this being Government cargo and urgently wanted, we allowed it to go on the Port officer's promise that the average contribution would be paid. We trust that Government will give the necessary orders for the settlement of this matter, as all the general average work is being delayed through this matter.

ENCLOSURES.

From T. H. BAKER, Esq., Port Officer, to the British India Agents, dated Tuticorin, 15th March 1890, No. 50-A.

I herewith have the honor to return the enclosed extract of contribution of general average and special charges on goods *ex S.S. Navarino*, also true copy of Chief Engineer, Periyar Project, endorsement.

2. Under the circumstances, I think you had better submit your claim direct to the Madras Government.

Endorsement, No. 728 P.R., dated 4th October 1889, by the Chief Engineer, Periyár Project.

It appears to the undersigned that all that is necessary is to inform the Port officer that the amount cannot be paid without the sanction of the Secretary of State, and that if payment is necessary, he should refer the matter to the Madras Government.

2. The undersigned will certainly take no action towards the payment of such an unreasonable charge. Why we or any other owner of goods should pay the ship-owner for delaying our goods for three months is beyond comprehension.

(Signed) J. PENNYCUICK,
Superintending Engineer, Periyár Project.

Reference, dated 26th March 1890.

Referred to the Presidency Port Officer for remarks.

(Signed) J. GROSE,
Ag. Chief Secretary.

From Captain H. A. STREET, Her Majesty's Indian Marine, Presidency Port Officer, Madras, to the Chief Secretary to Government, dated Madras, 28th March 1890, No. 347—180-G.

In reply to reference of Government, dated 26th March 1890, on current No. 268 of 1890 (herewith returned), I have the honor to point out, for the information of Government, that, as stated in my letter, No. 347—352-G., dated 17th August 1889, recorded in G.O., No. 392, Marine, dated 6th September 1889, the claim for the general average contribution referred to has to be referred to the India Office. The bill has been examined in my office, and found to agree with the general average statement.

ORDER—dated 17th April 1890, No. 151, Marine.

The Secretary of State for India will be addressed.

(True Extract.)

W. B. B. B.
Captain R. E.
for Under Secretary P. W. D.
Chief Secretary.

To the Presidency Port Officer.
„ Messrs. Adamson, Macartagart and Co.
„ the Public Works Department.
