D. P. W. No 67.

South West Division
Executive Engineer's Office
Camp Maddur
30th January 1890.

I am

Major A. W. Smart R.E.
Executive Engineer
South West Division

To

The Superintending Engineer
5th Circle

Sir,

With reference to your under-
:-ment No 5693 dated 23rd November
1889 on P. M. by No 3228 W dated 15th
Idem, I have the honor to state as
follows with reference to the
remarks of the Examiner.

2. Item No. 1. The duty of disbursing
moneys and keeping the Cash
Book has been transferred to the
storekeeper from 1st January 1890.

3. Item No. 3. The Examiner's
instructions for sending cheques to
Contractors by post is being attend-
ed to.

4. Item No. 4. The attention of
Sub Divisional Officers & subordinates
has

has been drawn to the instructions embodied in S. O. No. 794 dated 15th July 1889, to para 1756 of P. W. Code in respect to the cancellation of measurements in Measurement Books and they have been requested strictly to follow the instructions.

5. Item No. 6. The sweeper is employed by the Executive Engineer, Buddalur Bridge Works to sweep the office and store room attached to it and charged to the Buddalur Bridge Works and objection is taken by the Examiners under para 935 of the P. W. Code and the outlay is treated as irregular outlay. Orders on the matter are solicited.

6. Item No. 10. The rule is being observed now.

7. Item No. 12. The discrepancy has been corrected at once.

8. Item No. 16. The sum of Rs 18.75 (para 22 clause) outstanding as dues under "Adjustment" in the Work Register for "Repairing and Improving 17 sluices of Vadavai" represents

2/1884 from the Work "Restoration of Shatin
: type ancient" Estimate Rs 28300 and
Rs 3-8-0 also represents the cost of
same article issued to Contractor
and value recovered from him
but not shown in Work abstract.
The estimate for the restoration of
Shatin type ancient has been com-
: pleted and accounts closed. In-
: structions for necessary adjustment
are requested.

Item of 9 annas referred to in para
23 has been adjusted in the
accounts for December 1889 by debit
to work concerned and credit to
"Provincial Revenue". The difference
of Rs 39-14-8. referred to in para
24 in respect to the work "Repair-
ing the bund and reconstruct-
ing 2 sluices in Anurookkuppam
Tank" Estimate Rs 3130, represents
the deduction of 50 per cent made
from the Price Workers' Bill for
August 1885. pending certificate of
the ameer in charge of the work,
after rains that the fear was
thoroughly eradicated and

that it had not sprouted out again. The contractor has neither claimed nor will be likely ever claim the amount due to him. The sanction of Government under note to para 1828 of P. W. Code, introduced by S. C. No. 381 of 16-6-88 is solicited to debit the work with the amount (as the work is in progress) and to credit to "Provincial Revenue".

9. Item No. 19. The two buildings referred to have already been entered in the Register of buildings. The Capital Cost of lascar and superintendent's sheds have been made out and a statement will be forwarded shortly to the Supy Engineer for sanction and on return of which the sheds will be included in the Register.

10. Item No. 20. The attestation of Service Books will be made by myself in future.

11. Item No. 21. All Service Books which were sent to Sub-Divisional Officers at the time of inspection

have been received back.
3/13824/2. Item No. 25. The work referred to has been completed, but instructions will be attended to in the case of bills similarly prepared.

I have &c.
(Signed) A. W. Smart, Major
R.E.
Executive Engineer

No. 36.

Forwarded to the Examiner P. W. Accounts with reference to G.O. No. 3228 W. dated 15th November 1889.

2. With regard to the sum of Rs. 39-14-9 (para 24 of Suspecting Officers Report) the sanction of Government has been applied to its being credited to Provincial Revenue.

Wadhwa.

Col. R.E.

Chapman
2 April 1890.

Supy Engineer & Co. Secy.

No. 2575 d/6.5.90.

APR 1890

To W.

Forwarded with the following remarks:-

(1) Item I of summary.

The storekeeper does not seem to be quite the proper person for disbursing moneys and keeping the cash book. His duties should apparently be confined to the custody, preservation & issue of the stores under his charge & to keeping the required returns relating to them (vide code para 1777) However, pending issue of standing order embodying the rules already approved for conduct of cash transactions of divisions the arrangement might perhaps be allowed.

(2) Item 8.

The debit of pay of the sweeper of the divisional office and storeroom to the Gudilam Bridge is irregular, and should be written back to establish - ment salaries (vide standing order No. 836 of 1st. March 1889 to code para 823).

(3) Item 16 [(para 22, item(a)]

The arrears should be adjusted by debit to works and credit to provincial revenue as the accounts of the work from which the materials were transferred have been closed.

[Para 22, item (b)].

The necessary deduction against materials at site should now be made and the arrears adjusted by reducing

(Para 24 of report).

The sanction of Government said to have been applied for will be awaited.

(4) Item 19.

Will be seen to at the next inspection.

(5) Item 20.

The Executive Engineer has not replied to this item. The Executive Engineer's reply in para 10 evidently refers to item 21 and not to 20. The Executive Engineer's explanation to item 20 is awaited.

(6) Item 21.

The Executive Engineer's reply against this item (para 11) refers to item 22 of summary. Item 21, has however been replied in Executive Engineer's para 10 of the present letter. Nothing further seems necessary.

(7) Item 25.

The Executive Engineer's remarks that instructions will be attended to in the case of bills similarly prepared is not understood. The question is whether a service book for certain lascars has been opened out or not; & the Executive Engineer might again be asked to report as to this.

2. Other items call for no remarks.
