28TH MARCH 1890, No. 244, REVENUE.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following papers:—

Letter from the Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated 26th November 1889, No. 743, T. N.

The Collector of Tinnevely has brought to the notice of the Executive Engineer that the building named "Tirumalai Naick Seeroi" in the Puvani and Vadugapatti villages of Srivilliputtur taluk are in a ruined state and that they might be sold in auction as they are of no use to the public.

2. These buildings were built by Tirumalai Naick, the old ruler of Madura, and they are estimated at Rs. 20 and Rs. 21 respectively. They are not borne on the returns of this department.

3. Under the circumstances, I have the honor to request the sanction of Government for the sale of the buildings by the Revenue Department.

4. I take also the opportunity of requesting to be informed whether in similar cases as the above, when petty ruined buildings, not in charge of the Public Works Department, nor are borne on its returns, it is necessary that this department should apply for sanction of Government for their disposal, and whether such buildings come under Code paragraph 980.

Memorandum from the Chief Engineer, Public Works Department, to the Superintending Engineer, VI Circle, dated 7th December 1889, No. 5738-C.

With reference to letter from the Superintending Engineer, VI Circle, No. 743, T. N., dated 26th November 1889, the undersigned has the honor to inquire whether the buildings named are of architectural or historical interest, as, if so, it devolves on the Superintending Engineer under Public Works Code paragraphs 282 and 977 to suggest measures for their protection or disposal.

2. It should also be stated whether the buildings are Government or private property—*vide* Code paragraph 283.

Letter from the Superintending Engineer, VI Circle, dated 4th February 1890, No. 924, T. N.

With reference to your memorandum No. 5738-C, dated 7th December 1889, regarding the buildings named "Tirumalai Naick Seeroi" in the Puvani and Vadugapatti villages in the Srivilliputtur taluk in Tinnevely, I have the honor to state that the Collector in a letter, dated 17th January 1890, to the address of the Executive Engineer states that the buildings in question possess no historical or architectural value. It is stated that they consist of a circular dome supported by pillars, and contain no inscription or carvings.

2. It would appear that Tirumalai Naick of Madura built a mantapum of this kind at every five miles from Madura to Srivilliputtur; and that a large drum was kept in each of these buildings to convey intelligence of midnight service at the Srivilliputtur pagoda to Madura.

Endorsement of the Public Works Department, dated 15th February 1890,  
No. 861C.

Copy forwarded to the Revenue Department for consideration whether in cases  
of this nature the disposal of the buildings should not rest with the Collector.
