The statement will be prepared by the examiner as far as clauses (i) and (ii) above are concerned, and submitted by him to the government, on the 1st December of each year, for completion and transmission to the government of India.
[No. 978—20-11-89.]

Para. 796. *For this paragraph substitute the following :—*

796. If cash be deposited as security it will be placed by the executive engineer in the nearest post office savings' bank in his own name on account of the depositor, *e.g.*, "The executive engineer, ——— division, on account of A.B." A pass book for the amount will be furnished by the postmaster to the executive engineer, who will be careful to see that it is properly drawn up as regards the description, &c., of the depositor. The post office will have no concern or dealings with the original depositor.
[No. 979—20-11-89.]

Insert the following as paras. 1515*A*, 1515*B and* 1515*C* :—

1515A. Specially selected superintending engineers may be authorised to sanction, against the general estimate of a project, original or revised estimates for individual major works, or works for which capital and revenue accounts are kept, up to a limit of Rs. 10,000. On application to the chief engineer for irrigation officers thus empowered will have placed at their disposal the requisite sums to cover sanctions that may be accorded by them, whether for new works not originally contemplated or for excess expenditure. As it is essential that sanctions to estimates for individual works or services should be kept within the provision in the general estimate for the project, and to admit of the total provision under each sub-head as modified from time to time being shown, on receipt of sanction to a project, each superintending engineer thus empowered will open out a register, in form no. M87A, for each work or part of a work with regard to which he may exercise powers of sanction. The several parts of the register should be posted as indicated on the form.

1515B. Each superintending engineer concerned will furnish to the chief engineer for irrigation, through the examiner, in form no. M87B, a quarterly return of sanctions accorded under the above rules so as to reach the former officer not later than the 31st July, 31st October, 31st January and 30th April of each year.

1515C. The chief engineer for irrigation will maintain a register in the same form, no. M87A, and for the same class of works as those referred to in para. 1515A for recording the sanctions granted by him (or by the government) as well as for those granted by superintending engineers as shown in their quarterly statements, form no. M87B.
[No. 980—20-11-89.]

Para. 1666. *Last line, for,* "superintendent of the P. W. stores", *substitute,* superintendent of stationery, Madras.
