NOTE OF REMARKS.

The accompanying Est.
amounting to Rs. 10,000
for restoring the bridge
over the Shatiatope
Ancient in the South
Arcot Dist. is submitted
for sanction.

In this office Memo
No. 5476 C of 23rd Nov 1889
a reference was made
to the Financial Dept.
as to whether an allotment
of Rs. 4,000 could be
made from Provincial
Funds the balance
Rs. 6,000 being met by
contributions from
Local Funds.

The Financial Dept.
in their order No. 21873
of 7th Decr. 1889 state
that Govt. is not
prepared to sanction
any grant from Provin-
cial Funds in this present
case.

Where are the other

drawings?

Major Smith considers
that the bridge is not

strong enough, on his

letter No 104 of 3rd March,

but I do not see any

reason of the action

taken by the S.E. in

the matter.

The drawing on the

plan is for widening

the width of the

bridge, estimate Rs. 2000

What has become of

this estimate?

no further remarks.

It is noted in the
Estimate that the

The only drawing
submitted in the
training for curtailing
the width of the
roadway, but
it also shows the
restoration work for
which the Est: for
Rs 10,000 is submitted
for sanction.

I remember having
seen another plan
when the Est: was
first submitted
but to the best
of my recollection
I think it was a
plan of the work
as it stood before
it failed.

The Estimate for
reducing the width
of the bridge for Rs 2,000
was approved by S.E.
& returned to S.E. for
sanction.

As regards the section

of the garden the E.S.
appears to have
approved of the design
allowed in the design
furnished by Messrs
Mason & Co.

I have seen the
papers but if you
wish to see them
I will call for them
from E.S. office.
