21st May 1890, No. 1434 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From Lieut.-Colonel S. C. CLARKE, R.E., Officiating Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepák, 15th April 1890, No. 192.

With reference to the accompaniment to G.O., No. 3464 W. of December 1889, I have the honor to inquire whether it was ever intended to make it compulsory to have all indents for mathematical instruments frequently required by the Public Works Workshops or other divisions countersigned by your office.

2. The ruling in para. 6, part II, evidently refers to supplemental indents of stationery, which are not very frequently submitted.

3. I am constrained to solicit that this order may be duly modified if it was intended to comprise the indents for mathematical instruments with those for stationery, for, of late, there has been very considerable delay experienced by the Public Works Workshops in obtaining 2 or 3 compasses or some such articles to complete a mathematical instrument box received from one of the northern divisions for repair and renewal.

From G. McWATTERS, Esq., C.S., Superintendent of Stationery, to the Chief Engineer, Public Works Department, dated Madras, 10th May 1890, No. 729.

With reference to your endorsement No. 2049 C., dated 28th ultimo, on letter from the Superintending Engineer, V Circle, dated 15th idem, No. 192 (herewith returned), I have the honor to state that in my opinion all indents, whether annual or supplemental, for drawing and mathematical instruments of the divisional officers should be sent through the Superintending Engineers of the respective circles and those of the latter through the Chief Engineer, Public Works Department, in view to the controlling officers in either case exercising proper check and scrutiny in respect of the demands made therein.

ORDER—dated 21st May 1890, No. 1434 W., Public Works.

The foregoing correspondence will be communicated to Superintending Engineers.

2. The Government concurs in the suggestion made in the letter from the Superintendent of Stationery above recorded.

SUPERINTENDING ENGINEER'S OFFICE,
V Circle, Madras,
Chepak, 15 April 1890.

From

L. H. M. Clarke, P. E. O.

SUPERINTENDING ENGINEER, V CIRCLE,

To

THE

Chief Engineer.
P. W. Department.

SIR,

Enclosures.

With reference to the accompanying
to G.O. No. 3464 W of December 1889
I have the honor to enquire whether
it was ^{not} intended to make it
compulsory to have all In-
struments for Mathematical Ins-
truments frequently required
by the P. W. Workshops or other
Divisions countersigned by
your Office.

2. The ruling in para 6 Part II evi-
dently refers to Supplemental
Instruments of Stationery, which
are not very frequently submitted.
3. I am constrained to obli-
-viate that this order may be fully
modified if it was intended
to comprise the Instruments for
Mathematical Instruments
with those for Stationery -
