How did the 16% come to be
reduced to 11 out of 85? I thought
to be 14% at that rate.

There is a difference between
fixing the establishment so as
to include 16% of attendance &
laying down that only 16%
are to be counted towards the
limit. The order is required for that
purpose. How many such have
been laid down? If there has the
way to inform it is to force failure
when the limit is exceeded unless
on such cert. or urgent private
affairs.

According to the
Order of G. & J. no
more than 11 officers
should at any time
be allowed away on
leave. This rule has
never been enforced.
and I think it is but
right that it should
be brought into opera-
tion. I consider that
the sanctioned strength
for each Circle should
be always kept up,
and out of the surplus
officers be allowed leave
and if it were stipulated
periodically that so many
~~so many~~ applications for
leave can be entertained
officers would be guided
in making their ap-
plications & the work
in the Divisions could
not be hampered. Resolved
