EDUCATIONAL DEPARTMENT.

READ—the following paper :—

No. 503-C.

MEMORANDUM.

In forwarding the accompanying extract, paragraph 3 of a letter, No. 889 C., dated 4th December 1889, from the Principal, Madras College of Engineering, addressed to the Director of Public Instruction, the undersigned has the honor to inquire whether it was intended that students of the College during their second year of practical instruction on works should be granted travelling allowances when joining the divisions to which they may be posted, and while employed on works.

2. Article IX of the Notification embodied in G.O., dated 7th January 1886, No. 7, Educational, provides for the grant of subsistence allowance to the students during their second year of practical instruction, but makes no mention of travelling allowance. It is considered, however, that the latter allowance should be granted to enable the students to travel wherever they may be ordered.

3. The Examiner, Public Works Accounts, points out that the grant of travelling allowance will require the sanction of the Government of India, and as the revised College scheme was drawn up and submitted for the approval of the Government of India and the Secretary of State, in the Educational Department, it is thought that any modification of the rules should also be submitted for sanction in that department.

4. The question is therefore remitted for consideration in the Educational Department.
