The amount of the Indent is £.4,014-7-6 which is equivalent to Rs. 56,673 in Indian Currency at 1 s. 5 d. per rupee, whereas the budget provision for English purchases of tools & plant for the next official year is only Rs. 40,000. Please inform me whether it is the intention of the Government to provide further funds to the extent of Rs. 16,673 and if so, in what year and how much in each year.

To W.

If stores to the value of Rs. 16,673 are intended to be charged off to works for which grants are provided in the divisions concerned, no specific appropriation need be made for such stores in the P.W.Stores Division, but if on the other hand the stores are to be charged off against the grant of Rs.40,000 in the P. W. Stores Division this grant will require to be supplemented to the extent to which it is desired to so charge the cost of such stores. I presume that the General Superintendent will be able to state definitely how much of the stores obtained he intends to charge to the grant of Rs.40,000 & how much to works for which grants are already provided in other divisions.

× The Genl Superintendent can only say how much of the stores indented for to regimental for this Division but cannot say whether they are required for works for which funds are provided in other Divisions.
