Copy of letter No 3437 dated
13th February 1890 from the Suptg
Engineer Bellary to the District
Staff Officer Belgaum.

957/1
Lt Col Jamkins C.S.B. R. 8 the
newly appointed Suptg Engineer for
Military Works Madras Command
has on his recent inspection of
Bellary on the 30th ultimo addressed
me semi-officially regarding Regimental
Institutes for which arrangements were
sanctioned in G.O. No 3121 W dated 4th
November/89 estimated at Rs 2430
for Royal Artillery and Rs 955 for
British Infantry and which are being
carried out partly this fiscal year
to the amount of Rs 1000 in the case of the
former and Rs 455 in the case of the
latter as per this office letter No 3108
dated 27 January 1890 to Chief Engineer.

2. Lt Col Jamkins thinks that the views
of His Excellency the Commander in-
Chief in India with which he is well
acquainted are not fully provided
for in the arrangements as sanctioned
at Bellary that the Comdant is not
sufficiently disconnected from the

main building and that the object of making the latter as attractive as possible to the soldiers in place of the former has not been sufficiently kept in view.

3. I enter into detail Colonel Smukins thinks in the case of the Royal Artillery the sergeants should ~~not~~ questionably not be in the private's building. He would therefore

(a) leave the canteen untouched.

(b) change the sergeants mess to the coffee shop building.

(c) Bring coffee shop next supper room in new building.

(d) Add to sergeants mess to give them their authorised accommodation.

and in the case of the British Infantry Col Smukins opposes the arrangements proposed to make the supper room in the canteen building, leaving the coffee shop where it is in the institute building and instead would leave the canteen and coffee shop in main building as they are and shift the partitions of the institute so as to form coffee shop, supper room

recreation room, games room and library and reading room.

4. I have therefore the honor to request instructions whether works should be stopped on the sanctioned plans and estimates and new plans & estimates drawn up on Colonel Smukins views (probably not exceeding the amounts already sanctioned) If so, the balance of the grant for the current official year must be surrendered.

Col Smukins suggestions do not decrease areas.

Enclosures.

Copy of letter
no 3437 of 13/2/90

With reference to G.O. no 632 N
dated 28th February 1890, I have the
honor to forward a copy of my letter
no 3437 dated 13th February to the
District Staff Officer Belgium regard-
ing Regimental Institutes & proposal
to give up grant.

2. The Inspector General of Military
Works has just inspected the station
and approves the alterations proposed
by Suptg Engineer for Military Works
Madras Command.

3. The plans and estimates therefore
have to be recast before work could be
begun.

4. A portion of the grant was already surrendered
vide G.O. no 441 N dated 10th February 1890.
