GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From Colonel W. H. BURTON, R.E., Superintending Engineer, V Circle, to the Secretary to Surgeon-General with the Government of Madras, dated Chepak, 21st December 1889, No. 6324.

I have the honor to forward to you for disposal, under G.O., No. 483 W., dated 21st February 1884, an estimate of Rs. 3,854 for constructing two sheds for packing stores and washing bottles at the Medical Stores, Madras.

2. The estimate has been countersigned by the Principal Medical Storekeeper.

Memo. No. 20.

Approved and forwarded to the Chief Secretary to Government, Public Department, for the sanction of the Right Honorable the Governor in Council.

FORT ST. GEORGE,
8th January 1890.

(Signed) G. BIDIE, M.B., C.I.E.,
Surgeon-General with the Madras Govt.

Forwarded to the Superintendent, Government Press, for report whether the sheds, if built as proposed, will injure the light in the Press office. If so, this might be obviated by turning the sheds round.

(By Order.)

FORT ST. GEORGE,
21st January 1890.

(Signed) A. BUTTERWORTH,
Ag. Assistant Secretary.

Office note from the Superintendent, Government Press, dated 23rd January 1890, No. 173.

With reference to endorsement No. 8472, dated 21st instant, on Public current No. 63, herewith returned, the undersigned submits that it will be to the advantage of the Press premises if the sheds are a clear 25 feet from the bindery, instead of 3 feet as proposed.

2. In time the terraced verandah on the east side of the bindery will be enclosed for work rooms; and if any shed or building on the east side is erected closer than 25 feet, the present bindery will then be so darkened as to be almost useless.

Forwarded, and the estimates returned, to the Surgeon-General for report on Mr. Hill's suggestion that the sheds be constructed at a distance of at least 25 feet from the Press bindery.

FORT ST. GEORGE,
27th January 1890.

(Signed) J. GROSE,
Ag. Chief Secretary.

(By Order.)

FORT ST. GEORGE,
21st January 1890.

(Signed) A. BUTTERWORTH,
Ag. Assistant Secretary.

Office note from the Superintendent, Government Press, dated 23rd January 1890, No. 173.

With reference to endorsement No. 8472, dated 21st instant, on Public current No. 63, herewith returned, the undersigned submits that it will be to the advantage of the Press premises if the sheds are a clear 25 feet from the bindery, instead of 3 feet as proposed.

2. In time the terraced verandah on the east side of the bindery will be enclosed for work rooms; and if any shed or building on the east side is erected closer than 25 feet, the present bindery will then be so darkened as to be almost useless.

Forwarded, and the estimates returned, to the Surgeon-General for report on Mr. Hill's suggestion that the sheds be constructed at a distance of at least 25 feet from the Press bindery.

FORT ST. GEORGE,
27th January 1890.

(Signed) J. GROSE,
Ag. Chief Secretary.

From Brigade-Surgeon C. McVITTIE, Principal Medical Storekeeper, to the Secretary to the Surgeon-General with the Government of Madras, dated Madras, 1st February 1890, No. 2651.

[Reference.—Your No. 569, dated 30th January 1890, with enclosures, herewith returned.]

I have the honor to remark that the position chosen for the shed about to be erected in the courtyard of the Medical Stores appears to me to be the only position available; room must be left for the transport wagons and carts to turn in the courtyard, and it was to allow of this room that necessitated the ends of the two sheds being brought so close to the boundary of the Printing house building. As these will be open sheds on iron uprights and the ends only will approach the verandah, I do not expect that they will affect the light in the Printing house to the extent anticipated by Mr. Hill.

2. I would suggest, however, that the Executive Engineer be asked to inspect and give an opinion on the matter.

From H. IRWIN, Esq., C.I.E., Consulting Architect to the Government of Madras, to the Surgeon-General with the Government of Madras, dated Chepāk, 27th February 1890, No. 1924.

I have the honor to return the papers received with your endorsement No. 714, dated 5th February 1890, with a report from the Assistant Engineer in charge of the buildings. I concur in the suggestions made and request that you will be so good as to obtain the sanction of Government to the plan and estimate.

ENCLOSURE.

Copy of a communication from the Sub-Divisional Officer, North Sub-Division, to the Consulting Architect to Government, dated 24th February 1890, No. 932.

With reference to your No. 1705, dated 10th instant, I have the honor to report that I visited the site of the sheds at the Medical Store and the work-room in the Government Press and am of opinion that the erection of sheds in the site originally proposed would injuriously affect the light in the work-room, which is already somewhat dark. If the verandah adjoining the store is converted, as is contemplated, into a work-room, the erection of the sheds in the position originally proposed would be still more objectionable.

2. I have, in consultation with the Principal Medical Storekeeper and the Superintendent of the Government Press, selected new sites for the sheds, to which both these officers acquiesce; these sites are shown in ink shading in the block plan. One of the sheds will have to be shortened 1 bay of 10 feet in order to save a tree in the compound of the Medical Store and the end next the central building must be run right up to the building and not lipped as per plan.

3. These trifling deviations can be made during execution without requiring a revised estimate.

From G. BIDIE, Esq., M.B., C.I.E., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, Public Department, dated Fort St. George, 5th March 1890, No. 190.

In returning your endorsement, dated the 27th January 1890, with its annexures, I have the honor to forward the accompanying letter from the Consulting Architect to Government, from which it will be seen that new sites have been selected for constructing the proposed sheds at the Medical Store Dépôt, and that the sites have been approved of by the Principal Medical Storekeeper and the Superintendent, Government Press. The plan has been altered accordingly.

Approved and transferred to the Public Works Department.

FORT ST. GEORGE,
14th March 1890.

(Signed) J. GROSE,
Ag. Chief Secretary.
