GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper :—

Office note from the Examiner, Public Works Accounts, dated Madras, 17th March 1890, No. 1477.

Herewith I submit (by circles) the quarterly report of completion reports overdue on the 28th February 1890.

2. According to the information available, the total number of completion reports certainly overdue on that date was 535, of which 311 were overdue for twelve months and more. Details are shown by circles in the following table :—

Circles.	No. of Completion Reports overdue and time overdue.							Total.
	6 months.	7 months.	8 months.	9 months.	10 months.	11 months.	12 and more months.	
1st	1	2	2	1	3	5	133	147
2nd	8	13	13	13	1	30	66	144
3rd	2	...	...	...	...	3	10	15
4th	1	2	4	3	...	...	1	11
5th	23	2	2	21	9	56	98	211
6th	1	1	1	...		1	3	7
Total ...	36	20	22	38	13	95	311	535

3. The following table shows in detail the divisions from which replies have not been received to inquiries made by me regarding works for which it seems probable that completion reports are due, and also the number of works concerned in each case :—

Divisions.	Inquiries made after the examination of accounts for						Total.
	April 1889.	June 1889.	August 1889.	September 1889.	October 1889.	November 1889.	
Ganjam	...	105	12	11	19	11	158
Vizagapatam	...	...	...	...	...	7	7
Presidency	...	...	...	...	...	22	22
Chingleput	45	...	...	39	43	...	127
Tanjore	...	...	...	...	...	21	21
Total ...	45	105	12	50	62	61	335

4. The great increase in the total number (as shown in the first table) known to be overdue (535 as against 377 in last report) is owing to the more complete information now available as regards Ganjam and Chingleput. Excluding these two divisions the number is 535 — (127 + 168) = 240 against 377 — (36 + 31) = 310 in last report, showing a substantial reduction of arrears.

Excluding these two divisions the number is 535 — (127 + 168) = 240 against 377 — (36 + 31) = 310 in last report, showing a substantial reduction of arrears.

5. Now that the facts as regards the Ganjam and Chingleput divisions are better known, the arrears of completion reports overdue will no doubt soon be largely reduced as has been done in other divisions, but in the matter of information there are still considerable arrears in these two divisions (see table in para. 3), four letters of inquiry *previous to November* being still unanswered in one case and three in the other.

6. The submission of the quarterly report has been slightly delayed in order to give the Executive Engineer, Chingleput Division, time to send in replies promised by him to inquiry lists which remained unanswered.

Order—dated 26th March 1890, No. 972 W., Public Works.

Communicated to Superintending Engineers for attention in continuation of G.O., No. 3401 W., dated 29th November 1889.

2. The general reduction of arrears is satisfactory, but the results with regard to the Ganjam and Chingleput divisions are still far from creditable. In his letter No. 7420, dated 20th February 1890, the Superintending Engineer, V Circle, reported that the arrears in the Chingleput division would be cleared by 30th April 1890.

3. The large arrears in the II Circle require the Superintending Engineer's attention.
