READ—the following paper :—

From G. McWATTERS, Esq., M.A., C.S., Chairman, Harbour Trust Board, to the Chief Secretary to Government, Marine Department, dated Madras, 17th March 1890, No. 988.

I have the honor to submit herewith copy of a letter from the Board's Engineer, No. 1437, dated 7th instant, and of resolution passed thereon by the Trustees at their last meeting; also to forward the indent (in triplicate) for stores required for the Madras Harbour Works, and to request that all the articles enumerated therein may be procured direct from the India Office for the reasons given by the Engineer.

ENCLOSURE.

From A. L. POGSON, Esq., Engineer, Harbour Trust Board, to the Chairman, Harbour Trust Board, dated Madras, 7th March 1890, No. 1437.

I have the honor to forward herewith an indent in original (duplicates will follow) for stores for compliance in England, and to request that Government may be asked that all the articles required therein may be ordered to be supplied direct from the India Office as the quality of the articles locally obtainable will not suit the work for which they are required.

2. I have on this occasion omitted to ascertain, as usual, from the Public Works Stores, if any of the articles can be supplied by them, because I notice that an additional charge of 23½ per cent. is invariably made for all stores supplied by them, and I believe that by getting the articles direct from England this extra charge can be saved and the quality of the articles will be more suitable to the works.
