What I want to know is whether the man who now supplies Eugene water for the filter, cannot - also bring good water for the Union & Humboldt clerks. If the present water carrier is not a caste man, but

The ~~man~~ who now

for the filter is a non
Brahmin. If a Brahmin
were to be employed to
supply water to the whole
Office, he would not
touch or clean the filter.

Hitherto some of the
Hindu Clerks of this
Office paid the Brah-
min who supplied them
with water a few annas
from private sources. As
the amount thus collected
was very small the
man refuses to supply
them with water unless
he is paid a fixed amount
monthly in addition to
whatever amount he may
get as contribution from
the Clerks -

The present water Carrier is
not a Caste man. It is only
from a Brahmin water man
that all classes of clerks will
be willing to take water,
but a Brahmin will not
touch the filter, used by
the non-Brahmin clerks though
he will have no objection
to supply water otherwise
as is the case on the S. I and
Madra Railways. It is therefore
submitted that there should
be separate provision for
water supply for the Christian
and for the other classes of clerks,
as only the Christian clerks
use filters. Such separate
provision is made in the office
as it is in the

Examine P. R. accounts. This
is the time of the year for
obtaining the Hui's sanction
to the requisite menial
establishment for this year,
and if this proposal to
employ a brahmin water
man for the non christian
clerks be approved, a
brahmin water man for
the non christian clerks
may be included in the
general statement of establish-
ment for 1890-91, requiring
the Hui's sanction.

* It must be changed to
establishment under present
rule.

* This is the monthly fee
to the man who daily fills
& periodically cleans out
the office pail.
