SUPERINTENDING ENGINEER'S OFFICE,
V Circle, Madras,

No. 49. Chepâk, 2d. april 1890.

From

Colonel W. Burton R.E.

SUPERINTENDING ENGINEER, V CIRCLE,

To

THE Chief Engineer
P.W. Department.

SIR,

Enclosures.

I have the honor to request that sanction of Government may be given to my having authorised the Executive Engineer of the late Presidency Division in July 1889 to divide the work in his Division at Madras into 3 Sub divisions. all charges instead of two as authorised by Government in G.O. No 1137 & 1725 dated 2 April 1887

I did this believing at the time I had full power to make such an arrangement upon Lt Milne, Assistant Engineer being posted to the Presidency Division. Before he arrived the works at Madras were divided thus.

All the Civil Building go & correspondence relating thereto and payment of Head Quarters office Establishment under Mr Attwood.

all

all the Military Buildings &c under
Sub Conductor & Sub Engineer
R.W. Macalister.

It would have caused so much needless and circuitous correspondence to have placed Lieut Milne under Mr Attmaan; or Mr Macalister under Lt Milne & making practically 3 Sub Divisions here facilitated generally the transaction of business and strengthened the chain of responsibility, that with the concurrence of the Executive Engineer who was consulted beforehand, the works at Chadras were broken up into 3 quasi Sub divisional charges, and so, Mr Macalister was left in charge of the Military Buildings in Fort St George and Broadway Lines.

Lieut Milne put in charge of all Civil & Military Buildings North of the Poonamalle Road and Mr Attmaan in charge of all Civil and Military Buildings to the South of the Poonamalle

But the Examiner P.W. Accounts on being requested by me to place the 2 Sub divisional charge allowances Sanctioned by Government in G.O. No 1137 Dt 25th April 1889

to

madras pepuesents that by so breaking up the authorised 2/128 Sub divisions at Madras (the Bangalore Sub division was in no wise affected) into 3 unauthorised Sub divisions, the Sub divisional allowance as sanctioned by Government in G.O. alone although to become thereby inadmissable under P.W. Code para 312.

I would request the sanction of Government to the continuance therefore of two authorised Sub divisions at Chadras from and after Lieut Milne rejoining after furlough until the transference of the works at Chadras to the Consulting architect and to the Superintending Engineer Military Works.

I have the honor &c
sir
Your most obedt Servant

No 49.

Sub divisions in Madura — Requesting sanction for dividing the 2 subdivisions — into 3. as stated — written for the time that Mr. Chitty joined his duty at Madura from furlough to the transfer of the works to the Consulting Architect & Public Works Dept.

The Executive Engineer is authorised to pass all divisional abstracts for the period in question to two of the officers in charge of subdivisions in Madura.

2. The action of the Supdg Engineer in breaking up the two Subdivisions into three without the prior sanction of Govt was extremely irregular
