the honor to state that I am of
opinion that it is not neces-
sary to enter in the Register of
Works, items of rents of buildings
hired for Military Subordinaries,
as they are shown in the Monthly

Your office note No. 1451 C. dated 17th.
March 1890.

I am of opinion that charges of
the kind referred to in the above of-
fice note should be posted in the re-
gister of works, unless and until some
better system of compiling the accounts
is adopted.

2. With a proper system of compil-
ing the monthly accounts - viz ledger-
ing exhaustively from the cash book etc
as suggested in para 108 of my note on
the Account Committee report, there would
be no necessity for entering such
things, or a great many others in the re-
gister of works, if indeed any register
of works would be required at all. But
as matters now stand, the register of
works is the only recognized instru-
ment for collecting charges up to date,
and is nominally the source from which
the schedule of expenditure should be
posted. The entry of any thing in the

register of works cannot therefore be
dispensed with on the ground that it
is entered in the schedule.
