thro' the Examiner P.W.A.

Sir,

In the deviation statement, sanctioned in G.O. No 1731 W, 1st July 89, for the Bridge over the Vaigai river, Madura District, Rs 4020 were included on account of loss in materials at site and Brick manufacture - Subsequently 125¼ Cft of coping stone, valued at Rs 77-3-0, that were at the site, were lost and it was found impossible to trace out this loss.

2. At the end of October 1889 there was at the site 912 Cft of coping stones dressed by a piece worker and laid on the right approach, when the road way was being made and the Bridge cleared for the opening Ceremony other stones were also placed on this approach. After the Xmas holidays

holidays the piece worker informed Assistt Engineer Mr Smyth that some of the stones were appropriated by one Contractor Chokalingam Pillay; but it was impossible to shew that the latter had used any of the piece workers' stones, as his mark was not to be seen on any of the stones built by the Contractor.

3 It would also appear that when arrangements were being made for opening the bridge, a good deal of stone had to be cleared from the roadway and was placed on the right approach. In doing this the Overseer in charge appears to have failed to see that the stones were not mixed and that they were carefully watched, especially as they were paid for and were the Government property.

4 As however the matter stands at present, there is no alternative but to write off the value of the missing stone Rs 77.3-0, reprimanding the Overseer for his neglect.

5 The net actual loss of materials at site and brick manufacture, after taking credit for the sale proceeds of brick bats, rough stone &c, amounts to Rs 4043.12.10, or Rs 23.12.10 in excess of the sum sanctioned in the deviation statement alluded to in para 2 supra. I crave the honor to request sanction to this excess under para 1973 of the Code.

6. The Bridge work will be finished by the end of this month; it is not perhaps unlikely that there may be excess in some other items. This will be explained in the Completion Report.

I have the honor to be
Sir
Your most obedient
servant

Vaigai Bridge Work

Reports sanction for writing off certain missing Store Credits vide the —
No 2763 W d/17-10-89
1731 W d/1-7-89

Q
11-4-90

No. 1954 d/ 2-4-90

To E.W.

Forwarded with the following remarks:-

2. Under code para 1973, the sanction of Government is necessary to the writing off, of the additional loss of Rs. 77-3-0 referred to in para 3 of the Superintending Engineer's letter, as it is stated to have occurred through the want of proper supervision on the part of the overseer in charge of the Vaigai Bridge.

3. The sanction of Government is also necessary to the excess of Rs. 23-12-10 over the amount provided for on account of loss of materials in the deviation statement sanctioned in G.O.No.1731 W. dated 1st. July 1889.

READ the following

Letter from the S.E. VI circle No. 1429 M.D. d/ 22nd March 1890
Office Note from the Exr. P.W. Accts. - 1954 d/ 2nd April 1890.

Sanction is accorded to writing off Rs 77-3-0, the value of the missing stones.

2. The excess of Rs 23-12-10 over the amount provided for loss of materials in the deviation statement approved in G.O. No. 1731 W dated 1st July 1889 is also sanctioned.

4000 Rs worth of materials is rather large a loss
