22ND APRIL 1890, No. 1194 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following paper :—

From Brigadier-General M. PROTHEROE, C.B., C.S.I., Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 21st February 1890, No. 248 (Barrack).

With reference to O.G., No. 1149 of the 14th February 1890, I am desired to bring to the notice of Government that the rooms in the Mountstuart building, which it is proposed to enlarge, measure but 17 feet by 9 feet respectively, and are so arranged that they cannot even be provided with fire places, but are warmed, and that imperfectly, and at considerable inconvenience to the occupants, by means of stoves.

2. As already intimated, the room allotted to the Adjutant-General is so small, that it cannot contain the ordinary complement of furniture, and for want of space the Adjutant-General is put to the greatest inconvenience when officers call to see him, or when transacting business with the officers of his department or with the office clerks.

3. In the opinion of His Excellency the Commander-in-Chief, the room is in no way suitable for the requirements of an officer holding the position of Adjutant-General of the Army. His Excellency hopes, therefore, that Government may be pleased to reconsider their decision, as recorded in the above quoted Government Order, and will accord sanction to the proposed extensions being carried out at an early date.

4. In conclusion, I am to say, that the present would be a fitting time in which to effect the necessary alterations in the Adjutant-General's room, as owing to the temporary absence of the Deputy Adjutant-General the room of the latter might be occupied by the former officer during such time as the work might be in progress.

No. 1378, Military.

Transferred to the Public Works Department for favorable consideration with advertence to O.G., No. 423 W., dated 8th February 1890.

ORDER—dated 22nd April 1890, No. 1194 W., Public Works.

The Government adheres to the decision conveyed in G.O., No. 423 W., dated 8th February 1890, but suggests that the proposed extension of the main building of Mountstuart should be executed from the Military Works grant under the new organization.

The rent angling trade ought to be Rs 9033 but is only Rs 3600. In these circumstances through the adjutant gen's room, which I have seen, is certainly not fit for an office of this position, I consider that the Government should bear the cost of the improvements to the provincial funds on the improvements should be borne by Govt. I would say so & suggest that the proposal should be presented from the Military Works Grant under the new organization. Nil Works
