GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following paper :—

From J. E. PAUL, Esq., Executive Engineer, Kistna Western Division, to the Superintending Engineer, II Circle, dated 30th September 1890, No. 334 S.

I have the honor to forward to you an application for an additional temporary clerk on Rs. 15 to assist the accountant.

2. In G.O. No. 1778 W., dated 27th June 1890, it was stated that the necessity for this extra hand had not been proved.

3. I should also mention that the punt writer, as he is termed, does not assist the accountant as stated in your letter printed with the above Government Order.

4. I consider that the necessity, or, at any rate, the advisability of employing this extra clerk has been proved by the abolition of the post.

5. For, since the services of this clerk were dispensed with, the work register has not been maintained with that punctuality which is most essential in the case of this important document; the accountant has to do the less important work, which could be as well and far more economically done by a junior clerk on small pay, and consequently gives me much trouble by slurring over his more important duties, and I am not able, as I had intended, to relieve the sub-divisional officers of check and payment of bills over a certain sum.

6. I forward to you copy of a letter from the Examiner on this subject, and I should be much obliged if you would submit the proposal to Government.
