SUPERINTENDING ENGINEER'S OFFICE,

V Circle, Madras,

Chepâk, 26 October 1890.

No. 3407

From Col. W. H. Burton R.E.

SUPERINTENDING ENGINEER, V CIRCLE,

To THE Chief Engineer

P.W. Department.

SIR,

Enclosures.

With reference to your Memorandum No. 3972 dated 3 October 1890, I have the honor to forward a Comparative Statement showing separately the values of English Stores required by the Superintending Engineers of the Circles, the P.W. Workshops and the P.W. Stores from 1887-88 to 1891-92.

2. The Estimate of 1891-92 is not for the expenditure in the P.W. Stores, but it includes all Circles. The Estimates

Received

3013
1

3013
2

received from the Circles have been compiled in the P.W.D Stores without any alteration, and the Estimate amount is therefore the proposed expenditure in all the Circles and Stores and not of the Stores only as stated in para 2 of the ~~Deputy~~ Chief Engineer's Memo.

I have the honor to be
Sir
Your Most Obedt. Servt.

Asstt. Engr. 1st Class P.W.D.

Supdg. Engr. Zhirole.

From

The Superintending Engineer,

V Circle,

To

The Chief Engineer
& Secretary to Govt.
P.W.D.

Dated 25 October 1890.

Note

D.W

7.11.90 3013/94

I have carefully gone through the files relating to estimates laid down for stores for the past few years, and the accompanying statement compares the estimate, indent, grain and outlay during the past 3 years.

Before the Savimi contract of 1886 was entered into, there was no restriction as to the amount up to which allotment could be made under Rules & Regulations and the order of the Government of India requiring certificates to accompany indents

was

43/90
7/11/90
13.

ob.07.07
Reminder

was not interested
till 1886. Since to 1887
the estimates and
indents were for
more than a lakh
of rupees, but from
1887-88 the indents
were prepared for
less than Rs 40,000
or Rs 40,000 while
the estimates were
for the usual
amounts. Sanction
see No 4488 C dated
16th December 1886,
4846 C. dated 20th Dec
1887 and 5597 C. dated
29th November 1889.
Estimates being the
forecast of the
actual requirements
& indents, the forms
showed as nearly
as possible corresponding
with the latter.
This has not been
done by the General
Superintendent during

the past 3 years, & he is correct in now framing the estimates with reference to the 3013/6 index to which ~~are~~ is prepared for the available grant.

The figures given by the Govt of India in its letter No. 124 AG & 21st August 1890 represent the value of the stores estimated for and not the actual value of stores supplied.

Draft reply to the Government of India is herewith submitted for approval.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the ~~following~~ again

From the Govt of India
P.W. Department — No. 1214 of 9. dated 21st August 1890.
Received
From the S. E. V Circle No. 3063 dated 27th Septr 1890.
— Do — Do — 3407 dated 25th Octr 1890.

Ordered that
12/11/90 the Government of
India be addressed.

S. E. V Circle. No. 3014 W dated 13th November 1890.

D13/11

To
The Secy to the Govt of
India,
P.W. Department.

Sir,

I am directed
12/11/90 to acknowledge the
receipt of your letter
No. 1214 of 9. dated 21st
August 1890, and in

in reply to state that the estimate submitted with my endorsement No 2132 W. dated 6th August 1890 is complete as it includes the requirements of all the Circles.

2. With reference to your observation that the estimate is very small when compared with the actual expenditure in England for the past 3 years, I am to state that the figures given in your letter under reply represent the value of the estimates and not the actual expenditure on stores which is given below:-

	Estimate	Income	Actual expenditure
1887-88	£ 10,564	£ 2960	Rs 38,436
1888-89	" 17,870	" 4000	" 53,840
1889-90	" 20,89[illegible]	" [illegible]91	" 44,620

3013
10

3. The estimates submitted during the past 3 years differed considerably from the indents for those years, and as the estimates are intended to be the forecasts of the actual requirements or indents it is necessary that the former should agree with the latter as nearly as possible. The estimate for 1891-92 has therefore been based on the average value of the annual indents for the last 3 years.

4. In conclusion I am to add that the reduction in the amount of the estimate under reference is partly due to the transfer of Military Works from the Department.

I have &c.

Secy
