Endorsement of the Public Works Department dated 29 October 1890 N. 4412 C. on letter from the Superintending Engineer, Circular, dated 24 October 1890 N. 337.

Order dated 4 November 1890 N. 739

The papers will be returned to the Public Works Department with the intimation that the arrangements proposed for the Public Department are approved. It is thought that the covered way connecting the building occupied by the clerks with the main building might be closed in and erected so as to be more in keeping with the buildings than the present structure.
