READ—the following paper :—

From M.R.Ry. S. SRINIVASA RAGHAVA AIYENGAR Avergal, Dewan Bahadur, Inspector-General of Registration, to the Chief Secretary to Government, Judicial Department, dated Coimbatore, 11th November 1890, T. No. 5278.

I have the honor to submit, for the sanction of Government, plans and estimates for the construction of sub-registry offices at Jammalamadugu, Sidhout, Kadiri and Madanapalle, in the Cuddapah district, received with the letters of the Superintending Engineer, III Circle, Nos. 1703 and 1736, dated 10th and 12th September 1890, together with copies of the correspondence\* between him and this office regarding the sites at Sidhout and Madanapalle.

\* T. No. 5056, dated 31st October 1890, to the Superintending Engineer.  
No. 2301, dated 5th November 1890, from the Superintending Engineer.

2. The necessity for the construction of offices at these four stations was brought to the notice of Government in this office letter embodied in G.O., dated 2nd July 1889, No. 1751 W., communicated in G.O., Judicial, dated 22nd idem, R. No. 805.

3. The Superintending Engineer states that, as the Villupuram-Guntakal Railway has "taken all the labor and raised all the rates," the construction of the sub-registrar's office at Piler, for which a sum of Rs. 2,358 has been granted in G.O., No. 1877 W., dated 10th July 1890, cannot be proceeded with until the railway works in its vicinity are completed, and recommends that the funds allotted for Piler may be transferred to Madanapalle. I have no objection to the transfer proposed, and I beg that it may be sanctioned.

Approved and transferred to the Public Works Department where orders will also be passed on the transfer of funds suggested in para. 3 of the letter.

9th December 1890.

Dated Coimbatore 31 October 1890.

Sir,  
With reference to your letters  
dated 10th and 12th Ultimo, Nos. 1703  
and 1736 respectively, I have the  
honor to inform you that the site  
in which the Sub Registrar's  
office building at Sidhout is  
proposed to be built is found to be  
objectionable as it is situated  
very near the latrine in the  
Taluk Cutcherry Compound and  
to request that the building may  
be erected in the site proposed by  
the Sub Registrar and which is  
shown in the plan enclosed.  
2. The site proposed for the  
building at Madanapalle is  
also objectionable to the Sub Registrar

of the station on the ground that it is very near thatched huts and is consequently exposed to risk from fire and I agree with him in thinking that the building in which valuable documents have to be preserved should be constructed on the site marked by him in the site plan.

3. On receiving a reply from you as to the above suggestions I shall submit the Estimates for the 4 offices to Government for sanction.
