## GOVERNMENT OF MADRAS.

## PUBLIC WORKS DEPARTMENT.

### Buildings and Roads.
### Civil Works.

READ—the following papers :—

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 26th September 1890, No. 1887.

As called for in G.O., No. 2249 W., dated 18th August 1890, I have the honor to submit an estimate, amounting to Rs. 12,600, for constructing District Surgeon's residence at Anantapur in lieu of the estimate, amounting to Rs. 19,420, returned with Government Order quoted above.

2. The estimate now submitted cannot be reduced and provides the minimum of accommodation that an officer of the rank of Surgeon-Major (as the District Surgeon would probably be) could put up with as a married man.

3. The site has been acquired and work can be begun at once on sanction of the estimate, the funds being transferred from altering Apothecary's quarters at Anantapur into District Surgeon's quarters, as that estimate would be cancelled by the present estimate and the Apothecary's quarters would be left as they are.

---

From W. F. DEFABECK, Esq., M.D., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, Public Department, dated Fort St. George, 20th November 1890, No. 803.

In continuation of my letter No. 767, dated the 29th October 1890, I have the honor to return, duly approved and countersigned, the plans and estimates forwarded with your endorsement, dated the 17th idem.

2. A copy of my letter to the Superintending Engineer, III Circle, and of his reply are herewith enclosed for the information of Government.

---

### ENCLOSURES.

From W. F. DEFABECK, Esq., M.D., Surgeon-General with the Government of Madras, to the Superintending Engineer, III Circle, dated Fort St. George, 29th October 1890, No. 6700.

I have the honor to enclose the accompanying papers with plan and estimate for constructing District Surgeon's quarters at Anantapur, referred to me for approval and countersignature by Government.

2. I am of opinion that the second estimate of Rs. 11,435 meets the case sufficiently, leaving out the extra bath-rooms at rear of the building, but I consider that the dressing-rooms at the sides should be separated from the bath-rooms by means of pucca walls, and doors be provided

for the bath-rooms separately. I shall therefore feel obliged by your favoring me with a plan and estimate revised in the terms of the above suggestions and forwarding them to me with the whole correspondence for countersignature and transmission to Government.

---

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Surgeon-General with the Government of Madras, dated Bellary, 5th November 1890, No. 2290.

As requested in your letter No. 6700, dated 29th October 1890, I have the honor to forward a plan drawn in accordance with your wishes, except that I have only provided a stout wooden and canvas screen between the dressing and bath rooms instead of a masonry wall which would control the space very much in my opinion.

2. The estimate as reduced in the Chief Engineer's office to Rs. 11,600 can stand. I have not yet got the Collector's valuation of the ground; this will be forwarded as soon as received, but I think that sanction to the estimate need not be delayed for that as the ground has already been acquired and paid for with other land taken up at Anantapur. I have added a lump sum of Rs. 165 on this account.

Approved and returned to the Public Works Department.

---

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 24th December 1890, No. 2838.

With reference to your memorandum No. 4869 C., dated 25th November 1890, I have the honor to inform you that the value of the site of the District Surgeon's quarters at Anantapur is Rs. 170.
