Your office note No. 4943 C. of 28th. November 1890.

Presumably the claim is made under article II63(a) of the Civil Service Regulations, but there is nothing to show that Colonel Burton R.E. was compelled by any sudden emergency to leave his camp and proceed rapidly to Madras. From a perusal of the journal, it would seem to be an ordinary case of returning to head quarters with the intention of going thence by rail to another place, leaving the camp to follow as not being required.
