Madras Construction 12,000
including of a new Com.
Mysore Combined Post
and Telegraph
Office at Mysore.

This proposal is in supersession of the one entered in the Schedule for 1891-92, already submitted to Government. It was originally proposed to exchange the present Post office building for a private house which was offered for sale and to pay the owner the difference in the value of the two buildings, but that arrangement has fallen through, the owner being no longer willing to accept the terms. It is now desired to build a new Combined office in a square that the Durbar has designed for public buildings. A site will no doubt be allotted free, but it is expected of the Imperial Post office that it will build an office in keeping with the other buildings that it is proposed to erect round the square, some of which have already been built. It is desirable if possible to meet the wishes of the Durbar in this matter. The cost of the work is estimated roughly at Rs 14,000 and of this sum the Telegraph Department may fairly be asked to pay Rs 2,000, the balance being sanctioned as a Postal Grant.

My telegram dated 11
 December, I have now informed
 Govt of India that current
 year's grant of five thousand
 rupees for Gunta Kal telegraph
 office cannot be expended
 and I propose to add this
 sum to next year's requirements
 making fourteen thousand
 three hundred rupees in all.
