Madurantakam taluk

(b)

Works requiring repair to be selected and estimated within the following boundaries: North - a line running

two miles north of the Wandiwash Cheypp Road.

East - a line running two miles E of the Railway.

South - The S. Arcot boundary

West - The N. Arcot boundary

The letter (a) in red ink against the two sub-divisions of the Periapalayam tract, and against Chingaput represents the first degree of urgency. In each of these three, an overseer is wanted at once to commence the preparation of the series of estimates in the order noted.

The letter (b) represents the second degree of urgency, where enough work is now going on to give us some little time before the estimates will be required; but here also is urgency; and here also the estimates should be prepared in the order given.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from

the Collector of Chingleput dated 30 March 1891 Ref: on No. 73/92B

With reference to G.O. No. 238 dated 24 instant, I have the honor to submit a Complete list of major Irrigation works (including Canals) which are now in progress and those for which estimates are ready to be undertaken when required.

2. I also enclose a list of major works arranged according to the degree of urgency proposed to be taken up as necessity arises, for which I have asked the Superintending Engineer to have estimates prepared at once so that they may be started on the shortest possible notice.

3. As regards the Local Fund and Minor Irrigation works, the estimates are ready and the works will be commenced from 1st April.
