MARCH.

General Local Fund Review.

Review of the administration of Local Funds under Act V of 1884 for the year 1889-90.

S. Ed.

R.

found to be feasible, as the preliminary accounts for March differ too widely from the supplemental accounts to be of any value, and the matter is now under consideration. Meanwhile, every effort should be made to prevent the recurrence of this unpunctuality in future.

The Government observes with satisfaction, however, that the reports and accompanying statements were generally prepared with greater care than in previous years, although the number of errors, omissions and discrepancies is still large. The best work was received from the districts of Chingleput, Salem, South Canara and Vizagapatam, while the most inaccurate reports and statements were submitted by the District Boards of Bellary, Cuddapah, Godávari, Kurnool and Nellore.

I.—General.

3. *Administration.*—As in previous years, there were 21 District Boards in which the administration of local affairs was primarily vested, besides 86 Taluk Boards working in subordination to them in all districts, except Nílgiris. One Taluk Board was constituted in Kurnool during the year under review. The small tract forming the Cochin taluk in Malabar, and the whole of Kurnool with the exception of the revenue taluks of Nandyál and Sirvél placed under the control of the Taluk Board above referred to, continued to be directly administered by the District Boards concerned. There were 251 Union Panchayats in existence throughout the Presidency against 242 in the previous year, the increase being due to the formation of nine additional Unions in the districts of Anantapur, North Arcot, Chingleput, Ganjam, Madura and Trichinopoly. None have as yet been constituted in South Canara, Malabar and Nílgiris, the rural population in the first two districts being too scattered to admit of their effectual introduction, and the latter being still in too backward a condition to allow of their introduction.

4. *District Boards.*—Appendix I shows the constitution of each District Board at the close of the year and the attendance of members at its meetings. On the 31st March 1890, the 21 District Boards consisted of 622 members against 640 on the corresponding date of the previous year, the maximum sanctioned strength being 700. The deficiency as compared with the full sanctioned strength must, for the most part, be attributed to the dilatoriness of the District Boards noted below in filling up vacancies :—

North Arcot	.. ..	..	1
South Arcot	.. ..	..	2
Bellary	.. ..	..	2
Canara, South	.. ..	..	1
Chingleput	.. ..	..	2
Cuddapah	.. ..	..	10
Ganjam	.. ..	..	17
Godávari	.. ..	..	10
Kurnool	.. ..	..	5
Madura	.. ..	..	6
Malabar	.. ..	..	15
Nellore	.. ..	..	1
Tinnevelly	.. ..	..	1
Trichinopoly	.. ..	..	3
Vizagapatam	.. ..	..	78
	Total	..	

In consequence of this neglect the total number of members on the South Canara, Ganjam, Godávari and Nellore District Boards at the end of the year had fallen below the minimum (24) fixed by the Act, and similarly the proportion of nominated official members had in some cases exceeded the prescribed maximum. The attention of the Presidents concerned has been specially drawn to this subject in reviewing the individual reports, and His Excellency in Council trusts that the occurrence of such irregularities will be strictly guarded against in future. Of the total number of members on the 31st March last, 78 were members *ex-officio*, 304 (82 officials and 222 non-officials) nominated by Government, and the remaining 240 (46 officials and 194 non-officials) elected by the Taluk Boards. In the previous year there were 79 *ex-officio* members, 324 (78 officials and 246 non-officials) nominated members, and 237 (37 officials and 200 non-officials) elected members. The proportion of nominated official members, including those *ex-officio*, to the total strength of the Boards, was 25·7 per cent. against 24·5 per cent. in 1888-89, while the number of elected members was

38·6 per cent. of the total strength against 37 per cent. Under the election rules printed and issued as Appendix II to the General Review for 1888-89, one-half of the members forming each District Board will in future be elected by the subordinate Taluk Boards, wherever a sufficient number of the latter exist, but, as appears from the above, considerable progress still requires to be made in order to accomplish this end, in respect of the District Boards taken collectively. The following statement shows the extent to which the rule has been complied with in respect of individual Boards :—

Districts.	Number of elected members.		Percentage of elected members to sanctioned strength of the Board.	
	On the 31st March 1889.	On the 31st March 1890.	On the 31st March 1889.	On the 31st March 1890.
Anantapur	9	9	37·5	37·5
Arcot, North	9	10	28·1	31·25
Arcot, South	9	14	28·1	43·75
Bellary	7	16	19·4	44·4
Canara, South	7	11	29·2	45·8
Chingleput	14	15	43·75	46·9
Coimbatore	16	16	50·0	50·0
Cuddapah	8	19	20·0	47·5
Ganjam	13	7	40·6	21·9
Godávari	16	4	40·0	10·0
Kistna	13	18	36·1	50·0
Madura	13	10	32·5	25·0
Malabar	17	13	47·2	36·1
Nellore	16	3	50·0	9·4
Salem	16	16	50·0	50·0
Tanjore	12	13	30·0	32·5
Tinnevelly	14	14	43·75	43·75
Trichinopoly	15	16	46·9	50·0
Vizagapatam	13	16	40·6	50·0
Total ..	237	240	37·3	37·7

It will thus be observed that the Coimbatore, Kistna, Salem, Trichinopoly and Vizagapatam District Boards already contain the proper number of elected members, and that the requisite proportion has been approximately attained by those of South Arcot, Bellary, South Canara, Chingleput, Cuddapah and Tinnevelly. In Ganjam, Godávari and Nellore, delay in filling up vacancies is responsible for the very bad results shown, which, however, were only temporary. In Anantapur, the members of the Penukonda Taluk Board having failed to elect the three members allowed them by Government, these vacancies were eventually filled up by nomination. With this exception, the Taluk Boards appear to have exercised the rights conferred on them satisfactorily.

At the close of the year, the total number of Europeans and Eurasians occupying seats on District Boards was 121 against 127 in the previous year, and each Board consisted on the average of 30 members, 10 being officials and 20 non-officials.

5. Excluding 8 meetings postponed for want of a quorum in the districts noted in the margin, the 21 District Boards held in the aggregate 245 meetings or very nearly 12 each, against 218 or 10 each in 1888-89. It is satisfactory to observe that the instructions of Government in this respect have been generally complied with. In Vizagapatam and Cuddapah, however, the rule that one meeting at least should be held every month has been relaxed on account of the inconvenience thereby caused to members residing at great distances from headquarters. The District Board of South Arcot held the largest number of meetings (16), and the Trichinopoly, Madura and Tinnevelly District Boards follow next with 15, 14 and 13, respectively. As in the previous year, the District Board

(Rs. 1,01,295), South Arcot (Rs. 97,309), North Arcot (Rs. 65,393), Tanjore (Rupees 45,889), Trichinopoly (Rs. 45,760), Chingleput (Rs. 32,547) and South Canara (Rs. 30,513), and was due generally to short expenditure under all grants in 1888-89. The decrease in Coimbatore was unimportant (Rs. 2,445), while that in Kurnool, amounting to Rs. 16,138, was mainly attributable to the unfavorable character of the season, which caused a serious diminution in the receipts from land-cess.

12. *Receipts.*—The total current receipts amounted to Rs. 67,54,064 against Rs. 63,03,156 in the previous year. The following abstract compares the realizations under the several heads of revenue with those of 1888-89 :—

—	1888-89.	1889-90.	Percentage of total receipts.	
			1888-89.	1889-90.

13. *Land-cess.*—This tax continued to be levied at the rate of 2 annas per rupee of the annual rent value in Malabar, at 1 anna and 3 pies in South Canara, and at 1 anna in the remaining districts, the rate in Godávari having been raised from 9 pies to 1 anna during the year under review. In Tanjore, however, a reservation of one-fourth of the receipts under this head is made by the District Board for the purpose of guaranteeing railway operations in the district. Land-cess is by far the most important source of local revenue, and the collections under this head amounted to Rs. 45,25,480 or 67·02 per cent. of the total receipts of the year against Rs. 43,08,030 or 68·35 per cent. in 1888-89. There was thus an excess of Rs. 2,17,450 as compared with the results of that year, this sum being made up of an increase of Rs. 4,18,007 in 14 districts, counterbalanced by a decrease of Rs. 2,00,557 in 7 others. The increase was large in Vizagapatam (Rs. 1,22,255), Godávari (Rs. 88,300), Ganjam (Rs. 43,927), Tinnevelly (Rs. 39,250) and Coimbatore (Rs. 26,538). In Vizagapatam and Ganjam it was owing to the greater promptitude displayed in realizing the revenue, in Godávari to the enhancement of the rate already referred to, and in the remaining two districts to the revision of the Kistbundi effected in 1888-89. The decrease was large in Nellore (Rs. 76,254), Kistna (Rs. 73,166), Malabar (Rs. 20,730), and Chingleput (Rs. 16,087). In Nellore and Malabar, it was due to the alteration of the Kistbundi in 1888-89, which led to unusually large collections being made in that year; in Kistna, to the cess on certain zemindari lands not having been finally determined within the year under review; and in Chingleput, to short collections arising from the unfavorable character of the season.

14. Appendix X shows the demand, collection and balance of the cess, the rates at which it was levied, and the percentage of collections to demand in the several districts. This statement, as compiled from the District returns, shows the total collections to have aggregated Rs. 45,35,833, or Rs. 10,353 more than the sum mentioned in the preceding paragraph, which has been obtained from the Accountant-General's statements. The reasons for this difference, which is of a recurring nature, have been set forth in paragraph 14 of the General Review for 1888-89, and need not be recapitulated here. There was a satisfactory improvement in the percentage of collections to total demand in 17 districts and a slight falling off in 4 others, the average being 92, against 87 per cent. in 1888-89 and 91 per cent. in each of the two previous years. The collections were extremely good in North Arcot, where almost the whole of the demand was realized, and in Madura, where 99 per cent. was collected; and good in Coimbatore (97 per cent.), Tanjore (97 per cent.), South Canara (96 per cent.), Malabar (96 per cent.), Salem (95 per cent.), Tinnevelly (95 per cent.), and Vizagapatam (95 per cent.). They were worst in Ganjam (64 per cent.), Chingleput (82 per cent.), Kurnool (86 per cent.), and Nellore (86 per cent). In Ganjam, the distress which prevailed during the preceding season had not entirely passed away, and Chingleput also suffered from want of rain. The short collections in Kurnool require explanation, which the President of the District Board has been called upon to furnish, and the results in Nellore show little or no improvement, although the attention of the President of the District Board more than once has been drawn to this subject.

The total amount written off the accounts as irrecoverable, chiefly in Vizagapatam and Salem, was Rs. 6,821 against Rs. 6,152 in 1888-89.

15. *Tolls.*—Appendix XI exhibits the statistics of tolls, which were levied under the Local Boards Act at 279 gates against 264 in the previous year, as distributed below :—

Districts.	No. of gates in 1888-89.	No. of gates in 1889-90.	Increase or decrease.

In North Arcot and Coimbatore, the opening of 12 additional toll-gates was sanctioned, with a view to raise the funds required for meeting unusually heavy expenditure on roads and bridges. The five new gates shown in South Arcot are subsidiary stations opened for the purpose of preventing the evasion of tolls at existing gates. The Local Fund toll-gate near Cuddapah was abolished as being too near municipal limits, and another at Anakápalle (Vizagapatam) was transferred to the management of the Municipal Council, part of the proceeds being still, however, credited to Local Funds. The only district in which tolls are not levied under the

The Presidents of Taluk Boards have been reminded that it is their duty to see that the Union Panchayats within their jurisdiction comply with the provisions of the Act in this respect.

No special information has been furnished regarding the working of these bodies in Cuddapah, Kurnool, Tanjore and Salem. In Ganjam, as in the preceding year, they did very badly, owing mainly to the want of proper supervision on the part of the Presidents of Taluk Boards. In Nellore it is reported that 9 out of the 14 Union Panchayats performed their duties efficiently, while the work of the remaining 5 left much to be desired. In the remaining 12 districts, the Panchayats, with a few exceptions, are stated to have worked well and to have displayed much interest and discretion in the proper utilization of the funds entrusted to them. As usual, the work of these local bodies consisted, for the most part, in the supervision of conservancy establishments and the carrying out of local sanitary arrangements in the villages under their control. In some cases the management of elementary schools, markets, choultries, &c., has been specially transferred to them under section 142 of the Act. It is observed that in the Dhárápuram Union (Coimbatore) the ward system prevails, each ward being entrusted to the supervision of a particular member or members. This arrangement might with advantage be adopted elsewhere, and is commended to the attention of all Union Panchayats.

8. *Financial Position.*—Appendices IV, V and VI furnished by the Accountant-General show in detail the receipts and charges of the several Local Boards including Union Panchayats, while Appendix VII shows briefly the financial position of these bodies in each district. The following abstract compares the total results with those of the previous year :—

—	1888-89.				1889-90.

Total assets ..	41,51,486	41,72,337	2,91,613	86,15,436	41,57,046	44,23,034	3,72,725	89,52,805
Total expenditure ..	32,12,179	30,02,412	2,52,168	64,66,759	33,13,210	31,57,683	3,20,410	67,91,303
Closing balance ..	9,39,307	11,69,925	39,445	21,48,677	8,43,836	12,65,351	52,315	21,61,502

Excluding debt heads (Rs. 45,916) and contributions from the Local Boards of one district to those of another (Rs. 4,148), the actual receipts amounted to Rs. 67,54,064 against Rs. 63,03,156 in 1888-89, and the charges to Rs. 67,49,801 against Rs. 64,38,773. The closing balance of the year was thus Rs. 21,61,502 or 32 per cent. of the current receipts, of which Rs. 3,09,438 belonged to endowed institutions in charge of the Local Boards, Rs. 52,315 to Unions, and Rs. 1,68,805 to the

Railway Guarantee Fund in Tanjore. With the exception of Ganjam, every district closed with a balance to its credit, which exceeded a lakh of rupees in North Arcot (Rs. 1,63,282), South Arcot (Rs. 1,39,426), Godávari (Rs. 1,56,393), Kistna (Rs. 1,69,008), Madura (Rs. 1,42,297), Malabar (Rs. 1,75,138), Nellore (Rs. 1,02,705), Salem (Rs. 1,48,235), Tanjore (Rs. 2,55,352) and Vizagapatam (Rs. 1,22,652). In North Arcot, a large portion of the District Fund balance will be utilized in the construction of a causeway across the Pálár, while the various Taluk Boards are about to undertake some almost equally important projects; in South Arcot, contributions to the extent of Rs. 40,000 were due to Government on account of the Ponniár and Gadilam bridges; in Madura, nearly 70 per cent. of the balance belonged to endowed institutions and to Unions; and in Tanjore, more than 75 per cent. appertained to the Railway Guarantee Fund, to endowed institutions and to Unions. The Local Boards of the remaining districts have been directed to utilize the main portion of their balances for the benefit of the rate-payers as soon as possible. In Ganjam, the cost of sinking tanks and wells during the late famine having been temporarily debited to Local Funds, the year closed with a *minus* balance of Rs. 83,830, which was, as usual, made good by the Accountant-General from Provincial Funds pending final adjustment.

9. (*a*) *District and Taluk Funds.*—The principles under which the receipts and charges are distributed between District and Taluk Funds, having been explained in paragraph 9 (*a*) of the General Review for 1888-89, need not be repeated here. It is satisfactory to note that these were not contravened in any instance during the year.

(*b*) *Union Funds.*—The balance in favor of Union Panchayats on the 1st April 1889 was Rs. 39,445. During the year under review, Rs. 1,71,325 were realized from house-tax, school-fees, market rents, pandal fees and other miscellaneous receipts supplemented by contributions amounting to Rs. 1,62,381 (Rs. 2,790 from general District Funds, Rs. 1,52,139 from general Taluk Funds, and Rs. 7,452 from the Market Endowment Fund in Coimbatore, for the sanitation of Union villages in which markets are held). The charges of the year amounted to Rs. 3,20,836, leaving a closing balance of Rs. 52,315. The Unions in the districts of Anantapur, North Arcot, Godávari, Kurnool and Trichinopoly closed the year with deficit balances. In North Arcot, the deficit was, as usual, due to a balance of Rs. 4,037 outstanding against the Arcot market transferred to the charge of the local Union Panchayat. The *minus* balances in the remaining districts should have been made good by additional appropriations from general Taluk Funds. The Presidents of the District Boards of North Arcot, South Arcot, Kurnool and Tanjore are requested to explain the circumstances under which charges on account of establishment and tools and plant have been debited to the Union Panchayats in their districts, as appears from Appendix VII, notwithstanding the orders of Government contained in paragraph 9 (*b*) of the General Review for 1888-89.

10. *Taxation.*—Appendix VIII shows the incidence of Local Fund taxation per head of the population in each district, according to the census of 1881. The average for the Presidency was As. 3-1 including and As. 2-9 excluding tolls, against As. 2-11 and As. 2-6, respectively, in the previous year. Including tolls, taxation was lightest in Ganjam (As. 2-2), Malabar (As. 2-4), South Canara and Trichinopoly (As. 2-5), and heaviest in Nílgiris (As. 11-4); but the circumstances of the last-mentioned district are peculiar, and in only 3 other districts, viz., Godávari (As. 4-1), Bellary (As. 4-5) and Kistna (As. 4-9), was the incidence in excess of As. 4 per head. Taking into consideration the entire Local Fund income, the amount contributed by each person was As. 3-9 against As. 3-6 in the previous year.

II.—Receipts.

11. *Opening Balances.*—Appendix IX exhibits the total receipts of all the Local Boards and Union Panchayats under the several heads, as compared with the budget estimates for the year and the actuals of the previous year. The opening balance was Rs. 21,48,677, against a budget estimate of Rs. 14,54,402. This was the net result of an increase of Rs. 7,12,858 in 19 districts, and of a decrease of Rs. 18,583 in Coimbatore and Kurnool. The increase was large in Malabar (Rs. 1,52,473), Kistna

(Rs. 1,01,295), South Arcot (Rs. 97,309), North Arcot (Rs. 65,393), Tanjore (Rupees 45,889), Trichinopoly (Rs. 45,760), Chingleput (Rs. 32,547) and South Canara (Rs. 30,513), and was due generally to short expenditure under all grants in 1888-89. The decrease in Coimbatore was unimportant (Rs. 2,445), while that in Kurnool, amounting to Rs. 16,138, was mainly attributable to the unfavorable character of the season, which caused a serious diminution in the receipts from land-cess.

12. *Receipts.*—The total current receipts amounted to Rs. 67,54,064 against Rs. 63,03,156 in the previous year. The following abstract compares the realizations under the several heads of revenue with those of 1888-89 :—

—	1888-89.	1889-90.	Percentage of total receipts.	
			1888-89.	1889-90.

13. *Land-cess.*—This tax continued to be levied at the rate of 2 annas per rupee of the annual rent value in Malabar, at 1 anna and 3 pies in South Canara, and at 1 anna in the remaining districts, the rate in Godávari having been raised from 9 pies to 1 anna during the year under review. In Tanjore, however, a reservation of one-fourth of the receipts under this head is made by the District Board for the purpose of guaranteeing railway operations in the district. Land-cess is by far the most important source of local revenue, and the collections under this head amounted to Rs. 45,25,480 or 67·02 per cent. of the total receipts of the year against Rs. 43,08,030 or 68·35 per cent. in 1888-89. There was thus an excess of Rs. 2,17,450 as compared with the results of that year, this sum being made up of an increase of Rs. 4,18,007 in 14 districts, counterbalanced by a decrease of Rs. 2,00,557 in 7 others. The increase was large in Vizagapatam (Rs. 1,22,255), Godávari (Rs. 88,300), Ganjam (Rs. 43,927), Tinnevelly (Rs. 39,250) and Coimbatore (Rs. 26,538). In Vizagapatam and Ganjam it was owing to the greater promptitude displayed in realizing the revenue, in Godávari to the enhancement of the rate already referred to, and in the remaining two districts to the revision of the Kistbundi effected in 1888-89. The decrease was large in Nellore (Rs. 76,254), Kistna (Rs. 73,166), Malabar (Rs. 20,730), and Chingleput (Rs. 16,087). In Nellore and Malabar, it was due to the alteration of the Kistbundi in 1888-89, which led to unusually large collections being made in that year; in Kistna, to the cess on certain zemindari lands not having been finally determined within the year under review; and in Chingleput, to short collections arising from the unfavorable character of the season.

14. Appendix X shows the demand, collection and balance of the cess, the rates at which it was levied, and the percentage of collections to demand in the several districts. This statement, as compiled from the District returns, shows the total collections to have aggregated Rs. 45,35,833, or Rs. 10,353 more than the sum mentioned in the preceding paragraph, which has been obtained from the Accountant-General's statements. The reasons for this difference, which is of a recurring nature, have been set forth in paragraph 14 of the General Review for 1888-89, and need not be recapitulated here. There was a satisfactory improvement in the percentage of collections to total demand in 17 districts and a slight falling off in 4 others, the average being 92, against 87 per cent. in 1888-89 and 91 per cent. in each of the two previous years. The collections were extremely good in North Arcot, where almost the whole of the demand was realized, and in Madura, where 99 per cent. was collected; and good in Coimbatore (97 per cent.), Tanjore (97 per cent.), South Canara (96 per cent.), Malabar (96 per cent.), Salem (95 per cent.), Tinnevelly (95 per cent.), and Vizagapatam (95 per cent.). They were worst in Ganjam (64 per cent.), Chingleput (82 per cent.), Kurnool (86 per cent.), and Nellore (86 per cent). In Ganjam, the distress which prevailed during the preceding season had not entirely passed away, and Chingleput also suffered from want of rain. The short collections in Kurnool require explanation, which the President of the District Board has been called upon to furnish, and the results in Nellore show little or no improvement, although the attention of the President of the District Board more than once has been drawn to this subject.

The total amount written off the accounts as irrecoverable, chiefly in Vizagapatam and Salem, was Rs. 6,821 against Rs. 6,152 in 1888-89.

15. *Tolls.*—Appendix XI exhibits the statistics of tolls, which were levied under the Local Boards Act at 279 gates against 264 in the previous year, as distributed below :—

Districts.	No. of gates in 1888-89.	No. of gates in 1889-90.	Increase or decrease.

Total	264	279	+15

In North Arcot and Coimbatore, the opening of 12 additional toll-gates was sanctioned, with a view to raise the funds required for meeting unusually heavy expenditure on roads and bridges. The five new gates shown in South Arcot are subsidiary stations opened for the purpose of preventing the evasion of tolls at existing gates. The Local Fund toll-gate near Cuddapah was abolished as being too near municipal limits, and another at Anakápalle (Vizagapatam) was transferred to the management of the Municipal Council, part of the proceeds being still, however, credited to Local Funds. The only district in which tolls are not levied under the

Local Boards Act is Godávari, while the most heavily tolled district in proportion to its size is South Arcot, where the system was first introduced in 1885 in order to provide funds for repairing the roads and bridges damaged by the floods of 1884. The re-arrangement of toll stations in this and certain other districts, where the practice of locating toll-gates so as to surround centres of traffic prevails, is extremely desirable in the interests of the trading public, and the attention of District Board Presidents is again called to the remarks contained in paragraph 16 of the General Review for 1888-89.

In Tinnevelly and Trichinopoly, the Municipal toll-gates, except those of Tuticorin, are managed by the respective District Boards, which pay a fixed proportion of the receipts to the Councils concerned. In the same manner, the gates on the Kullar-Gúdalúr road (Nílgiris) and on the Calicut-Vayitri road (Malabar), both of which lines of communication are maintained by the Public Works Department, are managed by the respective District Boards, these contributing a fixed proportion of the receipts to Government. As usual, the total collections at all these gates were credited in the District Board's accounts, and the payments made to Municipal Councils and to Government debited therein as expended.

At 91 of the 279 gates tolls were levied at maximum rates, at 186 gates at half rates, at one gate at one-fourth rates, and at the remaining gate, which is situated on the Sátúr Bridge (Tinnevelly), at one anna per cart, all animals being allowed to pass free. The exemption conceded in the last-named instance does not appear to Government to be desirable, and the District Board of Tinnevelly should, after submitting the usual draft notification for the approval of Government, for the future levy half the maximum rates under all the items of the schedule at this toll-gate also.

The 7 gates newly established in North Arcot, two others in Ganjam and 1 in Malabar were managed departmentally; the rest were for the most part leased out to contractors by public auction. A few in South Arcot, South Canara, Ganjam and Malabar also came under departmental management for short periods during the year, owing to accidental causes, such as want of competition at the time of the sales, surrender of leases, &c.

16. According to the statements received from the several districts, with the exception of Kurnool, information as regards which has not been furnished, the total demand on all the gates, including arrears, was Rs. 6,45,694, of which Rs. 6,13,520 or 95 per cent. were collected within the year, against Rs. 5,32,612 or 92 per cent. in 1888-89. It is satisfactory to note that the whole of the demand was realized in Anantapur, North Arcot, South Canara, Kistna, Madura, Nílgiris, Salem, Tanjore, and Vizagapatam, and that the collections were remarkably good in Tinnevelly, Malabar, and South Arcot. They were, however, poor in Ganjam (87 per cent.) and Bellary (75 per cent.), and very bad in Nellore (38 per cent.). In Ganjam, it is reported that some of the balance has since been realized, and that the necessary steps are being taken for the recovery of the remainder. The short collections in Bellary were indeed covered by the deposits of contractors, but these could not be adjusted within the year, having been accepted in the form of Postal Savings Banks accounts. Deposits of contractors should in future be invested in Government securities, endorsed to the President of the District Board concerned, so as to be readily realizable whenever necessary. As regards Nellore, the repeated orders of Government appear to have produced no effect whatever, and the state of collections in this district can only be regarded as most discreditable. Early steps should be taken to adjust the long outstanding arrears, and it is hoped that a little more energy will be displayed in regard to this subject during the current year.

17. The total revenue under the head of Tolls was Rs. 7,54,849, against Rs. 6,63,389 in 1888-89, and formed 11·2 per cent. of the total Local Fund receipts. Of this sum, Rs. 6,16,585 were collected at the Local Fund toll-gates, and the remainder, Rs. 1,38,264, was contributed by Municipalities on account of tolls levied by them on through traffic, the figures for 1888-89 having been Rs. 5,46,577 and Rs. 1,16,812, respectively. The increase in the receipts from Local Fund gates was due chiefly to (1) the establishment of 15 additional gates during the year under review, (2) the collection of a larger amount of arrears, and (3) keener competition at

the time of selling the farms. The large decline noticeable in the Nílgiri district was merely nominal, the receipts in 1888-89 having been abnormally swelled by advance collections appertaining to 1889-90, while in Trichinopoly the heavy arrears of 1887-88 having been included in the collections of 1888-89 tended to augment the gross receipts of that year.

Excluding Rs. 50,139 contributed to Provincial and Municipal Funds, Rs. 703 refunded to Municipalities in Coimbatore and Madura on account of excess collections in 1888-89, and Rs. 10,137 expended on establishments, works, &c., the net income from tolls was Rs. 6,93,870, or Rs. 35-0-3 per mile of road maintained by the Local Boards. The cost of maintaining these roads being Rs. 107-2-2 per mile, 33 per cent. of the total outlay was thus defrayed from tolls, against 30 per cent. in 1888-89. Taking the districts individually, the average net income per mile from tolls was largest in South Arcot (Rs. 89), Nílgiris (Rs. 69), Chingleput (Rs. 62), and Malabar (Rs. 58), and lowest in Godávari (Rs. 2) and Kurnool (Rs. 10). In Godávari, Nellore and Kurnool, the portion of the road expenditure recouped from tolls was under 10 per cent., while in Malabar, Salem, Nílgiris and South Canara, it ranged from 50 to 72 per cent., and in South Arcot was in excess of the expenditure by nearly 6 per cent.

18. *House-tax.*—This tax, which is being gradually introduced into the more important Unions in order to provide for expenditure on sanitation, was levied by 169 Union Panchayats against 127 in 1888-89. It was extended to 35 additional Unions in the districts noted in the margin, and was also collected in 7 of the 8 Unions in Ganjam, where its introduction had been previously postponed in consequence of the distress then prevailing in that district. The imposition of the tax was also sanctioned in the remaining Union in Ganjam for the latter half of the year under review, but owing to the gross negligence of the Taluk Board, which has been duly noticed in the review of the District report, no action whatever was taken. The following statement exhibits the distribution of the 169 Unions above referred to as compared with the total number at work:—

Arcot, North	4
Bellary	1
Chingleput	3
Coimbatore	1
Kistna	3
Kurnool	1
Madura	5
Nellore	14
Tinnevelly	3
Total	35

Districts.	Number of Unions at work.	Number of Unions in which house-tax is levied.
Anantapur	10	10
Arcot, North	11	7
Arcot, South	7	2
Bellary	17	17
Chingleput	12	8
Coimbatore	17	2
Cuddapah	17	..
Ganjam	14	11
Godávari	5	5
Kistna	17	15
Kurnool	1	1
Madura	36	36
Nellore	14	14
Salem	8	8
Tanjore	18	9
Tinnevelly	23	13
Trichinopoly	10	..
Vizagapatam	11	11
Total	248	169

The Unions in the districts of Cuddapah and Trichinopoly were altogether exempted from this tax; but its imposition in the latter district has recently been decided upon. All the Unions in Anantapur, Bellary, Godávari, Kurnool, Madura, Nellore, Salem and

Vizagapatam derive a revenue from this source, and the system is being further extended in North Arcot, Chingleput, Ganjam and Tanjore. It is satisfactory to observe that the tax continued to be realized without much difficulty, and that, except in a few instances, the opposition which it met with when first imposed has almost entirely disappeared. In 86 Unions it was levied at the maximum schedule rates, in 10 at three-fourth rates, in 63 at half rates, and in the remaining 10 at quarter rates. Appendix XII shows the demand, collection and balance of this tax in each district. The total demand, including arrears, amounted to Rs. 1,84,861, of which Rs. 1,52,579 or 83 per cent. were realized, against Rs. 1,15,911 or 82 per cent. in 1888-89. Of the total collections under this head, the Unions in the districts of Madura and Tinnevelly alone contributed Rs. 58,648. Collections were good in Chingleput (95 per cent.), Kistna (95 per cent.), and Bellary (93 per cent.). In Vizagapatam and Tanjore, they showed some improvement as compared with those of the preceding year, but still leave much to be desired. They were exceedingly poor in Ganjam (47 per cent.), Anantapur (52 per cent.), and Kurnool (55 per cent.). In Ganjam, this can only be attributed to the want of proper supervision on the part of Taluk Board Presidents. In Anantapur, no collections were made in the Dharmavaram Union, owing to the incompetence of the Chairman, while those in the Gooty Union were very unsatisfactory. In the Nandyál Union of Kurnool, the actual imposition of the tax was unduly delayed and the collections suffered in consequence. The total revenue from house-tax as shown in Appendix XII (Rs. 1,52,579) appears to be less than that entered in the statement appended to paragraph 12 above by Rs. 295, the difference appearing in the districts of Anantapur, North Arcot, Chingleput, Ganjam, and Godávari. In Anantapur, a sum of Rs. 3, which the President proposed to include in this item, has been omitted by the Accountant-General, not having been intimated to him until after the annual statements had been submitted to Government. In North Arcot, Rs. 6 appertaining to the year 1890-91 were collected in excess, while in Chingleput Rs. 122 were collected, but not remitted to the Treasury during the year under review, and in Ganjam, Rs. 176 realized in 1888-89 were only adjusted after its close. There is further a decrease of Rs. 590 in Godávari. In respect of Rs. 569 of this sum intimation was not received in time by the Accountant-General, and the amount has accordingly not been accepted in his statements. There is still, however, a difference of Rs. 21, which should now be explained by the President of the District Board.

19. Appendix XIII shows the incidence of the house-tax in the several Unions in which it was levied, and other particulars connected with its collection. According to the census of 1881, the total number of houses in the local areas subject to it was 297,478, the number of houses actually assessed being now 293,433. More than 25 per cent. of the houses included in the Unions of Bukkapatnam and Kalyándrúg (Anantapur), Rámesvaram (Madura), Tiruchengód (Salem) and Tiruturaipúndi (Tanjore) and in those of the Vizagapatam district with the exception of Pálkonda, were, however, still exempt from taxation. In the last-mentioned district more than 50 per cent. of the houses in the Unions under the Párvatipur Taluk Board are reported to be thatched buildings occupying less than 36 square yards each, and are consequently exempted from taxation under the measurement system there in force. No explanation has been furnished as regards the other cases by the Presidents of the District Boards concerned, and their attention is again called to this omission, which was noticed in the General Review for 1888-89.

Ráyadrug (Bellary).
Chingleput (Chingleput).
Sríperumbudur (Chingleput).
Rámesvaram (Madura).
Devakota (Madura).
Káraikudi (do.).
Hosur (Salem).
Melaveeraraghavapuram (Tinnevelly).
Virudupati (Tinnevelly).
Bobbili (Vizagapatam).

The total current demand of the tax being Rs. 1,59,645,* the average incidence per house taxed was As. 8-8 against As. 8-7 in the previous year. It was heaviest (Rs. 2-11-8) in the Kodaikánal Union (Madura), the circumstances of which station, however, are peculiar, and was between Re. 1 and Rs. 2 in the 10 Unions noted in the margin, while in 23 others it was less than As. 4.

* Excludes Rs. 74 levied on Godowns in Kistna, in regard to which details are not available.

The number of distress warrants issued for the collection of this tax was 16,041, the amount involved being Rs. 12,878, whereas 23,657 warrants were issued for the collection of Rs. 16,432 in the previous year. In 30 Unions, more than 90 per cent. of the current demand was collected without the employment of coercive measures, but the number of warrants issued was unduly large in the marginally-noted Unions belonging to the Tinnevelly district. Property was, however, distrained in only 1,298 cases to the value of Rs. 962 and sold in 163 cases for Rs. 97, and it is satisfactory to note that, although the collections were, on the whole, better, the coercive provisions of the Act did not require to be so freely resorted to as in the previous year.

Srívaikuntham	2,390
Sankaranainárkoil	1,612
Virudupati	1,900

20. *Educational.*—The receipts in connection with education amounted to Rs. 1,62,386 against Rs. 1,42,918 in the previous year, the increase being mainly under school-fees, which yielded Rs. 1,41,294 against Rs. 1,21,003 in 1888-89. This result may be ascribed to the opening of additional schools, to the transfer of certain aided private schools to the management of Local Boards, and to improved attendance. The sum of Rs. 1,468 shown under the head "Income from Endowments" in the statement in paragraph 12 above represents the receipts of the Moyan endowed lands attached to the female normal school at Tellicherry, and the rent of lands attached to the Ponnoor school (Kistna), while the sum of Rs. 19,624 shown under "Other items" comprises amongst others Rs. 14,711 realized from the sale-proceeds of books and Rs. 2,977 contributed by Municipal Councils and private individuals.

21. *Medical.*—The receipts under this head, such as the sale-proceeds of medicines, contributions from municipalities and private individuals for medical and sanitary purposes, and income derived from the endowments attached to these institutions, &c., amounted to Rs. 22,988 against Rs. 21,378 in 1888-89. The sum of Rs. 385, shown as "Income from endowments" in the statement in paragraph 12 above, represents the rent of lands attached to the dispensaries at Saidápet (Chingleput), Tiruvadanai (Madura) and Ponáni (Malabar), while the sum of Rs. 22,603 shown under "Other items" includes Rs. 14,318 contributed by private individuals in the districts of North Arcot, Ganjam, Godávari, Kistna, Madura, Malabar, Nílgiris, Tanjore, Trichinopoly and Vizagapatam, against Rs. 12,295 in the previons year, Rs. 11,005 in 1887-88, and Rs. 3,542 in 1886-87. The steady increase in the receipts from this source, noted in the last General Review, has therefore continued.

22. *Interest.*—The total income under this head comprising interest on Government securities held by Local Boards and on arrears of revenue amounted to Rs. 56,862, against Rs. 61,112 in the previous year. The decrease was for the most part nominal, arrear interest to a considerable amount having been credited in the accounts for 1888-89, thereby swelling the total. The investments in Government securities, &c., in favor of endowed institutions in charge of Local Boards, and the interest derived therefrom, are shown in Appendix XIV, of which the following is an abstract:—

	Amount of Investments.	Interest.
	Rs.	Rs.
(1) Schools	1,13,500	4,396
(2) Hospitals and Dispensaries	1,03,700	3,537
(3) Choultries	3,56,750	13,589
(4) Tanjore Railway Guarantee Fund	7,50,000	29,170
(5) Miscellaneous endowed institutions referred to in paragraph 74 below	1,09,541	3,671
Total ..	14,33,491	54,363

Interest due on the amounts invested was not fully drawn during the year in the districts of South Arcot, Cuddapah, Salem and Trichinopoly. Attention is again drawn to this omission, and every effort should be made to prevent its recurrence.

23. *Miscellaneous.*—The receipts arising from choultries, markets, bungalows, ferries, fisheries, avenues, &c., as detailed in the statement appended to paragraph 12 above, amounted to Rs. 6,00,457 against Rs. 5,60,535 in 1888-89. The variations in the several items are explained below—

(*a*) *Choultry Rents.*—The income under this head, comprising the rents of lands attached to choultries and the miscellaneous receipts therefrom, amounted to Rs. 1,91,844 against Rs. 1,94,260 in the previous year. The major portion of this sum accrued, as usual, in the Tanjore district. The most important variations occurred in Madura, Tanjore and Tinnevelly. In Madura, there was an apparent decrease of Rs. 4,705, which was, however, merely nominal, the receipts of 1888-89 including the proceeds of a large quantity of paddy belonging to the Narikudi and Muthananthal choultries in 1887-88. A further decrease of Rs. 1,676 in Tanjore may be attributed to the non-collection of rents from the tenants of the Nidamangalam chattram lands, pending the disposal of the suits filed against them. On the other hand, there was an increase of Rs. 3,322 in Tinnevelly, due mainly to the collection of a large quantity of outstanding arrears.

(*b*) *Markets.*—In 1888-89, the fee system was in force in 309 Local Fund markets, and during the year under review was extended to 33 more, thus raising the number to 342, distributed as follows :—

Coimbatore	66	Salem	12
Madura	61	Malabar	6
Arcot, North	47	Canara, South	4
Cuddapah	34	Kurnool	4
Gudávari	34	Vizagapatam	1
Tinnevelly	25		
Bellary	19	Total	342
Anantapur	15		
Trichinopoly	14		

In addition to these, there were 40 markets under the control of Local Boards in which no fees were levied, and there were also 2 in Tanjore and 1 in the Nílgiris, the fees from which were credited to certain choultries. According to the statements received with the district reports, the balance in favor of these institutions at the beginning of the year was Rs. 1,48,716.* The total current receipts, including miscellaneous items, amounted to Rs. 1,14,901 against Rs. 85,273 in 1888-89, and the charges to Rs. 99,745 against Rs. 84,490, leaving a closing balance of Rs. 1,63,872. The expenditure comprises a sum of Rs. 18,316 incurred in connection with establishments, contingencies, &c., as well as Rs. 81,429 devoted to the improvement of markets and to the construction and maintenance of roads leading thereto. Nearly a third of the closing balance in favor of these institutions was contributed by Madura, the Taluk Boards of which district have been directed to utilize as much as possible before the end of the current year. Otherwise the fees will have to be reduced or abolished for a time. The balances in Bellary, Cuddapah, Godávari, Tinnevelly and Trichinopoly were also large, being more than Rs. 10,000 in each instance, and the Taluk Boards concerned have been directed to expend the greater portion of them in the current year, so as to benefit the people resorting to them.

Market rents alone realized Rs. 1,09,876, against Rs. 83,173 in the previous year and Rs. 60,944 in 1884-85. The increase as compared with the previous year extends to every district, and is ascribed to the opening of additional markets, to the extension of the fee system, and to keener competition at the sale of the leases. As in the previous years, the revenue from this source was largest in Coimbatore (Rs. 28,483); Madura and Godávari coming next with Rs. 19,556 and Rs. 16,425, respectively;

* The difference between this figure and that shown as the closing balance of 1888-89 in paragraph 23 (*b*) of the General Review for that year (Rs. 1,47,836) is due to corrections after audit in Madura.

the receipts in North Arcot (Rs. 9,527), Trichinopoly (Rs. 6,660), Salem (Rs. 6,188), and Cuddapah (Rs. 5,009), being also tolerably large. In South Canara (Rs. 549), Vizagapatam (Rs. 854) and Malabar (Rs. 1,202), they were insignificant, while in the districts of South Arcot, Chingleput, Ganjam, Kistna, Nellore, Nílgiris and Tanjore, no markets in which fees are levied are at present in existence. The desirability of developing a source of income, which meets with little or no objection on the part of the people, has been repeatedly impressed upon Local Boards, and the Government observes with satisfaction that steps are being taken in many localities to carry out these suggestions. The markets under the control of Local Boards are reported to have been, as a general rule, in good condition and to have been freely resorted to by the public.

(*c*) *Bungalow Fees.*—Excluding the bungalow at Madura occupied by the District Board's Engineer, the District officers' bungalow at Mana Madura in the same district, the Dharmapuri bungalow in Salem occupied by the local medical subordinate, 17 bungalows in South Canara which are not available for ordinary travellers and which are maintained from the District officers' fund, and two more in Tanjore attached to certain endowed institutions, there were 256 Local Fund bungalows in 1889-90 against 254 in 1888-89. The number of travellers halting therein was 8,191, and they paid fees to the amount of Rs. 11,597, the corresponding figures for the previous year having been 7,751 and Rs. 11,759. The expenditure incurred on these bungalows, including Public Works charges, amounted to Rs. 27,901 against Rs. 34,224 in 1888-89. The receipts and charges of the "District officers' fund" bungalows in South Canara were Rs. 390 and Rs. 405, respectively, against Rs. 408 and Rs. 470 in the previous year.

(*d*) *Ferry Rents.*—The receipts under this head derived from the ferries under the control of Local Boards amounted to Rs. 24,331 against Rs. 21,496 in 1888-89.

(*e*) *Fishery Rents.*—The receipts from this source amounted to Rs. 1,11,684 against Rs. 1,10,532 in 1888-89. In the following districts, the variations in respect of this item were considerable :—

	Rs.
Arcot, North	+ 1,092
Ganjam	— 2,612
Kistna	+ 1,941
Madura	+ 3,597
Tanjore	— 6,899
Tinnevelly	+ 2,543

In North Arcot and Madura, the increase was due to competition at the sale of the leases and to prompt measures adopted for the realization of the rents; and in Tinnevelly to the favorable character of the season as well as to keener competition. The increase in Kistna and the decreases in Ganjam and Tanjore have not been satisfactorily explained. Of the total income under this head Rs. 1,03,369 were collected by the Revenue Department, and the remainder (Rs. 8,315) by the Public Works Department.

(*f*) *Avenues.*—The total income arising from the rents of avenues and the sale-proceeds of withered trees and clippings amounted to Rs. 94,771 against Rs. 91,508 in 1888-89, while the charges incurred for the plantation and maintenance of avenues were Rs. 81,477 against Rs. 80,775 in that year. Of the total income under this head, the district of Salem alone contributed Rs. 42,197, against Rs. 37,162 in 1888-89 and Rs. 30,277 in 1887-88. This steady increase is attributable to the introduction of the new system of farming the extensive avenues by roads, instead of by taluks and divisions as formerly. The special report on the working of this system, referred to in para. 21 (*f*) of the General Review for 1887-88, has since been received and has been circulated to the other Local Boards for information and guidance. In the year under review, keen competition at the time of selling the farms also contributed to the increase noticed. In Tinnevelly a large number of trees were blown down in the beginning of the year under review, the proceeds of the sale of which contributed to swell the

ordinary income from this source. The increase also observable in Coimbatore has not been explained. The receipts in Chingleput showed an apparent decrease, those of the previous year having been largely augmented by the sale-proceeds of trees blown down in the cyclone of 1888.

The statistics of avenue trees in the several districts are shown in Appendix XV. Out of 24,254 miles of roads in charge of Local Boards, 15,032 miles were planted with trees, of which there were reported to be 2,388,406 on the 1st April 1889. 136,449 trees were planted and 62,693 perished during the year, so that the number left at its close was 2,462,162, assuming the statistics furnished to be accurate, which is very questionable. The number of young trees planted in Coimbatore, Godávari, Kistna, Salem, Tinnevelly and Vizagapatam was considerable, but in Godávari, Madura, Malabar and Nellore the number that perished was either in excess of that planted or approximately equal to it. The total number of trees in the Anantapur, Bellary, Cuddapah, Ganjam, Kurnool and Nellore districts is still very inadequate and immediate steps should be taken to largely increase it. In reviewing the individual reports, the attention of all Local Boards has been repeatedly drawn to this matter, and they have been directed to see that in planting new trees, preference is shown to the more remunerative species, such as the tamarind and mango, with a view to securing an adequate return for the expenditure involved. The condition of the avenue trees is reported to have been, on the whole, satisfactory.

(*g*) The other items of miscellaneous revenues, excepting contributions from private individuals referred to in paragraph 75 below, call for no remarks.

24. *Public Works.*—The receipts under this head amounted to Rs. 48,319 against Rs. 31,611 in 1888-89, the increase occurring mainly under contributions from Municipalities and private individuals, refunds of expenditure, and miscellaneous items, such as sale of tools and plant. The increase in the first case was most conspicuous in the districts of Coimbatore, Godávari, Kistna, Madura, Tanjore and Tinnevelly, and was the result of the following special contributions in addition to those ordinarily made by villagers:—

(1) *Coimbatore.*

	Rs.
(1) By the South Coimbatore Forest Department for the construction of a road	1,350

(2) *Godávari.*

By the Ellore Municipality towards the construction of the Powerpetta bridge over the Ellore-Bezváda Canal	406
By the Powerpetta Committee towards the construction of the Powerpetta bridge over the Ellore-Bezváda Canal	800
By the Cocanada Municipality towards the repair of the girder bridge at Cocanada	4,000

25. *Contributions from Provincial Funds*—amounted to Rs. 3,02,265 against Rs. 2,85,369 in 1888-89. The following are the purposes for which grants were received from Government:—

	1888-89. Rs.	1889-90. Rs.
(*a*) Public Works	1,24,895	84,200
(*b*) Schools	50,317	81,613
(*c*) Hospitals and Dispensaries	4,781	5,206
(*d*) Choultries	34,069	34,084
(*e*) General purposes	13,430	13,000
(*f*) Refunds	84	332
(*g*) Loan to cover deficit	57,793	83,830
Total ..	2,85,369	3,02,265

(*a*) The grants for public works were divided amongst the districts of North Arcot, South Canara, Nílgiris and Tinnevelly. The North Arcot Board received a special grant of Rs. 2,600 for repairing certain roads and bridges in the Wálajápet taluk. To the South Canara Board Rs. 15,500 were assigned for the construction of an iron-girder bridge. The usual grant of Rs. 66,000 was made to the Nílgiri Board for the upkeep of the district roads. The Shermádevi Taluk Board in Tinnevelly was paid Rs. 100 towards the construction of a dead-house at Ambásamudram. In addition to these sums, a special grant of Rs. 20,000 was made to the Ganjam District Board for the upkeep of the district roads; but the amount has not been credited in the Board's accounts. The explanation called for from the President has just been received and he has been directed to credit the amount in the current year.

(*b*) Besides the usual allowance of Rs. 960 paid for the support of the yeomiah school at Arcot transferred to the North Arcot District Board in 1884, and the net cost of Rs. 2,654 paid to the Local Boards concerned on behalf of the secondary schools at Chittoor (North Arcot), Russelkonda (Ganjam) and Tiruvalur (Tanjore), transferred to them by Government from time to time, Rs. 77,999 were disbursed by the Director of Public Instruction under the rules of the Government Grant-in-Aid Code.

(*c*) The grant for hospitals and dispensaries was made up of Rs. 2,066 contributed from the Arcot Langarkhana fund to the North Arcot District Board for the upkeep of the Ranipet hospital; Rs. 2,640 paid to the Tanjore District Board for the maintenance of the Raja Mirasidar hospital at Tanjore; Rs. 320 paid to the Local Boards in Madura on account of certain medicines; and Rs. 180 to the Vizagapatam District Board towards the salaries of the clerks attached to the District Medical and Sanitary Officer in consideration of the work done by them in connection with the Agency tracts and Police hospitals.

(*d*) The Local Boards of Anantapur, North Arcot, South Arcot, Coimbatore, Kurnool, Madura, Nílgiris, Salem, Tanjore and Tinnevelly received, as usual, grants amounting to Rs. 34,084 on account of choultries. These grants were in most cases given in lieu of emoluments from lands originally assigned to the choultries by their founders, but subsequently resumed by Government.

(*e*) The Nílgiri District Board was, as usual, paid a grant of Rs. 13,000 for general purposes in consideration of the paucity of its funds.

(*f*) A sum of Rs. 332 was refunded to Local Boards on account of excess payments made by them to Provincial funds in the previous year.

(*g*) A temporary allotment of Rs. 83,830 was made to the Ganjam District Board in order to cover the deficit with which the accounts of that district closed the year, as already stated in para. 8 *supra*.

26. *Contribution from Special Funds*—(*a*) *Pound Fund.*—The amount shown under this head represents the arrears of contributions due for 1888-89, those from and after the year under review having been resumed and appropriated to general agricultural purposes.

(*b*) *Canal and Ferry Fund.*—The surplus collections at the ferries in South Canara, Kistna, Malabar, Tanjore and Trichinopoly established under the Madras Act I of 1870, which were handed over to the respective District Boards, amounted to Rs. 90,553 against Rs. 89,689 in the previous year. There was an increase of Rs. 3,344 in Malabar, owing to the farms having fetched higher prices, and a decrease of Rs. 2,000 in Trichinopoly, which has not been explained. Of the total income under this head, Rs. 57,474 accrued in Malabar and Rs. 16,279 in South Canara.

27. *Contributions from Municipalities*, amounting to Rs. 11,088, were received for the following purposes, against Rs. 5,461 in 1888-89. These are included under the respective heads in the statement in para. 12 above:—

	1888-89.	1889-90.
	Rs.	Rs.
Education	1,505	1,125
Medical	3,060	3,253
Public Works	532	6,308
Miscellaneous	364	402
Total ..	5,461	11,088

III.—Expenditure.

28. Excluding debt heads (Rs. 37,354) and contributions from the Local Boards of one district to those of another (Rs. 4,148), the total expenditure of all Local Boards amounted to Rs. 67,49,801, against Rs. 64,38,773 in the previous year, the increase appearing mainly under Grants II and III. Appendix XVI shows the total expenditure, as compared with the budget estimates and the actuals of the previous year, and the following abstract contrasts the expenditure under the several heads and the percentage of outlay under each grant with the corresponding figures for 1888-89 :—

Grants.	1888-89.	1889-90.	Percentage.	
			1888-89.	1889-90.
Grant I—	Rs.	Rs.		
Communications	29,00,012	29,18,899		
Buildings	1,53,546	1,50,309		
Miscellaneous Public Improvements	1,80,813	2,00,546		
Establishment and Contingencies	5,96,706	5,62,790		
Tools and Plant	28,243	34,636		
Contributions to Provincial, Municipal, &c., funds	1,22,121	1,44,893		
Miscellaneous	5,431	5,348		
Total ..	39,86,872	40,17,421	62	60
Grant II—				
Education	6,81,515	7,83,280		
Contributions to Provincial, Municipal, &c., funds	4,493	3,104		
Miscellaneous	20,874	18,971		
Total ..	7,06,882	8,05,355	11	12
Grant III—				
Hospitals and dispensaries, including Medical practitioners, Medical schools, Medical pupils, Midwives, Midwifery pupils and District Medical officers' establishments	3,73,614	4,41,020		
Vaccination	1,51,522	1,58,578		
Sanitation	3,74,284	4,84,616		
Markets	14,952	18,271		
Bungalows	13,119	12,556		
Choultries	1,99,356	2,23,469		
Contributions to Provincial, &c., funds	1,62,334	1,36,251		
Miscellaneous	16,136	34,672		
Total ..	13,05,317	15,09,433	20	22
Grant IV—				
Supervision and Management	3,00,948	3,14,866		
Refunds, &c.	10,556	22,702		
Repayment of, and interest on, loans	25,648	30,024		
Total ..	3,37,152	3,67,592	5	5
Investment in Government securities	1,02,550	50,000	2	1
Total expenditure ..	64,38,773	67,49,801	100	100

29. *Grant I, Public Works.*—Appendix XVII exhibits in detail the expenditure on Public Works and the cost of the supervising establishments, including contingencies and tools and plant. The total outlay was Rs. 32,69,754, against Rs. 32,34,371 in 1888-89, as shown below :—

	1888-89.	1889-90.
	Rs.	Rs.
By the Engineering establishments employed by Local Boards	29,85,692	30,58,025
By the Revenue Department on behalf of Local Boards	1,43,480	1,44,327
By the Public Works Department on behalf of Local Boards	1,05,199	67,402
Total ..	32,34,371	32,69,754

Of the total sum, the expenditure on communications alone amounted to Rs. 29,18,899 or 88 per cent. of the allotment, against Rs. 29,00,012 or 90 per cent. in 1888-89, Rs. 28,52,001 being spent by the Engineering establishments employed by Local Boards and by the Revenue Department, and the remainder (Rs. 66,898) by the Public Works Department. The latter sum was devoted chiefly to the construction of the Vaigai bridge in Madura and of the Talavassal bridge in Salem, to the maintenance of the Cumbum-Gúdalúr road in the former district, and to the repair of roads running along tank-bunds and canal and channel banks in the districts of North Arcot, South Arcot, Ganjam, Godávari, Kistna, Nellore, Tanjore, Trichinopoly and Tinnevelly. The outlay on the construction and repair of buildings amounted to Rs. 1,50,309 against Rs. 1,53,546 in 1888-89, while that on Miscellaneous Public Improvements, such as avenues, markets, tanks, wells, &c., was Rs. 2,00,546 against Rs. 1,80,813. The latter figure, however, includes Rs. 504 spent by the Public Works Department, and wrongly debited to this head instead of to New Works—Communications, the amount having been expended in raising a surplus channel bank on which a road runs. The same error in classification was noticed in the General Review for 1888-89.

30. It is to be regretted that the proportion of the total expenditure on public works to the sanctioned allotment was only 83 per cent. against 85 per cent. in each of the preceding two years. It was very good in Ganjam (99 per cent.), but discreditably low in the five districts marginally noted. The explanations offered for the short outlay by these five Boards are summarised in the last column of Appendix XVII. That furnished by the Salem District Board has not been accepted by Government as sufficient, and the various Local Boards in that district have been directed to pay special attention to this subject in future. It is also hoped that the recent reorganization of the Engineering staff in Salem will be attended with better results in the current year. In Nellore, a temporary establishment was sanctioned by Government in order that the budget allotments might be fully expended, and with better management on the part of the President, a more satisfactory result might have been achieved. His explanation has not, therefore, been admitted, and he has been directed to insist on the sanctioned allotments being more fully utilized in future. The President of the Godávari District Board has also been instructed to impress upon the Local Fund Engineer the necessity for fully spending the sanctioned allotments by preventing unnecessary alteration of estimates and consequent delay in the passing of them by Local Boards. There was a slight improvement in Bellary as compared with the results of the previous year, but the explanations furnished for the short outlay suggest the conclusion that there is, even now, a reprehensible want of energy displayed in the execution of public works. In Kistna, there were several instances of works not having been undertaken, owing to the estimates being still under preparation. On the whole, the remarks contained in paragraph 30 of the General Review for 1888-89 are still applicable, and the special attention of all Local Boards is again directed to this subject.

	Percentage.
Salem	56
Nellore	70
Godávari	73
Bellary	76
Kistna	76

31. *Important Projects.*—The most important Public Works projects under execution by Local Boards during the year are included in the following statement :—

District.	Project.	Amount of estimate.	Outlay in previous years.	Outlay during 1889-90.	Remarks.
		RS.	RS.	RS.	
Arcot, South ..	Construction of a masonry bridge across the Ponniár.	1,66,100	..	..	The execution of this work was undertaken by Government on condition of the District Board contributing Rs. 1,00,000 towards the expense of constructing it.
Canara, South ..	(1) Road from Bislighat to Uppinangadi.	33,500	21,479	10,538	The construction of this road, which has been nearly completed, was undertaken on the representation of the Chief Commissioner of Coorg, the Government contributing the total cost.
	(2) Constructing the Mundajee bridge.	15,500	..	12,014	The whole of the amount required for this work has been granted by Government, as its completion will restore communication at all seasons of the year between South Canara and Mysore *vid* the Charmadi ghât.
Ganjam ..	Construction of a road from a point near the bridge on the Mahandratanaya river to Goppili *via* Mandasa.	66,650	61,062	1,500	This is an old work sanctioned in 1877 and handed over by the Public Works Department to the District Board on the transfer of agency. For want of funds, only Rs. 1,500 were allotted during the year and this amount was fully expended.
Madura	Construction of a bridge over the Vaigai river at Madura.	3,21,460	2,33,402	13,063	The execution of this work, which has been completed, was entrusted to the Public Works Department. Of the total cost, Rs. 60,000 were contributed by Government and Rs. 30,000 by the Madura Municipal Council.
Salem	Construction of Talavasal bridge.	58,500	5,457	31,609	The execution of this work, which will be completed in the course of the current year, has been entrusted to the Public Works Department.
Tanjore ..	Constructing a bridge over the Virasholanar.	12,800	6,224	3,475	Almost completed.
Tinnevelly ..	Constructing iron-braced girder bridge across the Támbraparni at Srívaikuntham.	1,14,500	50,276	64,749	Of the total amount required for this work, which was completed during the year, Rs. 45,000 were obtained as a loan from the Taluk Endowment fund, of which sum Rs. 15,000 have been already refunded. Rs. 35,000 were also borrowed from the Etiyápuram Zemindar on condition of the amount being returned in Government promissory notes. The first instalment has accordingly been purchased for Rs. 3,500.

32. *Roads.*—As in the previous year, the Calicut-Vayitri road in Malabar and the Mettupálaiyam-Gúdalúr road in Nílgiris were in charge of the Public Works Department. Statistics relating to the other roads which are under the control of Local Boards will be found tabulated in Appendix XVIII. The total mileage of these roads at the commencement of the year, the length maintained during the year, and the cost of their maintenance, are compared below with the figures of 1888-89 :—

		Mileage of roads under Local Boards at the commencement of the year.	Mileage of roads maintained	Cost of maintenance.	Mileage of new roads completed during the year.	Cost of new roads completed.	Mileage of roads under construction.	Cost of roads under construction.
				RS.		RS.		RS.
1888-89 ..	Village	3,684	2,474	1,23,882	71	23,149	39	7,574
	Taluk	9,844	9,043	7,35,583	116	1,22,595	40	7,748
	District	9,217	8,794	11,33,996	60	1,10,628	127	26,163
	Total ..	22,745	20,311	19,93,461	247	2,56,372	206	41,485
1889-90 ..	Village	* 5,007	2,157	1,48,894	76	34,874	49	9,600
	Taluk	* 10,292	9,024	7,64,921	56	82,561	69	20,903
	District	* 8,955	8,635	12,09,184	93	84,665	135	34,693
	Total ..	24,254	19,816	21,22,999	225	2,02,100	253	65,196

* Variations between these figures and those of 1888-89, due to revised classification and to the inclusion, as village roads, of all roads of a serviceable though temporary description.

It is observed with regret that the total length of road actually maintained during the year fell short of that reported in the previous year by 495 miles. In Madura no alteration took place, and in the 12 districts marginally noted, a total additional length of 256 miles was maintained, but this was more than compensated for by a falling off to the extent of 751 miles in the districts of North Arcot, South Arcot, Bellary, South Canara, Chingleput, Coimbatore, Malabar and Salem. No satisfactory explanation has been furnished for this reduction by any of the District Boards concerned.

Anantapur.	Nellore.
Cuddapah.	Nílgiris.
Ganjam.	Tanjore.
Godávari.	Tinnevelly.
Kistna.	Trichinopoly.
Kurnool.	Vizagapatam.

The expenditure on new roads, including those in progress but not yet opened, was, as in 1888-89, large in Kistna (Rs. 78,643), Kurnool (Rs. 33,138), South Canara (Rs. 26,810) and Godávari (Rs. 21,062). Compared with that year, however, the outlay in the first-mentioned district showed a very material decrease, and was mainly incurred on the re-metalling and re-forming of existing lines of communication.

It is satisfactory to observe that the outlay on village roads was 8·1 per cent. of the total expenditure, against 6·7 per cent. in 1888-89 and 6·3 per cent. in 1887-88. The proportion was largest in Bellary (38 per cent.), Coimbatore (16 per cent.), Tanjore (15 per cent.), North Arcot (12 per cent.), Tinnevelly (11 per cent.), and Madura (10 per cent.), and lowest in Salem (·8 per cent.), Vizagapatam (1·9 per cent.), Trichinopoly (3·7 per cent.) and Anantapur (3·9 per cent.). The attention of the Local Boards in the 4 last-mentioned districts has been drawn to these unsatisfactory results, and His Excellency the Governor in Council trusts that they will not neglect this important part of their duties in future.

The cost of maintaining each mile of road was, on an average, Rs. 107, as compared with Rs. 98 in 1888-89. It was low in the districts of Salem (Rs. 56), Anantapur (Rs. 57), South Canara (Rs. 59) and Cuddapah (Rs. 74), but very high in Nellore (Rs. 243), Chingleput (Rs. 162), Kistna (Rs. 162), Vizagapatam (Rs. 137), Ganjam (Rs. 134) and Tinnevelly (Rs. 131).

The condition of the roads in Kurnool, Nellore and Trichinopoly, which was unsatisfactory in 1888-89, showed some improvement during the year under review, but in Bellary they continued to be in bad order, and the recently-adopted departmental system of repairing them does not appear to have worked much better than the old contract system—a return to which, although deprecated by the President of the District Board, has been recommended by the various Local Boards. In Salem, the roads appear to have deteriorated, and in Ganjam, the severe floods of November 1889 caused much damage which has not yet been repaired, while in South Arcot, except in the Tiruvannámalai and Kallakurchi taluks, the roads were decidedly bad. In Malabar, the Local Fund Engineer reports that the roads were kept in fair order, but the District Board was of opinion that there still is great room for improvement. In the remaining districts, the roads are reported to have been generally maintained in fair order, except in the areas noted in the margin. In Cuddapah, the system of road management introduced in 1887-88, under which the upkeep of certain selected lines of communication is entrusted to the sole charge of contractors, continued in force during the year, and the roads under this system are stated to have been kept in fair condition. The report on its working called for in G.O., 21st May 1888, Mis. No. 949 L., has just been received and will be disposed of separately.

North Arcot—
The Chandragiri taluk and Kálahasti and Maderpak.
Cuddapah—
The sub-division and the Badvél, Sidhout and Pullampet taluks.
Kistna—
The delta and black cotton tracts.
Madura—
The Tirumangalam and Ramnad taluks.

33. *Buildings.*—The expenditure under this head amounted to Rs. 1,50,309, against Rs. 1,53,546 in the previous year, as shown below :—

	1888-89.	1889-90.
	RS.	RS.
Schools	22,570	25,311
Hospitals and dispensaries	38,806	50,439
Choultries	35,463	36,130
Bungalows	18,636	19,557
Office buildings, &c.	10,527	7,151
Miscellaneous	27,544	11,721
Total ..	1,53,546	1,50,309

The most important works completed during the year are entered in the following statement :—

District.	Buildings.	Total estimate.	Expenditure in 1888-89.
		RS.	RS.
South Arcot ..	Construction of a choultry at Pennathur.	2,520	369
Coimbatore	Construction of a building for the offices of the District Board, Taluk Board and Local Fund Engineer.	8,300	2,301
Nellore	Construction of Dugarázpatnam choultry.	4,330	38
Kurnool	Construction of a dispensary at Dhone.	3,312	1,650
Madura	Construction of a choultry at Usilampatti.	2,820	1,804
	Purchase of a bungalow for Normal school.	7,099	7,094
Trichinopoly ..	Construction of a dispensary at Turaiyúr.	3,190	1,435

34. *Miscellaneous Public Improvements.*—The outlay under this head was Rs. 2,00,546, against Rs. 1,80,813 in the previous year, as shown below :—

	1888-89.	1889-90.
	RS.	RS.
Markets	26,588	46,077
Tanks and wells	30,634	36,651
Sanitary works	13,848	12,348
Chattram irrigation works	2,651	10,538
Avenues	80,775	81,477
Miscellaneous	26,317	13,455
Total ..	1,80,813	2,00,546

35. *Establishment and Contingencies.*—The sum of Rs. 5,62,790 shown under this head in the statement in paragraph 28 above, is made up of the following items :—

	RS.
(1) Local Fund Engineering establishments including contingencies	5,51,495
(2) Public Works Department for the supervision of works ..	11,632
(3) Do. do. for the scrutiny of plans and estimates	—7,047
(4) Toll and ferry establishments	6,710
Total ..	5,62,790

For the execution of public works, every District Board maintained its own Engineering establishment, as in previous years. These worked under the direct control of the District Boards, the Taluk Boards generally contributing a portion of the cost according to their respective outlay from Taluk funds on public works. Their total

cost including contingencies amounted to Rs. 5,51,495 or 18 per cent. of the outlay on works executed by their agency, against Rs. 5,55,350 or 19 per cent. in the previous year, the maximum limit fixed by Government being 20 per cent., and the charge payable to the Public Works Department for carrying out Local Fund works, 23 per cent. The limit was, however, exceeded in Salem (26 per cent.), Malabar (24 per cent.), Bellary (22 per cent.), Anantapur (21 per cent.) and Ganjam (21 per cent.). In Salem, Anantapur and Bellary, this result was attributable to the exceptionally small outlay on public works, and in Malabar, although the percentage is still high, there has been an immense improvement as compared with the previous year, when it was no less than 42 per cent. A further reduction has been effected in the current year by a revision of establishment. The excess in Ganjam is ascribed to lack of funds, which prevented much expenditure on new works. On the other hand, in Tinnevelly, Trichinopoly and North Arcot, the cost of establishment was particularly low, ranging between 13 and 15 per cent. of the outlay on works.

A sum of Rs. 11,632 was paid to the Public Works Department for the execution of Local Fund works entrusted to them in the districts of North Arcot, Cuddapah, Ganjam, Godávari, Kistna, Madura, Malabar, Nellore, Salem, Tinnevelly and Trichinopoly. The *minus* entry of Rs. 109 under this head in Appendix V against Ganjam was due to a refund of Rs. 238, being the unspent balance of grants made in previous years for the maintenance of the Aska-Suradá road. This sum, however, should have been included under Repairs—Communications and not under Establishment.

The *minus* entry of Rs. 7,047 under contributions to the Public Works Department for the scrutiny of plans and estimates is the result of refunding excess charges levied in previous years, with reference to the revised rules sanctioned in April 1889 and alluded to in paragraph 35 of the last General Review.

Toll and ferry establishments cost Rs. 6,710, against Rs. 7,598 in 1888-89.

36. The expenditure on tools and plant amounted to Rs. 34,636, or 1·1 per cent. of the outlay on works, against 0·9 per cent. in 1888-89, the maximum limit fixed by Government being 1 per cent. for all districts, except Nílgiris, where, owing to its peculiar circumstances, this limit is not insisted upon. The outlay was excessive in Madura (3 per cent.), Vizagapatam (2·5 per cent.), Kistna (1·4 per cent.), Godávari (1·2 per cent.), Salem (1·2 per cent.) and South Canara (1·1 per cent.). The increase in Madura is attributed to the purchase of a large number of water-carts and casks, and in Vizagapatam to provision made in anticipation of the opening of famine relief works. The excess in the remaining districts, with the exception of South Canara, which shows an improvement as compared with the figures of 1888-89, was due to short expenditure on works ; care should be taken to prevent its recurrence.

37. *Contributions to Provincial, Municipal, &c., Funds.*—The most important contributions assigned during the year under review were the following :—

(a) To the French Government at Pondicherry.

	RS.
By the District Board, South Arcot, towards the construction of the Chunambar bridge on the road from Cuddalore to Pondicherry, the amount having been contributed to the Board by Government ..	60,473

(b) To the Public Works Department.

(1) One-third of the tolls collected on the Kullar-Gúdalúr road in Nílgiris, which is in charge of the Public Works Department	11,780
(2) The net receipts from the tolls on the Calicut-Vayitri road in Malabar, which is in charge of the Public Works Department	9,265
(3) Second instalment of the contribution promised by the Malabar District Board towards the cost of the new public offices at Calicut	6,721

(c) *To the South Indian Railway Company.*

	Rs.
By the Tanjore District Board on account of the survey of the Máyavaram-Mutupet railway	13,245

(d) *To Municipalities.*

(1) By the Malabar District Board, to the Calicut and Tellicherry Municipalities on account of tolls	7,286
(2) By the Tinnevelly District Board, to the Tinnevelly and Palamcottah Municipalities on account of tolls levied by the Board .	9,150
(3) By the Trichinopoly District Board, to the Trichinopoly and Srírangam Municipalities on account of their share of the tolls levied by the Board	10,719

The second instalments of the contributions, amounting to Rs. 30,000 and Rs. 10,000, respectively, promised by the South Arcot District Board towards the reconstruction of the Ponniár and Gadilam bridges, were not paid within the year, but have since been adjusted.

38. *Grant II, Education.*—The Educational operations of Local Boards were, as usual, chiefly confined to the maintenance and aid of elementary boys' schools, and to the training of primary teachers. There were 2,008 Local Fund schools at the end of the year under review, as against 1,510 in 1888-89, of which only 88, as against 91 belonged to the secondary grade. A few were intended solely for girls, and in others, girls as well as boys were admitted; but the cost of female education, as a rule, was borne by Government. The total number of girls educated by Local Fund agency was 8,360, as compared with 6,410 in the previous year, the grand total of attendance at all these schools being 73,141, as against 55,213 in that preceding..

39. The total expenditure on education, excluding the cost of constructing and repairing school-buildings (Rs. 25,311), which is debited to Grant I, amounted to Rs. 8,05,355 against Rs. 7,06,882 in the previous year.

The receipts and charges and other particulars connected with the Board and Aided schools are shown in Appendices XIX, XX and XXI,* but these do not include receipts from the sale of books, contributions from Municipalities, or charges connected with the purchase of books and other miscellaneous items.

40. *Inspection.*—The Educational operations of Local Boards were, as usual, supervised by Sub-Assistant Inspectors of Schools and Inspecting Schoolmasters. The Sub-Assistant Inspectors, of whom there were 52 against 51 in the previous year, were borne on the Provincial list, while the Inspecting Schoolmasters, of whom there were 162 against 153 in 1888-89, were paid from Local Funds. The Inspecting Schoolmasters visited 19,846 villages and prepared 16,607 schools for examination against 23,330 and 17,117, respectively, in the previous year. The work of these officers was not, on the whole, satisfactory, except in the districts of North Arcot, South Arcot, Chingleput, Ganjam, Kistna, Nellore and Tinnevelly, though they cost rather more than in 1888-89, viz., Rs. 72,671 against Rs. 63,602.

41. *Normal Schools.*—At the end of 1888-89 there were 32 Normal schools for training elementary teachers, under the control of the various District Boards. The total number was not altered during the year under review, though the Tirukoilúr school in South Arcot, the Tirutani school in North Arcot and the Mappilla Normal school at Tellicherry in Malabar were abolished, three small schools at Tiruvannámalai, Kallakurchi and Mannárgudi being substituted for that first mentioned, and a normal class for training Telugu teachers of the primary lower grade attached to the High school at Chittoor in lieu of the second. A Sessional school for training the latter class of teachers for the Special Upper Primary examination was also opened at Palmanér. From Appendix XIX, which shows the statistics appertaining to these schools, it will be seen that each District Board continues to maintain at least one school of this class, while there were four such schools in Malabar and the same number in South Arcot. That at Tellicherry supported from the Moyan Endowment fund is intended for

* These appendices have been compiled from Statements IX and X, submitted with the District Boards' reports. The Financial transactions shown therein do not agree in some cases with the Accountant-General's figures in Appendices IV and V. The figures given in paragraphs 41 to 48 and 50 have been taken from Appendices XIX—XXI.

females. In all these institutions, excluding the Normal school at Nandyál, regarding which figures, though called for, have not yet been furnished there were 833 students under training during the year, against 808 in the previous year. Of these 783 were stipendiary students paid from Local Funds, while the remaining 50 were either free students or were paid for by Municipalities, the corresponding numbers in the previous year having been 752 and 56. The number of pupils under training on the 31st March 1890 in the schools noted in the margin was very small. The small attendance in those at Tiruvannámalai, Kallakurchi, Mannárgudi and Chittoor may be attributed to their recent establishment, and the Yedapalle and Guntúr schools have recently been abolished. Steps should be taken to increase the number of girls under training in the school at Tellicherry. Excluding 29 pupils in Mangalore, Chingleput and Calicut, who had already passed either the Matriculation, the Middle School or the Special Upper Primary examination, 650 pupils appeared for the latter test, of whom 373 or 57 per cent. passed, as in the preceding year. The results in the Masulipatam school were exceedingly good, while those elsewhere, excepting in the schools at Arcot, Bellary, Ongole and Yedapalle, were fair. The unsatisfactory results of the Bellary school are ascribed to the head master, whose transfer, as recommended by the Inspector, it has not yet been possible to carry out, and those of the Ongole school to dissensions between two of the teachers, who have since been dismissed. The school at Yedapalle has now been abolished, as already stated, and the Arcot school has been transferred to Arni. From information furnished by the several District Boards, it appears that out of 12,173 teachers employed in the various classes of Local Fund and Aided schools, only 5,008 were in any way qualified, as shown in the margin. In the individual reviews, all Local Boards have been directed to encourage as much as possible the popularity of Normal and Sessional schools by employing none but trained teachers, and by refusing or reducing their grants to such schools as do not follow the same course.

Tiruvannámalai ..	11	Chittoor ..	16
Kallakurchi	12	Mannárgudi ..	16
Tellicherry (female) ..	12	Yedapalle ..	16
		Guntúr ..	19

Number holding normal certificates ..	3,084
,, ,, ordinary ,, ..	381
,, ,, general education certificates ..	1,543
Total ..	5,008

The total cost of Normal schools was Rs. 82,533 against Rs. 75,684 in 1888-89. Deducting, however, Provincial grants, school-fees and other miscellaneous receipts, the net cost was Rs. 50,480 or Rs. 126 for each successful student, the corresponding figures for the previous year being Rs. 50,481 and Rs. 128. The average cost was very low in the Calicut Hindu school (Rs. 22), Chicacole (Rs. 28), Berhampore (Rs. 34), Nandyál (Rs. 42), Chingleput (Rs. 59) and Mangalore (Rs. 69), but very high in the schools noted in the margin, the high averages being mostly due to the small number of students presented for examination and to the low percentage of passes secured. The attention of the District Boards concerned has been drawn to this matter, and it is hoped that better results will be obtained in the current year.

	Average cost.
	Rs.
Tirutani	277
Arcot	510
Tiruvannámalai	261
Mannárgudi	496
Bellary	328
Calicut (Mapilla)	324
Tellicherry (Mapilla)	219
Nellore	235

42. *Sessional Schools.*—There were eight schools of this class at the close of 1888-89, and, during the year under review, the number was raised to 30 by the establishment of new schools in North Arcot (1), Bellary (1), Coimbatore (4), Cuddapah (2), Madura (1), Malabar (10), Tanjore (1) and Tinnevelly (2). In Cuddapah, however, the school newly opened at Rajampet was almost immediately closed for want of pupils. Statistics relating to these schools are exhibited in the following statement:—

Districts.	Number of schools.	Number of students.	Cost.
			Rs.
North Arcot	1	17	25
Bellary	2	24	...
South Canara	5	57	485
Coimbatore	4	40	373
Cuddapah	2	16	106
Madura	2	22	91
Malabar	10	100	1,126
Tanjore	1	10	106
Tinnevelly	3	48	395

The examination results of the above schools, so far as information is available, appear to have been, on the whole, satisfactory. In preceding reviews, the Government has urged all District Boards to consider the advisability of opening more schools of this description, as an experimental measure, and their attention is again invited to this subject.

43. *Technical Schools.*—In addition to the four carpentry classes enumerated in paragraph 43 of the General Review for 1888-89, two more were opened during the year under review—one in the Hospet Middle school and the other in Rasipur Middle school. All these classes, except the one attached to the Hospet school, in regard to which no information has been furnished, appear to have made satisfactory progress. The proposal for opening an Industrial school at Náyudupet (Nellore) could not be carried into effect owing to want of pupils. Projects for establishing Technico-normal Institutes in the districts of Kistna, Madura, Tanjore, Tinnevelly and Trichinopoly have been sanctioned, but Government has since ruled that no expenditure should be incurred on technical education from Local Funds, unless and until adequate provision has been made for the extension of Primary general education, which has been too much neglected.

44. *Secondary Board Schools:*—At the end of 1888-89, there were 91 Local Fund Secondary schools. During the year under review, this number was reduced to 88 owing to the variations noted below:—

Districts.	Name of school.	Remarks.
North Arcot	Pungapúr	Transferred to the American Mission at the request of the Zemindar.
South Canara	Coondapoor	The High and Middle schools were amalgamated by the Taluk Board.
Malabar	Manantoddy	Abolished with a view to provide funds for the extension of Primary education.
Nellore	Atmakúr	The Primary school was raised to the Secondary grade as a tentative measure.
Salem	Harúr	Reduced to the Primary grade owing to paucity of pupils.
Trichinopoly	Perambalúr	Raised to the Secondary grade in January 1891.
Do.	Udayárpálaiyam	Reduced to the Primary grade owing to paucity of pupils.
Vizagapatam	Chódávaram	Newly opened in 1889.
Do.	Chípurupalle	Reduced to the Primary grade, the boys not being willing to pay the prescribed fees.

Of the total number, 13, including the Sanskrit college at Tiruvádi, were High schools and the remaining 75 Middle schools. The High school at Pálkonda (Vizagapatam) was reduced to the Middle School standard during the year, the results at the Middle School examination having been exceedingly bad. The Sanskrit college at Tiruvádi attached to the Kalayanamahal chattram (Tanjore) was attended by 89

students at the close of the year. It was, as usual, examined by the head pundit of the Kumbakónam College, but the work done was hardly as satisfactory as in previous years. The following statement shows the number and working of the High and Middle schools in the several districts:—

Serial number.	District.	Grade of school.	Number of schools.	Number of pupils on the 31st March 1890.	Matriculation Examination.		Middle School Examination.	
					Number presented.	Number passed.	Number presented.	Number passed.
1	Anantapur	High schools	...	...	...	...	...	...
		Middle schools	1	45	...	...	...	...
2	Arcot, North	High schools	1	186	27	15	46	26
		Middle schools	8	526	...	...	47	12
3	Arcot, South	High schools	1	58	7	...	20	12
		Middle schools	6	218	...	...	46	14
4	Bellary	High schools	1	70	...	...	23	10
		Middle schools	2	125	...	...	14	4
5	Canara, South	High schools	1	180	11	4	21	13
		Middle schools	4	371	...	...	50	21

8	Cuddapah	High schools	...	...	...	...	...	...
		Middle schools	2	146	...	...	...	...
9	Ganjam	High schools	...	...	...	...	...	...
		Middle schools	4	148	...	...	11	3
10	Godávari	High schools	1	124	14	5	19	12
		Middle schools	1	40	...	...	9	7
11	Kistna	High schools	...	...	...	...	...	...
		Middle schools	7	194	...	...	61	22
12	Kurnool	High schools	...	...	...	...	...	...
		Middle schools	1	64	...	...	6	3
13	Madura	High schools	...	...	...	...	...	...
		Middle schools	...	...	...	...	...	...
14	Malabar	High schools	...	...	...	...	...	...
		Middle schools	9	709	...	...	95	37
15	Nellore	High schools	...	...	...	...	...	...
		Middle schools	5	267	...	...	38	12
16	Nilgiris	High schools	...	...	...	...	...	...
		Middle schools	...	...	...	...	...	...
17	Salem	High schools	1	143	...	...	16	14
		Middle schools	11	754	...	...	43	14
18	Tanjore	High schools	1	58	28	11	24	11
		Middle schools	3	147	...	...	20	14
19	Tinnevelly	High schools	...	...	...	...	...	...
		Middle schools	...	...	...	...	...	...
20	Trichinopoly	High schools	2	111	7	1	25	14
		Middle schools	3	109	...	...	...	...
21	Vizagapatam	High schools	1	57	10	2	13	5
		Middle schools	7	229	...	...	28	8
	Total	High schools	12	1,186	128	46	242	129
		Middle schools	75	4,146	...	...	477	173

The 12 High schools are located in the places noted in the margin. From 9 of these schools, 128 students appeared for the Matriculation examination, of whom 46 passed, as compared with 45 out of 98 in the year preceding. The Chittoor High school was most successful, passing 15 out of 27 pupils presented, while the Lálugdi and Yellamanchili schools showed most discreditable results, only 1 and 2 students, respectively, having passed out of 7 and 10 presented. The Villupuram school passed none at all, the reason assigned for this being that the Head Master, a trained graduate, joined late in the year. All the High schools sent up pupils for the Middle School examination, the total number being 242, of whom 129 passed. These results were, on the whole, better than those of 1888-89, but were decidedly bad as regards the Udamalpet, Yellamanchili, Harpanahalli, Lálgudi and Tiruválúr schools, where less than 50 per cent. of the pupils sent up passed.

Site of School.	District.
Chittoor	North Arcot.
Villupuram	South Arcot.
Harpanahalli	Bellary.
Coondapoor	South Canara.
Udamalpet / Dhárápuram	Coimbatore.
Amalápuram	Godávari.
Námakal	Salem.
Tiruválúr	Tanjore.
Lálgudi / Kulitalai	Trichinopoly.
Yellamanchili	Vizágapatam.

Of the 75 Middle schools, 45 presented 477 pupils in all for the Middle School examination, of whom only 173 passed, the results in connection with the schools noted below being most disastrous :—

Districts.	Name of School.	Number presented.	Number passed.
Arcot, North	Arcot	9	..
	Kuppam	7	1
Arcot, South	Porto Novo	9	2
	Tirukoilúr	9	2
	Tiruvannámalai	9	2
Canara, South	Puttur	9	2
Coimbatore	Polláchi	9	2
Ganjam	Tekkali	5	1
Kistna	Gudiváda	11	2
	Avanigadda	8	..
	Répalle	7	1
	Vinukonda	8	..
Malabar	Kottai	9	2
	Betatnad	18	2
Nellore	Venkatagiri	15	3
Salem	Dharmapuri	14	3
Tanjore	Patukóta	3	..
Vizagapatam	Chódavaram	3	..
	Pálkonda	9	1

These unsatisfactory figures are for the most part ascribed to the severity of the examination papers, but if the members of the Local Boards concerned would take a greater personal interest in the management of the schools under their care, an immense improvement in general efficiency would, undoubtedly, ensue.

45. The following abstract exhibits the strength and cost of the Secondary departments of the schools referred to in the preceding paragraph :—

—	Number.	Attendance on 31st March 1890.	Net expenditure after deducting school-fees, and contributions from Provincial funds.	Average net cost per pupil.
			Rs.	Rs. A. P.
Upper Secondary Schools and Departments (including the Tiruvádi College)—				
(*a*) On salary system	13	301	5,495	20 0 11
(*b*) On salary-result system	1	23	55	2 6 3
Lower Secondary Schools and Departments—				
(*a*) On salary system	67	2,316	8,558	4 6 1
(*b*) On salary-result system	20	393	— 123	..

The net expenditure on Upper Secondary schools maintained on the salary system was exceedingly high in Trichinopoly (Rs. 45 per pupil), South Arcot and North Arcot

following next with Rs. 33 and Rs. 32, respectively, per pupil, while the Námakal school (Salem) was worked at a profit of Rs. 12, and an Upper Secondary department in South Canara on the salary-result system was managed at a cost of only Rs. 2-6-3 per pupil. The net outlay on Lower Secondary departments on the salary system, though, on the whole, less than in 1888-89, was very high in Cuddapah (Rs. 24 per pupil), Tanjore (Rs. 15 per pupil), Anantapur (Rs. 13 per pupil) and Nellore (Rs. 12 per pupil). The Local Boards of North Arcot, Bellary, Coimbatore and Ganjam managed these institutions, however, at a profit of Rs. 173, Rs. 35, Rs. 795 and Rs. 127, respectively. The net expenditure on Lower Secondary departments maintained on the salary-result system was abnormally high in Tanjore (Rs. 126 per pupil), while Trichinopoly and Salem spent Rs. 41 and Rs. 25, respectively, per pupil, the Local Boards of South Canara working them, on the other hand, at a net profit of Rs. 1,610 as in the previous year. The remarks contained in paragraph 45 of the last General Review should be carefully attended to, and Local Boards should cease to maintain all Secondary schools which are not usually self-supporting.

46. *Primary Board Schools.*—There were 1,419 Local Fund Primary schools at the close of 1888-89, and, during the year under review, this number was raised to 1,920, as the net result of an increase of 515 schools in 20 districts and a decrease of 14 schools in Godávari, as shown below :—

Districts.	Number of Primary schools in 1888-89.	Number of Primary schools in 1889-90.	Increase or decrease.
1. Anantapur	14	25	+ 11
2. Arcot, North	71	89	+ 18
3. Arcot, South	88	116	+ 28
4. Bellary	24	27	+ 3
5. Canara, South	38	65	+ 27
6. Chingleput	2	8	+ 6
7. Coimbatore	3	95	+ 92
8. Cuddapah	65	76	+ 11
9. Ganjam	102	103	+ 1
10. Godávari	337	323	— 14
11. Kistna	143	163	+ 20
12. Kurnool	85	110	+ 25
13. Madura	66	87	+ 21
14. Malabar	..	83	+ 83
15. Nellore	104	118	+ 14
16. Nílgiris	3	4	+ 1
17. Salem	81	108	+ 27
18. Tanjore	99	123	+ 24
19. Tinnevelly	16	42	+ 26
20. Trichinopoly	..	64	+ 64
21. Vizagapatam	78	91	+ 13
Total	1,419	1,920	+ 501

The increase, especially in Coimbatore, Malabar and Trichinopoly, in which a large number of schools previously aided from Local Funds were brought under the Board's management, is noted with satisfaction. The decrease in Godávari has not been explained, but this district still stands first in respect of the number of Primary schools under the control of Local Boards.

47. The following abstract shows the total strength and cost of the Upper and Lower Primary departments of Board schools :—

—	Number.	Attendance on 31st March 1890.	Net expenditure after deducting school-fees and other receipts.	Average net cost per pupil.
			Rs.	Rs. A. P.
Upper Primary Schools and Departments—				
(*a*) On salary system	102	1,404	8,053	7 9 5
(*b*) On salary-result system	950	5,954	25,030	5 2 1
Lower Primary Schools and Departments—				
(*a*) On salary system	103	4,731	17,266	4 10 11
(*b*) On salary-result system	1,859	58,019	1,67,984	3 7 7

The net cost of Upper Primary classes was very high in the districts noted below, while that of Lower Primary departments was also excessive in Kurnool (Rs. 16), Nílgiris (Rs. 11) and Chingleput (Rs. 9). The Local Boards concerned should take early steps to reduce this, as already directed in the individual reviews :—

	Average cost per pupil	
	(*a*) In salary schools.	(*b*) In salary-result schools.
	Rs.	Rs.
Cuddapah	29	..
Nellore	21	..
Chingleput	13	..
Vizagapatam	13	..
Nílgiris	..	61
Bellary	..	17
Anantapur	..	13
Tinnevelly	..	10

The total number of pupils from Board schools who passed one or other of the standard Primary examinations was 25,534 out of 35,294 presented, against 22,493 out of 31,769 in the previous year. The progress of these schools was, on the whole, satisfactory.

48. *Grant-in-aid Schools.*—Appendix XXI shows the statistics of private schools aided from Local funds during the year under review. This assistance was, as usual, restricted to Primary schools and to the Primary departments of Secondary schools.

Salary Grants, amounting to Rs. 2,281, were disbursed to 32 private schools attended by 923 pupils, against Rs. 2,536 paid to 34 schools attended by 1,016 pupils in the previous year.

Combined Salary and Result Grants, aggregating Rs. 19,202, were paid to 380 schools attended by 8,356 pupils, against Rs. 35,252 paid to 584 schools attended by 24,436 pupils in 1888-89. Besides this, a sum of Rs. 10,363 was disbursed from Provincial funds to Mappilla schools in Malabar, which receive salary grants only from the Local Boards. The large decrease, as compared with 1888-89, has been explained in paragraph 46 above as arising from the transfer of a large number of aided schools to the Boards' direct management.

The number of *result grant* schools was 7,029, against 6,686 in the previous year, and they were attended by 173,112 pupils, against 166,787. Of this number, 124,122 pupils were examined and 87,961 found qualified for grants, the corresponding numbers for 1888-89 being 116,255 and 82,065. The grants actually paid during the year amounted to Rs. 1,78,013, against Rs. 1,68,461 in 1888-89, the average grant per pupil examined being Rs. 2-8-9 in the salary grant schools, Rs. 1-14-7 in combined grant schools, and Rs. 1-6-11 in result grant schools; the corresponding figures of 1888-89 were Rs. 2-7-11, Rs. 2-10-5 and Rs. 1-7-2.

The actual outlay during the year under grants of all kinds, including building and miscellaneous grants, amounted to Rs. 2,01,134, against Rs. 2,06,570 in 1888-89. The decrease is to be regretted, but it is satisfactory to note that the proportion of expenditure to total sanctioned allotments was 77·3 per cent., against 67·8 per cent. in 1888-89 and 72·5 per cent. in 1887-88. In Coimbatore and South Canara, it was 102 and 101·4 per cent., respectively, and in Chingleput and Tanjore, nearly the whole of the allotment was disbursed; but, in the districts noted in the margin, the percentage was unduly low. The explanations offered by these Boards are, as usual, summarized in Appendix XXI, but those of Bellary, Nellore and Trichinopoly, in which districts alone there was a deterioration in the results as compared with 1888-89, have not been accepted as adequate, and it is hoped that greater attention will be devoted to this subject in future.

	Per cent.
1. Cuddapah	46·6
2. Anantapur	55·2
3. Kistna	57·2
4. Trichinopoly	59·0
5. Godávari	59·4
6. Salem	61·8
7. Nellore	63 2
8. Bellary	67·6
9. Kurnool	68·4

49. *Purchase and Sale of Books.*—The amount spent on the purchase of school-books was Rs. 12,975, in addition to Rs. 2,498 paid to the selling agents as salary and commission on sales. As the sale-proceeds of these books aggregated Rs. 14,711, the net loss on this account was only Rs. 762, against Rs. 2,771 in 1888-89.

50. *General Progress of Education.*—The net expenditure incurred on education by the Local Boards of each district, the number of Local Fund and Aided schools, and the number of pupils under instruction therein, are shown in Appendix XXII. The total number on the rolls of Board and Aided schools, taken together, was 265,502, against 247,436 in 1888-89 and 228,348 in 1884-85, but the results of the year's operations cannot be considered satisfactory, the proportion of pupils under instruction to male population of school-going age, calculated at 7½ per cent. of the total population according to the last census, being only 12·6 per cent., against 11·8 per cent. in 1888-89 and 10·8 in 1884-85. Compared with the previous year, there was, however, an improvement in all the districts, except South Arcot, Godávari, Kistna and Vizagapatam. The special attention of the Local Boards in the last-mentioned districts has been drawn to the retrogression of education in the areas under their control, and they have been directed to use every endeavour in order to extend their operations in future. The districts of Bellary, South Canara, North Arcot and Kurnool showed substantial progress, though in the last two the percentage of children under instruction was still much below the average for the Presidency.

So far as Local Fund operations are concerned, education was most backward in Cuddapah, where the proportion of children under instruction to the male population of school-going age was only 5·8 per cent. The results were bad in Anantapur (7·2 per cent.), Vizagapatam (7·7 per cent.), Salem (8·8 per cent.), Trichinopoly (9 3 per cent.) and Coimbatore (9·6 per cent.) also, while the most advanced districts were Tinnevelly (21·2 per cent.) and Ganjam (20·1 per cent.). The special report on educational operations in Cuddapah, called for from the Director of Public Instruction and alluded to in paragraph 51 of the General Review for 1887-88, has lately been received and referred to the District Board for remarks.

The total net expenditure on education was 8·4 per cent. of the total current income, against 8·2 per cent. in 1888-89 and 7·8 per cent. in 1887-88. The outlay, however, in all the districts, except South Arcot, Bellary, Ganjam, Godávari, Kistna, Kurnool, Malabar, Nellore and Salem, was below the general average and should be increased. In Nílgiris, the percentage was only 2·3, but, in the peculiar circumstances of this district as described in paragraph 50 of the last General Review, this was unavoidable.

It will be perceived from columns 5 and 6 of Appendix XXII that the Local Boards of North Arcot, South Arcot, Cuddapah, Godávari, Kistna, Kurnool, Nellore, Salem and Vizagapatam relied chiefly on their own institutions for the diffusion of Primary education, while those of South Canara, Chingleput, Ganjam, Madura, Malabar and Tinnevelly attained this object mainly by aiding private schools. In the remaining six districts, both systems were employed in fairly equal proportions.

51. *Grant III, Medical Services, Sanitation, &c.—Hospitals and Dispensaries.*—Including 20 hospitals and dispensaries newly opened during the year under review in the districts noted in the margin, there were 294 such institutions maintained by Local Boards, against 274 in 1888-89. As usual, those provided with regular accommodation for in-patients have been treated as *hospitals*, and those in which only out-door relief is ordinarily afforded have been classed as *dispensaries*. On the 31st March last, there were 93 institutions of the former class and 201 of the latter, against 97 and 177, respectively, in the previous year, the total number of beds available for in-patients being 1,269, against 1,249. The decrease in the number of hospitals is most marked in Cuddapah, but is only nominal, certain dispensaries in which in-patients are occasionally accommodated having been erroneously returned as hospitals in 1888-89.

North Arcot ..	1	Kistna ..	1
South Arcot ..	3	Madura ..	1
Bellary	1	Malabar ..	2
South Canara ..	1	Salem ..	6
Coimbatore ..	1	Trichinopoly .	1
Ganjam	2		

No regular accommodation for in-patients has, as yet, been provided by the Local Boards of Ganjam, Godávari, Nellore and Trichinopoly, while in Chingleput, Cuddapah, Kistna and Kurnool it is very inadequate. The attention of these Boards has been repeatedly drawn to this matter, and the Government views with displeasure their persistent omission to deal with it. In Cuddapah, however, in-patients are admitted, in emergent cases, into 8 of the dispensaries, as is also done in all the dispensaries of Ganjam. The proposal of the latter District Board to transfer the control of some of their dispensaries to hospital assistants in lieu of apothecaries, so as to effect a saving which might be utilized in supplying the deficiency noted, was not approved by Government. In Godávari, provision has also been made recently for the admission of in-patients into 7 of the dispensaries. The President of the Nellore District Board reports that arrangements have been made for the construction of hospitals at Rápúr, Atmakúr and Udayagiri, but this promise, which has been repeated for several years in succession, can no longer be accepted as sufficient, unless action is taken at a very early date in accordance with it. In Trichinopoly, it is stated that, should the wards for in-patients at Ariyalúr, at present in course of construction, prove a success, similar accommodation will be added to the Turaiyúr dispensary also. The arrangements proposed in Kistna for the reception of in-patients at dispensaries should be carried out without delay, and Government trusts that the present unsatisfactory state of affairs in all the districts referred to in this paragraph will be remedied without loss of time.

The number of hospitals and dispensaries was still unduly small in the districts of North Arcot, South Arcot, Coimbatore, Ganjam, Godávari, Malabar, Trichinopoly and Vizagapatam, being less than one for every 100,000 of the population. In North Arcot, South Arcot, Godávari, Trichinopoly and Vizagapatam, however, steps have been taken to open additional dispensaries during the current year, and in the remaining three districts above named every effort should be made to increase the number of these institutions as soon as possible.

One hundred and sixty-one of these hospitals and dispensaries were located in buildings belonging to Local Boards, and the rest in rented houses or in buildings lent by Government or by private individuals. The charges connected with 28 institutions were, as usual, met either wholly or partly from the endowments attached to them, and those of 18 others from the Chattram funds in Tanjore and Tinnevelly.

The following statement shows the total number of patients treated in these institutions during the last six years :—

Years.	Number of hospitals and dispensaries.	In-patients.	Out-patients.	Total.
1884-85	220	11,179	1,041,476	1,052,655
1885-86	225	11,975	1,129,996	1,141,971
1886-87	233	11,163	1,177,781	1,188,944
1887-88	255	11,582	1,282,300	1,293,882
1888-89	274	11,212	1,385,847	1,397,059
1889-90	294	12,593	1,526,204	1,538,797

The steady and large increase which is observable in the number of hospitals and dispensaries and in that of out-patients testifies to the growing popularity of these institutions and is noted with satisfaction. The total number of persons treated was, however, still small, forming as it does only 5·5 per cent. of the total population. The districts of Nílgiris, Tanjore, Chingleput and Kurnool show the largest proportion, and those of Malabar, Ganjam, Godávari and Nellore the smallest. Compared with the previous year, there was an improvement in all the districts, except Ganjam, Kurnool, Nellore and Vizagapatam. In Nellore and Vizagapatam, the number of persons treated, though slightly less than in 1888-89, was in advance of that recorded in 1887-88. In Ganjam, the decrease is ascribed to the fact that 6,404 persons were separately treated in the several famine camps, but, as observed in the review of the District Board's report, this explanation cannot be regarded as altogether satisfactory, when the great amount of sickness necessarily accompanying and

following a famine is taken into account. The reason assigned for the large decrease in Kurnool, viz., that work in two of the dispensaries was suspended at intervals for want of medical subordinates, is altogether inadmissible, and the President has been called upon to submit a detailed report on the subject. It is observed that the Saidápet Taluk Board in the Chingleput district has deputed the task of supervising the medical institutions under its control to local committees—an arrangement which is well worthy of adoption by other Taluk Boards.

52. Deducting receipts from the sale of medicines, &c., the total net expenditure on the maintenance of hospitals and dispensaries, including the pay of medical subordinates in charge, but excluding the cost of (1) the additional medical practitioners employed on sanitary inspection, distribution of medicines, &c., in the districts of North Arcot, Coimbatore, Godávari, Kistna, Kurnool, Madura, Salem and Vizagapatam, (2) the medical schools in Nellore and Tanjore, (3) the medical pupils trained by the Local Boards of South Arcot, Bellary, South Canara, Coimbatore, Kistna, Madura, Nellore, Tinnevelly, Trichinopoly and Vizagapatam, (4) the District Medical and Sanitary Officers' establishments, and (5) midwives and midwifery pupils, was Rs. 3,86,317, against Rs. 3,19,358 in the previous year. The increase is spread over all the districts, except Nílgiris, and was mostly due (1) to the opening of additional hospitals and dispensaries, (2) to the payment from Local Funds of seven-eighths of the pay and allowances of the medical subordinates in charge, instead of three-fourths as heretofore, (3) to the higher pay drawn by medical subordinates on promotion, and (4) to the inclusion under this head of the total cost of all medicines and surgical instruments supplied by the Medical Store depôt, whereas, in 1888-89, payments on account of those supplied prior to 1st April 1888 were debited to the head "Contributions." The average net cost of treating each patient rose, in consequence, from As. 3-8 in 1888-89 to As. 4 in the year under review. It was low in Trichinopoly (As. 2-8) and Chingleput (As. 2-8), but very high in South Canara (As. 5-11), Kistna (As. 5-11), Cuddapah (As. 5-10), Bellary (As. 5-9), Malabar (As. 5-7) and Ganjam (As. 5-2). The Local Boards of the latter districts should take every opportunity of reducing it as much as possible.

53. As in the previous year, the Local Boards of Nellore maintained 5 medical centres in addition to their 14 regular dispensaries. Trained hospital assistants supplied with medicines for gratuitous distribution are appointed to practise in these localities, and the patients relieved by this agency are included in the statistics given in paragraph 51 *supra*. In Cuddapah, an itinerating medical subordinate was entertained with effect from the 29th January 1890, and the result of this experiment is awaited. The example of Dr. King, the late Medical and Sanitary Officer of Kurnool, was commended to the imitation of other medical officers in the last General Review, but no information has been furnished on this subject in the reports now under review. This should be done in future, and every endeavour made to extend the knowledge of European medicines and modes of treatment among the ignorant masses of the rural population.

54. *Medical Schools and Medical Pupils.*—As in previous years, the District Boards of Nellore and Tanjore maintained local medical schools for training hospital assistants. The upkeep of these schools, which were managed by the respective District Surgeons, cost Rs. 7,914, against Rs. 8,152 in 1888-89. In the Nellore school, all the 16 male students under training are reported to have made fair progress, while the Prince of Wales' Medical School at Tanjore is stated to have done very good work, all the 8 students sent up for the Hospital Assistants' examination having passed. Five of these were trained at the cost of the Madura District Board and are to be employed in that district. In South Canara, the 6 medical pupils who were entertained in 1887-88, under the arrangement specified in paragraph 55 of the General Review for that year, continued their collegiate course at Madras. In addition to these, 2 more were entertained during the year and are now being trained at Mangalore under the supervision of the District Surgeon.

55. *Midwives and Midwifery Pupils.*—No midwives were entertained by the Local Boards of Nílgiris and Vizagapatam. In the other districts, 128 midwives were employed, against 110 in 1888-89. The President of the Nílgiri District Board states that the indigenous tribes of the hills will not accept the aid of trained midwives, and that the other classes of native women prefer those of the barber class to which they have been accustomed. In Vizagapatam, it is explained that difficulty is experienced in securing the services of trained midwives, and that the Párvatipur Taluk Board alone has been able to find one towards the close of the year. Provision has, however, been made in the current year's budget for a larger number, should it be possible to obtain them. As in preceding years, the largest number of midwives was employed in Madura (17) and Nellore (14), while Cuddapah, Ganjam and Malabar had very few. In Cuddapah, however, there were 8 trained nurses, who act as midwives on occasion. These women attended 228 labor cases, against 126 in the previous year. The number of cases attended by regular midwives was 5,979, against 4,473 in 1888-89. The work done by this agency cannot, however, be regarded as satisfactory, each of these women having attended on an average only 4 cases a month, against 3·4 in 1888-89. In South Canara, Nellore and Ganjam, the average was more than six cases a month, but in Kurnool they usually attended only one case, and in Kistna, Salem and Trichinopoly 2 cases each per mensem. The work done by the 14 midwives in Nellore was, however, especially satisfactory, that establishment attending 1,254 cases, or, on an average, 7 cases each every month. On the other hand, the 17 midwives in Madura and the 11 midwives each in South Arcot and Kistna attended only 681, 383 and 295 cases, respectively. This result seems to point to imperfect supervision on the part of the Local Boards concerned. The Government has repeatedly urged upon the Local Boards the desirability of paying these women partly by results, with a view to increase their efficiency, and it is hoped that, wherever this has not been done, no further delay will be suffered to take place in introducing it. The number of midwives should also be increased as funds become available, and every hospital or dispensary should have at least one attached to it.

The cost of midwifery establishments aggregated Rs. 14,678, against Rs. 12,423 in 1888-89; Rs. 816 being also expended in training midwifery pupils.

56. Appendix XXIV exhibits, in brief, the measures adopted by the several Local Boards for increasing the supply of female medical practitioners and trained nurses. The continued action taken in this direction by the South Arcot, Coimbatore, Cuddapah, Ganjam, Madura, Malabar, Nellore, Salem, Tinnevelly and Vizagapatam District Boards is noted with satisfaction. In Malabar, however, the provision made for this purpose could not be utilized, as no suitable candidates were forthcoming, and in North Arcot the payment of a contribution of Rs. 25 per mensem to the Chittoor Branch of the "National association for rendering aid to the women of India" towards the cost of a trained midwife employed in that town was discontinued with effect from September 1889, the work done by the then incumbent having been so unsatisfactory that her services were dispensed with. The Kurnool District Board has done nothing in this direction, and the explanation furnished by it has not been accepted. It is hoped that this important subject will be more carefully attended to in the course of the current year.

57. *Vaccination.*—Appendix XXV shows the strength, cost and operations of the vaccine establishments maintained by District Boards. In 1888-89, there were 48 Deputy Inspectors of Vaccination, and another was appointed in the Malabar district during the year under review. Working in subordination to these were 662 vaccinators and probationers, against 654 in the previous year. The work done by this agency and the average cost of each successful operation during the last 6 years are compared in the following abstract:—

Years.	Number of operations.	Number of successful operations.	Percentage of successful operations to the number.	Cost of each successful operation.
				Rs. A. P.
1884-85	611,032	575,178	94	0 4 0
1885-86	601,160	569,058	95	0 4 0
1886-87	596,794	567,599	95	0 3 11
1887-88	628,453	597,011	95	0 3 11
1888-89	683,114	649,590	95	0 3 9
1889-90	718,733	689,226	96	0 3 8

The figures for 1889-90 do not include the operations performed by the special staff employed in Kurnool in connection with the small-pox epidemic, and the President has been called upon to supply this omission. The total number of operations performed by the Local Fund vaccinators, as shown in Appendix XXV, exceeds the figure appearing in the Vaccination report for 1889-90, reviewed in G.O., dated 14th October 1890, No. 2618 L., by 146, the difference occurring in the districts of Bellary (— 220 cases) and Malabar (+ 366 cases). The statistics of successful operations, as reported by the District Boards and as shown in the above report, also vary to a certain extent in the districts of Bellary, Godávari, Kistna, Malabar, Salem and Tinnevelly. The Sanitary Commissioner is requested to explain these discrepancies. Taken as a whole, the outturn of work during the year under review shows a satisfactory advance on that of the previous year and is the highest on record, the increase being 5·2 per cent. as compared with 1888-89, and 17·6 per cent. as compared with 1884-85. Taking the number of successful vaccinations alone, the net increase of 39,636 cases over that of 1888-89 is the result of an increase of 65,487 operations in 17 districts and of a decrease of 25,851 in 4 others. The retrogression in South Canara (11,094 cases) is ascribed to (1) the absence of small-pox, (2) the absence on leave of a number of vaccinators, and (3) defective supervision, but the Government is unable to accept these reasons as being altogether adequate. The decrease in Ganjam (10,083 cases) is attributed to the famine, and that in Coimbatore (4,200 cases) is merely nominal, the accuracy of the previous year's figures being extremely doubtful. The increase exceeded 10 per cent. in the following nine districts:—

—	Number of successful operations.		Percentage of increase.
	1888-89.	1889-90.	
Arcot, North	30,878	34,523	11·8
Chingleput	36,295	43,123	18·8
Kistna	13,039	17,786	36·4
Kurnool	21,606	24,112	11·6
Madura	47,794	53,402	11·7
Nellore	23,138	27,418	18·5
Tinnevelly	47,696	53,291	11·7
Trichinopoly	24,301	37,451	54·1
Vizagapatam	32,693	40,623	24·3

Vaccination, therefore, made most satisfactory progress in North Arcot, Chingleput, Kurnool, Madura, Nellore, Tinnevelly, Kistna, Trichinopoly and Vizagapatam, and more especially in the three districts last mentioned.

58. Including the work done by medical subordinates in charge of Local Fund hospitals and dispensaries, the total number of successful vaccinations performed in Local Fund areas was 709,231 or 25·3 per mille of the population, against 664,555 or 23·7 per mille in 1888-89. The best results in proportion to population were shown by Chingleput (49·0 per 1,000), Kurnool (37·8), Salem (37·0) and Trichinopoly (34·9), whereas in South Arcot, Ganjam, Godávari, Kistna and Malabar, the number of successful operations did not exceed 20 per 1,000. Compared with previous years, there was a continued improvement as regards South Arcot and Kistna (which,

however, are still very backward in this respect); Malabar and Godávari made an inconsiderable advance and Ganjam showed a serious decrease. There is ample scope for improvement in the last five districts, and the Boards concerned have been directed to make every exertion with a view to secure better results in future.

59. Although vaccination is not compulsory in Local Fund areas, the progress made in infantile vaccination was very satisfactory in Bellary, Chingleput, Coimbatore and Anantapur, the total number of successful operations on children under one year of age having been respectively 22·3, 13·1, 12·0 and 10·1 per mille of the total population. It was also fair in Salem (8·7) and Madura (8·6). On the other hand, the proportion was very low in the districts noted in the margin, and the special attention of the Boards concerned has already been drawn to this fact.

Malabar	0·3	per mille.
Kistna	0·9	,,
South Canara	1·4	,,
Ganjam	1·4	,,
Godávari	1·4	,,
Nílgiris	1·4	,,
Nellore	1·8	,,
South Arcot	2·2	,,

60. As regards the quality of the work turned out, it is observed that 96 per cent. of the total number of operations proved successful, against 95 per cent. in 1888-89. The average cost of each successful case was thus As. 3-8, against As. 3-9 in the previous year and As. 3-11 in 1887-88. It was satisfactorily low in Chingleput, Coimbatore, Salem, Tinnevelly, Trichinopoly and Vizagapatam, being less than As. 3 in each case, but very high in Nílgiris (As. 13-2), Kistna (As. 8-11) and Cuddapah (As. 6-2). Compared with 1888-89, the cost was reduced in Bellary, South Canara, Coimbatore, Ganjam, Godávari, Kurnool, Malabar, Nílgiris and Salem, and increased elsewhere, except in Tinnevelly and Tanjore, where no alteration took place.

61. Vaccination by means of animal lymph was conducted in every district, excepting only Anantapur, Coimbatore, Ganjam and Godávari. The total number of operations was 112,443 and of successful cases 104,326 as against 53,073 and 44,976 in 1888-89—a very satisfactory advance. The following statement exhibits the results achieved during the year under review, the figures for Chingleput being very good:—

Districts.	Number of months during which animal vaccination was conducted.	Total number of operations.	Number of successful operations.
Arcot, North	2	1,747	1,671
Arcot, South	8	5,789	5,524
Bellary	From 3 to 9 months	5,367	5,276
Canara, South	..	10	2
Chingleput	12	30,683	27,941
Cuddapah	7	3,268	2,986
Kistna	12	895	452
Kurnool	12	9,941	9,359
Madura	Over 4 months in each range.	6,514	6,282
Malabar	12	2,138	1,941
Nellore	Between 2 & 6 months.	4,304	3,775
Nílgiris	12	1,449	1,243
Salem	7 to 12 months.	8,005	7,430
Tanjore	12	6,467	5,891
Tinnevelly	Between 4 & 8 months.	9,795	9,601
Trichinopoly	6 months and 3 days.	6,050	5,817
Vizagapatam	12	10,021	9,130

The statistics relating to South Canara and Kistna have not been shown in Statement XI appended to the Vaccination report for 1889-90, while those of Madura, Nílgiris, Salem, Tinnevelly and Vizagapatam, exhibited therein, differ slightly from the figures furnished by the District Boards in question. The Sanitary Commissioner is requested to explain these discrepancies. The whole subject, having been fully dealt with by Government in paragraph 8 of G.O., dated 14th October 1890, No. 2618 L., reviewing the Vaccination report for 1889-90, calls for no further remark at present. It is sufficient to observe here that, as soon as the scheme which

is now being matured by Dr. King is brought into full operation, the entire substitution of animal for human lymph will, it is hoped, become an accomplished fact.

62. It is satisfactory to note that the medical subordinates in charge of Local Fund hospitals and dispensaries performed 22,872 vaccine operations in all, against 16,388 in the previous year and 11,980 in 1887-88; but the average number at each dispensary was only 78. In Chingleput, however, the 12 medical subordinates were able to vaccinate 3,555 persons or 296 each—a creditable figure. The worst cases in this respect have been brought to the notice of the Surgeon-General and of the District Surgeons, and it is hoped that the instructions already issued on this subject will have the desired effect in the current and ensuing years.

63. *Sanitation.*—Appendix XXVI shows the particulars of the outlay under this head in the several districts. In addition to an expenditure of Rs. 12,348 incurred on sanitary public works under Grant I, Rs. 4,84,616 were spent on sanitation, against Rs. 3,74,284 in 1888-89 and Rs. 2,57,571 in 1884-85, as shown below:—

—	1884-85.	1888-89.	1889-90.
	Rs.	Rs.	Rs.
(1) Improvement of water-supply	48,184	87,953	1,52,880
(2) ,, of village-sites	12,577	40,889	62,426
(3) Conservancy establishments	1,54,801	1,86,604	2,13,143
(4) Arrangements at fairs and festivals	10,486	11,171	11,228
(5) Other sanitary outlay	31,523	47,667	44,939
Total ..	2,57,571	3,74,284	4,84,616

Excluding, however, Rs. 79,371 devoted to famine purposes in Ganjam and temporarily debited to Local Funds, the net expenditure on sanitation was Rs. 4,05,245, or Rs. 30,961 more than the amount spent in 1888-89. The increase, which has steadily continued for some years, is noted with satisfaction. The proportion of the outlay to total current receipts was 6 per cent., against 5·9 per cent. in 1888-89. Except the drainage and conservancy schemes under execution in Nandyál, as stated in the last General Review, no sanitary works of any importance were undertaken during the year, but many minor works, such as improvements to water-supply and village-sites and the construction and repair of dust-bins, latrines and drains, were, as usual, carried out by the Local Boards and Union Panchayats. Nine tanks and 202 wells were newly constructed, 995 old ones repaired or otherwise improved, 288 watchmen employed in guarding sources of drinking-water supply from pollution, 308 village-sites improved, and rank vegetation and prickly-pear removed in 346 villages. In the General Review for 1888-89, it was stated that the system of employing itinerating gangs for the purpose of extirpating prickly-pear and rank vegetation, levelling streets, digging side-drains, &c., was in operation in Coimbatore, Salem, Tinnevelly and Vizagapatam. During the year under review, the establishment employed in Coimbatore was abolished, on the ground that its tendency was to concentrate its operations on a few favored localities at the expense of others, while in Salem, being merely temporary, it was permitted to lapse. The system was, on the other hand, partially introduced into Chingleput and Trichinopoly, and its adoption in Godávari came under consideration. The Presidents of the North Arcot and Kistna District Boards have promised to call the attention of the Taluk Boards under them to the advantages of this system, but it has not been found practicable to introduce it into the Nílgiris. In the remaining districts, no action appears to have been taken in the matter. These establishments are reported to have worked, on the whole, satisfactorily. In Trichinopoly, rewards are granted to such village officers as keep their villages clean, and the result of this experiment will be watched with interest.

64. Out of 42,862 minor towns and villages in the Presidency, only 735 (246 Unions and 489 other villages) were provided with regular conservancy establishments, against 673 (239 Unions and 434 other villages) in 1888-89, as shown below:—

No.	District.	1888-89.			1889-90.		
		Unions.	Other villages.	Total.	Unions.	Other villages.	Total.
1	Anantapur	10	5	15	10	5	15
2	Arcot, North	9	21	30	11	24	35
3	Arcot, South	7	21	28	7	25	32
4	Bellary	16	9	25	17	13	30
5	Canara, South	..	18	18	..	19	19
6	Chingleput	12	2	14	12	2	14
7	Coimbatore	17	14	31	17	16	33
8	Cuddapah	17	38	55	17	38	55
9	Ganjam	12	17	29	12	21	33
10	Godávari	5	99	104	5	98	103
11	Kistna	17	18	35	17	23	40
12	Kurnool	1	25	26	1	28	29
13	Madura	35	11	46	36	11	47
14	Malabar	..	16	16	..	33	33
15	Nellore	14	..	14	14	1	15
16	Nílgiris	..	6	6	..	7	7
17	Salem	8	30	38	8	33	41
18	Tanjore	18	20	38	18	20	38
19	Tinnevelly	23	54	77	23	58	81
20	Trichinopoly	7	10	17	10	14	24
21	Vizagapatam	11	..	11	11	..	11
	Total ..	239	434	673	246	489	735

The number of villages conserved in Godávari decreased by one, while in Anantapur, Chingleput, Cuddapah, Tanjore and Vizagapatam, it remained the same. In the remaining districts, the system was extended. In Anantapur, South Canara, Chingleput, Nellore, Nílgiris and Vizagapatam, very little has as yet been done and the wants of many more villages should be attended to, as already directed in paragraph 64 of the last General Review. The conservancy establishments in Unions were under the direct control of the Chairmen and Panchayats; while, in the other villages, their work was, as usual, supervised by medical subordinates, deputy tahsildars, revenue inspectors, village officers, &c., assisted as regards 12 villages in Salem and Madura by voluntary associations.

As usual, special sanitary arrangements, such as the entertainment of temporary scavengers and the construction of temporary latrines, &c., were made during important fairs and festivals at 188 places, and prompt measures were adopted to prevent the spread of cholera in the districts affected thereby.

The sanitary condition of rural tracts cannot as yet be regarded as by any means satisfactory; though in some districts—more especially North Arcot, Chingleput, Madura, Nellore, Salem, Tinnevelly, Trichinopoly and Vizagapatam—greater attention is paid to this subject by the local authorities than is the case elsewhere.

65. Excluding the amount spent on famine works in Ganjam and referred to in paragraph 63 *supra*, the ratio of the total outlay on sanitation to sanctioned allotments was 89 per cent., against 88 per cent. in 1888-89 and 85 per cent. in 1884-85. The monthly returns of sanitary expenditure submitted by the Taluk Boards should be very carefully examined in the District Boards' offices, as required in the General Review for 1887-88; if this were done more efficiently than is at present the case, there cannot be any doubt but that further improvement would very shortly ensue. The Sanitary Commissioner has now been requested in para. 11 (*e*) of G.O., dated 26th August 1890, No. 2135 L., reviewing the sanitation report for 1889-90, to scrutinize the returns received in his office, and to report to Government all cases of neglect on the part of Local Boards. Taking the districts separately, it is satisfactory to observe that the expenditure in Anantapur, Nílgiris and Kurnool exceeded the allotment by 1, 9 and 11 per cent., respectively, and that almost the whole amount was utilized in Chingleput. The proportion of expenditure was also good in South Canara (97 per cent.), Cuddapah (97 per cent.) and Tinnevelly (94 per cent.). On the other hand, it was very low in Tanjore (75 per cent.) and Coimbatore (77 per cent.). The explanations offered for the short outlay in these districts have already been dealt

with in reviewing the individual reports and have been considered untenable. It is hoped that conspicuously better results will be shown in the current and ensuing years.

66. *Markets and Bungalows.*—The expenditure under these heads has already been noticed in paragraph 23 *supra*.

67. *Choultries.*—Including the Arcot and Kurnool langarkhanas and the poor-house at Tanjore, there were 437 choultries under the control of Local Boards, against 406 in the previous year. Of the total number, 218 had endowments attached to them, and in 46 of these 1,481,254 daily rations were issued at a total cost of Rs. 94,443, against 1,606,674 rations issued at a cost of Rs. 96,684 in the previous year. In the Arcot langarkhana and in the poor-house at Tanjore, respectively, 25,331 and 113,421 persons were fed at a cost of Rs. 856 and Rs. 736, while in the Kurnool langarkhana monthly pensions at the rate of Re. 1 each were allotted to 30 infirm persons. Monthly allowances were also granted to 66 cripples from the funds of the Tirukurangudi and Kuttalam choultries in the Tinnevelly district. The remaining choultries are merely rest-houses affording shelter to travellers.

The total expenditure on choultries amounted to Rs. 2,23,469, against Rs. 1,99,356 in 1888-89, a large sum having been refunded to the Nadiyam Mutt in Tanjore, when that institution was made over to its owners in accordance with a decree of the High Court. The number of choultries in Chingleput and Ganjam (2 each) is very small, but in the former district the deficiency is said to be supplied to a large extent by the existence of numerous private institutions. The number in Ganjam should be increased as soon as the present financial pressure abates.

68. *Contributions.*—The contributions paid from Local Funds for medical, sanitary and other purposes amounted to Rs. 1,36,251, against Rs. 1,62,334 in 1888-89, as shown below:—

	1888-89.	1889-90.
	RS.	RS.
To Provincial Funds—		
For the Medical College	18,545	7,327
„ Sanitary Inspection	19,215	21,465
„ Cutlers' establishment in the Medical Store depôt.	496	564
„ Medical Reserve Staff	4,406	5,093
„ Medicines and Surgical apparatus	20,713	..
„ Maintenance of lunatics	15,581	5,705
To Municipalities—		
For Hospitals and dispensaries	74,193	82,669
„ Other purposes	3,728	8,680
To Private Individuals—		
For dispensaries maintained by Missions and other agencies	5,457	4,748
For other purposes	..	..
Total ..	1,62,334	1,36,251

The most noteworthy variations occurred under "Contributions to Provincial funds" on account of (*a*) the Medical College, (*b*) Medicines and Surgical Apparatus, and (*c*) Maintenance of Lunatics, and under "Contributions to Municipalities." The decrease in the first case was the result of the arrangement sanctioned in G.O., dated 26th March 1889, No. 194, F.D., whereby the percentage of contribution to the College was materially lowered. The *nil* entry under Medicines and Surgical Apparatus was due to the fact that such payments are now debited to "Hospitals and dispensaries." The sum of Rs. 5,705 shown under "Maintenance of lunatics" represents the charges incurred on this account before 1st April 1889; after which date all such expenditure has been debited to Provincial funds. The increase under "Contributions to Municipalities" occurs in Kistna, Salem and Vizagapatam. In Kistna, Rs. 5,000 were paid to the Masulipatam Council on account of repairs to the Municipal hospital, and an equal sum to the Bezváda Council for the execution of sanitary improvements; in Salem, the contribution due on behalf of the hospital and poor-house in the Salem Municipality was disbursed in advance for 1890-91; and in Vizagapatam, the contribution payable to the Civil Dispensary Committee at Vizagapatam was increased from

Rs. 1,200 to Rs. 2,400, and that to the Bimlipatam Municipality for the local hospital from Rs. 300 to Rs. 950. On the other hand, the contributions paid in Tanjore were much less than in 1888-89, owing to the absence of arrears.

69. *Miscellaneous.*—Complete information with reference to the lighting of towns and villages has not been furnished in all the District Board reports, but should be invariably supplied in future. It appears, however, that the expenditure of Local Boards in this connection aggregated Rs. 27,147, the whole of which was met from Taluk funds.

70. *Grant IV, Miscellaneous—Supervision and Office Management.*—The total outlay under this head amounted to Rs. 3,21,846, against Rs. 3,00,948 in the previous year, as shown below:—

	1888-89.	1889-90.
	Rs.	Rs.
(1) Controlling establishments at the Presidency including pensionary and printing charges ..	53,817	52,263
(2) District Audit establishments	20,981	20,122
(3) Collectors' Account establishments	16,349	17,444
(4) Travelling allowance to non-official members ..	40,026	39,742
(5) Local Boards and Union Panchayats' office establishments, including contingencies	1,69,775	1,92,275
Total ..	3,00,948	3,21,846

The increase, which occurs mainly under the last item, was due to (1) the constitution of several new Unions, (2) the entertainment of additional establishments in some districts, and (3) the debit to this head of a sum of Rs. 11,077 out of Rs. 11,138 embezzled by the late clerk of the Polláchi Taluk Board's office, as explained in paragraph 77 below. The total expenditure formed 4·8 per cent. of the actual receipts and charges of the year, against 4·8 per cent. of the receipts and 4·7 per cent. of the charges in 1888-89. The nature and cost of the establishments employed in Local Boards' offices did not vary in any essential degree from the particulars given in paragraph 69 of the last General Review.

71. *Repayment of Loans and Investments.*—The Chingleput and Malabar District Boards paid Rs. 7,494 as interest, and Rs. 17,773 as instalments of principal, on account of loans previously obtained by them from Imperial funds. The following abstract shows the purposes for which these loans were received and the balance due at the close of the year under review:—

District Boards.	Amount of loan.	Purpose.	Mode of repayment.	Amount still due.	Probable date of repayment.
	Rs.				
Chingleput ..	1,99,790 at 4½ per cent.	Construction of an iron girder bridge across the Kortalayár river.	In annual instalments (Rs. 10,108.)	1,06,767	1898
Malabar ..	1,49,000 at 4½ per cent.	Completion of the Támrachéri and Periaghat roads.	In annual instalments (Rs. 7,665).	45,973	1898

In Tinnevelly, the District Board raised the following loans towards the construction of an iron girder bridge across the Támbraparni at Srívaikuntham:—

	Rs.
(1) From the surplus Endowment funds under the control of the several Taluk Boards	35,000
(2) From the Endowment fund balance of the Shermádevi Taluk Board	10,000
(3) From the Zemindar of Etaiyápuram on condition of the amount being returned in 10 instalments in the form of Government promissory notes	35,000
Total ..	80,000

An instalment of Rs. 5,000 was paid towards the liquidation of the first loan, and promissory notes to the value of Rs. 3,500 purchased on account of the third, while a further sum of Rs. 1,542 was paid to the Taluk Boards as interest on the first two loans, and Rs. 1,207 to the Zemindar of Etaiyápuram as interest on the last. In Tanjore, Rs. 50,000 were invested in Government securities in favor of the Railway Guarantee Fund, the total investment on this account up to the end of the year under review being Rs. 7,50,000. Including a cash balance of Rs. 1,68,805, the total amount at the credit of this fund was therefore Rs. 9,18,805, all of which will be expended on the construction of the Máyavaram-Mutupet Railway, any further outlay which may be found necessary being defrayed from Provincial funds.

72. *Refunds of Cess, &c.*, amounted to Rs. 25,755, against Rs. 23,113 in 1888-89, as shown below:—

	1888-89.	1889-90.
	Rs.	Rs.
(1) Land-cess refunds	10,556	15,722
(2) Public Works and Toll refunds	5,366	3,733
(3) Educational refunds	2,281	1,560
(4) Medical, &c. „	4,910	4,740
Total ..	23,113	25,755

The increase under the first item occurs in Salem, Tanjore and Vizagapatam, and is explained in the latter district to be due to the refund of Rs. 3,000 collected under a misapprehension in the Pálkonda Agency tracts. The variations in the remaining two districts have not been explained, and those under the remaining items call for no special remark.

IV.—Endowments, &c.

73. Appendix XXVIII shows the total number of endowed institutions, such as schools, dispensaries, choultries, markets, &c., under the control of the several Local Boards and Panchayats, while Appendices XXIX and XXX, furnished by the Accountant-General, exhibit their total receipts and charges. Excluding Rs. 75,486 appropriated from General funds to meet excess expenditure, and Rs. 24,487 allotted from the funds of some of the Rajah's chattrams in Tanjore to meet the deficit with which other connected chattrams and dispensaries would otherwise have closed, but including Rs. 6,542 paid by the Tinnevelly District Board on account of the loans referred to in paragraph 71 *supra*, the receipts of these institutions amounted in the aggregate to Rs. 3,93,974 and the charges to Rs. 4,23,716. Details, as compared with 1888-89, are furnished below:—

	Receipts.		Charges.	
	1888-89.	1889-90.	1888-89.	1889-90.
	Rs.	Rs.	Rs.	Rs.
Schools	8,193	6,366	6,825	5,958
Hospitals and dispensaries	28,703	28,118	29,194	29,238
Choultries	2,50,960	2,42,652	2,60,161	2,88,246
Markets	83,817	1,10,670	82,979	96,914
Miscellaneous	13,900	6,168	7,183	3,360
Total ..	3,85,573	3,93,974	3,86,342	4,23,716

The falling off in the receipts under schools is noticeable chiefly in Malabar, and is attributed to the less prosperous condition of the Female Normal school at Tellicherry maintained from the Moyan Endowment fund. The variations under choultries and markets have already been explained in paragraph 23 *supra*. The decrease under "Miscellaneous" is merely nominal, a sum of Rs. 7,049 belonging to the Bezváda Museum and Technical Institute in the Kistna district having been brought to account in the preceding year, although belonging to the year 1887-88.

The total balance in favor of endowed institutions at the commencement of the year was Rs. 3,39,180, and at its close Rs. 3,09,438. The reduction, which is most

marked in Coimbatore and Tanjore, is noted with satisfaction. In Madura and Tinnevelly, on the other hand, little was done towards utilizing these balances, but proposals to that end are stated to be under consideration and are awaited.

74. (*a*) *Endowed Schools.*—The number of these institutions remained the same as in previous years.

(*b*) *Endowed Dispensaries.*—Though the total number of these institutions continued the same as in 1888-89, an additional dispensary was constructed in Salem and one removed from the list in Trichinopoly. The former, erected at Mathur, is maintained from the endowments attached to the Mathur choultry, while the endowments attached to the latter at Turaiyúr having been exhausted in constructing the dispensary building, that institution is now borne on the ordinary list. As in previous years, 16 other hospitals and dispensaries were maintained wholly from the funds of the Tanjore Raja's chattrams, and 2 in Tinnevelly from the funds of the Tirukurangudi chattram.

(*c*) *Endowed Choultries.*—The number of these institutions rose from 214 in 1888-89 to 218 in the year under review, the additions being (1) the Ranipet choultry in North Arcot taken over from a private proprietor, (2) the Appecatla choultry in Kistna transferred by Government, (3) the Kasangulam choultry at Patukóta in Tanjore maintained from chattram funds, and (4) the Yellamanchili and (5) the Purushottapur choultries in Vizagapatam taken over, together with their endowments, at the request of the owners. A water-pandal at Terampalayam, in Coimbatore, which has hitherto been erroneously shown under this head, has now been omitted from the list.

(*d*) *Endowment Tanks, Markets, &c.*—The water-pandal just mentioned was included in the former item, while the increase in the number of markets has already been explained in paragraph 23 *supra*. All other classes of institutions remained the same as in 1888-89.

75. *Contributions from Private Individuals.*—Voluntary contributions by private individuals or bodies for works of local utility amounted to Rs. 49,574, against Rs. 41,265 in the previous year and Rs. 35,150 in 1887-88, as shown below:—

	1887-88.	1888-89.	1889-90.
	Rs.	Rs.	Rs.
Public works	6,126	13,640	19,373
Dispensaries	11,005	12,295	14,318
Schools	10,414	1,780	1,852
Sanitary purposes	7,605	13,550	14,031
Total ..	35,150	41,265	49,574

The increase under public works and dispensaries has been already dealt with in paragraphs 24 and 21 *supra*. The remaining items call for no special remark.

V.—General Remarks.

76. *Local Fund Accounts.*—The audit of accounts was, as usual, conducted by Treasury Deputy Collectors with the help of District auditors working under the immediate supervision of the Accountant-General, who is assisted for this purpose by a special inspecting staff. The accounts are periodically examined by these officers, and the results of the inspection reported for the orders of Government through the District Boards concerned. During the year under review, the accounts of five districts * were not inspected at all, while those of 10 districts for 1889-90 were not taken up till near the close of the year. The attention of the Accountant-General has already been drawn to this matter, and the Government trusts that a material improvement in punctuality will take place during the current year. The inspection reports were excessively delayed in the District Board offices of Godávari (189 days), Vizagapatam (137 days), Madura (94 days), Trichinopoly (67 days), South Canara (57 days), Kistna (56 days) and Tinnevelly (53 days). Steps should be taken to avoid this in future. The results of the inspection were satisfactory in North Arcot, Madura, Malabar, Nílgiris, Salem, Trichinopoly and Tinnevelly, and fair in Bellary, South

* In paragraph 4 of his letter, printed in G.O., dated 23rd May 1890, No. 1265 L., the Accountant-General stated that the accounts of all the districts, except Kurnool, were inspected during 1889-90, but on a comparison of the List B referred to by him with the corresponding list printed in G.O., dated 28th May 1889, No. 1203 L., it is observed that no examination was made of those of Anantapur, South Arcot, Ganjam and Tanjore also.

Canara, Chingleput, Coimbatore and Cuddapah. In Nellore, there was some improvement since the date of the last report, but a great deal still remains to be done in order to bring this office into a state of efficiency. On the other hand, the results in Godávari, Kistna and Vizagapatam were very unsatisfactory indeed. The Presidents of these District Boards have been directed to take the necessary steps for effecting an improvement in the working of the offices under their control, and the Government is glad to observe that the recent inspection of the Kistna accounts shows that some progress in this direction has already been accomplished there.

77. Detailed remarks on the general administration of each district having been passed in reviewing the individual reports, it will be sufficient to observe here that the year 1889-90 was, on the whole, conspicuous for a substantial improvement in all branches of the administration. The advance noted under vaccination is specially creditable to the Boards concerned, and sanitation also received an increased share of attention. These results are to a great extent due to the exertions of the Taluk Boards and Union Panchayats, which worked on the whole with creditable success and energy and have thus amply justified the action which called them into existence. His Excellency the Governor in Council trusts that in the course of time all these local bodies will become still more efficient, and that their individual members will devote more and more of their attention to the interests of the administration. The advancement of Primary education, the extension of medical relief and vaccination, the improvement of village communications and the utilization of sanitary allotments, are subjects calling for their earliest and most careful consideration.

Taking the districts individually, North Arcot, Chingleput, Madura and Tinnevelly produced specially good results, and there has also been some improvement as compared with 1888-89 in Bellary, Cuddapah, Kistna, Kurnool, Malabar and Vizagapatam, though the administration in these latter districts requires as yet much amendment. On the other hand, the administration of local affairs in Godávari and Nellore was very far from efficient, and His Excellency the Governor in Council also observes with much regret that, through the negligence of the President of the Polláchi Taluk Board (Coimbatore), the Board's clerk was enabled to embezzle the large sum of more than Rs. 11,000, which were drawn on false bills prepared by him and passed by the President. This matter has been carefully investigated, and Government has ordered half the amount embezzled to be recovered from the officers at fault. The clerk in question unfortunately effected his escape, but his brother was convicted on the charge of dishonestly receiving stolen property and sentenced to three years' rigorous imprisonment.

APPENDIX XVII—*cont.*

Statement showing the particulars of the outlay on Public Works for 1889-90—*cont.*

Districts.	Percentage of outlay to allotment by Local Fund Engineering establishment.	Cost of Engineering establishment, including contingencies.			Percentage of the cost of the Local Fund Engineering establishment to outlay on works executed by them.	Cost of tools and plant.			Percentage of cost of tools and plant to outlay on works by Local Fund Engineering establishment.	Explanations given for short outlay.
		Local Fund Department.	Public Works Department.	Total.		Local Fund Department.	Public Works Department.	Total.		
	20	21	22	23	24	25	26	27	28	29
		RS.	RS.	RS.		RS.	RS.	RS.		
1. Anantapur	93	8,667	..	8,667	21	436	..	436	1·0	(*a*) *Bellary.*—The short expenditure is attributed to some of the new works not having been undertaken during the year owing to various reasons; to the uncertainty which prevailed during the earlier months of the year as to whether the maintenance of roads should be undertaken by departmental agency or let out on the contract system; and to the late date at which funds were made available in the case of Miscellaneous Public Improvements.
2. Arcot, North	91	28,872	89	28,961	15	1,878	6	1,884	1·0	
3. Arcot, South	90	26,601	..	26,601	18	1,079	..	1,079	0·7	
4. Bellary (*a*)	76	18,821	..	18,821	22	128	..	128	0·1	
5. Canara, South ..	87	20,915	..	20,915	18	1,302	..	1,302	1·1	
6. Chingleput	94	19,913	..	19,913	17	1,018	..	1,018	0·9	
7. Coimbatore	88	27,274	..	27,274	17	1,036	..	1,036	0·7	
8. Cuddapah	87	18,669	45	18,714	17	992	3	995	0·9	
9. Ganjam	99	23,181	— 109	23,072	21	577	— 7	570	0·5	(*b*) *Godâvari.*—The decrease in expenditure is attributed to (1) delay in the acquisition of lands for certain works, (2) want of sufficient water in the canals for conveyance of materials, (3) savings on completed works, (4) late sanction in some cases, (5) works having been deferred till after irrigation was over, (6) payments not made for work done, and (7) defective supervision on the part of the Local Fund Engineer.
10. Godâvari (*b*)	73	37,249	121	37,370	17	3,008	8	3,016	1·2	
11. Kistna (*c*)	76	47,507	303	47,810	20	3,592	20	3,612	1·4	
12. Kurnool	93	16,347	..	16,347	17	383	..	383	0·4	
13. Madura	82	33,729	3,349	37,078	19	5,996	218	6,214	3·0	
14. Malabar	92	49,612	53	49,665	24	898	3	901	0·4	
15. Nellore (*d*)	70	29,257	139	29,396	16	899	8	907	0·5	
16. Nilgiris	94	16,702	..	16,702	20	1,445	..	1,445	1·7	(*c*) *Kistna.*—The short outlay is ascribed to several changes among the superior officers of the Local Fund Engineering establishment and to negligence on the part of subordinates.
17. Salem (*e*)	56	25,670	7,272	32,942	26	1,370	475	1,845	1·2	
18. Tanjore	84	34,989	..	34,989	18	1,363	..	1,363	0·7	
19. Tinnevelly	92	28,896	137	29,033	13	1,599	8	1,607	0·7	
20. Trichinopoly	79	15,740	233	15,973	14	882	15	897	0·8	(*d*) *Nellore.*—The short expenditure is explained to be due to (1) the late receipt of bills, (2) payment not made for work done, (3) late sanction of the supplemental budget, (4) some of the sanctioned estimates requiring revision, which could not be done until very late in the year, (5) the Engineer joining the district only in August 1889, and (6) the surrender of a large sum in the revised estimate.
21. Vizagapatam	84	22,884	..	22,884	16	3,998	..	3,998	2·5	
Total ..	83	5,51,495	11,632	5,63,127	18	33,879	757	34,636	1·1	(*e*) *Salem.*—The short outlay is due to the late issue of contract, sudden reduction of rates, failure to prepare plans and estimates, neglect to select sites for sanctioned works and cancellation of original estimates in certain cases.

A. Closed on 1st January 1890.
B. Normal class opened on 1st January 1890.
C. Abolished on 1st July 1889.
D. Nineteen—including 8 who had already passed the Special Upper Primary.
E. Nineteen—including 2 who had passed the Middle School Examination prior to their joining this institution.
F. These figures have been adopted from the Director of Public Instruction report for 1889-90, page 86.
G. Closed on 20th March 1890.
H. Thirty-two—including those who had already passed the Matriculation, &c., examinations.
* Obtained by dividing Rs. 50,480 by the total of column 7 *plus* the 29 passed men referred to in notes D. E. and H.

APPENDIX XXI—*cont.*

Statement showing the statistics of Aided Schools for 1889-90—*cont.*

Districts.	Actual expenditure under grants of all kinds, including building and miscellaneous grants.		Budget allotment.		Percentage of expenditure to allotment.		Explanation given for short outlay.
	1889-90.	1888-89.	1889-90.	1888-89.	1889-90.	1888-89.	
	17	18	19	20	21	22	
	RS.	RS.	RS.	RS.			
1. Anantapur	2,760	2,584	5,000	6,000	55·2	43·0	(1) *Anantapur.*—Fifty-five schools were not examined owing to death, &c., of teachers, non-maintenance of prescribed registers, want of sufficient number of boys, insufficiency of income, &c.
2. Arcot, North	10,447	7,346	13,925	12,705	75·6	57·8	
3. Arcot, South	10,075	10,643	13,266	14,959	75·9	71·1	
4. Bellary	7,351	7,394	10,879	9,976	67·6	74·1	(2) *Bellary.*—The rules of the Grant-in-aid Code were strictly enforced and several schools which had been registered for examination were closed.
5. Canara, South	9,659	8,606	9,530	9,926	101·4	86·7	
6. Chingleput	11,988	11,562	12,589	12,852	99·2	90·0	
7. Coimbatore	9,745	15,010	9,510	22,050	102·0	68·0	
8. Cuddapah	2,448	2,120	5,250	7,680	46·6	27·6	(3) *Cuddapah.*—Some schools were closed, while in some others the number of pupils who earned grants was smaller than that expected and the bills in other cases were not drawn within the year.
9. Ganjam	14,045	15,972	17,240	15,770	81·5	101·3	
10. Godávari	6,625	4,399	11,150	10,870	59·4	40·5	(4) *Godávari.*—In the case of some schools the grants were over estimated. A number of result schools newly opened were closed. Some of the schools were examined late and there was delay in presenting and passing the certifying memoranda in certain cases while in others these memoranda were not in time for payment at the Treasuries.
11. Kistna	10,299	10,174	18,000	18,000	57·2	56·5	(5) *Kistna.*—The estimate was fixed at an unduly high figure.
12. Kurnool	3,121	2,151	4,560	5,063	68·4	42·5	(6) *Kurnool.*—Forty-three schools were not examined (1) for want of teachers, (2) insufficient support, (3) private work and (4) migration of pupils.
13. Madura	14,395	16,342	19,935	26,325	72·2	62·1	
14. Malabar	24,280	30,889	27,586	41,090	88·0	75·1	
15. Nellore	5,693	6,223	9,005	7,400	63·2	84·1	(7) *Nellore.*—Many certifying memoranda were not paid for want of the usual payment orders of the Presidents of Local Boards.
16. Nilgiris	1,639	1,647	1,930	2,140	84·9	77·0	
17. Salem	6,217	5,266	10,062	11,130	61·8	47·3	(8) *Salem.*—One-hundred and fifty-six schools were not examined for non-compliance with the conditions of the Grant-in-aid Code and to the closure of the schools, the teachers having deserted them for want of sufficient remuneration or for other reasons.
18. Tanjore	14,710	10,399	14,806	13,770	99·3	75·5	
19. Tinnevelly	* 20,212	20,790	22,900	30,500	88·3	67·6	
20. Trichinopoly	6,579	10,310	11,148	14,565	59·0	70·8	(9) *Trichinopoly.*—Sixty schools failed to comply with the conditions of the Grant-in-aid Code and were therefore ineligible for grant, and building grants provided were not applied for.
21. Vizagapatam	8,846	6,743	12,000	11,880	73·7	56·8	
Total ..	2,01,134	2,06,570	2,60,271	3,04,651	77·3	67·8	

* Arrears of previous year.

APPENDIX XXII.

STATEMENT showing the net expenditure of Local Boards in each district on education in 1889-90 and the number of pupils under instruction in Board and Aided Schools.

Serial number.	Districts.	Net cost of inspection and training of teachers.	Net cost of Board secondary schools.	Primary.		Miscellaneous charges.	Total net expenditure on education.	Total current income of Local Boards.	Percentage of net expenditure on education to total current income.	Number of Local Fund schools.		Number of aided primary schools.	Total number of schools.	Total number of pupils receiving instruction in Board and aided schools.	Male population of school-going age.	Percentage of column 14 to column 15.

* Has also eight private institutions aided from Local Funds.
† Includes 7,901 cases treated at the five medical centres.
‡ Excludes the work turned out by the two midwives who joined at the close of the year.
§ Calculated for the 7 months the midwife was in service.

APPENDIX XXIV.

A SUMMARY OF THE MEASURES ADOPTED IN FURTHERANCE OF FEMALE MEDICAL EDUCATION IN 1889-90.

1. *Anantapur.*—No expenditure was incurred under this head for want of funds.

2. *Arcot, North.*—A contribution of Rs. 150 was paid to the Chittoor branch of the National Association for rendering medical aid to the women of India, being a moiety of the pay and allowances of the midwife employed in that town for six months from April to September 1889, when her services were dispensed with. The Board has since proposed to train midwifery pupils in the Lying-in Hospital at Vellore.

3. *Arcot, South.*—A scholarship of Rs. 20 is paid to a female student undergoing training for the civil apothecary grade in the Madras Medical College.

4. *Bellary.*—Besides the employment of twelve midwives and the training of another, no steps were taken in this direction.

5. *Canara, South.*—Beyond the employment of five midwives and the training of two more, no steps were taken by the Local Boards in furtherance of female medical education.

6. *Chingleput.*—The District Board are of opinion that, considering the proximity of the district to Madras, what is now being done towards the furtherance of female medical education by the employment of midwives is sufficient.

7. *Coimbatore.*—Three candidates are being trained for the grade of civil apothecary and a sum of Rs. 750 was paid to the credit of the Lady Dufferin Fund for this purpose.

8. *Cuddapah.*—A contribution of Rs. 240 was paid by the Proddutur, Pulivendla, Madanapalle and Kadiri Taluk Boards to the Lady Dufferin Fund for securing the services of a female medical officer.

9. *Ganjam.*—A contribution of Rs. 300 was paid to the Lady Dufferin Fund towards the scholarship of an apothecary student undergoing training at Madras.

10. *Godávari.*—No expenditure was incurred under this head.

11. *Kistna.*—Provision was made for training four midwifery pupils at Madras, but only one was sent, who, after a short stay, resigned her scholarship.

12. *Kurnool.*—No measures were adopted in this direction, as there is a sufficient number of dispensaries in charge of male medical subordinates and women resort to them for aid.

13. *Madura.*—One student on Rs. 25 a month is being trained at Madras for the apothecary grade and two midwifery pupils are being trained locally.

14. *Malabar.*—The provision of Rs. 250 in the budget for training a female medical pupil was not utilized for want of a suitable candidate.

15. *Nellore.*—Of the two hospital assistant scholarships offered by the District Board, one is being held by a lady student in the Madras Medical College.

16. *Nilgiris.*—No provision has been made.

17. *Salem.*—Three female pupils are being trained for the apothecary grade, and Rs. 1,000 were paid for this purpose to the Lady Dufferin Fund.

18. *Tanjore.*—The District Board's proposal to revive the midwifery school has since been abandoned, and the District Surgeon's proposal to offer a scholarship of Rs. 25 each per mensem to two female students was under consideration.

19. *Tinnevelly.*—A pupil for the apothecary grade is being trained in the Madras Medical College and Rs. 240 were placed at the disposal of the Lady Dufferin Fund towards her maintenance.

20. *Trichinopoly.*—All the dispensaries were provided with trained midwives.

21. *Vizagapatam.*—Four candidates are being trained for the civil apothecary grade and Rs. 750 were placed at the disposal of the Lady Dufferin Fund.

APPENDIX XXV.

Order—dated 14th March 1891, No. 608 L., Local and Municipal.

The reports of the several District Boards for 1889-90 having been separately reviewed in the Proceedings read above, the Government now proceeds to deal with them collectively.

2. Notwithstanding the remarks contained in the last General Review and frequent reminders, the submission of administration reports has been still less punctual than in 1889. On the average they were 28 days late, against 21 in the previous year. As in 1888-89, only 2 were received on the prescribed date, viz., the 15th of July, whilst 12 were received within one month, the last two being nearly three months behind time. As usual, the Cuddapah report was the last to reach Government. In some cases, the delay is ascribed to the later date now fixed by the Accountant-General for closing the March supplemental accounts. The Accountant-General's suggestion that Taluk Boards' statements might be compiled from the preliminary accounts for March and revised in the District Boards' offices with reference to the supplemental accounts was not

found to be feasible, as the preliminary accounts for March differ too widely from the supplemental accounts to be of any value, and the matter is now under consideration. Meanwhile, every effort should be made to prevent the recurrence of this unpunctuality in future.

The Government observes with satisfaction, however, that the reports and accompanying statements were generally prepared with greater care than in previous years, although the number of errors, omissions and discrepancies is still large. The best work was received from the districts of Chingleput, Salem, South Canara and Vizagapatam, while the most inaccurate reports and statements were submitted by the District Boards of Bellary, Cuddapah, Godávari, Kurnool and Nellore.

I.—General.

3. *Administration.*—As in previous years, there were 21 District Boards in which the administration of local affairs was primarily vested, besides 86 Taluk Boards working in subordination to them in all districts, except Nílgiris. One Taluk Board was constituted in Kurnool during the year under review. The small tract forming the Cochin taluk in Malabar, and the whole of Kúrnool with the exception of the revenue taluks of Nandyál and Sirvél placed under the control of the Taluk Board above referred to, continued to be directly administered by the District Boards concerned. There were 251 Union Panchayats in existence throughout the Presidency against 242 in the previous year, the increase being due to the formation of nine additional Unions in the districts of Anantapur, North Arcot, Chingleput, Ganjam, Madura and Trichinopoly. None have as yet been constituted in South Canara, Malabar and Nílgiris, the rural population in the first two districts being too scattered to admit of their effectual introduction, and the latter being still in too backward a condition to allow of their introduction.

4. *District Boards.*—Appendix I shows the constitution of each District Board at the close of the year and the attendance of members at its meetings. On the 31st March 1890, the 21 District Boards consisted of 622 members against 640 on the corresponding date of the previous year, the maximum sanctioned strength being 700. The deficiency as compared with the full sanctioned strength must, for the most part, be attributed to the dilatoriness of the District Boards noted below in filling up vacancies:—

North Arcot	..	..	1
South Arcot	..	..	2
Bellary	..	..	2
Canara, South	..	..	2
Chingleput	..	..	1
Cuddapah	..	..	2
Ganjam	..	..	2
Godávari	..	..	10
Kurnool	..	..	17
Madura	..	..	5
Malabar	..	..	6
Nellore	..	..	15
Tinnevelly	..	..	1
Trichinopoly	..	..	1
Vizagapatam	..	..	3
	Total	..	78

In consequence of this neglect the total number of members on the South Canara, Ganjam, Godávari and Nellore District Boards at the end of the year had fallen below the minimum (24) fixed by the Act, and similarly the proportion of nominated official members had in some cases exceeded the prescribed maximum. The attention of the Presidents concerned has been specially drawn to this subject in reviewing the individual reports, and His Excellency in Council trusts that the occurrence of such irregularities will be strictly guarded against in future. Of the total number of members on the 31st March last, 78 were members *ex-officio*, 304 (82 officials and 222 non-officials) nominated by Government, and the remaining 240 (46 officials and 194 non-officials) elected by the Taluk Boards. In the previous year there were 79 *ex-officio* members, 324 (78 officials and 246 non-officials) nominated members, and 237 (37 officials and 200 non-officials) elected members. The proportion of nominated official members, including those *ex-officio*, to the total strength of the Boards, was 25·7 per cent. against 24·5 per cent. in 1888-89, while the number of elected members was

38·6 per cent. of the total strength against 37 per cent. Under the election rules printed and issued as Appendix II to the General Review for 1888-89, one-half of the members forming each District Board will in future be elected by the subordinate Taluk Boards, wherever a sufficient number of the latter exist, but, as appears from the above, considerable progress still requires to be made in order to accomplish this end, in respect of the District Boards taken collectively. The following statement shows the extent to which the rule has been complied with in respect of individual Boards:—

Districts.	Number of elected members.		Percentage of elected members to sanctioned strength of the Board.	
	On the 31st March 1889.	On the 31st March 1890.	On the 31st March 1889.	On the 31st March 1890.
Anantapur	9	9	37·5	37·5
Arcot, North	9	10	28·1	31·25
Arcot, South	9	14	28·1	43·75
Bellary	7	16	19·4	44·4
Canara, South	7	11	29·2	45·8
Chingleput	14	15	43·75	46·9
Coimbatore	16	16	50·0	50·0
Cuddapah	8	19	20·0	47·5
Ganjam	13	7	40·6	21·9
Godávari	16	4	40·0	10·0
Kistna	13	18	36·1	50·0
Madura	13	10	32·5	25·0
Malabar	17	13	47·2	36·1
Nellore	16	3	50·0	9·4
Salem	16	16	50·0	50·0
Tanjore	12	13	30·0	32·5
Tinnevelly	14	14	43·75	43·75
Trichinopoly	15	16	46·9	50·0
Vizagapatam	13	16	40·6	50·0
Total ..	237	240	37·3	37·7

It will thus be observed that the Coimbatore, Kistna, Salem, Trichinopoly and Vizagapatam District Boards already contain the proper number of elected members, and that the requisite proportion has been approximately attained by those of South Arcot, Bellary, South Canara, Chingleput, Cuddapah and Tinnevelly. In Ganjam, Godávari and Nellore, delay in filling up vacancies is responsible for the very bad results shown, which, however, were only temporary. In Anantapur, the members of the Penukonda Taluk Board having failed to elect the three members allowed them by Government, these vacancies were eventually filled up by nomination. With this exception, the Taluk Boards appear to have exercised the rights conferred on them satisfactorily.

At the close of the year, the total number of Europeans and Eurasians occupying seats on District Boards was 121 against 127 in the previous year, and each Board consisted on the average of 30 members, 10 being officials and 20 non-officials.

5. Excluding 8 meetings postponed for want of a quorum in the districts noted in the margin, the 21 District Boards held in the aggregate 245 meetings or very nearly 12 each, against 218 or 10 each in 1888-89. It is satisfactory to observe that the instructions of Government in this respect have been generally complied with. In Vizagapatam and Cuddapah, however, the rule that one meeting at least should be held every month has been relaxed on account of the inconvenience thereby caused to members residing at great distances from headquarters. The District Board of South Arcot held the largest number of meetings (16), and the Trichinopoly, Madura and Tinnevelly District Boards follow next with 15, 14 and 13, respectively. As in the previous year, the District Board

Anantapur	5
Ganjam	1
Godávari	1
Nílgiris	1
Total ..	8

of Vizagapatam met least frequently (8 times), while those of Anantapur, South Canara and Cuddapah assembled on only 10 occasions each. The average attendance at each meeting was 14 (4 officials and 10 non-officials) as in the preceding year, but the percentage to actual strength was 47·9 against 44·5. More than 50 per cent. of the actual number of members attended each meeting in Bellary, South Canara, Chingleput, Godávari, Kurnool, Nílgiris and Salem, and less than 40 per cent. in the districts noted in the margin. The attendance of official members was very bad in North Arcot, South Arcot, Cuddapah, Ganjam, Kistna, Malabar, Salem, Tanjore, Trichinopoly and Vizagapatam, while that of non-officials was fairly satisfactory in all districts, with the exception of Anantapur, Coimbatore and Tanjore. The Presidents of the District Boards concerned have already been directed to take such action as may be necessary under section 24 of the Act for the removal of those members whose attendance has been conspicuously irregular.

Anantapur	37·5
Tanjore	37·5
Trichinopoly	38·7

6. *Taluk Boards.*—Appendix II shows the constitution and attendance of the 86 Taluk Boards. On the 31st March last, these Boards consisted of 1,079 members, who were all appointed by Government, the maximum sanctioned strength being 1,158. Of the total number 313 were officials and 766 non-officials, as compared with 314 and 795, respectively, in 1888-89. In the 25 Taluk Boards noted in the margin there were fewer than the minimum number of 12 members prescribed by the Act, but the vacancies have since been filled up. In addition to 60 meetings adjourned for want of a quorum, 1,097 meetings were held in all, or 1 more than in 1888-89. The Taluk Boards of Gooty (Anantapur) and Musiri (Trichinopoly) held the largest number of meetings (18), and those of Palni and Sivaganga (Madura) the next largest number (17). On the other hand, the 14 Boards noted in the margin failed to meet once a month as required by section 28 of the Act—an omission to which, in reviewing the individual reports, the attention of the Presidents concerned has already been drawn. The average attendance at each meeting was, as in the preceding 2 years, 7 (2 officials and 5 non-officials) or 53·9 per cent. of the total strength, against 51·5 per cent. in 1888-89; 48·9 per cent., of the official and 56·0 per cent. of the non-official members being, as a rule, present, against 47·5 per cent. and 53·1 per cent., respectively, in that year. The attendance of members belonging to the Boards noted in the margin was very unsatisfactory, being less than 40 per cent., and the Presidents concerned have been directed to deal with the worst cases of continued non-attendance under section 24 of the Act.

Of the 20 districts possessing Taluk Boards, no information has been furnished with regard to their working in Bellary, Coimbatore, Kurnool, Tanjore and Trichinopoly. Elsewhere, they are reported to have worked fairly well as a rule, and there seems to be every reason to believe that such was also the case in the districts last mentioned.

7. *Union Panchayats.*—The 9 additional Unions which commenced work during the year under review are noted in the margin; Appendix III shows the constitution of the 248 Union Panchayats then in existence, together with the number of meetings held, the names of those Unions in which house-tax was levied being marked with an asterisk. Their distribution among the several districts is shown below:—

Ambúr, Pólúr } North Arcot.
Kudutani (Bellary).
Varnasi, Battili } Ganjam.
Palayampatti (Madura).
Manachanallur, Puvalur, Jayankondacholapuram } Trichinopoly.

Madura	36
Nellore	14
Salem	8
Tanjore	18
Tinnevelly	23
Trichinopoly	10
Vizagapatam	11
Total ..	248

On the 31st March last, the various Panchayats consisted in all of 2,312 members out of a total sanctioned strength of 2,367. Of these, 606 were *ex-officio* members (village officials), 281 other officials, and 1,425 non-officials, the corresponding numbers for the previous year being 571, 292, and 1,267. At the close of the year, the Tirukoilúr (South Arcot), Ráyadrúg and Kotur (Bellary), and Dowlaishwaram (Godávari), Union Panchayats had each less than the minimum number of members (5) prescribed by the Act. The Presidents of District Boards, in whom the nomination of members to Union Panchayats is now vested, should take steps to fill up the existing vacancies without delay. In some cases the number of official members exceeded that of non-officials, which is undesirable, and the Presidents of the Taluk Boards concerned have already been required, in the reviews on individual reports, to make such alterations in the constitution of these Panchayats as may be found necessary.

These local bodies held in all 2,841 meetings or on an average 11·5 meetings each, against 2,400 or 10 each in 1888-89. The largest number of meetings (20) was held by the Panchayats of Hadagalli (Bellary), Chingleput, Pórumámilla (Cuddapah), and Karaikudi (Madura), while Narsaraopet (Kistna), Tiruvadamarudur (Tanjore) and Perambalúr (Trichinopoly) follow with 19 meetings each, and Vriddháchalam (South Arcot) and Kalladakurchi (Tinnevelly) each held 18. The Panchayat of Calingapatam (Ganjam) did not hold a single meeting during the year, while 107 other Panchayats, excluding the 9 newly constituted, failed to meet once a month, as required by law, the worst offenders in this respect being those noted below:—

The Presidents of Taluk Boards have been reminded that it is their duty to see that the Union Panchayats within their jurisdiction comply with the provisions of the Act in this respect.

No special information has been furnished regarding the working of these bodies in Cuddapah, Kurnool, Tanjore and Salem. In Ganjam, as in the preceding year, they did very badly, owing mainly to the want of proper supervision on the part of the Presidents of Taluk Boards. In Nellore it is reported that 9 out of the 14 Union Panchayats performed their duties efficiently, while the work of the remaining 5 left much to be desired. In the remaining 12 districts, the Panchayats, with a few exceptions, are stated to have worked well and to have displayed much interest and discretion in the proper utilization of the funds entrusted to them. As usual, the work of these local bodies consisted, for the most part, in the supervision of conservancy establishments and the carrying out of local sanitary arrangements in the villages under their control. In some cases the management of elementary schools, markets, choultries, &c., has been specially transferred to them under section 142 of the Act. It is observed that in the Dhárápuram Union (Coimbatore) the ward system prevails, each ward being entrusted to the supervision of a particular member or members. This arrangement might with advantage be adopted elsewhere, and is commended to the attention of all Union Panchayats.

8. *Financial Position.*—Appendices IV, V and VI furnished by the Accountant-General show in detail the receipts and charges of the several Local Boards including Union Panchayats, while Appendix VII shows briefly the financial position of these bodies in each district. The following abstract compares the total results with those of the previous year:—

—	1888-89.				1889-90.			
	District Funds.	Taluk Funds.	Union Funds.	Total.	District Funds.	Taluk Funds.	Union Funds.	Total.

Total assets ..	41,51,486	41,72,337	2,91,613	86,15,436	41,57,046	44,23,034	3,72,725	89,52,805
Total expenditure ..	32,12,179	30,02,412	2,52,168	64,66,759	33,13,210	31,57,683	3,20,410	67,91,303
Closing balance ..	9,39,307	11,69,925	39,445	21,48,677	8,43,836	12,65,351	52,315	21,61,502

Excluding debt heads (Rs. 45,916) and contributions from the Local Boards of one district to those of another (Rs. 4,148), the actual receipts amounted to Rs. 67,54,064 against Rs. 63,03,156 in 1888-89, and the charges to Rs. 67,49,801 against Rs. 64,38,773. The closing balance of the year was thus Rs. 21,61,502 or 32 per cent. of the current receipts, of which Rs. 3,09,438 belonged to endowed institutions in charge of the Local Boards, Rs. 52,315 to Unions, and Rs. 1,68,805 to the

Railway Guarantee Fund in Tanjore. With the exception of Ganjam, every district closed with a balance to its credit, which exceeded a lakh of rupees in North Arcot (Rs. 1,63,282), South Arcot (Rs. 1,39,426), Godávari (Rs. 1,56,393), Kistna (Rs. 1,69,008), Madura (Rs. 1,42,297), Malabar (Rs. 1,75,138), Nellore (Rs. 1,02,705), Salem (Rs. 1,48,235), Tanjore (Rs. 2,55,352) and Vizágapatam (Rs. 1,22,652). In North Arcot, a large portion of the District Fund balance will be utilized in the construction of a causeway across the Pálár, while the various Taluk Boards are about to undertake some almost equally important projects; in South Arcot, contributions to the extent of Rs. 40,000 were due to Government on account of the Ponniár and Gadilam bridges; in Madura, nearly 70 per cent. of the balance belonged to endowed institutions and to Unions; and in Tanjore, more than 75 per cent. appertained to the Railway Guarantee Fund, to endowed institutions and to Unions. The Local Boards of the remaining districts have been directed to utilize the main portion of their balances for the benefit of the rate-payers as soon as possible. In Ganjam, the cost of sinking tanks and wells during the late famine having been temporarily debited to Local Funds, the year closed with a *minus* balance of Rs. 83,830, which was, as usual, made good by the Accountant-General from Provincial Funds pending final adjustment.

9. (*a*) *District and Taluk Funds.*—The principles under which the receipts and charges are distributed between District and Taluk Funds, having been explained in paragraph 9 (*a*) of the General Review for 1888-89, need not be repeated here. It is satisfactory to note that these were not contravened in any instance during the year.

(*b*) *Union Funds.*—The balance in favor of Union Panchayats on the 1st April 1889 was Rs. 39,445. During the year under review, Rs. 1,71,325 were realized from house-tax, school-fees, market rents, pandal fees and other miscellaneous receipts supplemented by contributions amounting to Rs. 1,62,381 (Rs. 2,790 from general District Funds, Rs. 1,52,139 from general Taluk Funds, and Rs. 7,452 from the Market Endowment Fund in Coimbatore, for the sanitation of Union villages in which markets are held). The charges of the year amounted to Rs. 3,20,836, leaving a closing balance of Rs. 52,315. The Unions in the districts of Anantapur, North Arcot, Godávari, Kurnool and Trichinopoly closed the year with deficit balances. In North Arcot, the deficit was, as usual, due to a balance of Rs. 4,037 outstanding against the Arcot market transferred to the charge of the local Union Panchayat. The *minus* balances in the remaining districts should have been made good by additional appropriations from general Taluk Funds. The Presidents of the District Boards of North Arcot, South Arcot, Kurnool and Tanjore are requested to explain the circumstances under which charges on account of establishment and tools and plant have been debited to the Union Panchayats in their districts, as appears from Appendix VII, notwithstanding the orders of Government contained in paragraph 9 (*b*) of the General Review for 1888-89.

10. *Taxation.*—Appendix VIII shows the incidence of Local Fund taxation per head of the population in each district, according to the census of 1881. The average for the Presidency was As. 3-1 including and As. 2-9 excluding tolls, against As. 2-11 and As. 2-6, respectively, in the previous year. Including tolls, taxation was lightest in Ganjam (As. 2-2), Malabar (As. 2-4), South Canara and Trichinopoly (As. 2-5), and heaviest in Nílgiris (As. 11-4); but the circumstances of the last-mentioned district are peculiar, and in only 3 other districts, viz., Godávari (As. 4-1), Bellary (As. 4-5) and Kistna (As. 4-9), was the incidence in excess of As. 4 per head. Taking into consideration the entire Local Fund income, the amount contributed by each person was As. 3-9 against As. 3-6 in the previous year.

II.—RECEIPTS.

11. *Opening Balances.*—Appendix IX exhibits the total receipts of all the Local Boards and Union Panchayats under the several heads, as compared with the budget estimates for the year and the actuals of the previous year. The opening balance was Rs. 21,48,677, against a budget estimate of Rs. 14,54,402. This was the net result of an increase of Rs. 7,12,858 in 19 districts, and of a decrease of Rs. 18,583 in Coimbatore and Kurnool. The increase was large in Malabar (Rs. 1,52,473), Kistna

(Rs. 1,01,295), South Arcot (Rs. 97,309), North Arcot (Rs. 65,393), Tanjore (Rupees 45,889), Trichinopoly (Rs. 45,760), Chingleput (Rs. 32,547) and South Canara (Rs. 30,513), and was due generally to short expenditure under all grants in 1888-89. The decrease in Coimbatore was unimportant (Rs. 2,445), while that in Kurnool, amounting to Rs. 16,138, was mainly attributable to the unfavorable character of the season, which caused a serious diminution in the receipts from land-cess.

12. *Receipts.*—The total current receipts amounted to Rs. 67,54,064 against Rs. 63,03,156 in the previous year. The following abstract compares the realizations under the several heads of revenue with those of 1888-89 :—

—	1888-89.	1889-90.	Percentage of total receipts.	
			1888-89.	1889-90.

Total	63,03,156	67,54,064	100·00	100·00

13. *Land-cess.*—This tax continued to be levied at the rate of 2 annas per rupee of the annual rent value in Malabar, at 1 anna and 3 pies in South Canara, and at 1 anna in the remaining districts, the rate in Godávari having been raised from 9 pies to 1 anna during the year under review. In Tanjore, however, a reservation of one-fourth of the receipts under this head is made by the District Board for the purpose of guaranteeing railway operations in the district. Land-cess is by far the most important source of local revenue, and the collections under this head amounted to Rs. 45,25,480 or 67·02 per cent. of the total receipts of the year against Rs. 43,08,030 or 68·35 per cent. in 1888-89. There was thus an excess of Rs. 2,17,450 as compared with the results of that year, this sum being made up of an increase of Rs. 4,18,007 in 14 districts, counterbalanced by a decrease of Rs. 2,00,557 in 7 others. The increase was large in Vizagapatam (Rs. 1,22,255), Godávari (Rs. 88,300), Ganjam (Rs. 43,927), Tinnevelly (Rs. 39,250) and Coimbatore (Rs. 26,538). In Vizagapatam and Ganjam it was owing to the greater promptitude displayed in realizing the revenue, in Godávari to the enhancement of the rate already referred to, and in the remaining two districts to the revision of the Kistbundi effected in 1888-89. The decrease was large in Nellore (Rs. 76,254), Kistna (Rs. 73,166), Malabar (Rs. 20,730), and Chingleput (Rs. 16,087). In Nellore and Malabar, it was due to the alteration of the Kistbundi in 1888-89, which led to unusually large collections being made in that year; in Kistna, to the cess on certain zemindari lands not having been finally determined within the year under review; and in Chingleput, to short collections arising from the unfavorable character of the season.

14. Appendix X shows the demand, collection and balance of the cess, the rates at which it was levied, and the percentage of collections to demand in the several districts. This statement, as compiled from the District returns, shows the total collections to have aggregated Rs. 45,35,833, or Rs. 10,353 more than the sum mentioned in the preceding paragraph, which has been obtained from the Accountant-General's statements. The reasons for this difference, which is of a recurring nature, have been set forth in paragraph 14 of the General Review for 1888-89, and need not be recapitulated here. There was a satisfactory improvement in the percentage of collections to total demand in 17 districts and a slight falling off in 4 others, the average being 92, against 87 per cent. in 1888-89 and 91 per cent. in each of the two previous years. The collections were extremely good in North Arcot, where almost the whole of the demand was realized, and in Madura, where 99 per cent. was collected; and good in Coimbatore (97 per cent.), Tanjore (97 per cent.), South Canara (96 per cent.), Malabar (96 per cent.), Salem (95 per cent.), Tinnevelly (95 per cent.), and Vizagapatam (95 per cent.). They were worst in Ganjam (64 per cent.), Chingleput (82 per cent.), Kurnool (86 per cent.), and Nellore (86 per cent). In Ganjam, the distress which prevailed during the preceding season had not entirely passed away, and Chingleput also suffered from want of rain. The short collections in Kurnool require explanation, which the President of the District Board has been called upon to furnish, and the results in Nellore show little or no improvement, although the attention of the President of the District Board more than once has been drawn to this subject.

The total amount written off the accounts as irrecoverable, chiefly in Vizagapatam and Salem, was Rs. 6,821 against Rs. 6,152 in 1888-89.

15. *Tolls.*—Appendix XI exhibits the statistics of tolls, which were levied under the Local Boards Act at 279 gates against 264 in the previous year, as distributed below :—

Districts.	No. of gates in 1888-89.	No. of gates in 1889-90.	Increase or decrease.

Total	264	279	+15

In North Arcot and Coimbatore, the opening of 12 additional toll-gates was sanctioned, with a view to raise the funds required for meeting unusually heavy expenditure on roads and bridges. The five new gates shown in South Arcot are subsidiary stations opened for the purpose of preventing the evasion of tolls at existing gates. The Local Fund toll-gate near Cuddapah was abolished as being too near municipal limits, and another at Anakápalle (Vizagapatam) was transferred to the management of the Municipal Council, part of the proceeds being still, however, credited to Local Funds. The only district in which tolls are not levied under the

Local Boards Act is Godávari, while the most heavily tolled district in proportion to its size is South Arcot, where the system was first introduced in 1885 in order to provide funds for repairing the roads and bridges damaged by the floods of 1884. The re-arrangement of toll stations in this and certain other districts, where the practice of locating toll-gates so as to surround centres of traffic prevails, is extremely desirable in the interests of the trading public, and the attention of District Board Presidents is again called to the remarks contained in paragraph 16 of the General Review for 1888-89.

In Tinnevelly and Trichinopoly, the Municipal toll-gates, except those of Tuticorin, are managed by the respective District Boards, which pay a fixed proportion of the receipts to the Councils concerned. In the same manner, the gates on the Kullar-Gúdalúr road (Nílgiris) and on the Calicut-Vayitri road (Malabar), both of which lines of communication are maintained by the Public Works Department, are managed by the respective District Boards, these contributing a fixed proportion of the receipts to Government. As usual, the total collections at all these gates were credited in the District Board's accounts, and the payments made to Municipal Councils and to Government debited therein as expended.

At 91 of the 279 gates tolls were levied at maximum rates, at 186 gates at half rates, at one gate at one-fourth rates, and at the remaining gate, which is situated on the Sátúr Bridge (Tinnevelly), at one anna per cart, all animals being allowed to pass free. The exemption conceded in the last-named instance does not appear to Government to be desirable, and the District Board of Tinnevelly should, after submitting the usual draft notification for the approval of Government, for the future levy half the maximum rates under all the items of the schedule at this toll-gate also.

The 7 gates newly established in North Arcot, two others in Ganjam and 1 in Malabar were managed departmentally; the rest were for the most part leased out to contractors by public auction. A few in South Arcot, South Canara, Ganjam and Malabar also came under departmental management for short periods during the year, owing to accidental causes, such as want of competition at the time of the sales, surrender of leases, &c.

16. According to the statements received from the several districts, with the exception of Kurnool, information as regards which has not been furnished, the total demand on all the gates, including arrears, was Rs. 6,45,694, of which Rs. 6,13,520 or 95 per cent. were collected within the year, against Rs. 5,32,612 or 92 per cent. in 1888-89. It is satisfactory to note that the whole of the demand was realized in Anantapur, North Arcot, South Canara, Kistna, Madura, Nílgiris, Salem, Tanjore, and Vizagapatam, and that the collections were remarkably good in Tinnevelly, Malabar, and South Arcot. They were, however, poor in Ganjam (87 per cent.) and Bellary (75 per cent.), and very bad in Nellore (38 per cent.). In Ganjam, it is reported that some of the balance has since been realized, and that the necessary steps are being taken for the recovery of the remainder. The short collections in Bellary were indeed covered by the deposits of contractors, but these could not be adjusted within the year, having been accepted in the form of Postal Savings Banks accounts. Deposits of contractors should in future be invested in Government securities, endorsed to the President of the District Board concerned, so as to be readily realizable whenever necessary. As regards Nellore, the repeated orders of Government appear to have produced no effect whatever, and the state of collections in this district can only be regarded as most discreditable. Early steps should be taken to adjust the long outstanding arrears, and it is hoped that a little more energy will be displayed in regard to this subject during the current year.

17. The total revenue under the head of Tolls was Rs. 7,54,849, against Rs. 6,63,389 in 1888-89, and formed 11·2 per cent. of the total Local Fund receipts. Of this sum, Rs. 6,16,585 were collected at the Local Fund toll-gates, and the remainder, Rs. 1,38,264, was contributed by Municipalities on account of tolls levied by them on through traffic, the figures for 1888-89 having been Rs. 5,46,577 and Rs. 1,16,812, respectively. The increase in the receipts from Local Fund gates was due chiefly to (1) the establishment of 15 additional gates during the year under review, (2) the collection of a larger amount of arrears, and (3) keener competition at

the time of selling the farms. The large decline noticeable in the Nílgiri district was merely nominal, the receipts in 1888-89 having been abnormally swelled by advance collections appertaining to 1889-90, while in Trichinopoly the heavy arrears of 1887-88 having been included in the collections of 1888-89 tended to augment the gross receipts of that year.

Excluding Rs. 50,139 contributed to Provincial and Municipal Funds, Rs. 703 refunded to Municipalities in Coimbatore and Madura on account of excess collections in 1888-89, and Rs. 10,137 expended on establishments, works, &c., the net income from tolls was Rs. 6,93,870, or Rs. 35-0-3 per mile of road maintained by the Local Boards. The cost of maintaining these roads being Rs. 107-2-2 per mile, 33 per cent. of the total outlay was thus defrayed from tolls, against 30 per cent. in 1888-89. Taking the districts individually, the average net income per mile from tolls was largest in South Arcot (Rs. 89), Nílgiris (Rs. 69), Chingleput (Rs. 62), and Malabar (Rs. 58), and lowest in Godávari (Rs. 2) and Kurnool (Rs. 10). In Godávari, Nellore and Kurnool, the portion of the road expenditure recouped from tolls was under 10 per cent., while in Malabar, Salem, Nílgiris and South Canara, it ranged from 50 to 72 per cent., and in South Arcot was in excess of the expenditure by nearly 6 per cent.

18. *House-tax.*—This tax, which is being gradually introduced into the more important Unions in order to provide for expenditure on sanitation, was levied by 169 Union Panchayats against 127 in 1888-89. It was extended to 35 additional Unions in the districts noted in the margin, and was also collected in 7 of the 8 Unions in Ganjam, where its introduction had been previously postponed in consequence of the distress then prevailing in that district. The imposition of the tax was also sanctioned in the remaining Union in Ganjam for the latter half of the year under review, but owing to the gross negligence of the Taluk Board, which has been duly noticed in the review of the District report, no action whatever was taken. The following statement exhibits the distribution of the 169 Unions above referred to as compared with the total number at work:—

Arcot, North	4
Bellary	1
Chingleput	3
Coimbatore	1
Kistna	3
Kurnool	1
Madura	5
Nellore	14
Tinnevelly	3
Total	35

Districts.	Number of Unions at work.	Number of Unions in which house-tax is levied.
Anantapur	10	10
Arcot, North	11	7
Arcot, South	7	2
Bellary	17	17
Chingleput	12	8
Coimbatore	17	2
Cuddapah	17	..
Ganjam	14	11
Godávari	5	5
Kistna	17	15
Kurnool	1	1
Madura	36	36
Nellore	14	14
Salem	8	8
Tanjore	18	9
Tinnevelly	23	13
Trichinopoly	10	..
Vizagapatam	11	11
Total	248	169

The Unions in the districts of Cuddapah and Trichinopoly were altogether exempted from this tax; but its imposition in the latter district has recently been decided upon. All the Unions in Anantapur, Bellary, Godávari, Kurnool, Madura, Nellore, Salem and

Vizagapatam derive a revenue from this source, and the system is being further extended in North Arcot, Chingleput, Ganjam and Tanjore. It is satisfactory to observe that the tax continued to be realized without much difficulty, and that, except in a few instances, the opposition which it met with when first imposed has almost entirely disappeared. In 86 Unions it was levied at the maximum schedule rates, in 10 at three-fourth rates, in 63 at half rates, and in the remaining 10 at quarter rates. Appendix XII shows the demand, collection and balance of this tax in each district. The total demand, including arrears, amounted to Rs. 1,84,861, of which Rs. 1,52,579 or 83 per cent. were realized, against Rs. 1,15,911 or 82 per cent. in 1888-89. Of the total collections under this head, the Unions in the districts of Madura and Tinnevelly alone contributed Rs. 58,648. Collections were good in Chingleput (95 per cent.), Kistna (95 per cent.), and Bellary (93 per cent.). In Vizagapatam and Tanjore, they showed some improvement as compared with those of the preceding year, but still leave much to be desired. They were exceedingly poor in Ganjam (47 per cent.), Anantapur (52 per cent.), and Kurnool (55 per cent.). In Ganjam, this can only be attributed to the want of proper supervision on the part of Taluk Board Presidents. In Anantapur, no collections were made in the Dharmavaram Union, owing to the incompetence of the Chairman, while those in the Gooty Union were very unsatisfactory. In the Nandyál Union of Kurnool, the actual imposition of the tax was unduly delayed and the collections suffered in consequence. The total revenue from house-tax as shown in Appendix XII (Rs. 1,52,579) appears to be less than that entered in the statement appended to paragraph 12 above by Rs. 295, the difference appearing in the districts of Anantapur, North Arcot, Chingleput, Ganjam, and Godávari. In Anantapur, a sum of Rs. 3, which the President proposed to include in this item, has been omitted by the Accountant-General, not having been intimated to him until after the annual statements had been submitted to Government. In North Arcot, Rs. 6 appertaining to the year 1890-91 were collected in excess, while in Chingleput Rs. 122 were collected, but not remitted to the Treasury during the year under review, and in Ganjam, Rs. 176 realized in 1888-89 were only adjusted after its close. There is further a decrease of Rs. 590 in Godávari. In respect of Rs. 569 of this sum intimation was not received in time by the Accountant-General, and the amount has accordingly not been accepted in his statements. There is still, however, a difference of Rs. 21, which should now be explained by the President of the District Board.

19. Appendix XIII shows the incidence of the house-tax in the several Unions in which it was levied, and other particulars connected with its collection. According to the census of 1881, the total number of houses in the local areas subject to it was 297,478, the number of houses actually assessed being now 293,433. More than 25 per cent. of the houses included in the Unions of Bukkapatnam and Kalyándrúg (Anantapur), Rámesvaram (Madura), Tiruchengód (Salem) and Tiruturaipúndi (Tanjore) and in those of the Vizagapatam district with the exception of Pálkonda, were, however, still exempt from taxation. In the last-mentioned district more than 50 per cent. of the houses in the Unions under the Párvatipur Taluk Board are reported to be thatched buildings occupying less than 36 square yards each, and are consequently exempted from taxation under the measurement system there in force. No explanation has been furnished as regards the other cases by the Presidents of the District Boards concerned, and their attention is again called to this omission, which was noticed in the General Review for 1888-89.

Ráyadrug (Bellary).
Chingleput (Chingleput).
Sríperumbudur (Chingleput).
Rámesvaram (Madura).
Devakota (Madura).
Káraikudi (do.).
Hosur (Salem).
Melaveeraraghavapuram (Tinnevelly).
Virudupati (Tinnevelly).
Bobbili (Vizagapatam).

The total current demand of the tax being Rs. 1,59,645, * the average incidence per house taxed was As. 8-8 against As. 8-7 in the previous year. It was heaviest (Rs. 2-11-8) in the Kodaikánal Union (Madura), the circumstances of which station, however, are peculiar, and was between Re. 1 and Rs. 2 in the 10 Unions noted in the margin, while in 23 others it was less than As. 4.

* Excludes Rs. 74 levied on Godowns in Kistna, in regard to which details are not available.

The number of distress warrants issued for the collection of this tax was 16,041, the amount involved being Rs. 12,878, whereas 23,657 warrants were issued for the collection of Rs. 16,432 in the previous year. In 30 Unions, more than 90 per cent. of the current demand was collected without the employment of coercive measures, but the number of warrants issued was unduly large in the marginally-noted Unions belonging to the Tinnevelly district. Property was, however, distrained in only 1,298 cases to the value of Rs. 962 and sold in 163 cases for Rs. 97, and it is satisfactory to note that, although the collections were, on the whole, better, the coercive provisions of the Act did not require to be so freely resorted to as in the previous year.

Srivaikuntham	2,390
Sankaranainárkoil	1,612
Virudupati	1,900

20. *Educational.*—The receipts in connection with education amounted to Rs. 1,62,386 against Rs. 1,42,918 in the previous year, the increase being mainly under school-fees, which yielded Rs. 1,41,294 against Rs. 1,21,003 in 1888-89. This result may be ascribed to the opening of additional schools, to the transfer of certain aided private schools to the management of Local Boards, and to improved attendance. The sum of Rs. 1,468 shown under the head "Income from Endowments" in the statement in paragraph 12 above represents the receipts of the Moyan endowed lands attached to the female normal school at Tellicherry, and the rent of lands attached to the Ponnoor school (Kistna), while the sum of Rs. 19,624 shown under "Other items" comprises amongst others Rs. 14,711 realized from the sale-proceeds of books and Rs. 2,977 contributed by Municipal Councils and private individuals.

21. *Medical.*—The receipts under this head, such as the sale-proceeds of medicines, contributions from municipalities and private individuals for medical and sanitary purposes, and income derived from the endowments attached to these institutions, &c., amounted to Rs. 22,988 against Rs. 21,378 in 1888-89. The sum of Rs. 385, shown as "Income from endowments" in the statement in paragraph 12 above, represents the rent of lands attached to the dispensaries at Saidápet (Chingleput), Tiruvadanai (Madura) and Ponáni (Malabar), while the sum of Rs. 22,603 shown under "Other items" includes Rs. 14,318 contributed by private individuals in the districts of North Arcot, Ganjam, Godávari, Kistna, Madura, Malabar, Nílgiris, Tanjore, Trichinopoly and Vizagapatam, against Rs. 12,295 in the previous year, Rs. 11,005 in 1887-88, and Rs. 3,542 in 1886-87. The steady increase in the receipts from this source, noted in the last General Review, has therefore continued.

22. *Interest.*—The total income under this head comprising interest on Government securities held by Local Boards and on arrears of revenue amounted to Rs. 56,862, against Rs. 61,112 in the previous year. The decrease was for the most part nominal, arrear interest to a considerable amount having been credited in the accounts for 1888-89, thereby swelling the total. The investments in Government securities, &c., in favor of endowed institutions in charge of Local Boards, and the interest derived therefrom, are shown in Appendix XIV, of which the following is an abstract:—

	Amount of Investments.	Interest.
	RS.	RS.
(1) Schools	1,13,500	4,396
(2) Hospitals and Dispensaries	1,03,700	3,537
(3) Choultries	3,56,750	13,589
(4) Tanjore Railway Guarantee Fund	7,50,000	29,170
(5) Miscellaneous endowed institutions referred to in paragraph 74 below	1,09,541	3,671
Total ..	14,33,491	54,363

Interest due on the amounts invested was not fully drawn during the year in the districts of South Arcot, Cuddapah, Salem and Trichinopoly. Attention is again drawn to this omission, and every effort should be made to prevent its recurrence.

23. *Miscellaneous.*—The receipts arising from choultries, markets, bungalows, ferries, fisheries, avenues, &c., as detailed in the statement appended to paragraph 12 above, amounted to Rs. 6,00,457 against Rs. 5,60,535 in 1888-89. The variations in the several items are explained below—

(*a*) *Choultry Rents.*—The income under this head, comprising the rents of lands attached to choultries and the miscellaneous receipts therefrom, amounted to Rs. 1,91,844 against Rs. 1,94,260 in the previous year. The major portion of this sum accrued, as usual, in the Tanjore district. The most important variations occurred in Madura, Tanjore and Tinnevelly. In Madura, there was an apparent decrease of Rs. 4,705, which was, however, merely nominal, the receipts of 1888-89 including the proceeds of a large quantity of paddy belonging to the Narikudi and Muthananthal choultries in 1887-88. A further decrease of Rs. 1,676 in Tanjore may be attributed to the non-collection of rents from the tenants of the Nidamangalam chattram lands, pending the disposal of the suits filed against them. On the other hand, there was an increase of Rs. 3,322 in Tinnevelly, due mainly to the collection of a large quantity of outstanding arrears.

(*b*) *Markets.*—In 1888-89, the fee system was in force in 309 Local Fund markets, and during the year under review was extended to 33 more, thus raising the number to 342, distributed as follows :—

Coimbatore	66	Salem	12
Madura	61	Malabar	6
Arcot, North	47	Canara, South	4
Cuddapah	34	Kurnool	4
Gudávari	34	Vizagapatam	1
Tinnevelly	25		
Bellary	19	Total	342
Anantapur	15		
Trichinopoly	14		

In addition to these, there were 40 markets under the control of Local Boards in which no fees were levied, and there were also 2 in Tanjore and 1 in the Nílgiris, the fees from which were credited to certain choultries. According to the statements received with the district reports, the balance in favor of these institutions at the beginning of the year was Rs. 1,48,716.* The total current receipts, including miscellaneous items, amounted to Rs. 1,14,901 against Rs. 85,273 in 1888-89, and the charges to Rs. 99,745 against Rs. 84,490, leaving a closing balance of Rs. 1,63,872. The expenditure comprises a sum of Rs. 18,316 incurred in connection with establishments, contingencies, &c., as well as Rs. 81,429 devoted to the improvement of markets and to the construction and maintenance of roads leading thereto. Nearly a third of the closing balance in favor of these institutions was contributed by Madura, the Taluk Boards of which district have been directed to utilize as much as possible before the end of the current year. Otherwise the fees will have to be reduced or abolished for a time. The balances in Bellary, Cuddapah, Godávari, Tinnevelly and Trichinopoly were also large, being more than Rs. 10,000 in each instance, and the Taluk Boards concerned have been directed to expend the greater portion of them in the current year, so as to benefit the people resorting to them.

Market rents alone realized Rs. 1,09,876, against Rs. 83,173 in the previous year and Rs. 60,944 in 1884-85. The increase as compared with the previous year extends to every district, and is ascribed to the opening of additional markets, to the extension of the fee system, and to keener competition at the sale of the leases. As in the previous years, the revenue from this source was largest in Coimbatore (Rs. 28,483); Madura and Godávari coming next with Rs. 19,556 and Rs. 16,425, respectively;

* The difference between this figure and that shown as the closing balance of 1888-89 in paragraph 23 (*b*) of the General Review for that year (Rs. 1,47,836) is due to corrections after audit in Madura.

the receipts in North Arcot (Rs. 9,527), Trichinopoly (Rs. 6,660), Salem (Rs. 6,188), and Cuddapah (Rs. 5,009), being also tolerably large. In South Canara (Rs. 549), Vizagapatam (Rs. 854) and Malabar (Rs. 1,202), they were insignificant, while in the districts of South Arcot, Chingleput, Ganjam, Kistna, Nellore, Nílgiris and Tanjore, no markets in which fees are levied are at present in existence. The desirability of developing a source of income, which meets with little or no objection on the part of the people, has been repeatedly impressed upon Local Boards, and the Government observes with satisfaction that steps are being taken in many localities to carry out these suggestions. The markets under the control of Local Boards are reported to have been, as a general rule, in good condition and to have been freely resorted to by the public.

(*c*) *Bungalow Fees.*—Excluding the bungalow at Madura occupied by the District Board's Engineer, the District officers' bungalow at Mana Madura in the same district, the Dharmapuri bungalow in Salem occupied by the local medical subordinate, 17 bungalows in South Canara which are not available for ordinary travellers and which are maintained from the District officers' fund, and two more in Tanjore attached to certain endowed institutions, there were 256 Local Fund bungalows in 1889-90 against 254 in 1888-89. The number of travellers halting therein was 8,191, and they paid fees to the amount of Rs. 11,597, the corresponding figures for the previous year having been 7,751 and Rs. 11,759. The expenditure incurred on these bungalows, including Public Works charges, amounted to Rs. 27,901 against Rs. 34,224 in 1888-89. The receipts and charges of the "District officers' fund" bungalows in South Canara were Rs. 390 and Rs. 405, respectively, against Rs. 408 and Rs. 470 in the previous year.

(*d*) *Ferry Rents.*—The receipts under this head derived from the ferries under the control of Local Boards amounted to Rs. 24,331 against Rs. 21,496 in 1888-89.

(*e*) *Fishery Rents.*—The receipts from this source amounted to Rs. 1,11,684 against Rs. 1,10,532 in 1888-89. In the following districts, the variations in respect of this item were considerable :—

	Rs.
Arcot, North	+ 1,092
Ganjam	— 2,612
Kistna	+ 1,941
Madura	+ 3,597
Tanjore	— 6,899
Tinnevelly	+ 2,543

In North Arcot and Madura, the increase was due to competition at the sale of the leases and to prompt measures adopted for the realization of the rents; and in Tinnevelly to the favorable character of the season as well as to keener competition. The increase in Kistna and the decreases in Ganjam and Tanjore have not been satisfactorily explained. Of the total income under this head Rs. 1,03,369 were collected by the Revenue Department, and the remainder (Rs. 8,315) by the Public Works Department.

(*f*) *Avenues.*—The total income arising from the rents of avenues and the sale-proceeds of withered trees and clippings amounted to Rs. 94,771 against Rs. 91,508 in 1888-89, while the charges incurred for the plantation and maintenance of avenues were Rs. 81,477 against Rs. 80,775 in that year. Of the total income under this head, the district of Salem alone contributed Rs. 42,197, against Rs. 37,162 in 1888-89 and Rs. 30,277 in 1887-88. This steady increase is attributable to the introduction of the new system of farming the extensive avenues by roads, instead of by taluks and divisions as formerly. The special report on the working of this system, referred to in para. 21 (*f*) of the General Review for 1887-88, has since been received and has been circulated to the other Local Boards for information and guidance. In the year under review, keen competition at the time of selling the farms also contributed to the increase noticed. In Tinnevelly a large number of trees were blown down in the beginning of the year under review, the proceeds of the sale of which contributed to swell the

ordinary income from this source. The increase also observable in Coimbatore has not been explained. The receipts in Chingleput showed an apparent decrease, those of the previous year having been largely augmented by the sale-proceeds of trees blown down in the cyclone of 1888.

The statistics of avenue trees in the several districts are shown in Appendix XV. Out of 24,254 miles of roads in charge of Local Boards, 15,032 miles were planted with trees, of which there were reported to be 2,388,406 on the 1st April 1889. 136,449 trees were planted and 62,693 perished during the year, so that the number left at its close was 2,462,162, assuming the statistics furnished to be accurate, which is very questionable. The number of young trees planted in Coimbatore, Godávari, Kistna, Salem, Tinnevelly and Vizagapatam was considerable, but in Godávari, Madura, Malabar and Nellore the number that perished was either in excess of that planted or approximately equal to it. The total number of trees in the Anantapur, Bellary, Cuddapah, Ganjam, Kurnool and Nellore districts is still very inadequate and immediate steps should be taken to largely increase it. In reviewing the individual reports, the attention of all Local Boards has been repeatedly drawn to this matter, and they have been directed to see that in planting new trees, preference is shown to the more remunerative species, such as the tamarind and mango, with a view to securing an adequate return for the expenditure involved. The condition of the avenue trees is reported to have been, on the whole, satisfactory.

(*g*) The other items of miscellaneous revenues, excepting contributions from private individuals referred to in paragraph 75 below, call for no remarks.

24. *Public Works.*—The receipts under this head amounted to Rs. 48,319 against Rs. 31,611 in 1888-89, the increase occurring mainly under contributions from Municipalities and private individuals, refunds of expenditure, and miscellaneous items, such as sale of tools and plant. The increase in the first case was most conspicuous in the districts of Coimbatore, Godávari, Kistna, Madura, Tanjore and Tinnevelly, and was the result of the following special contributions in addition to those ordinarily made by villagers:—

(1) *Coimbatore.*

	Rs.
(1) By the South Coimbatore Forest Department for the construction of a road	1,350

(2) *Godávari.*

By the Ellóre Municipality towards the construction of the Powerpetta bridge over the Ellore-Bezváda Canal	406
By the Powerpetta Committee towards the construction of the Powerpetta bridge over the Ellore-Bezváda Canal	800
By the Cocanada Municipality towards the repair of the girder bridge at Cocanada	4,000

25. *Contributions from Provincial Funds*—amounted to Rs. 3,02,265 against Rs. 2,85,369 in 1888-89. The following are the purposes for which grants were received from Government:—

	1888-89. Rs.	1889-90. Rs.
(*a*) Public Works	1,24,895	84,200
(*b*) Schools	50,317	81,613
(*c*) Hospitals and Dispensaries	4,781	5,206
(*d*) Choultries	34,069	34,084
(*e*) General purposes	13,430	13,000
(*f*) Refunds	84	332
(*g*) Loan to cover deficit	57,793	83,830
Total	2,85,369	3,02,265

(*a*) The grants for public works were divided amongst the districts of North Arcot, South Canara, Nílgiris and Tinnevelly. The North Arcot Board received a special grant of Rs. 2,600 for repairing certain roads and bridges in the Wálajápet taluk. To the South Canara Board Rs. 15,500 were assigned for the construction of an iron-girder bridge. The usual grant of Rs. 66,000 was made to the Nílgiri Board for the upkeep of the district roads. The Shermádevi Taluk Board in Tinnevelly was paid Rs. 100 towards the construction of a dead-house at Ambásamudram. In addition to these sums, a special grant of Rs. 20,000 was made to the Ganjam District Board for the upkeep of the district roads; but the amount has not been credited in the Board's accounts. The explanation called for from the President has just been received and he has been directed to credit the amount in the current year.

(*b*) Besides the usual allowance of Rs. 960 paid for the support of the yeomiah school at Arcot transferred to the North Arcot District Board in 1884, and the net cost of Rs. 2,654 paid to the Local Boards concerned on behalf of the secondary schools at Chittoor (North Arcot), Russelkonda (Ganjam) and Tiruvalur (Tanjore), transferred to them by Government from time to time, Rs. 77,999 were disbursed by the Director of Public Instruction under the rules of the Government Grant-in-Aid Code.

(*c*) The grant for hospitals and dispensaries was made up of Rs. 2,066 contributed from the Arcot Langarkhana fund to the North Arcot District Board for the upkeep of the Ranipet hospital; Rs. 2,640 paid to the Tanjore District Board for the maintenance of the Raja Mirasidar hospital at Tanjore; Rs. 320 paid to the Local Boards in Madura on account of certain medicines; and Rs. 180 to the Vizagapatam District Board towards the salaries of the clerks attached to the District Medical and Sanitary Officer in consideration of the work done by them in connection with the Agency tracts and Police hospitals.

(*d*) The Local Boards of Anantapur, North Arcot, South Arcot, Coimbatore, Kurnool, Madura, Nílgiris, Salem, Tanjore and Tinnevelly received, as usual, grants amounting to Rs. 34,084 on account of choultries. These grants were in most cases given in lieu of emoluments from lands originally assigned to the choultries by their founders, but subsequently resumed by Government.

(*e*) The Nílgiri District Board was, as usual, paid a grant of Rs. 13,000 for general purposes in consideration of the paucity of its funds.

(*f*) A sum of Rs. 332 was refunded to Local Boards on account of excess payments made by them to Provincial funds in the previous year.

(*g*) A temporary allotment of Rs. 83,830 was made to the Ganjam District Board in order to cover the deficit with which the accounts of that district closed the year, as already stated in para. 8 *supra*.

26. *Contribution from Special Funds*—(*a*) *Pound Fund.*—The amount shown under this head represents the arrears of contributions due for 1888-89, those from and after the year under review having been resumed and appropriated to general agricultural purposes.

(*b*) *Canal and Ferry Fund.*—The surplus collections at the ferries in South Canara, Kistna, Malabar, Tanjore and Trichinopoly established under the Madras Act I of 1870, which were handed over to the respective District Boards, amounted to Rs. 90,553 against Rs. 89,689 in the previous year. There was an increase of Rs. 3,344 in Malabar, owing to the farms having fetched higher prices, and a decrease of Rs. 2,000 in Trichinopoly, which has not been explained. Of the total income under this head, Rs. 57,474 accrued in Malabar and Rs. 16,279 in South Canara.

27. *Contributions from Municipalities*, amounting to Rs. 11,088, were received for the following purposes, against Rs. 5,461 in 1888-89. These are included under the respective heads in the statement in para. 12 above:—

	1888-89.	1889-90.
	RS.	RS.
Education	1,505	1,125
Medical	3,060	3,253
Public Works	532	6,308
Miscellaneous	364	402
Total ..	5,461	11,088

III.—EXPENDITURE.

28. Excluding debt heads (Rs. 37,354) and contributions from the Local Boards of one district to those of another (Rs. 4,148), the total expenditure of all Local Boards amounted to Rs. 67,49,801, against Rs. 64,38,773 in the previous year, the increase appearing mainly under Grants II and III. Appendix XVI shows the total expenditure, as compared with the budget estimates and the actuals of the previous year, and the following abstract contrasts the expenditure under the several heads and the percentage of outlay under each grant with the corresponding figures for 1888-89 :—

Grants.	1888-89.	1889-90.	Percentage. 1888-89.	Percentage. 1889-90.
	RS.	RS.		
Grant I—				
Communications	29,00,012	29,18,899		
Buildings	1,53,546	1,50,309

Total ..	3,37,152	3,67,592	5	5
Investment in Government securities	1,02,550	50,000	2	1
Total expenditure ..	64,38,773	67,49,801	100	100

29. *Grant I, Public Works.*—Appendix XVII exhibits in detail the expenditure on Public Works and the cost of the supervising establishments, including

contingencies and tools and plant. The total outlay was Rs. 32,69,754, against Rs. 32,34,371 in 1888-89, as shown below :—

	1888-89.	1889-90.
	RS.	RS.
By the Engineering establishments employed by Local Boards	29,85,692	30,58,025
By the Revenue Department on behalf of Local Boards	1,43,480	1,44,327
By the Public Works Department on behalf of Local Boards	1,05,199	67,402
Total ..	32,34,371	32,69,754

Of the total sum, the expenditure on communications alone amounted to Rs. 29,18,899 or 88 per cent. of the allotment, against Rs. 29,00,012 or 90 per cent. in 1888-89, Rs. 28,52,001 being spent by the Engineering establishments employed by Local Boards and by the Revenue Department, and the remainder (Rs. 66,898) by the Public Works Department. The latter sum was devoted chiefly to the construction of the Vaigai bridge in Madura and of the Talavassal bridge in Salem, to the maintenance of the Cumbum-Gúdalúr road in the former district, and to the repair of roads running along tank-bunds and canal and channel banks in the districts of North Arcot, South Arcot, Ganjam, Godávari, Kistna, Nellore, Tanjore, Trichinopoly and Tinnevelly. The outlay on the construction and repair of buildings amounted to Rs. 1,50,309 against Rs. 1,53,546 in 1888-89, while that on Miscellaneous Public Improvements, such as avenues, markets, tanks, wells, &c., was Rs. 2,00,546 against Rs. 1,80,813. The latter figure, however, includes Rs. 504 spent by the Public Works Department, and wrongly debited to this head instead of to New Works—Communications, the amount having been expended in raising a surplus channel bank on which a road runs. The same error in classification was noticed in the General Review for 1888-89.

30. It is to be regretted that the proportion of the total expenditure on public works to the sanctioned allotment was only 83 per cent. against 85 per cent. in each of the preceding two years. It was very good in Ganjam (99 per cent.), but discreditably low in the five districts marginally noted. The explanations offered for the short outlay by these five Boards are summarised in the last column of Appendix XVII. That furnished by the Salem District Board has not been accepted by Government as sufficient, and the various Local Boards in that district have been directed to pay special attention to this subject in future. It is also hoped that the recent reorganization of the Engineering staff in Salem will be attended with better results in the current year. In Nellore, a temporary establishment was sanctioned by Government in order that the budget allotments might be fully expended, and with better management on the part of the President, a more satisfactory result might have been achieved. His explanation has not, therefore, been admitted, and he has been directed to insist on the sanctioned allotments being more fully utilized in future. The President of the Godávari District Board has also been instructed to impress upon the Local Fund Engineer the necessity for fully spending the sanctioned allotments by preventing unnecessary alteration of estimates and consequent delay in the passing of them by Local Boards. There was a slight improvement in Bellary as compared with the results of the previous year, but the explanations furnished for the short outlay suggest the conclusion that there is, even now, a reprehensible want of energy displayed in the execution of public works. In Kistna, there were several instances of works not having been undertaken, owing to the estimates being still under preparation. On the whole, the remarks contained in paragraph 30 of the General Review for 1888-89 are still applicable, and the special attention of all Local Boards is again directed to this subject.

	Percentage.
Salem	56
Nellore	70
Godávari	73
Bellary	76
Kistna	76

31. *Important Projects.*—The most important Public Works projects under execution by Local Boards during the year are included in the following statement :—

District.	Project.	Amount of estimate.	Outlay in previous years.	Outlay during 1889-90.	Remarks.
		RS.	RS.	RS.	
Arcot, South ..	Construction of a masonry bridge across the Ponniár.	1,66,100	..	..	The execution of this work was undertaken by Government on condition of the District Board contributing Rs. 1,00,000 towards the expense of constructing it.
Canara, South ..	(1) Road from Bislighat to Uppinangadi.	33,500	21,479	10,538	The construction of this road, which has been nearly completed, was undertaken on the representation of the Chief Commissioner of Coorg, the Government contributing the total cost.
	(2) Constructing the Mundajee bridge.	15,500	..	12,014	The whole of the amount required for this work has been granted by Government, as its completion will restore communication at all seasons of the year between South Canara and Mysore *viâ* the Charmadi ghât.
Ganjam ..	Construction of a road from a point near the bridge on the Mahandratanaya river to Goppili *via* Mandasa.	66,650	61,062	1,500	This is an old work sanctioned in 1877 and handed over by the Public Works Department to the District Board on the transfer of agency. For want of funds, only Rs. 1,500 were allotted during the year and this amount was fully expended.
Madura	Construction of a bridge over the Vaigai river at Madura.	3,21,460	2,33,402	13,063	The execution of this work, which has been completed, was entrusted to the Public Works Department. Of the total cost, Rs. 60,000 were contributed by Government and Rs. 30,000 by the Madura Municipal Council.
Salem	Construction of Talavasal bridge.	58,500	5,457	31,609	The execution of this work, which will be completed in the course of the current year, has been entrusted to the Public Works Department.
Tanjore ..	Constructing a bridge over the Virasholanar.	12,800	6,224	3,475	Almost completed.
Tinnevelly ..	Constructing iron-braced girder bridge across the Támbraparni at Srívaikuntham.	1,14,500	50,276	64,749	Of the total amount required for this work, which was completed during the year, Rs. 45,000 were obtained as a loan from the Taluk Endowment fund, of which sum Rs. 15,000 have been already refunded. Rs. 35,000 were also borrowed from the Etiyápuram Zemindar on condition of the amount being returned in Government promissory notes. The first instalment has accordingly been purchased for Rs. 3,500.

32. *Roads.*—As in the previous year, the Calicut-Vayitri road in Malabar and the Mettupálaiyam-Gúdalúr road in Nílgiris were in charge of the Public Works Department. Statistics relating to the other roads which are under the control of Local Boards will be found tabulated in Appendix XVIII. The total mileage of these roads at the commencement of the year, the length maintained during the year, and the cost of their maintenance, are compared below with the figures of 1888-89 :—

		Mileage of roads under Local Boards at the commencement of the year.	Mileage of roads maintained	Cost of maintenance.	Mileage of new roads completed during the year.	Cost of new roads completed.	Mileage of roads under construction.	Cost of roads under construction.
				RS.		RS.		RS.
1888-89 ..	Village	3,684	2,474	1,23,882	71	23,149	39	7,574
	Taluk	9,844	9,043	7,35,583	116	1,22,595	40	7,748
	District	9,217	8,794	11,33,996	60	1,10,628	127	26,163
	Total ..	22,745	20,311	19,93,461	247	2,56,372	206	41,485
1889-90 ..	Village	* 5,007	2,157	1,48,894	76	34,874	49	9,600
	Taluk	* 10,292	9,024	7,64,921	56	82,561	69	20,903
	District	* 8,955	8,635	12,09,184	93	84,665	135	34,693
	Total ..	24,254	19,816	21,22,999	225	2,02,100	253	65,196

* Variations between these figures and those of 1888-89, due to revised classification and to the inclusion, as village roads, of all roads of a serviceable though temporary description.

It is observed with regret that the total length of road actually maintained during the year fell short of that reported in the previous year by 495 miles. In Madura no alteration took place, and in the 12 districts marginally noted, a total additional length of 256 miles was maintained, but this was more than compensated for by a falling off to the extent of 751 miles in the districts of North Arcot, South Arcot, Bellary, South Canara, Chingleput, Coimbatore, Malabar and Salem. No satisfactory explanation has been furnished for this reduction by any of the District Boards concerned.

Anantapur.	Nellore.
Cuddapah.	Nílgiris.
Ganjam.	Tanjore.
Godávari.	Tinnevelly.
Kistna.	Trichinopoly.
Kurnool.	Vizagapatam.

The expenditure on new roads, including those in progress but not yet opened, was, as in 1888-89, large in Kistna (Rs. 78,643), Kurnool (Rs. 33,138), South Canara (Rs. 26,810) and Godávari (Rs. 21,062). Compared with that year, however, the outlay in the first-mentioned district showed a very material decrease, and was mainly incurred on the re-metalling and re-forming of existing lines of communication.

It is satisfactory to observe that the outlay on village roads was 8·1 per cent. of the total expenditure, against 6·7 per cent. in 1888-89 and 6·3 per cent. in 1887-88. The proportion was largest in Bellary (38 per cent.), Coimbatore (16 per cent.), Tanjore (15 per cent.), North Arcot (12 per cent.), Tinnevelly (11 per cent.), and Madura (10 per cent.), and lowest in Salem (·8 per cent.), Vizagapatam (1·9 per cent.), Trichinopoly (3·7 per cent.) and Anantapur (3·9 per cent.). The attention of the Local Boards in the 4 last-mentioned districts has been drawn to these unsatisfactory results, and His Excellency the Governor in Council trusts that they will not neglect this important part of their duties in future.

The cost of maintaining each mile of road was, on an average, Rs. 107, as compared with Rs. 98 in 1888-89. It was low in the districts of Salem (Rs. 56), Anantapur (Rs. 57), South Canara (Rs. 59) and Cuddapah (Rs. 74), but very high in Nellore (Rs. 243), Chingleput (Rs. 162), Kistna (Rs. 162), Vizagapatam (Rs. 137), Ganjam (Rs. 134) and Tinnevelly (Rs. 131).

The condition of the roads in Kurnool, Nellore and Trichinopoly, which was unsatisfactory in 1888-89, showed some improvement during the year under review, but in Bellary they continued to be in bad order, and the recently-adopted departmental system of repairing them does not appear to have worked much better than the old contract system—a return to which, although deprecated by the President of the District Board, has been recommended by the various Local Boards. In Salem, the roads appear to have deteriorated, and in Ganjam, the severe floods of November 1889 caused much damage which has not yet been repaired, while in South Arcot, except in the Tiruvannámalai and Kallakurchi taluks, the roads were decidedly bad. In Malabar, the Local Fund Engineer reports that the roads were kept in fair order, but the District Board was of opinion that there still is great room for improvement. In the remaining districts, the roads are reported to have been generally maintained in fair order, except in the areas noted in the margin. In Cuddapah, the system of road management introduced in 1887-88, under which the upkeep of certain selected lines of communication is entrusted to the sole charge of contractors, continued in force during the year, and the roads under this system are stated to have been kept in fair condition. The report on its working called for in G.O., 21st May 1888, Mis. No. 949 L., has just been received and will be disposed of separately.

North Arcot—
The Chandragiri taluk and Kálahasti and Maderpak.
Cuddapah—
The sub-division and the Badvél, Sidhout and Pullampet taluks.
Kistna—
The delta and black cotton tracts.
Madura—
The Tirumangalam and Ramnad taluks.

33. *Buildings.*—The expenditure under this head amounted to Rs. 1,50,309, against Rs. 1,53,546 in the previous year, as shown below :—

	1888-89.	1889-90.
	Rs.	Rs.
Schools	22,570	25,311
Hospitals and dispensaries	38,806	50,439
Choultries	35,463	36,130
Bungalows	18,636	19,557
Office buildings, &c.	10,527	7,151
Miscellaneous	27,544	11,721
Total ..	1,53,546	1,50,309

The most important works completed during the year are entered in the following statement :—

District.	Buildings.	Total estimate.	Expenditure in 1888-89.
		Rs.	Rs.
South Arcot ..	Construction of a choultry at Pennathur.	2,520	369
Coimbatore	Construction of a building for the offices of the District Board, Taluk Board and Local Fund Engineer.	8,300	2,301
Nellore	Construction of Dugarázpatnam choultry.	4,330	38
Kurnool	Construction of a dispensary at Dhone.	3,312	1,650
Madura	Construction of a choultry at Usilampatti.	2,820	1,804
	Purchase of a bungalow for Normal school.	7,099	7,094
Trichinopoly ..	Construction of a dispensary at Turaiyúr.	3,190	1,435

34. *Miscellaneous Public Improvements.*—The outlay under this head was Rs. 2,00,546, against Rs. 1,80,813 in the previous year, as shown below :—

	1888-89.	1889-90.
	Rs.	Rs.
Markets	26,588	46,077
Tanks and wells	30,634	36,651
Sanitary works	13,848	12,348
Chattram irrigation works	2,651	10,538
Avenues	80,775	81,477
Miscellaneous	26,317	13,455
Total ..	1,80,813	2,00,546

35. *Establishment and Contingencies.*—The sum of Rs. 5,62,790 shown under this head in the statement in paragraph 28 above, is made up of the following items :—

	Rs.
(1) Local Fund Engineering establishments including contingencies	5,51,495
(2) Public Works Department for the supervision of works ..	11,632
(3) Do. do. for the scrutiny of plans and estimates	— 7,047
(4) Toll and ferry establishments	6,710
Total ..	5,62,790

For the execution of public works, every District Board maintained its own Engineering establishment, as in previous years. These worked under the direct control of the District Boards, the Taluk Boards generally contributing a portion of the cost according to their respective outlay from Taluk funds on public works. Their total

cost including contingencies amounted to Rs. 5,51,495 or 18 per cent. of the outlay on works executed by their agency, against Rs. 5,55,350 or 19 per cent. in the previous year, the maximum limit fixed by Government being 20 per cent., and the charge payable to the Public Works Department for carrying out Local Fund works, 23 per cent. The limit was, however, exceeded in Salem (26 per cent.), Malabar (24 per cent.), Bellary (22 per cent.), Anantapur (21 per cent.) and Ganjam (21 per cent.). In Salem, Anantapur and Bellary, this result was attributable to the exceptionally small outlay on public works, and in Malabar, although the percentage is still high, there has been an immense improvement as compared with the previous year, when it was no less than 42 per cent. A further reduction has been effected in the current year by a revision of establishment. The excess in Ganjam is ascribed to lack of funds, which prevented much expenditure on new works. On the other hand, in Tinnevelly, Trichinopoly and North Arcot, the cost of establishment was particularly low, ranging between 13 and 15 per cent. of the outlay on works.

A sum of Rs. 11,632 was paid to the Public Works Department for the execution of Local Fund works entrusted to them in the districts of North Arcot, Cuddapah, Ganjam, Godávari, Kistna, Madura, Malabar, Nellore, Salem, Tinnevelly and Trichinopoly. The *minus* entry of Rs. 109 under this head in Appendix V against Ganjam was due to a refund of Rs. 238, being the unspent balance of grants made in previous years for the maintenance of the Aska-Suradá road. This sum, however, should have been included under Repairs—Communications and not under Establishment.

The *minus* entry of Rs. 7,047 under contributions to the Public Works Department for the scrutiny of plans and estimates is the result of refunding excess charges levied in previous years, with reference to the revised rules sanctioned in April 1889 and alluded to in paragraph 35 of the last General Review.

Toll and ferry establishments cost Rs. 6,710, against Rs. 7,598 in 1888-89.

36. The expenditure on tools and plant amounted to Rs. 34,636, or 1·1 per cent. of the outlay on works, against 0·9 per cent. in 1888-89, the maximum limit fixed by Government being 1 per cent. for all districts, except Nílgiris, where, owing to its peculiar circumstances, this limit is not insisted upon. The outlay was excessive in Madura (3 per cent.), Vizagapatam (2·5 per cent.), Kistna (1·4 per cent.), Godávari (1·2 per cent.), Salem (1·2 per cent.) and South Canara (1·1 per cent.). The increase in Madura is attributed to the purchase of a large number of water-carts and casks, and in Vizagapatam to provision made in anticipation of the opening of famine relief works. The excess in the remaining districts, with the exception of South Canara, which shows an improvement as compared with the figures of 1888-89, was due to short expenditure on works ; care should be taken to prevent its recurrence.

37. *Contributions to Provincial, Municipal, &c., Funds.*—The most important contributions assigned during the year under review were the following :—

(a) To the French Government at Pondicherry.

	Rs.
By the District Board, South Arcot, towards the construction of the Chunambar bridge on the road from Cuddalore to Pondicherry, the amount having been contributed to the Board by Government ..	60,473

(b) To the Public Works Department.

(1) One-third of the tolls collected on the Kullar-Gúdalúr road in Nílgiris, which is in charge of the Public Works Department	11,780
(2) The net receipts from the tolls on the Calicut-Vayitri road in Malabar, which is in charge of the Public Works Department	9,265
(3) Second instalment of the contribution promised by the Malabar District Board towards the cost of the new public offices at Calicut	6,721

(*c*) *To the South Indian Railway Company.*

	RS.
By the Tanjore District Board on account of the survey of the Máyavaram-Mutupet railway	13,245

(*d*) *To Municipalities.*

(1) By the Malabar District Board, to the Calicut and Tellicherry Municipalities on account of tolls	7,286
(2) By the Tinnevelly District Board, to the Tinnevelly and Palamcottah Municipalities on account of tolls levied by the Board .	9,150
(3) By the Trichinopoly District Board, to the Trichinopoly and Srírangam Municipalities on account of their share of the tolls levied by the Board	10,719

The second instalments of the contributions, amounting to Rs. 30,000 and Rs. 10,000, respectively, promised by the South Arcot District Board towards the reconstruction of the Ponniár and Gadilam bridges, were not paid within the year, but have since been adjusted.

38. *Grant II, Education.*—The Educational operations of Local Boards were, as usual, chiefly confined to the maintenance and aid of elementary boys' schools, and to the training of primary teachers. There were 2,008 Local Fund schools at the end of the year under review, as against 1,510 in 1888-89, of which only 88, as against 91 belonged to the secondary grade. A few were intended solely for girls, and in others, girls as well as boys were admitted; but the cost of female education, as a rule, was borne by Government. The total number of girls educated by Local Fund agency was 8,360, as compared with 6,410 in the previous year, the grand total of attendance at all these schools being 73,141, as against 55,213 in that preceding..

39. The total expenditure on education, excluding the cost of constructing and repairing school-buildings (Rs. 25,311), which is debited to Grant I, amounted to Rs. 8,05,355 against Rs. 7,06,882 in the previous year.

The receipts and charges and other particulars connected with the Board and Aided schools are shown in Appendices XIX, XX and XXI,* but these do not include receipts from the sale of books, contributions from Municipalities, or charges connected with the purchase of books and other miscellaneous items.

40. *Inspection.*—The Educational operations of Local Boards were, as usual, supervised by Sub-Assistant Inspectors of Schools and Inspecting Schoolmasters. The Sub-Assistant Inspectors, of whom there were 52 against 51 in the previous year, were borne on the Provincial list, while the Inspecting Schoolmasters, of whom there were 162 against 153 in 1888-89, were paid from Local Funds. The Inspecting Schoolmasters visited 19,846 villages and prepared 16,607 schools for examination against 23,330 and 17,117, respectively, in the previous year. The work of these officers was not, on the whole, satisfactory, except in the districts of North Arcot, South Arcot, Chingleput, Ganjam, Kistna, Nellore and Tinnevelly, though they cost rather more than in 1888-89, viz., Rs. 72,671 against Rs. 63,602.

41. *Normal Schools.*—At the end of 1888-89 there were 32 Normal schools for training elementary teachers, under the control of the various District Boards. The total number was not altered during the year under review, though the Tirukoilúr school in South Arcot, the Tirutani school in North Arcot and the Mappilla Normal school at Tellicherry in Malabar were abolished, three small schools at Tiruvannámalai, Kallakurchi and Mannárgudi being substituted for that first mentioned, and a normal class for training Telugu teachers of the primary lower grade attached to the High school at Chittoor in lieu of the second. A Sessional school for training the latter class of teachers for the Special Upper Primary examination was also opened at Palmanér. From Appendix XIX, which shows the statistics appertaining to these schools, it will be seen that each District Board continues to maintain at least one school of this class, while there were four such schools in Malabar and the same number in South Arcot. That at Tellicherry supported from the Moyan Endowment fund is intended for

* These appendices have been compiled from Statements IX and X, submitted with the District Boards' reports. The Financial transactions shown therein do not agree in some cases with the Accountant-General's figures in Appendices IV and V. The figures given in paragraphs 41 to 48 and 50 have been taken from Appendices XIX—XXI.

females. In all these institutions, excluding the Normal school at Nandyál, regarding which figures, though called for, have not yet been furnished there were 833 students under training during the year, against 808 in the previous year. Of these 783 were stipendiary students paid from Local Funds, while the remaining 50 were either free students or were paid for by Municipalities, the corresponding numbers in the previous year having been 752 and 56. The number of pupils under training on the 31st March 1890 in the schools noted in the margin was very small. The small attendance in those at Tiruvannámalai, Kallakurchi, Mannárgudi and Chittoor may be attributed to their recent establishment, and the Yedapalle and Guntúr schools have recently been abolished. Steps should be taken to increase the number of girls under training in the school at Tellicherry. Excluding 29 pupils in Mangalore, Chingleput and Calicut, who had already passed either the Matriculation, the Middle School or the Special Upper Primary examination, 650 pupils appeared for the latter test, of whom 373 or 57 per cent. passed, as in the preceding year. The results in the Masulipatam school were exceedingly good, while those elsewhere, excepting in the schools at Arcot, Bellary, Ongole and Yedapalle, were fair. The unsatisfactory results of the Bellary school are ascribed to the head master, whose transfer, as recommended by the Inspector, if has not yet been possible to carry out, and those of the Ongole school to dissensions between two of the teachers, who have since been dismissed. The school at Yedapalle has now been abolished, as already stated, and the Arcot school has been transferred to Arni. From information furnished by the several District Boards, it appears that out of 12,173 teachers employed in the various classes of Local Fund and Aided schools, only 5,008 were in any way qualified, as shown in the margin. In the individual reviews, all Local Boards have been directed to encourage as much as possible the popularity of Normal and Sessional schools by employing none but trained teachers, and by refusing or reducing their grants to such schools as do not follow the same course.

Tiruvannámalai ..	11	Chittoor ..	16
Kallakurchi	12	Mannárgudi ..	16
Tellicherry (female) ..	12	Yedapalle ..	16
		Guntúr ..	19

Number holding normal certificates ..	3,084
,, ,, ordinary ,, ..	381
,, ,, general education certificates ..	1,543
Total ..	5,008

The total cost of Normal schools was Rs. 82,533 against Rs. 75,684 in 1888-89. Deducting, however, Provincial grants, school-fees and other miscellaneous receipts, the net cost was Rs. 50,480 or Rs. 126 for each successful student, the corresponding figures for the previous year being Rs. 50,481 and Rs. 128. The average cost was very low in the Calicut Hindu school (Rs. 22), Chicacole (Rs. 28), Berhampore (Rs. 34), Nandyál (Rs. 42), Chingleput (Rs. 59) and Mangalore (Rs. 69), but very high in the schools noted in the margin, the high averages being mostly due to the small number of students presented for examination and to the low percentage of passes secured. The attention of the District Boards concerned has been drawn to this matter, and it is hoped that better results will be obtained in the current year.

	Average cost. RS.
Tirutani	277
Arcot	540
Tiruvannámalai	261
Mannárgudi	496
Bellary	328
Calicut (Mapilla)	324
Tellicherry (Mapilla)	219
Nellore	235

42. *Sessional Schools.*—There were eight schools of this class at the close of 1888-89, and, during the year under review, the number was raised to 30 by the establishment of new schools in North Arcot (1), Bellary (1), Coimbatore (4), Cuddapah (2), Madura (1), Malabar (10), Tanjore (1) and Tinnevelly (2). In Cuddapah, however, the school newly opened at Rajampet was almost immediately closed for want of pupils. Statistics relating to these schools are exhibited in the following statement:—

Districts.	Number of schools.	Number of students.	Cost.
			Rs.
North Arcot	1	17	25
Bellary	2	24	
South Canara	5	57	485
Coimbatore	4	40	373
Cuddapah	2	16	106
Madura	2	22	91
Malabar	10	100	1,120
Tanjore	1	16	106
Tinnevelly	3	48	395

The examination results of the above schools, so far as information is available, appear to have been, on the whole, satisfactory. In preceding reviews, the Government has urged all District Boards to consider the advisability of opening more schools of this description, as an experimental measure, and their attention is again invited to this subject.

43. *Technical Schools.*—In addition to the four carpentry classes enumerated in paragraph 43 of the General Review for 1888-89, two more were opened during the year under review—one in the Hospet Middle school and the other in Rasipur Middle school. All these classes, except the one attached to the Hospet school, in regard to which no information has been furnished, appear to have made satisfactory progress. The proposal for opening an Industrial school at Náyudupet (Nellore) could not be carried into effect owing to want of pupils. Projects for establishing Technico-normal Institutes in the districts of Kistna, Madura, Tanjore, Tinnevelly and Trichinopoly have been sanctioned, but Government has since ruled that no expenditure should be incurred on technical education from Local Funds, unless and until adequate provision has been made for the extension of Primary general education, which has been too much neglected.

44. *Secondary Board Schools.*—At the end of 1888-89, there were 91 Local Fund Secondary schools. During the year under review, this number was reduced to 88 owing to the variations noted below:—

Districts.	Name of school.	Remarks.
North Arcot	Punganúr	Transferred to the American Mission at the request of the Zemindar.
South Canara	Coondapoor	The High and Middle schools were amalgamated by the Taluk Board.
Malabar	Manantoddy	Abolished with a view to provide funds for the extension of Primary education.
Nellore	Atmakúr	The Primary school was raised to the Secondary grade as a tentative measure.
Salem	Harúr	Reduced to the Primary grade owing to paucity of pupils.
Trichinopoly	Perambalúr	Raised to the Secondary grade in January 1891.
Do.	Udayárpálaiyam	Reduced to the Primary grade owing to paucity of pupils.
Vizagapatam	Chódavaram	Newly opened in 1889.
Do.	Chipurupalle	Reduced to the Primary grade, the boys not being willing to pay the prescribed fees.

Of the total number, 13, including the Sanskrit college at Tiruvádi, were High schools and the remaining 75 Middle schools. The High school at Pálkonda (Vizagapatam) was reduced to the Middle School standard during the year, the results at the Middle School examination having been exceedingly bad. The Sanskrit college at Tiruvádi attached to the Kalayanamahal chattram (Tanjore) was attended by 89

students at the close of the year. It was, as usual, examined by the head pundit of the Kumbakónam College, but the work done was hardly as satisfactory as in previous years. The following statement shows the number and working of the High and Middle schools in the several districts:—

Serial number.	District.	Grade of school.	Number of schools.	Number of pupils on the 31st March 1890.	Matriculation Examination.		Middle School Examination.	
					Number presented.	Number passed.	Number presented.	Number passed.
1	Anantapur	High schools	..	..	..	..	..	..
		Middle schools	1	45	..	..	..	..
2	Arcot, North	High schools	1	186	27	15	46	26
		Middle schools	8	526	..	..	47	12
3	Arcot, South	High schools	1	58	7	..	20	12
		Middle schools	6	218	..	..	46	14
4	Bellary	High schools	1	70	..	..	23	10
		Middle schools	2	125	..	..	14	4
5	Canara, South	High schools	1	180	11	4	21	13
		Middle schools	4	371	..	..	50	21
6	Chingleput	High schools	..	..	..	..	..	..

7	Coimbatore	High schools	2	159	24	8	35	12
		Middle schools	1	54	..	..	9	2
8	Cuddapah	High schools	..	..	..	..	..	..
		Middle schools	2	146	..	..	..	..
9	Ganjam	High schools	..	..	..	..	..	..
		Middle schools	4	148	..	..	11	3
10	Godávari	High schools	1	124	14	5	19	12
		Middle schools	1	40	..	..	9	7
11	Kistna	High schools	..	..	..	..	..	..
		Middle schools	7	194	..	..	61	22
12	Kurnool	High schools	..	..	..	..	..	..
		Middle schools	1	64	..	..	6	3
13	Madura	High schools	..	..	..	..	..	..
		Middle schools	..	..	..	..	..	..
14	Malabar	High schools	..	..	..	..	..	..
		Middle schools	9	709	..	..	95	37
15	Nellore	High schools	..	..	..	..	..	..
		Middle schools	5	267	..	..	38	12
16	Nílgiris	High schools	..	..	..	..	..	..
		Middle schools	..	..	..	..	..	..
17	Salem	High schools	1	143	..	..	16	14
		Middle schools	11	754	..	..	43	14
18	Tanjore	High schools	1	98	28	11	24	11
		Middle schools	3	147	..	..	20	14
19	Tinnevelly	High schools	..	..	..	..	..	..
		Middle schools	..	..	..	..	..	..
20	Trichinopoly	High schools	2	111	7	1	25	14
		Middle schools	3	109	..	..	..	..
21	Vizagapatam	High schools	1	57	10	2	13	5
		Middle schools	7	229	..	..	28	8
	Total	High schools	12	1,186	128	46	242	129
		Middle schools	75	4,146	..	..	477	173

The 12 High schools are located in the places noted in the margin. From 9 of these schools, 128 students appeared for the Matriculation examination, of whom 46 passed, as compared with 45 out of 98 in the year preceding. The Chittoor High school was most successful, passing 15 out of 27 pupils presented, while the Lálugdi and Yellamanchili schools showed most discreditable results, only 1 and 2 students, respectively, having passed out of 7 and 10 presented. The Villupuram school passed none at all, the reason assigned for this being that the Head Master, a trained graduate, joined late in the year. All the High schools sent up pupils for the Middle School examination, the total number being 242, of whom 129 passed. These results were, on the whole, better than those of 1888-89, but were decidedly bad as regards the Udamalpet, Yellamanchili, Harpanahalli, Lálgudi and Tiruválúr schools, where less than 50 per cent. of the pupils sent up passed.

Site of School.	District.
Chittoor	North Arcot.
Villupuram	South Arcot.
Harpanahalli	Bellary.
Coondapoor	South Canara.
Udamalpet / Dhárápuram	Coimbatore.
Amalápuram	Godávari.
Námakal	Salem.
Tiruválúr	Tanjore.
Lálgudi / Kulitalai	Trichinopoly.
Yellamanchili	Vizagapatam.

Of the 75 Middle schools, 45 presented 477 pupils in all for the Middle School examination, of whom only 173 passed, the results in connection with the schools noted below being most disastrous :—

Districts.	Name of School.	Number presented.	Number passed.
Arcot, North	Arcot	9	..
Arcot, South	Kuppam	7	1
	Porto Novo	9	2
Canara, South	Tirukoilúr	9	2
Coimbatore	Tiruvannámalai	9	2
Ganjam	Puttur	9	2
	Pollachi	9	2
Kistna	Tekkali	5	1
	Gudiváda	11	2
	Avanigadda	8	..
Malabar	Répalle	7	1
	Vinukonda	8	..
Nellore	Kottai	9	2
Salem	Betatnad	18	2
Tanjore	Venkatagiri	15	3
Vizagapatam	Dharmapuri	14	3
	Patukóta	3	..
	Chódavaram	3	..
	Pálkonda	9	1

These unsatisfactory figures are for the most part ascribed to the severity of the examination papers, but if the members of the Local Boards concerned would take a greater personal interest in the management of the schools under their care, an immense improvement in general efficiency would, undoubtedly, ensue.

45. The following abstract exhibits the strength and cost of the Secondary departments of the schools referred to in the preceding paragraph :—

—	Number.	Attendance on 31st March 1890.	Net expenditure after deducting school-fees, and contributions from Provincial funds.	Average net cost per pupil.
			RS.	RS. A. P.
Upper Secondary Schools and Departments (including the Tiruvádi College)—				
(*a*) On salary system	13	301	5,495	20 0 11
(*b*) On salary-result system	1	23	55	2 6 3
Lower Secondary Schools and Departments—				
(*a*) On salary system	67	2,316	8,558	4 6 1
(*b*) On salary-result system	20	393	123	..

The net expenditure on Upper Secondary schools maintained on the salary system was exceedingly high in Trichinopoly (Rs. 45 per pupil), South Arcot and North Arcot

following next with Rs. 33 and Rs. 32, respectively, per pupil, while the Námakal school (Salem) was worked at a profit of Rs. 12, and an Upper Secondary department in South Canara on the salary-result system was managed at a cost of only Rs. 2-6-3 per pupil. The net outlay on Lower Secondary departments on the salary system, though, on the whole, less than in 1888-89, was very high in Cuddapah (Rs. 24 per pupil), Tanjore (Rs. 15 per pupil), Anantapur (Rs. 13 per pupil) and Nellore (Rs. 12 per pupil). The Local Boards of North Arcot, Bellary, Coimbatore and Ganjam managed these institutions, however, at a profit of Rs. 173, Rs. 35, Rs. 795 and Rs. 127, respectively. The net expenditure on Lower Secondary departments maintained on the salary-result system was abnormally high in Tanjore (Rs. 126 per pupil), while Trichinopoly and Salem spent Rs. 41 and Rs. 25, respectively, per pupil, the Local Boards of South Canara working them, on the other hand, at a net profit of Rs. 1,610 as in the previous year. The remarks contained in paragraph 45 of the last General Review should be carefully attended to, and Local Boards should cease to maintain all Secondary schools which are not usually self-supporting.

46. *Primary Board Schools.*—There were 1,419 Local Fund Primary schools at the close of 1888-89, and, during the year under review, this number was raised to 1,920, as the net result of an increase of 515 schools in 20 districts and a decrease of 14 schools in Godávari, as shown below :—

Districts.	Number of Primary schools in 1888-89.	Number of Primary schools in 1889-90.	Increase or decrease.
1. Anantapur	14	25	+ 11
2. Arcot, North	71	89	+ 18
3. Arcot, South	88	116	+ 28
4. Bellary	24	27	+ 3
5. Canara, South	38	65	+ 27
6. Chingleput	2	8	+ 6
7. Coimbatore	3	95	+ 92
8. Cuddapah	65	76	+ 11
9. Ganjam	102	103	+ 1
10. Godávari	337	323	— 14
11. Kistna	143	163	+ 20
12. Kurnool	85	110	+ 25
13. Madura	66	87	+ 21
14. Malabar	..	83	+ 83
15. Nellore	104	118	+ 14
16. Nílgiris	3	4	+ 1
17. Salem	81	108	+ 27
18. Tanjore	99	123	+ 24
19. Tinnevelly	16	42	+ 26
20. Trichinopoly	..	64	+ 64
21. Vizagapatam	78	91	+ 13
Total	1,419	1,920	+ 501

The increase, especially in Coimbatore, Malabar and Trichinopoly, in which a large number of schools previously aided from Local Funds were brought under the Board's management, is noted with satisfaction. The decrease in Godávari has not been explained, but this district still stands first in respect of the number of Primary schools under the control of Local Boards.

47. The following abstract shows the total strength and cost of the Upper and Lower Primary departments of Board schools :—

—	Number.	Attendance on 31st March 1890.	Net expenditure after deducting school-fees and other receipts.	Average net cost per pupil.
			RS.	RS. A. P.
Upper Primary Schools and Departments—				
(*a*) On salary system	102	1,404	8,053	7 9 5
(*b*) On salary-result system	950	5,954	25,030	5 2 1
Lower Primary Schools and Departments—				
(*a*) On salary system	103	4,731	17,266	4 10 11
(*b*) On salary-result system	1,859	58,019	1,67,984	3 7 7

The net cost of Upper Primary classes was very high in the districts noted below, while that of Lower Primary departments was also excessive in Kurnool (Rs. 16), Nílgiris (Rs. 11) and Chingleput (Rs. 9). The Local Boards concerned should take early steps to reduce this, as already directed in the individual reviews :—

	Average cost per pupil	
	(*a*) In salary schools.	(*b*) In salary-result schools.
	Rs.	Rs.
Cuddapah	29	..
Nellore	21	..
Chingleput	13	..
Vizagapatam	13	..
Nílgiris	..	61
Bellary	..	17
Anantapur	..	13
Tinnevelly	..	10

The total number of pupils from Board schools who passed one or other of the standard Primary examinations was 25,534 out of 35,294 presented, against 22,493 out of 31,769 in the previous year. The progress of these schools was, on the whole, satisfactory.

48. *Grant-in-aid Schools.*—Appendix XXI shows the statistics of private schools aided from Local funds during the year under review. This assistance was, as usual, restricted to Primary schools and to the Primary departments of Secondary schools.

Salary Grants, amounting to Rs. 2,281, were disbursed to 32 private schools attended by 923 pupils, against Rs. 2,536 paid to 34 schools attended by 1,016 pupils in the previous year.

Combined Salary and Result Grants, aggregating Rs. 19,202, were paid to 380 schools attended by 8,356 pupils, against Rs. 35,252 paid to 584 schools attended by 24,436 pupils in 1888-89. Besides this, a sum of Rs. 10,363 was disbursed from Provincial funds to Mappilla schools in Malabar, which receive salary grants only from the Local Boards. The large decrease, as compared with 1888-89, has been explained in paragraph 46 above as arising from the transfer of a large number of aided schools to the Boards' direct management.

The number of *result grant* schools was 7,029, against 6,686 in the previous year, and they were attended by 173,112 pupils, against 166,787. Of this number, 124,122 pupils were examined and 87,961 found qualified for grants, the corresponding numbers for 1888-89 being 116,255 and 82,065. The grants actually paid during the year amounted to Rs. 1,78,013, against Rs. 1,68,461 in 1888-89, the average grant per pupil examined being Rs. 2-8-9 in the salary grant schools, Rs. 1-14-7 in combined grant schools, and Rs. 1-6-11 in result grant schools; the corresponding figures of 1888-89 were Rs. 2-7-11, Rs. 2-10-5 and Rs. 1-7-2.

The actual outlay during the year under grants of all kinds, including building and miscellaneous grants, amounted to Rs. 2,01,134, against Rs. 2,06,570 in 1888-89. The decrease is to be regretted, but it is satisfactory to note that the proportion of expenditure to total sanctioned allotments was 77·3 per cent., against 67·8 per cent. in 1888-89 and 72·5 per cent. in 1887-88. In Coimbatore and South Canara, it was 102 and 101·4 per cent., respectively, and in Chingleput and Tanjore, nearly the whole of the allotment was disbursed; but, in the districts noted in the margin, the percentage was unduly low. The explanations offered by these Boards are, as usual, summarized in Appendix XXI, but those of Bellary, Nellore and Trichinopoly, in which districts alone there was a deterioration in the results as compared with 1888-89, have not been accepted as adequate, and it is hoped that greater attention will be devoted to this subject in future.

	Per cent.
1. Cuddapah	46·6
2. Anantapur	55·2
3. Kistna	57·2
4. Trichinopoly	59·0
5. Godávari	59·4
6. Salem	61·8
7. Nellore	63·2
8. Bellary	67·6
9. Kurnool	68·4

49. *Purchase and Sale of Books.*—The amount spent on the purchase of school-books was Rs. 12,975, in addition to Rs. 2,498 paid to the selling agents as salary and commission on sales. As the sale-proceeds of these books aggregated Rs. 14,711, the net loss on this account was only Rs. 762, against Rs. 2,771 in 1888-89.

50. *General Progress of Education.*—The net expenditure incurred on education by the Local Boards of each district, the number of Local Fund and Aided schools, and the number of pupils under instruction therein, are shown in Appendix XXII. The total number on the rolls of Board and Aided schools, taken together, was 265,502, against 247,436 in 1888-89 and 228,348 in 1884-85, but the results of the year's operations cannot be considered satisfactory, the proportion of pupils under instruction to male population of school-going age, calculated at 7½ per cent. of the total population according to the last census, being only 12·6 per cent., against 11·8 per cent. in 1888-89 and 10·8 in 1884-85. Compared with the previous year, there was, however, an improvement in all the districts, except South Arcot, Godávari, Kistna and Vizagapatam. The special attention of the Local Boards in the last-mentioned districts has been drawn to the retrogression of education in the areas under their control, and they have been directed to use every endeavour in order to extend their operations in future. The districts of Bellary, South Canara, North Arcot and Kurnool showed substantial progress, though in the last two the percentage of children under instruction was still much below the average for the Presidency.

So far as Local Fund operations are concerned, education was most backward in Cuddapah, where the proportion of children under instruction to the male population of school-going age was only 5·8 per cent. The results were bad in Anantapur (7·2 per cent.), Vizagapatam (7·7 per cent.), Salem (8·8 per cent.), Trichinopoly (9·3 per cent.) and Coimbatore (9·6 per cent.) also, while the most advanced districts were Tinnevelly (21·2 per cent.) and Ganjam (20·1 per cent.). The special report on educational operations in Cuddapah, called for from the Director of Public Instruction and alluded to in paragraph 51 of the General Review for 1887-88, has lately been received and referred to the District Board for remarks.

The total net expenditure on education was 8·4 per cent. of the total current income, against 8·2 per cent. in 1888-89 and 7·8 per cent. in 1887-88. The outlay, however, in all the districts, except South Arcot, Bellary, Ganjam, Godávari, Kistna, Kurnool, Malabar, Nellore and Salem, was below the general average and should be increased. In Nílgiris the percentage was only 2·3, but, in the peculiar circumstances of this district as described in paragraph 50 of the last General Review, this was unavoidable.

It will be perceived from columns 5 and 6 of Appendix XXII that the Local Boards of North Arcot, South Arcot, Cuddapah, Godávari, Kistna, Kurnool, Nellore, Salem and Vizagapatam relied chiefly on their own institutions for the diffusion of Primary education, while those of South Canara, Chingleput, Ganjam, Madura, Malabar and Tinnevelly attained this object mainly by aiding private schools. In the remaining six districts, both systems were employed in fairly equal proportions.

51. *Grant III, Medical Services, Sanitation, &c.—Hospitals and Dispensaries.*—Including 20 hospitals and dispensaries newly opened during the year under review in the districts noted in the margin, there were 294 such institutions maintained by Local Boards, against 274 in 1888-89. As usual, those provided with regular accommodation for in-patients have been treated as *hospitals*, and those in which only out-door relief is ordinarily afforded have been classed as *dispensaries*. On the 31st March last, there were 93 institutions of the former class and 201 of the latter, against 97 and 177, respectively, in the previous year, the total number of beds available for in-patients being 1,269, against 1,249. The decrease in the number of hospitals is most marked in Cuddapah, but is only nominal, certain dispensaries in which in-patients are occasionally accommodated having been erroneously returned as hospitals in 1888-89.

North Arcot ..	1	Kistna ..	1
South Arcot ..	3	Madura ..	1
Bellary	1	Malabar ..	2
South Canara ..	1	Salem ..	6
Coimbatore ..	1	Trichinopoly ..	1
Ganjam	2		

No regular accommodation for in-patients has, as yet, been provided by the Local Boards of Ganjam, Godávari, Nellore and Trichinopoly, while in Chingleput, Cuddapah, Kistna and Kurnool it is very inadequate. The attention of these Boards has been repeatedly drawn to this matter, and the Government views with displeasure their persistent omission to deal with it. In Cuddapah, however, in-patients are admitted, in emergent cases, into 8 of the dispensaries, as is also done in all the dispensaries of Ganjam. The proposal of the latter District Board to transfer the control of some of their dispensaries to hospital assistants in lieu of apothecaries, so as to effect a saving which might be utilized in supplying the deficiency noted, was not approved by Government. In Godávari, provision has also been made recently for the admission of in-patients into 7 of the dispensaries. The President of the Nellore District Board reports that arrangements have been made for the construction of hospitals at Rápúr, Atmakúr and Udayagiri, but this promise, which has been repeated for several years in succession, can no longer be accepted as sufficient, unless action is taken at a very early date in accordance with it. In Trichinopoly, it is stated that, should the wards for in-patients at Ariyalúr, at present in course of construction, prove a success, similar accommodation will be added to the Turaiyúr dispensary also. The arrangements proposed in Kistna for the reception of in-patients at dispensaries should be carried out without delay, and Government trusts that the present unsatisfactory state of affairs in all the districts referred to in this paragraph will be remedied without loss of time.

The number of hospitals and dispensaries was still unduly small in the districts of North Arcot, South Arcot, Coimbatore, Ganjam, Godávari, Malabar, Trichinopoly and Vizagapatam, being less than one for every 100,000 of the population. In North Arcot, South Arcot, Godávari, Trichinopoly and Vizagapatam, however, steps have been taken to open additional dispensaries during the current year, and in the remaining three districts above named every effort should be made to increase the number of these institutions as soon as possible.

One hundred and sixty-one of these hospitals and dispensaries were located in buildings belonging to Local Boards, and the rest in rented houses or in buildings lent by Government or by private individuals. The charges connected with 28 institutions were, as usual, met either wholly or partly from the endowments attached to them, and those of 18 others from the Chattram funds in Tanjore and Tinnevelly.

The following statement shows the total number of patients treated in these institutions during the last six years:—

Years.	Number of hospitals and dispensaries.	In-patients.	Out-patients.	Total.
1884-85	220	11,179	1,041,476	1,052,655
1885-86	225	11,975	1,129,996	1,141,971
1886-87	233	11,163	1,177,781	1,188,944
1887-88	255	11,582	1,282,300	1,293,882
1888-89	274	11,212	1,385,847	1,397,059
1889-90	294	12,593	1,526,204	1,538,797

The steady and large increase which is observable in the number of hospitals and dispensaries and in that of out-patients testifies to the growing popularity of these institutions and is noted with satisfaction. The total number of persons treated was, however, still small, forming as it does only 5·5 per cent. of the total population. The districts of Nílgiris, Tanjore, Chingleput and Kurnool show the largest proportion, and those of Malabar, Ganjam, Godávari and Nellore the smallest. Compared with the previous year, there was an improvement in all the districts, except Ganjam, Kurnool, Nellore and Vizagapatam. In Nellore and Vizagapatam, the number of persons treated, though slightly less than in 1888-89, was in advance of that recorded in 1887-88. In Ganjam, the decrease is ascribed to the fact that 6,404 persons were separately treated in the several famine camps, but, as observed in the review of the District Board's report, this explanation cannot be regarded as altogether satisfactory, when the great amount of sickness necessarily accompanying and following a famine is taken into account. The reason assigned for the large decrease in Kurnool, viz., that work in two of the dispensaries was suspended at intervals for want of medical subordinates, is altogether inadmissible, and the President has been called upon to submit a detailed report on the subject. It is observed that the Saidápet Taluk Board in the Chingleput district has deputed the task of supervising the medical institutions under its control to local committees—an arrangement which is well worthy of adoption by other Taluk Boards.

52. Deducting receipts from the sale of medicines, &c., the total net expenditure on the maintenance of hospitals and dispensaries, including the pay of medical subordinates in charge, but excluding the cost of (1) the additional medical practitioners employed on sanitary inspection, distribution of medicines, &c., in the districts of North Arcot, Coimbatore, Godávari, Kistna, Kurnool, Madura, Salem and Vizagapatam, (2) the medical schools in Nellore and Tanjore, (3) the medical pupils trained by the Local Boards of South Arcot, Bellary, South Canara, Coimbatore, Kistna, Madura, Nellore, Tinnevelly, Trichinopoly and Vizagapatam, (4) the District Medical and Sanitary Officers' establishments, and (5) midwives and midwifery pupils, was Rs. 3,86,317, against Rs. 3,19,358 in the previous year. The increase is spread over all the districts, except Nílgiris, and was mostly due (1) to the opening of additional hospitals and dispensaries, (2) to the payment from Local Funds of seven-eighths of the pay and allowances of the medical subordinates in charge, instead of three-fourths as heretofore, (3) to the higher pay drawn by medical subordinates on promotion, and (4) to the inclusion under this head of the total cost of all medicines and surgical instruments supplied by the Medical Store depôt, whereas, in 1888-89, payments on account of those supplied prior to 1st April 1888 were debited to the head "Contributions." The average net cost of treating each patient rose, in consequence, from As. 3-8 in 1888-89 to As. 4 in the year under review. It was low in Trichinopoly (As. 2-8) and Chingleput (As. 2-8), but very high in South Canara (As. 5-11), Kistna (As. 5-11), Cuddapah (As. 5-10), Bellary (As. 5-9), Malabar (As. 5-7) and Ganjam (As. 5-2). The Local Boards of the latter districts should take every opportunity of reducing it as much as possible.

53. As in the previous year, the Local Boards of Nellore maintained 5 medical centres in addition to their 14 regular dispensaries. Trained hospital assistants supplied with medicines for gratuitous distribution are appointed to practise in these localities, and the patients relieved by this agency are included in the statistics given in paragraph 51 *supra*. In Cuddapah, an itinerating medical subordinate was entertained with effect from the 29th January 1890, and the result of this experiment is awaited. The example of Dr. King, the late Medical and Sanitary Officer of Kurnool, was commended to the imitation of other medical officers in the last General Review, but no information has been furnished on this subject in the reports now under review. This should be done in future, and every endeavour made to extend the knowledge of European medicines and modes of treatment among the ignorant masses of the rural population.

54. *Medical Schools and Medical Pupils.*—As in previous years, the District Boards of Nellore and Tanjore maintained local medical schools for training hospital assistants. The upkeep of these schools, which were managed by the respective District Surgeons, cost Rs. 7,914, against Rs. 8,152 in 1888-89. In the Nellore school, all the 16 male students under training are reported to have made fair progress, while the Prince of Wales' Medical School at Tanjore is stated to have done very good work, all the 8 students sent up for the Hospital Assistants' examination having passed. Five of these were trained at the cost of the Madura District Board and are to be employed in that district. In South Canara, the 6 medical pupils who were entertained in 1887-88, under the arrangement specified in paragraph 55 of the General Review for that year, continued their collegiate course at Madras. In addition to these, 2 more were entertained during the year and are now being trained at Mangalore under the supervision of the District Surgeon.

55. *Midwives and Midwifery Pupils.*—No midwives were entertained by the Local Boards of Nílgiris and Vizagapatam. In the other districts, 128 midwives were employed, against 110 in 1888-89. The President of the Nílgiri District Board states that the indigenous tribes of the hills will not accept the aid of trained midwives, and that the other classes of native women prefer those of the barber class to which they have been accustomed. In Vizagapatam, it is explained that difficulty is experienced in securing the services of trained midwives, and that the Párvatipur Taluk Board alone has been able to find one towards the close of the year. Provision has, however, been made in the current year's budget for a larger number, should it be possible to obtain them. As in preceding years, the largest number of midwives was employed in Madura (17) and Nellore (14), while Cuddapah, Ganjam and Malabar had very few. In Cuddapah, however, there were 8 trained nurses, who act as midwives on occasion. These women attended 228 labor cases, against 126 in the previous year. The number of cases attended by regular midwives was 5,979, against 4,473 in 1888-89. The work done by this agency cannot, however, be regarded as satisfactory, each of these women having attended on an average only 4 cases a month, against 3·4 in 1888-89. In South Canara, Nellore and Ganjam, the average was more than six cases a month, but in Kurnool they usually attended only one case, and in Kistna, Salem and Trichinopoly 2 cases each per mensem. The work done by the 14 midwives in Nellore was, however, especially satisfactory, that establishment attending 1,254 cases, or, on an average, 7 cases each every month. On the other hand, the 17 midwives in Madura and the 11 midwives each in South Arcot and Kistna attended only 681, 383 and 295 cases, respectively. This result seems to point to imperfect supervision on the part of the Local Boards concerned. The Government has repeatedly urged upon the Local Boards the desirability of paying these women partly by results, with a view to increase their efficiency, and it is hoped that, wherever this has not been done, no further delay will be suffered to take place in introducing it. The number of midwives should also be increased as funds become available, and every hospital or dispensary should have at least one attached to it.

The cost of midwifery establishments aggregated Rs. 14,678, against Rs. 12,423 in 1888-89; Rs. 816 being also expended in training midwifery pupils.

56. Appendix XXIV exhibits, in brief, the measures adopted by the several Local Boards for increasing the supply of female medical practitioners and trained nurses. The continued action taken in this direction by the South Arcot, Coimbatore, Cuddapah, Ganjam, Madura, Malabar, Nellore, Salem, Tinnevelly and Vizagapatam District Boards is noted with satisfaction. In Malabar, however, the provision made for this purpose could not be utilized, as no suitable candidates were forthcoming, and in North Arcot the payment of a contribution of Rs. 25 per mensem to the Chittoor Branch of the "National association for rendering aid to the women of India" towards the cost of a trained midwife employed in that town was discontinued with effect from September 1889, the work done by the then incumbent having been so unsatisfactory that her services were dispensed with. The Kurnool District Board has done nothing in this direction, and the explanation furnished by it has not been accepted. It is hoped that this important subject will be more carefully attended to in the course of the current year.

57. *Vaccination.*—Appendix XXV shows the strength, cost and operations of the vaccine establishments maintained by District Boards. In 1888-89, there were 48 Deputy Inspectors of Vaccination, and another was appointed in the Malabar district during the year under review. Working in subordination to these were 662 vaccinators and probationers, against 654 in the previous year. The work done by this agency and the average cost of each successful operation during the last 6 years are compared in the following abstract:—

Years.	Number of operations.	Number of successful operations.	Percentage of successful operations to the number.	Cost of each successful operation.
				Rs. A. P.
1884-85	611,032	575,178	94	0 4 0
1885-86	601,160	569,058	95	0 4 0
1886-87	596,794	567,599	95	0 3 11
1887-88	628,453	597,011	95	0 3 11
1888-89	683,114	649,590	95	0 3 9
1889-90	718,733	689,226	96	0 3 8

The figures for 1889-90 do not include the operations performed by the special staff employed in Kurnool in connection with the small-pox epidemic, and the President has been called upon to supply this omission. The total number of operations performed by the Local Fund vaccinators, as shown in Appendix XXV, exceeds the figure appearing in the Vaccination report for 1889-90, reviewed in G.O., dated 14th October 1890, No. 2618 L., by 146, the difference occurring in the districts of Bellary (— 220 cases) and Malabar (+ 366 cases). The statistics of successful operations, as reported by the District Boards and as shown in the above report, also vary to a certain extent in the districts of Bellary, Godávari, Kistna, Malabar, Salem and Tinnevelly. The Sanitary Commissioner is requested to explain these discrepancies. Taken as a whole, the outturn of work during the year under review shows a satisfactory advance on that of the previous year and is the highest on record, the increase being 5·2 per cent. as compared with 1888-89, and 17·6 per cent. as compared with 1884-85. Taking the number of successful vaccinations alone, the net increase of 39,636 cases over that of 1888-89 is the result of an increase of 65,487 operations in 17 districts and of a decrease of 25,851 in 4 others. The retrogression in South Canara (11,094 cases) is ascribed to (1) the absence of small-pox, (2) the absence on leave of a number of vaccinators, and (3) defective supervision, but the Government is unable to accept these reasons as being altogether adequate. The decrease in Ganjam (10,083 cases) is attributed to the famine, and that in Coimbatore (4,200 cases) is merely nominal, the accuracy of the previous year's figures being extremely doubtful. The increase exceeded 10 per cent. in the following nine districts:—

—	Number of successful operations.		Percentage of increase.
	1888-89.	1889-90.	
Arcot, North	30,878	34,523	11·8
Chingleput	36,295	43,123	18·8
Kistna	13,039	17,786	36·4
Kurnool	21,606	24,112	11·6
Madura	47,794	53,402	11·7
Nellore	23,138	27,418	18·5
Tinnevelly	47,696	53,291	11·7
Trichinopoly	24,301	37,451	54·1
Vizagapatam	32,693	40,623	24·3

Vaccination, therefore, made most satisfactory progress in North Arcot, Chingleput, Kurnool, Madura, Nellore, Tinnevelly, Kistna, Trichinopoly and Vizagapatam, and more especially in the three districts last mentioned.

58. Including the work done by medical subordinates in charge of Local Fund hospitals and dispensaries, the total number of successful vaccinations performed in Local Fund areas was 709,231 or 25·3 per mille of the population, against 664,555 or 23·7 per mille in 1888-89. The best results in proportion to population were shown by Chingleput (49·0 per 1,000), Kurnool (37·8), Salem (37·0) and Trichinopoly (34·9), whereas in South Arcot, Ganjam, Godávari, Kistna and Malabar, the number of successful operations did not exceed 20 per 1,000. Compared with previous years, there was a continued improvement as regards South Arcot and Kistna (which,

however, are still very backward in this respect); Malabar and Godávari made an inconsiderable advance and Ganjam showed a serious decrease. There is ample scope for improvement in the last five districts, and the Boards concerned have been directed to make every exertion with a view to secure better results in future.

59. Although vaccination is not compulsory in Local Fund areas, the progress made in infantile vaccination was very satisfactory in Bellary, Chingleput, Coimbatore and Anantapur, the total number of successful operations on children under one year of age having been respectively 22·3, 13·1, 12·0 and 10·1 per mille of the total population. It was also fair in Salem (8·7) and Madura (8·6). On the other hand, the proportion was very low in the districts noted in the margin, and the special attention of the Boards concerned has already been drawn to this fact.

Malabar	0·3 per mille.
Kistna	0·9 „
South Canara	1·4 „
Ganjam	1·4 „
Godávari	1·4 „
Nílgiris	1·4 „
Nellore..	1·8 „
South Arcot	2·2 „

60. As regards the quality of the work turned out, it is observed that 96 per cent. of the total number of operations proved successful, against 95 per cent. in 1888-89. The average cost of each successful case was thus As. 3-8, against As. 3-9 in the previous year and As. 3-11 in 1887-88. It was satisfactorily low in Chingleput, Coimbatore, Salem, Tinnevelly, Trichinopoly and Vizagapatam, being less than As. 3 in each case, but very high in Nílgiris (As. 13-2), Kistna (As. 8-11) and Cuddapah (As. 6-2). Compared with 1888-89, the cost was reduced in Bellary, South Canara, Coimbatore, Ganjam, Godávari, Kurnool, Malabar, Nílgiris and Salem, and increased elsewhere, except in Tinnevelly and Tanjore, where no alteration took place.

61. Vaccination by means of animal lymph was conducted in every district, excepting only Anantapur, Coimbatore, Ganjam and Godávari. The total number of operations was 112,443 and of successful cases 104,326 as against 53,073 and 44,976 in 1888-89—a very satisfactory advance. The following statement exhibits the results achieved during the year under review, the figures for Chingleput being very good:—

Districts.	Number of months during which animal vaccination was conducted.	Total number of operations.	Number of successful operations.
Arcot, North	2	1,747	1,671
Arcot, South	8	5,789	5,524
Bellary	From 3 to 9 months	5,367	5,276
Canara, South	..	10	2
Chingleput	12	30,683	27,941
Cuddapah	7	3,268	2,986
Kistna	12	895	452
Kurnool	12	9,941	9,359
Madura	Over 4 months in each range.	6,514	6,282
Malabar	12	2,138	1,941
Nellore	Between 2 & 6 months.	4,304	3,775
Nílgiris	12	1,449	1,243
Salem	7 to 12 months.	8,005	7,430
Tanjore	12	6,467	5,891
Tinnevelly	Between 4 & 8 months.	9,795	9,601
Trichinopoly	6 months and 3 days.	6,050	5,817
Vizagapatam	12	10,021	9,130

The statistics relating to South Canara and Kistna have not been shown in Statement XI appended to the Vaccination report for 1889-90, while those of Madura, Nílgiris, Salem, Tinnevelly and Vizagapatam, exhibited therein, differ slightly from the figures furnished by the District Boards in question. The Sanitary Commissioner is requested to explain these discrepancies. The whole subject, having been fully dealt with by Government in paragraph 8 of G.O., dated 14th October 1890, No. 2618 L., reviewing the Vaccination report for 1889-90, calls for no further remark at present. It is sufficient to observe here that, as soon as the scheme which

is now being matured by Dr. King is brought into full operation, the entire substitution of animal for human lymph will, it is hoped, become an accomplished fact.

62. It is satisfactory to note that the medical subordinates in charge of Local Fund hospitals and dispensaries performed 22,872 vaccine operations in all, against 16,388 in the previous year and 11,980 in 1887-88; but the average number at each dispensary was only 78. In Chingleput, however, the 12 medical subordinates were able to vaccinate 3,555 persons or 296 each—a creditable figure. The worst cases in this respect have been brought to the notice of the Surgeon-General and of the District Surgeons, and it is hoped that the instructions already issued on this subject will have the desired effect in the current and ensuing years.

63. *Sanitation.*—Appendix XXVI shows the particulars of the outlay under this head in the several districts. In addition to an expenditure of Rs. 12,348 incurred on sanitary public works under Grant I, Rs. 4,84,616 were spent on sanitation, against Rs. 3,74,284 in 1888-89 and Rs. 2,57,571 in 1884-85, as shown below:—

—	1884-85.	1888-89.	1889-90.
	Rs.	Rs.	Rs.
(1) Improvement of water-supply	48,184	87,953	1,52,880
(2) „ of village-sites	12,577	40,889	62,426
(3) Conservancy establishments	1,54,801	1,86,604	2,13,143
(4) Arrangements at fairs and festivals	10,486	11,171	11,228
(5) Other sanitary outlay	31,523	47,667	44,939
Total ..	2,57,571	3,74,284	4,84,616

Excluding, however, Rs. 79,371 devoted to famine purposes in Ganjam and temporarily debited to Local Funds, the net expenditure on sanitation was Rs. 4,05,245, or Rs. 30,961 more than the amount spent in 1888-89. The increase, which has steadily continued for some years, is noted with satisfaction. The proportion of the outlay to total current receipts was 6 per cent., against 5·9 per cent. in 1888-89. Except the drainage and conservancy schemes under execution in Nandyál, as stated in the last General Review, no sanitary works of any importance were undertaken during the year, but many minor works, such as improvements to water-supply and village-sites and the construction and repair of dust-bins, latrines and drains, were, as usual, carried out by the Local Boards and Union Panchayats. Nine tanks and 202 wells were newly constructed, 995 old ones repaired or otherwise improved, 288 watchmen employed in guarding sources of drinking-water supply from pollution, 308 village-sites improved, and rank vegetation and prickly-pear removed in 346 villages. In the General Review for 1888-89, it was stated that the system of employing itinerating gangs for the purpose of extirpating prickly-pear and rank vegetation, levelling streets, digging side-drains, &c., was in operation in Coimbatore, Salem, Tinnevelly and Vizagapatam. During the year under review, the establishment employed in Coimbatore was abolished, on the ground that its tendency was to concentrate its operations on a few favored localities at the expense of others, while in Salem, being merely temporary, it was permitted to lapse. The system was, on the other hand, partially introduced into Chingleput and Trichinopoly, and its adoption in Godávari came under consideration. The Presidents of the North Arcot and Kistna District Boards have promised to call the attention of the Taluk Boards under them to the advantages of this system, but it has not been found practicable to introduce it into the Nílgiris. In the remaining districts, no action appears to have been taken in the matter. These establishments are reported to have worked, on the whole, satisfactorily. In Trichinopoly, rewards are granted to such village officers as keep their villages clean, and the result of this experiment will be watched with interest.

64. Out of 42,862 minor towns and villages in the Presidency, only 735 (246 Unions and 489 other villages) were provided with regular conservancy establishments, against 673 (239 Unions and 434 other villages) in 1888-89, as shown below:—

No.	District.	1888-89.			1889-90.		
		Unions.	Other villages.	Total.	Unions.	Other villages.	Total.
1	Anantapur	10	5	15	10	5	15
2	Arcot, North	9	21	30	11	24	35
3	Arcot, South	7	21	28	7	25	32
4	Bellary	16	9	25	17	13	30
5	Canara, South	..	18	18	..	19	19
6	Chingleput	12	2	14	12	2	14
7	Coimbatore	17	14	31	17	16	33
8	Cuddapah	17	38	55	17	38	55
9	Ganjam	12	17	29	12	21	33
10	Godávari	5	99	104	5	98	103
11	Kistna	17	18	35	17	23	40
12	Kurnool	1	25	26	1	28	29
13	Madura	35	11	46	36	11	47
14	Malabar	..	16	16	..	33	33
15	Nellore	14	..	14	14	1	15
16	Nílgiris	..	6	6	..	7	7
17	Salem	8	30	38	8	33	41
18	Tanjore	18	20	38	18	20	38
19	Tinnevelly	23	54	77	23	58	81
20	Trichinopoly	7	10	17	10	14	24
21	Vizagapatam	11	..	11	11	..	11
	Total ..	239	434	673	246	489	735

The number of villages conserved in Godávari decreased by one, while in Anantapur, Chingleput, Cuddapah, Tanjore and Vizagapatam, it remained the same. In the remaining districts, the system was extended. In Anantapur, South Canara, Chingleput, Nellore, Nílgiris and Vizagapatam, very little has as yet been done and the wants of many more villages should be attended to, as already directed in paragraph 64 of the last General Review. The conservancy establishments in Unions were under the direct control of the Chairmen and Panchayats; while, in the other villages, their work was, as usual, supervised by medical subordinates, deputy tahsildars, revenue inspectors, village officers, &c., assisted as regards 12 villages in Salem and Madura by voluntary associations.

As usual, special sanitary arrangements, such as the entertainment of temporary scavengers and the construction of temporary latrines, &c., were made during important fairs and festivals at 188 places, and prompt measures were adopted to prevent the spread of cholera in the districts affected thereby.

The sanitary condition of rural tracts cannot as yet be regarded as by any means satisfactory; though in some districts—more especially North Arcot, Chingleput, Madura, Nellore, Salem, Tinnevelly, Trichinopoly and Vizagapatam—greater attention is paid to this subject by the local authorities than is the case elsewhere.

65. Excluding the amount spent on famine works in Ganjam and referred to in paragraph 63 *supra*, the ratio of the total outlay on sanitation to sanctioned allotments was 89 per cent., against 88 per cent. in 1888-89 and 85 per cent. in 1884-85. The monthly returns of sanitary expenditure submitted by the Taluk Boards should be very carefully examined in the District Boards' offices, as required in the General Review for 1887-88; if this were done more efficiently than is at present the case, there cannot be any doubt but that further improvement would very shortly ensue. The Sanitary Commissioner has now been requested in para. 11 (*e*) of G.O., dated 26th August 1890, No. 2135 L., reviewing the sanitation report for 1889-90, to scrutinize the returns received in his office, and to report to Government all cases of neglect on the part of Local Boards. Taking the districts separately, it is satisfactory to observe that the expenditure in Anantapur, Nílgiris and Kurnool exceeded the allotment by 1, 9 and 11 per cent., respectively, and that almost the whole amount was utilized in Chingleput. The proportion of expenditure was also good in South Canara (97 per cent.), Cuddapah (97 per cent.) and Tinnevelly (94 per cent.). On the other hand, it was very low in Tanjore (75 per cent.) and Coimbatore (77 per cent.). The explanations offered for the short outlay in these districts have already been dealt

with in reviewing the individual reports and have been considered untenable. It is hoped that conspicuously better results will be shown in the current and ensuing years.

66. *Markets and Bungalows.*—The expenditure under these heads has already been noticed in paragraph 23 *supra*.

67. *Choultries.*—Including the Arcot and Kurnool langarkhanas and the poor-house at Tanjore, there were 437 choultries under the control of Local Boards, against 406 in the previous year. Of the total number, 218 had endowments attached to them, and in 46 of these 1,481,254 daily rations were issued at a total cost of Rs. 94,443, against 1,606,674 rations issued at a cost of Rs. 96,684 in the previous year. In the Arcot langarkhana and in the poor-house at Tanjore, respectively, 25,331 and 113,421 persons were fed at a cost of Rs. 856 and Rs. 736, while in the Kurnool langarkhana monthly pensions at the rate of Re. 1 each were allotted to 30 infirm persons. Monthly allowances were also granted to 66 cripples from the funds of the Tirukurangudi and Kuttalam choultries in the Tinnevelly district. The remaining choultries are merely rest-houses affording shelter to travellers.

The total expenditure on choultries amounted to Rs. 2,23,469, against Rs. 1,99,356 in 1888-89, a large sum having been refunded to the Nadiyam Mutt in Tanjore, when that institution was made over to its owners in accordance with a decree of the High Court. The number of choultries in Chingleput and Ganjam (2 each) is very small, but in the former district the deficiency is said to be supplied to a large extent by the existence of numerous private institutions. The number in Ganjam should be increased as soon as the present financial pressure abates.

68. *Contributions.*—The contributions paid from Local Funds for medical, sanitary and other purposes amounted to Rs. 1,36,251, against Rs. 1,62,334 in 1888-89, as shown below:—

	1888-89.	1889-90.
	RS.	RS.
To Provincial Funds—		
For the Medical College	18,545	7,327
„ Sanitary Inspection	19,215	21,465
„ Cutlers' establishment in the Medical Store depôt.	496	564
„ Medical Reserve Staff	4,406	5,093
„ Medicines and Surgical apparatus	20,713	..
„ Maintenance of lunatics	15,581	5,705
To Municipalities—		
For Hospitals and dispensaries	74,193	82,669
„ Other purposes	3,728	8,680
To Private Individuals—		
For dispensaries maintained by Missions and other agencies	5,457	4,748
For other purposes	..	..
Total ..	1,62,334	1,36,251

The most noteworthy variations occurred under "Contributions to Provincial funds" on account of (*a*) the Medical College, (*b*) Medicines and Surgical Apparatus, and (*c*) Maintenance of Lunatics, and under "Contributions to Municipalities." The decrease in the first case was the result of the arrangement sanctioned in G.O., dated 26th March 1889, No. 194, F.D., whereby the percentage of contribution to the College was materially lowered. The *nil* entry under Medicines and Surgical Apparatus was due to the fact that such payments are now debited to "Hospitals and dispensaries." The sum of Rs. 5,705 shown under "Maintenance of lunatics" represents the charges incurred on this account before 1st April 1889; after which date all such expenditure has been debited to Provincial funds. The increase under "Contributions to Municipalities" occurs in Kistna, Salem and Vizagapatam. In Kistna, Rs. 5,000 were paid to the Masulipatam Council on account of repairs to the Municipal hospital, and an equal sum to the Bezváda Council for the execution of sanitary improvements; in Salem, the contribution due on behalf of the hospital and poor-house in the Salem Municipality was disbursed in advance for 1890-91; and in Vizagapatam, the contribution payable to the Civil Dispensary Committee at Vizagapatam was increased from

Rs. 1,200 to Rs. 2,400, and that to the Bimlipatam Municipality for the local hospital from Rs. 300 to Rs. 950. On the other hand, the contributions paid in Tanjore were much less than in 1888-89, owing to the absence of arrears.

69. *Miscellaneous.*—Complete information with reference to the lighting of towns and villages has not been furnished in all the District Board reports, but should be invariably supplied in future. It appears, however, that the expenditure of Local Boards in this connection aggregated Rs. 27,147, the whole of which was met from Taluk funds.

70. *Grant IV, Miscellaneous—Supervision and Office Management.*—The total outlay under this head amounted to Rs. 3,21,846, against Rs. 3,00,948 in the previous year, as shown below:—

	1888-89.	1889-90.
	RS.	RS.
(1) Controlling establishments at the Presidency including pensionary and printing charges ..	53,817	52,263
(2) District Audit establishments	20,981	20,122
(3) Collectors' Account establishments	16,349	17,444
(4) Travelling allowance to non-official members ..	40,026	39,742
(5) Local Boards and Union Panchayats' office establishments, including contingencies	1,69,775	1,92,275
Total ..	3,00,948	3,21,846

The increase, which occurs mainly under the last item, was due to (1) the constitution of several new Unions, (2) the entertainment of additional establishments in some districts, and (3) the debit to this head of a sum of Rs. 11,077 out of Rs. 11,138 embezzled by the late clerk of the Polláchi Taluk Board's office, as explained in paragraph 77 below. The total expenditure formed 4·8 per cent. of the actual receipts and charges of the year, against 4·8 per cent. of the receipts and 4·7 per cent. of the charges in 1888-89. The nature and cost of the establishments employed in Local Boards' offices did not vary in any essential degree from the particulars given in paragraph 69 of the last General Review.

71. *Repayment of Loans and Investments.*—The Chingleput and Malabar District Boards paid Rs. 7,494 as interest, and Rs. 17,773 as instalments of principal, on account of loans previously obtained by them from Imperial funds. The following abstract shows the purposes for which these loans were received and the balance due at the close of the year under review:—

District Boards.	Amount of loan.	Purpose.	Mode of repayment.	Amount still due.	Probable date of repayment.
	RS.				
Chingleput ..	1,99,790 at 4½ per cent.	Construction of an iron girder bridge across the Kortalayár river.	In annual instalments (Rs. 10,108.)	1,06,767	1898
Malabar ..	1,49,000 at 4½ per cent.	Completion of the Támrachéri and Periaghat roads.	In annual instalments (Rs. 7,665).	45,973	1898

In Tinnevelly, the District Board raised the following loans towards the construction of an iron girder bridge across the Támbraparni at Srívaikuntham:—

	RS.
(1) From the surplus Endowment funds under the control of the several Taluk Boards	35,000
(2) From the Endowment fund balance of the Shermádevi Taluk Board	10,000
(3) From the Zemindar of Etaiyápuram on condition of the amount being returned in 10 instalments in the form of Government promissory notes	35,000
Total ..	80,000

An instalment of Rs. 5,000 was paid towards the liquidation of the first loan, and promissory notes to the value of Rs. 3,500 purchased on account of the third, while a further sum of Rs. 1,542 was paid to the Taluk Boards as interest on the first two loans, and Rs. 1,207 to the Zemindar of Etaiyápuram as interest on the last. In Tanjore, Rs. 50,000 were invested in Government securities in favor of the Railway Guarantee Fund, the total investment on this account up to the end of the year under review being Rs. 7,50,000. Including a cash balance of Rs. 1,68,805, the total amount at the credit of this fund was therefore Rs. 9,18,805, all of which will be expended on the construction of the Máyavaram-Mutupet Railway, any further outlay which may be found necessary being defrayed from Provincial funds.

72. *Refunds of Cess, &c.*, amounted to Rs. 25,755, against Rs. 23,113 in 1888-89, as shown below:—

	1888-89.	1889-90.
	RS.	RS.
(1) Land-cess refunds	10,556	15,722
(2) Public Works and Toll refunds	5,366	3,733
(3) Educational refunds	2,281	1,560
(4) Medical, &c. „	4,910	4,740
Total ..	23,113	25,755

The increase under the first item occurs in Salem, Tanjore and Vizagapatam, and is explained in the latter district to be due to the refund of Rs. 3,000 collected under a misapprehension in the Pálkonda Agency tracts. The variations in the remaining two districts have not been explained, and those under the remaining items call for no special remark.

IV.—ENDOWMENTS, &C.

73. Appendix XXVIII shows the total number of endowed institutions, such as schools, dispensaries, choultries, markets, &c., under the control of the several Local Boards and Panchayats, while Appendices XXIX and XXX, furnished by the Accountant-General, exhibit their total receipts and charges. Excluding Rs. 75,486 appropriated from General funds to meet excess expenditure, and Rs. 24,487 allotted from the funds of some of the Rajah's chattrams in Tanjore to meet the deficit with which other connected chattrams and dispensaries would otherwise have closed, but including Rs. 6,542 paid by the Tinnevelly District Board on account of the loans referred to in paragraph 71 *supra*, the receipts of these institutions amounted in the aggregate to Rs. 3,93,974 and the charges to Rs. 4,23,716. Details, as compared with 1888-89, are furnished below:—

	Receipts.		Charges.	
	1888-89.	1889-90.	1888-89.	1889-90.
	RS.	RS.	RS.	RS.
Schools	8,193	6,366	6,825	5,958
Hospitals and dispensaries	28,703	28,118	29,194	29,238
Choultries	2,50,960	2,42,652	2,60,161	2,88,246
Markets	83,817	1,10,670	82,979	96,914
Miscellaneous	13,900	6,168	7,183	3,360
Total ..	3,85,573	3,93,974	3,86,342	4,23,716

The falling off in the receipts under schools is noticeable chiefly in Malabar, and is attributed to the less prosperous condition of the Female Normal school at Tellicherry maintained from the Moyan Endowment fund. The variations under choultries and markets have already been explained in paragraph 23 *supra*. The decrease under "Miscellaneous" is merely nominal, a sum of Rs. 7,049 belonging to the Bezváda Museum and Technical Institute in the Kistna district having been brought to account in the preceding year, although belonging to the year 1887-88.

The total balance in favor of endowed institutions at the commencement of the year was Rs. 3,39,180, and at its close Rs. 3,09,438. The reduction, which is most

marked in Coimbatore and Tanjore, is noted with satisfaction. In Madura and Tinnevelly, on the other hand, little was done towards utilizing these balances, but proposals to that end are stated to be under consideration and are awaited.

74. (*a*) *Endowed Schools.*—The number of these institutions remained the same as in previous years.

(*b*) *Endowed Dispensaries.*—Though the total number of these institutions continued the same as in 1888-89, an additional dispensary was constructed in Salem and one removed from the list in Trichinopoly. The former, erected at Mathur, is maintained from the endowments attached to the Mathur choultry, while the endowments attached to the latter at Turaiyúr having been exhausted in constructing the dispensary building, that institution is now borne on the ordinary list. As in previous years, 16 other hospitals and dispensaries were maintained wholly from the funds of the Tanjore Raja's chattrams, and 2 in Tinnevelly from the funds of the Tirukurangudi chattram.

(*c*) *Endowed Choultries.*—The number of these institutions rose from 214 in 1888-89 to 218 in the year under review, the additions being (1) the Ranipet choultry in North Arcot taken over from a private proprietor, (2) the Appecatla choultry in Kistna transferred by Government, (3) the Kasangulam choultry at Patukóta in Tanjore maintained from chattram funds, and (4) the Yellamanchili and (5) the Purushottapur choultries in Vizagapatam taken over, together with their endowments, at the request of the owners. A water-pandal at Terampalayam, in Coimbatore, which has hitherto been erroneously shown under this head, has now been omitted from the list.

(*d*) *Endowment Tanks, Markets, &c.*—The water-pandal just mentioned was included in the former item, while the increase in the number of markets has already been explained in paragraph 23 *supra*. All other classes of institutions remained the same as in 1888-89.

75. *Contributions from Private Individuals.*—Voluntary contributions by private individuals or bodies for works of local utility amounted to Rs. 49,574, against Rs. 41,265 in the previous year and Rs. 35,150 in 1887-88, as shown below:—

	1887-88.	1888-89.	1889-90.
	RS.	RS.	RS.
Public works	6,126	13,640	19,373
Dispensaries	11,005	12,295	14,318
Schools	10,414	1,780	1,852
Sanitary purposes	7,605	13,550	14,031
Total ..	35,150	41,265	49,574

The increase under public works and dispensaries has been already dealt with in paragraphs 24 and 21 *supra*. The remaining items call for no special remark.

V.—General Remarks.

76. *Local Fund Accounts.*—The audit of accounts was, as usual, conducted by Treasury Deputy Collectors with the help of District auditors working under the immediate supervision of the Accountant-General, who is assisted for this purpose by a special inspecting staff. The accounts are periodically examined by these officers, and the results of the inspection reported for the orders of Government through the District Boards concerned. During the year under review, the accounts of five districts * were not inspected at all, while those of 10 districts for 1889-90 were not taken up till near the close of the year. The attention of the Accountant-General has already been drawn to this matter, and the Government trusts that a material improvement in punctuality will take place during the current year. The inspection reports were excessively delayed in the District Board offices of Godávari (189 days), Vizagapatam (137 days), Madura (94 days), Trichinopoly (67 days), South Canara (57 days), Kistna (56 days) and Tinnevelly (53 days). Steps should be taken to avoid this in future. The results of the inspection were satisfactory in North Arcot, Madura, Malabar, Nílgiris, Salem, Trichinopoly and Tinnevelly, and fair in Bellary, South

* In paragraph 4 of his letter, printed in G.O., dated 23rd May 1890, No. 1265 L., the Accountant-General stated that the accounts of all the districts, except Kurnool, were inspected during 1889-90, but on a comparison of the List B referred to by him with the corresponding list printed in G.O., dated 28th May 1889, No. 1203 L., it is observed that no examination was made of those of Anantapur, South Arcot, Ganjam and Tanjore also.

Canara, Chingleput, Coimbatore and Cuddapah. In Nellore, there was some improvement since the date of the last report, but a great deal still remains to be done in order to bring this office into a state of efficiency. On the other hand, the results in Godávari, Kistna and Vizagapatam were very unsatisfactory indeed. The Presidents of these District Boards have been directed to take the necessary steps for effecting an improvement in the working of the offices under their control, and the Government is glad to observe that the recent inspection of the Kistna accounts shows that some progress in this direction has already been accomplished there.

77. Detailed remarks on the general administration of each district having been passed in reviewing the individual reports, it will be sufficient to observe here that the year 1889-90 was, on the whole, conspicuous for a substantial improvement in all branches of the administration. The advance noted under vaccination is specially creditable to the Boards concerned, and sanitation also received an increased share of attention. These results are to a great extent due to the exertions of the Taluk Boards and Union Panchayats, which worked on the whole with creditable success and energy and have thus amply justified the action which called them into existence. His Excellency the Governor in Council trusts that in the course of time all these local bodies will become still more efficient, and that their individual members will devote more and more of their attention to the interests of the administration. The advancement of Primary education, the extension of medical relief and vaccination, the improvement of village communications and the utilization of sanitary allotments, are subjects calling for their earliest and most careful consideration.

Taking the districts individually, North Arcot, Chingleput, Madura and Tinnevelly produced specially good results, and there has also been some improvement as compared with 1888-89 in Bellary, Cuddapah, Kistna, Kurnool, Malabar and Vizagapatam, though the administration in these latter districts requires as yet much amendment. On the other hand, the administration of local affairs in Godávari and Nellore was very far from efficient, and His Excellency the Governor in Council also observes with much regret that, through the negligence of the President of the Polláchi Taluk Board (Coimbatore), the Board's clerk was enabled to embezzle the large sum of more than Rs. 11,000, which were drawn on false bills prepared by him and passed by the President. This matter has been carefully investigated, and Government has ordered half the amount embezzled to be recovered from the officers at fault. The clerk in question unfortunately effected his escape, but his brother was convicted on the charge of dishonestly receiving stolen property and sentenced to three years' rigorous imprisonment.

APPENDIX XVII—*cont.*

Statement showing the particulars of the outlay on Public Works for 1889-90—*cont.*

Districts.	Percentage of outlay to allotment by Local Fund Engineering establishment.	Cost of Engineering establishment, including contingencies.			Percentage of the cost of the Local Fund Engineering establishment to outlay on works executed by them.	Cost of tools and plant.			Percentage of cost of tools and plant to outlay on works by Local Fund Engineering establishment.	Explanations given for short outlay.
		Local Fund Department.	Public Works Department.	Total.		Local Fund Department.	Public Works Department.	Total.		
	20	21	22	23	24	25	26	27	28	29
		RS.	RS.	RS.		RS.	RS.	RS.		
1. Anantapur	93	8,667	..	8,667	21	436	..	436	1·0	(*a*) *Bellary.*—The short expenditure is attributed to some of the new works not having been undertaken during the year owing to various reasons; to the uncertainty which prevailed during the earlier months of the year as to whether the maintenance of roads should be undertaken by departmental agency or let out on the contract system; and to the late date at which funds were made available in the case of Miscellaneous Public Improvements.
2. Arcot, North	91	28,872	89	28,961	15	1,878	6	1,884	1·0	
3. Arcot, South	90	26,601	..	26,601	18	1,079	..	1,079	0·7	
4. Bellary (*a*)	76	18,821	..	18,821	22	128	..	128	0·1	
5. Canara, South ..	87	20,915	..	20,915	18	1,302	..	1,302	1·1	
6. Chingleput	94	19,913	..	19,913	17	1,018	..	1,018	0·9	
7. Coimbatore	88	27,274	..	27,274	17	1,036	..	1,036	0·7	
8. Cuddapah	87	18,669	45	18,714	17	992	3	995	0·9	
9. Ganjam	99	23,181	— 109	23,072	21	577	— 7	570	0·5	(*b*) *Godávari.*—The decrease in expenditure is attributed to (1) delay in the acquisition of lands for certain works, (2) want of sufficient water in the canals for conveyance of materials, (3) savings on completed works, (4) late sanction in some cases, (5) works having been deferred till after irrigation was over, (6) payments not made for work done, and (7) defective supervision on the part of the Local Fund Engineer.
10. Godávari (*b*)	73	37,249	121	37,370	17	3,008	8	3,016	1·2	
11. Kistna (*c*)	76	47,507	303	47,810	20	3,592	20	3,612	1·4	
12. Kurnool	93	16,347	..	16,347	17	383	..	383	0·4	
13. Madura	82	33,729	3,349	37,078	19	5,996	218	6,214	3·0	
14. Malabar	92	49,612	53	49,665	24	898	3	901	0·4	
15. Nellore (*d*)	70	29,257	139	29,396	16	899	8	907	0·5	
16. Nílgiris	94	16,702	..	16,702	20	1,445	..	1,445	1·7	(*c*) *Kistna.*—The short outlay is ascribed to several changes among the superior officers of the Local Fund Engineering establishment and to negligence on the part of subordinates.
17. Salem (*e*)	56	25,670	7,272	32,942	26	1,370	475	1,845	1·2	
18. Tanjore	84	34,989	..	34,989	18	1,363	..	1,363	0·7	
19. Tinnevelly	92	28,896	137	29,033	13	1,599	8	1,607	0·7	
20. Trichinopoly	79	15,740	233	15,973	14	882	15	897	0·8	
21. Vizagapatam	84	22,884	..	22,884	16	3,998	..	3,998	2·5	(*d*) *Nellore.*—The short expenditure is explained to be due to (1) the late receipt of bills, (2) payment not made for work done, (3) late sanction of the supplemental budget, (4) some of the sanctioned estimates requiring revision, which could not be done until very late in the year, (5) the Engineer joining the district only in August 1889, and (6) the surrender of a large sum in the revised estimate.
Total ..	83	5,51,495	11,632	5,63,127	18	33,879	757	34,636	1·1	(*e*) *Salem.*—The short outlay is due to the late issue of contract, sudden reduction of rates, failure to prepare plans and estimates, neglect to select sites for sanctioned works and cancellation of original estimates in certain cases.

A. Closed on 1st January 1890.
B. Normal class opened on 1st January 1890.
C. Abolished on 1st July 1889.
D. Nineteen—including 8 who had already passed the Special Upper Primary.
E. Nineteen—including 2 who had passed the Middle School Examination prior to their joining this institution.
F. These figures have been adopted from the Director of Public Instruction report for 1889-90, page 86.
G. Closed on 20th March 1890.
H. Thirty-two—including those who had already passed the Matriculation, &c., examinations.
* Obtained by dividing Rs. 50,480 by the total of column 7 *plus* the 29 passed men referred to in notes D. E. and H.

APPENDIX XXI—*cont.*

Statement showing the statistics of Aided Schools for 1889-90—*cont.*

Districts.	Actual expenditure under grants of all kinds, including building and miscellaneous grants.		Budget allotment.		Percentage of expenditure to allotment.		Explanation given for short outlay.
	1889-90.	1888-89.	1889-90.	1888-89.	1889-90.	1888-89.	
	17	18	19	20	21	22	
	Rs.	Rs.	Rs.	Rs.			
1. Anantapur	2,760	2,584	5,000	6,000	55·2	43·0	(1) *Anantapur.*—Fifty-five schools were not examined owing to death, &c., of teachers, non-maintenance of prescribed registers, want of sufficient number of boys, insufficiency of income, &c.
2. Arcot, North	10,447	7,346	13,925	12,705	75·6	57·8	
3. Arcot, South	10,075	10,643	13,266	14,959	75·9	71·1	
4. Bellary	7,351	7,394	10,879	9,976	67·6	74·1	(2) *Bellary.*—The rules of the Grant-in-aid Code were strictly enforced and several schools which had been registered for examination were closed.
5. Canara, South	9,659	8,606	9,530	9,926	101·4	86·7	
6. Chingleput	11,988	11,562	12,589	12,852	99·2	90·0	
7. Coimbatore	9,745	15,010	9,510	22,050	102·0	68·0	
8. Cuddapah	2,448	2,120	5,250	7,680	46·6	27·6	(3) *Cuddapah.*—Some schools were closed, while in some others the number of pupils who earned grants was smaller than that expected and the bills in other cases were not drawn within the year.
9. Ganjam	14,045	15,972	17,240	15,770	81·5	101·3	
10. Godávari	6,625	4,399	11,150	10,870	59·4	40·5	(4) *Godávari.*—In the case of some schools the grants were over estimated. A number of result schools newly opened were closed. Some of the schools were examined late and there was delay in presenting and passing the certifying memoranda in certain cases while in others these memoranda were not in time for payment at the Treasuries.
11. Kistna	10,299	10,174	18,000	18,000	57·2	56·5	(5) *Kistna.*—The estimate was fixed at an unduly high figure.
12. Kurnool	3,121	2,151	4,560	5,063	68·4	42·5	(6) *Kurnool.*—Forty-three schools were not examined (1) for want of teachers, (2) insufficient support, (3) private work and (4) migration of pupils.
13. Madura	14,395	16,342	19,935	26,325	72·2	62·1	
14. Malabar	24,280	30,889	27,586	41,090	88·0	75·1	
15. Nellore	5,693	6,223	9,005	7,400	63·2	84·1	(7) *Nellore.*—Many certifying memoranda were not paid for want of the usual payment orders of the Presidents of Local Boards.
16. Nílgiris	1,639	1,647	1,930	2,140	84·9	77·0	
17. Salem	6,217	5,266	10,062	11,130	61·8	47·3	(8) *Salem.*—One-hundred and fifty-six schools were not examined for non-compliance with the conditions of the Grant-in-aid Code and to the closure of the schools, the teachers having deserted them for want of sufficient remuneration or for other reasons.
18. Tanjore	14,710	10,399	14,806	13,770	99·3	75·5	
19. Tinnevelly	20,212	20,790	22,900	30,500	88·3	67·6	
20. Trichinopoly	6,579	10,310	11,148	14,565	59·0	70·8	(9) *Trichinopoly.*—Sixty schools failed to comply with the conditions of the Grant-in-aid Code and were therefore ineligible for grant, and building grants provided were not applied for.
21. Vizagapatam	8,846	6,743	12,000	11,880	73·7	56·8	
Total ..	2,01,134	2,06,570	2,60,271	3,04,651	77·3	67·8	

* Arrears of previous year.

APPENDIX XXII.

Statement showing the net expenditure of Local Boards in each district on education in 1889-90 and the number of pupils under instruction in Board and Aided Schools.

Serial number.	Districts.	Net cost of inspection and training of teachers.	Net cost of Board secondary schools.	Primary.		Miscellaneous charges.	Total net expenditure on education.	Total current income of Local Boards.	Percentage of net expenditure on education to total current income.	Number of Local Fund schools.		Number of aided primary schools.	Total number of schools.	Total number of pupils receiving instruction in Board and aided schools.	Male population of school-going age.	Percentage of column 14 to column 15.

* Has also eight private institutions aided from Local Funds.
† Includes 7,901 cases treated at the five medical centres.
‡ Excludes the work turned out by the two midwives who joined at the close of the year.
§ Calculated for the 7 months the midwife was in service.

APPENDIX XXIV.

A SUMMARY OF THE MEASURES ADOPTED IN FURTHERANCE OF FEMALE MEDICAL EDUCATION IN 1889-90.

1. *Anantapur.*—No expenditure was incurred under this head for want of funds.

2. *Arcot, North.*—A contribution of Rs. 150 was paid to the Chittoor branch of the National Association for rendering medical aid to the women of India, being a moiety of the pay and allowances of the midwife employed in that town for six months from April to September 1889, when her services were dispensed with. The Board has since proposed to train midwifery pupils in the Lying-in Hospital at Vellore.

3. *Arcot, South.*—A scholarship of Rs. 20 is paid to a female student undergoing training for the civil apothecary grade in the Madras Medical College.

4. *Bellary.*—Besides the employment of twelve midwives and the training of another, no steps were taken in this direction.

5. *Canara, South.*—Beyond the employment of five midwives and the training of two more, no steps were taken by the Local Boards in furtherance of female medical education.

6. *Chingleput.*—The District Board are of opinion that, considering the proximity of the district to Madras, what is now being done towards the furtherance of female medical education by the employment of midwives is sufficient.

7. *Coimbatore.*—Three candidates are being trained for the grade of civil apothecary and a sum of Rs. 750 was paid to the credit of the Lady Dufferin Fund for this purpose.

8. *Cuddapah.*—A contribution of Rs. 240 was paid by the Proddutur, Pulivendla, Madanapalle and Kadiri Taluk Boards to the Lady Dufferin Fund for securing the services of a female medical officer.

9. *Ganjam.*—A contribution of Rs. 300 was paid to the Lady Dufferin Fund towards the scholarship of an apothecary student undergoing training at Madras.

10. *Godávari.*—No expenditure was incurred under this head.

11. *Kistna.*—Provision was made for training four midwifery pupils at Madras, but only one was sent, who, after a short stay, resigned her scholarship.

12. *Kurnool.*—No measures were adopted in this direction, as there is a sufficient number of dispensaries in charge of male medical subordinates and women resort to them for aid.

13. *Madura.*—One student on Rs. 25 a month is being trained at Madras for the apothecary grade and two midwifery pupils are being trained locally.

14. *Malabar.*—The provision of Rs. 250 in the budget for training a female medical pupil was not utilized for want of a suitable candidate.

15. *Nellore.*—Of the two hospital assistant scholarships offered by the District Board, one is being held by a lady student in the Madras Medical College.

16. *Nilgiris.*—No provision has been made.

17. *Salem.*—Three female pupils are being trained for the apothecary grade, and Rs. 1,000 were paid for this purpose to the Lady Dufferin Fund.

18. *Tanjore.*—The District Board's proposal to revive the midwifery school has since been abandoned, and the District Surgeon's proposal to offer a scholarship of Rs. 25 each per mensem to two female students was under consideration.

19. *Tinnevelly.*—A pupil for the apothecary grade is being trained in the Madras Medical College and Rs. 240 were placed at the disposal of the Lady Dufferin Fund towards her maintenance.

20. *Trichinopoly.*—All the dispensaries were provided with trained midwives.

21. *Vizagapatam.*—Four candidates are being trained for the civil apothecary grade and Rs. 750 were placed at the disposal of the Lady Dufferin Fund.

APPENDIX XXV.

STATEMENT showing the strength, cost and operations of the vaccine establishments for 1889-90.

Order—dated 14th March 1891, No. 608 L., Local and Municipal.

The reports of the several District Boards for 1889-90 having been separately reviewed in the Proceedings read above, the Government now proceeds to deal with them collectively.

2. Notwithstanding the remarks contained in the last General Review and frequent reminders, the submission of administration reports has been still less punctual than in 1889. On the average they were 28 days late, against 21 in the previous year. As in 1888-89, only 2 were received on the prescribed date, viz., the 15th of July, whilst 12 were received within one month, the last two being nearly three months behind time. As usual, the Cuddapah report was the last to reach Government. In some cases, the delay is ascribed to the later date now fixed by the Accountant-General for closing the March supplemental accounts. The Accountant-General's suggestion that Taluk Boards' statements might be compiled from the preliminary accounts for March and revised in the District Boards' offices with reference to the supplemental accounts was not
