A. S. Russell Esquire
Copy of letter from ~~the~~ Executive
Engineer Buckingham Canal Division
to the Superintending Engineer and
Circle dated 22nd March 1891, No. 1828

In returning the papers forwarded with
your endorsement No. 325 B.C. dated
19th August, I have the honor to say
that, on joining the Bellari Division,
I found in force the practice of
utilising the services of Maistries,
charged to and employed on works,
on Office duties also, a Mahomedan
Maistry being so employed in the
Drawing Branch of the Office. The
Division Accountant in reporting
on the matter seems to have suppressed
this material fact, and makes it
appear as if the practice was intro-
duced by me.

2. At no time was it ever represented
to me that the practice was un-
authorized. On the contrary, I have
a distinct recollection of having
grave doubts myself as to its
propriety

propriety, and it was only on
being assured in the office that
no objection had hitherto been made
to the practice and that it was
within the competency of the
Executive Engineer to continue it,
that I permitted its extension at
a time when there was a very
heavy press of work in the Division.

2. I very much regret that I
should have been betrayed into
such an irregularity, and can
honestly say that I had no
notion I was doing anything
that was unauthorized, or I
should most certainly not have
permitted the irregularity to
continue.
