READ—the following paper :—

From C. A. STUART, Esq., Officiating Postmaster-General, Madras, to the Secretary to Government, Public Works Department, dated Bangalore, 15th December 1890, No. C 1044/1732.

With reference to the correspondence ending with the Proceedings of Government, No. 194 W., dated 25th January 1889, communicating the orders passed regarding the removal of the Municipal office from the Post office building at Pálghat, I have the honor to state that information has reached me that the Judicial Department having relinquished the old District Munsif's court at that station, the Municipality there has applied for the same. If the Government should decide to hand it over to the Municipality and that portion of the Post office building, in which the Municipal office now held, is vacated, I beg that you will be so good as to obtain the orders of Government to placing the entire building at the disposal of this department in which the combined Post and Telegraph office at Pálghat is held, as requested in my No. 2401, dated 6th May 1888.

ORDER—dated 12th January 1891, No. 109 W., Public Works.

The transfer to the Forest Department of the old Munsif's court-house at Pálghat was sanctioned in G.O., No. 3310 W., dated 13th December 1890, and the building is therefore not available for the accommodation of the Municipal Council. As, however, the entire building, which is now jointly occupied by the Municipal office and the Postal Department, is required by the latter department, the Municipal Council will be required to make other arrangements and to vacate the old Taluk Cutcherry as early as practicable.

FOR ORDERS.

The old Taluk
cutcherry at Palghat is
occupied jointly by the
Postal Department (combined
Post and Telegraph office)
and by the Municipality.

In 1888, the Post-
master General represented
that the portion of the
building occupied by his
department was insufficient
and asked that the
entire building be assigned
for the combined Post and
Telegraph office, and that
the Municipality be
required to find other quarters.

On this the Municipality
requested

requested that the question might be allowed to stand over until the completion of the new Munsif's Court house, when the old Court house would become available for a Municipal office.

The new Court house has now been completed and occupied by the Munsif, and the old Court house is vacant and available for transfer.

In a recent letter (current no. 11438) the Supg. Engineer IV Circle recommended that the vacant Court house should be handed over to the Forest Dept. for an office, and as no previous papers were quoted or put up, sanction was drafted.

The order however has not yet issued although it has been agreed to by the Chief and Revenue Secretaries and approved by the Honorable the Govern^r the

109

The question now is whether the proposed transfer of the vacant Court house to the Forest Department shall hold good or whether it should be reserved for the Municipal office, so that the Taluk cutcherry shall be made wholly available for the Postal Dept.

The Postmaster General has now come up again with a request that the Municipal office should be required to move into the old Munsif's Court house, so that the whole of the Taluk office may be made over to him.

Apparently the claims of the Forest Department should have the preference.

I agree. These Municipalities must turn out if the Postal Dept insists.
