24TH APRIL 1891, No. 1139 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From the Executive Engineer in charge Kistna Eastern division, to the Superintending Engineer, II Circle, dated 2nd March 1891, No. 5794.

I have the honour to observe that in every bill made by the Dowlaishweram workshops for work done for this division a charge of Rs. 25 per cent. was made. The Executive Engineer, Godáviri Eastern division, was requested to quote the authority under which the percentage was charged.

2. A copy of the Executive Engineer's reply in No. 1233 L. of 16th ultimo is herewith forwarded, from which it will be observed that the charge was made under the authority of G.O., No. 371 L., of 25th May 1886, but the more recent G.O., No. 2838 W., of 27th October 1890, lays down that it will be a general rule "for all sub-divisional workshops that no debit shall be raised on account of percentages for works executed for the Public Works Department, &c.," and this Government Order is held to have superseded all the previous orders on the subject.

3. According to the Executive Engineer's letter referred to, the recent Government Order quoted above comes into force only from 1st April next. I fail, however, to see any wording to that effect in the Government Order.

4. In these circumstances, I have the honour to request that you will be so good as to obtain clear orders of Government as to whether the view taken by the Executive Engineer, Godáviri Eastern division, was correct both as regards the G.O., No. 371 L., of 25th May 1886, as still being in force, and as regards the latest order (G.O., No. 2838 W., of 27th October 1890) as coming into operation only from 1st April next.

—
EN CLSURE.

From the Executive Engineer, Godáviri Eastern division, to the Executive Engineer, Kistna Eastern division, dated 16th February 1891, No. 1233 L.

With reference to your No. 5400 of 9th and 11th February 1891, I have the honour to point out that Government have authorized in G.O., No. 1931 W., of 17th July 1890, that the system of accounts introduced for Dowlaishweram workshops in G.O., No. 371 L., of 25th May 1886, should continue until the close of the current official year.

2. The workshops will be transferred to Provincial from 1st April 1891 when G.O., No. 2838 W., of 27th October 1890, will come into force and centage will cease to be charged for works executed for Public Works Department, but unconnected with this Delta system.

3. Meanwhile, I regret that I cannot but charge centage on the works unconnected with this delta.

24TH APRIL 1891, No. 1139 W., PUBLIC WORKS.

No. 3183 K.S.

Copy forwarded to the Chief Engineer, Public Works Department, with a request to be informed whether the ruling contained in G.O., No. 2838 W., of 27th October 1890, is to be considered to come into force from 1st April 1891.

2. The two G.Os., No. 371 I., dated 25th May 1886, and No. 1931 W., dated 17th July 1890, referred to therein, have not been received in this office.

18th March 1891.

(Signed) J. HANNAN,
Superintending Engineer, II Circle.

Office-note from the Examiner, Public Works Accounts, dated Madras, 16th April 1891, No. 2280.

The centage charges should have ceased for works carried out for the Public Works Department from date of G.O., No. 2838 W., dated 27th October 1890. The ruling in G.O., No. 1931 W., of 17th July 1890, apparently only refers to the continuance of the system on which the Dowlaishweram accounts were kept and does not imply the continuance of centage charges for works carried out for the Madras Public Works Department.

ORDER—dated 24th April 1891, No. 1139 W., Public Works.

The Government agrees with the Examiner, Public Works Accounts, whose note will be communicated to the Superintending Engineers, I and II Circles, for information and guidance.

I have the honor to observe that in every
bill made by the Dowlaishwaram work-
shops for work done for this Division a
charge of Rs. 25 per cent was made.
The Executive Engineer Godavari Eastern
Division was requested to quote the
authority under which the percentage was
charged.

2. A copy of the Executive Engineer's reply
in No. 1233 L of 16th ultimo is herewith forward-
ed, from which it will be observed
that the charge was made under the
authority of G. O. No. 371 I of 25th May/86,
but the more recent G. O. No. 2838 W of
27th October 1890 lays down that it
will be a general rule "for all sub-
Divisional workshops that no debit
shall be raised on account of per-
centages for works executed for the
Public Works Department" and this
G. O. is held to have superseded all
the previous orders on the subject.
3. According to the Executive Engineer's
letter referred to the recent G. O. quoted
above

above comes into force only from 1st April next. I fail however to see any wording to that effect in the G. O. No. In these circumstances I have the honor to request that you will be so good as to obtain clear orders of Government as to whether the view taken by the Executive Engineer Godavari Eastern Division was correct both as regards the G. O. No. 3711 of 25th May 1886 as still being in force and as regards the latest order G. O. No. 2838 of 27 October 1890 as coming into operation only from 1st April next.
