1161/2

27TH APRIL 1891, No. 1161 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

From W. JOPP, Esq., Executive Engineer, Kistna Eastern Division, to the Superintending Engineer, II Circle, dated 7th January 1891, No. 4654.

Hitherto a percentage charge of $7\frac{1}{2}$ per cent. has been made on all work carried out in the Bezváda workshops to cover the cost of workshop establishment.

2. Until the transfer of Sergeant F. Hambley to the Dowlaishweram shops and the arrival of Sergeant Joyce, this percentage charge on works more than covered the charges on account of establishment as will be seen from the following figures:—

	Charges.	Percentage realized.
	RS.	RS.
1887-88	4,037	3,785
1888-89	3,969	4,887
1889-90	4,409	4,632

3. Sergeant Hambley being on the permanent establishment, his pay was not taken into account in fixing the percentage charge, but, as Sergeant Joyce is not as yet officially graded as a Public Works subordinate, his pay will have to be borne by the workshops and it will be necessary to increase the percentage charge on works on this account.

4. It is thus found that to meet the present cost of establishment a centage charge of as much as 16 per cent. will have to be made on every job carried out in the shops.

5. The rates of work will thus be much enhanced and there will be much disinclination to send indents on the shops when work can be done cheaper outside.

6. At the Dowlaishweram workshops the percentage charged for establishment is only 2 per cent., but the only establishment that has to be provided for is, I understand, the office and some petty establishment.

7. At the Bezváda workshops, from the Deputy Superintendent downwards, as also the accountant and office establishment, and assistant storekeeper, all are borne on temporary list and have to be paid from the percentage charges on works carried out in the shops.

8. I append a list of such establishment, one and all are necessary; but, in my opinion, it is unfair to saddle the workshop with the maintenance of some of them, who, it seems to me, carry out duties, which, if the workshops did not exist, would devolve on the permanent establishment of the different project divisions concerned, necessitating an increase in their present strength.

9. Sergeant Joyce and his lascars I will hereafter refer to, but, as an example, I may draw attention to the store establishment. Assistant storekeepers, M. Ranganayakulu and D. Soorianarayana Sastry, are employed in purely divisional work. The divisional store being entirely separate and distinct from the workshops, there seems no reason why their pay should be charged to the workshops; it would be more appropriate for the delta divisions to be charged with their salaries.

Take again the draftsman. It is open to question whether he also should not be borne on the permanent strength of the division establishment as his time is chiefly taken up with the preparation of estimates and so forth, which, if the workshops did not exist, would be performed by the ordinary permanent establishment of the three divisions.

10. As regards Sergeant Joyce, this subordinate, in addition to his legitimate workshop duties, is in charge of the floating plant, dredges, machinery and steam launch, there being no boat superintendent as at Dowlaishweram. In order also that he may be able to attend to demands made in these matters, it is absolutely necessary that the staff of lascars should be maintained.

11. I have, therefore, to propose that the following members of the workshops establishment be brought on to the permanent establishment, thus relieving works of charges which should be borne by establishment :—

	RS.
Sergeant J. S. Joyce ...	130
Storekeeper ...	20
Assistant storekeeper ...	15
Draftsman ...	25
Two lascars ...	12
Total ...	202

12. If this is approved, the present charge of 7½ per cent. on work turned out will just cover the cost of the remaining establishment. Even this figure compares unfavourably with the Dowlaishweram works.

No. 2633 K.S.

Copy submitted to the Chief Engineer, Public Works Department, through the Chief Engineer for Irrigation, with a request that the Executive Engineer's proposals be sanctioned or otherwise percentage raised to 16 per cent.

BEZVADA,
24th January 1891.

(Signed) J. HANNAN,
Superintending Engineer, II Circle.

No. 5 E.W.

Forwarded to the Chief Engineer, Public Works Department.

29th January 1891.

(Signed) H. E. CLERK,
for Chief Engineer for Irrigation.

Office-note from the Examiner, Public Works Accounts, dated Madras, 25th March 1891, No. 1894.

The men, whom it is proposed to bring on the permanent establishment, are—

(1) Foreman on Rs. 130 per mensem.
(2) Storekeeper on Rs. 20 per mensem.
(3) Do. on Rs. 15 do.
(4) Draftsman on Rs. 25 do.
(5) Two lascars at Rs. 6 do.

2. These men are all engaged on general duties in the shops and there appears to be no objection to their being brought on the permanent establishment; men holding similar appointments in the Presidency shop are on the permanent establishment. If, however, the present incumbents are not qualified for these appointments under the examination rules there may be a difficulty unless they are exempted therefrom by Government in the Educational Department, and if, as seems to be the case, they are over 25 years of age sanction of the Chief Engineer, Public Works Department, to their entertainment will also be necessary. The draftsman on Rs. 25 per mensem would have to be graded as draftsman, third class (*vide* Code para. 46).

1161/3

3. In this connection I beg to submit a comparative statement showing the establishment employed in the several workshops of the Presidency and to point out the great diversity of practice in charging the pay of the establishment employed. It seems to me that it would be desirable to introduce something like uniformity. At present in two cases, *i.e.*, in the case of Bezváda and Nellore workshops, the whole of the charges go to jobs, and, in two others, nearly the whole (in one, viz., Presidency workshops the whole) to establishment. If the Executive Engineer's proposals are adopted, there will be three cases in which nearly the whole will be charged to establishment, and probably it would be well to make a similar change in the fourth case also, viz., Nellore.

Office-note from the Examiner, Public Works Accounts, dated Madras, 17th March 1891, No. 1631.

I forward, herewith, memo. No. 2599 K.S., dated 22nd January 1891, from the Superintending Engineer, II Circle, and its enclosure, communicating sanction to a revised scale of establishment for the Bezváda workshops, and, with reference to this and other similar sanctions for workshops establishments, I invite attention to para. 2 of the Government of India letter No. 3374 G. of 6th December 1890 (copy herewith) which has recently been communicated to me with Pension Department G.O., No. 108 of 27th January 1891. In that letter the Government of India remarked that the appointment of the individual concerned should have been regularly sanctioned (*i.e.*, sanctioned by Government as "establishment") and that it was irregular to have charged his pay to "contingencies."

2. The position of workshops' employés continuously charged to works seems to be precisely the same (as regards the point taken by the Government of India) as that of press employés continuously charged to contingencies, and I think that, on the principle indicated, the workshop establishment generally should be sanctioned by Government under establishment, either permanent or temporary, as Government may be pleased to decide.

3. Please obtain the orders of Government on the subject.

Office-note from the Examiner, Public Works Accounts, dated 3rd April 1891, No. 1973.

ORDER—dated 27th April 1891, No. 1161 W., Public Works.

The Government agrees with the Examiner, Public Works Accounts, that the pay of individuals who are continuously employed in Public Works workshops should be charged to the head "Establishment" and not to "Contingencies."

2. The statement attached to these Proceedings contains a list of employés in the Bezváda, Dowlaishweram and Nellore workshops, whose salaries are charged off to jobs. The item "washerman" at 4 annas per mensem will continue to be charged to contingencies, but the salaries of the rest of the individuals will be debited to the budget grant for establishment with effect from the commencement of the current official year.

3. The Superintending Engineer, II Circle, has already recommended that the undermentioned officials of the Bezváda workshops be brought on the permanent establishment :—

	Per mensem. RS.
Workshop superintendent ...	130
Storekeeper ...	20
Assistant storekeeper ...	15
Draftsman ...	25
Two lascars ...	6 (each).

This proposal is sanctioned, the draftsman being graded as third class. The draftsman on Rs. 35 per mensem in the Dowlaishweram workshops will also be brought on the permanent establishment as second class. The Superintending Engineer, II Circle, will report his opinion as to which of the other officials in the Bezváda and Nellore workshops should be graded as permanent and which as temporary.

4. If necessary, applications should be submitted for the exemption of the present incumbents of the posts in question from the operation of the examination and twenty-five year rules.

5. The sanction accorded in para. 3 has been registered as Provincial No. 12 W. of 1891-92 and classified as Establishment, Permanent.

Please say whether any of the establishment included in this estimate is the same as that referred to in the papers forwarded with my No. 620 C dated 5th Feb 1891 - to which a reply is awaited. If so the whole subject might be reported on together.

2. Please also report whether any portion of the clerical establishment of the other Workshops is charged to Works. Apparently the establishments of the Presidency and Dowlaishweram Workshops are charged to the head Establishment.

Proceedings of the Madras Government

Read the following paper

Letter from the Government of India dated 6th December 1890 No. 3374 G.
Public Works Department

With reference to correspondence ending with your letter No. 1228 dated the 1st November 1890, I am directed to communicate the sanction of the Government of India to the grant of a compassionate allowance of Rs 57 per mensem under article 403, Civil Service Regulations, to Baburavuthu Venkanna, late a Compositor attached to the office of the Superintending Engineer, 1st Circle, with effect from the 12th January 1889. The dates at entries 7 and 13 of the first page of his pension application, have been corrected accordingly.-

2. I am to point out that if there are Presses attached to Superintending Engineers Offices in the Madras Presidency, where compositors are employed continuously for 25 years, it is irregular that the Establishment should be paid from the grant for contingencies and that it should be regularly sanctioned. The pension papers of Baburavuthu Venkanna are herewith returned.-

Order

Order 27th January 1891 No 108-

Communicated to the Examiner of Public Works Accounts with reference to his certificate and report No 1110 A/R dated 16th May 1890.

2. It is understood that no presses are now attached to Superintending Engineers or other Public Works Offices.

No. 1161W of 27th April 1891 & Genl Estabt

PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

1161/15

READ the following

Endorsement from the S.E. II circle H.E. No 2633 K.S. d/24 Jan 1891
— Do — from the Ch: Engr for Irign - - 5 E.W - 29th Jan 1891
Office Note from the Exr. P.W. Accts - - 1894 - 25 March 1891
— Do — Do — - - 1631 - 17th March 1891
— Do — Do — - - 1973 - 3rd Apr 1891

The Government agrees with the Examiner P.W. Accounts that the pay of individuals who are continuously employed in P.W. Workshops should be charged to the head "Establishment" and not to "Contingencies"

2. The statement attached to these Proceedings contains a list of employes in the Bezvada, Dowlaishweram and Nellore Workshops whose

salaries are charged off to jobs. The item "washerman" at 4 annas per mensem will continue to be charged to contingencies but the salaries of the rest of the individuals will be debited to the Budget grant for establishment with effect from the commencement of the current official year.

3. The Supdg. Engineer II circle has already recommended that the undermentioned officials of the Bezwada workshops be brought on the permanent establishment—

Workshop Supt	Rs130 per mensem
Storekeeper	" 20 — " —
Asst. Storekeeper	" 15 — " —
Draftsman	" 25 — " —
2 lascars	Rs 6 each per mensem.

This proposal is sanctiona

the

the draftsman being graded as 3rd class. The draftsman on Rs35 per mensem in the Dowlaishweram Workshops will also be brought on the permanent establishment as 2nd class. The Supdg. Engineer II circle will report his opinion as to which of the other officials in the Bezwada and Nellore Workshops should be graded as permanent and which as temporary.

4. If necessary applications should be submitted for the exemption of the present incumbents of

of

of the posts in question from the operation of the examination and twenty five year rules.

5. The sanction accorded in para 3 has been registered as Provincial No 12 W of 1891-92 and classified as Establishment, Permanent.
