Letter from W. Jopp Esquire, Executive Engineer, Kistna Eastern Division, to the Superintending Engineer 2nd Circle, dated 14th December 1890 No 4381.

I have the honor to state that the undermentioned quantities of rough and juddy stones were lying in what is generally known as Annamatha Quarry in Sitamagaram about a mile distant from the canal for the past several years. Their value to the Department as also their market value stood at a figure much less than our stock rate.

181 Cyds. of rough stone.

565 do of juddy stone.

2. Messrs. Molesworth & Co. offered to take them at 8 annas a cubic yard calculated as

Stone itself - Annas 6-5 pias

24½% on that as required
by para 1851 Note 1 of the Code } 1-7

Total 8 annas.

This offer was it was considered to the best advantage of Government and they were sold in June last their value being recovered in July 1890.

In these circumstances I have the honor to request that a formal sanction as required by para 1722.A of the code may be obtained for the sale effected in June, as also the small quantity viz: $40\frac{3}{4}$ Cys. of rough stone in October last from the Bezvada Quarry on which the usual percentage charges plus 8 annas per cubic yard, the value in the Quarry, has been charged.

No. 2447 K. S.
4.1.91

Copy forwarded to the Chief Engineer, P. W. Department, who will be good enough to obtain sanction of Government for the sale of the materials above alluded to, under code para 1722.A.

W. Annas

Superintending Engineer,
II Circle.
