READ—the following paper :—

G.O., dated 15th April 1891, No. 142, Marine.

Read—the following papers :—

From the Presidency Port Officer, dated Madras, 25th March 1891,
No. 1070/117 G :—

I have the honour to request that, pending the decision of Government on this office letter No. 1070/6 G, dated 16th January 1891, as to the fund from which the proposed expenditure on account of repairs to the quay wall at Masulipatam is to be met, the estimate, amounting to Rs. 290, may be sanctioned and transferred to the Superintending Engineer, II Circle, in view to the work being carried out.

From the same officer, dated 16th January 1891, No. 1070/6 G.

Adverting to the orders of Government, No. 701, Financial, dated 25th September 1890, and No. 3207 W., Public Works, of 4th December 1890, I have the honour to acquaint you, for the information of Government, that, from the report of the Executive Engineer, Eastern division, Kistna district, which accompanies the Letter No. 2426 K.S. of 31st December 1890, from Superintending Engineer, II Circle, Report of the Executive Engineer, Eastern division, Kistna district, correspondence marginally noted, forwarded herewith in original, it would appear that the repairs to the old quay wall at Masulipatam are intended for the protection of the new iron goods-shed standing thereon. This shed I have ascertained from certain correspondence placed at my disposal by the Board of Revenue was recently constructed for the Revenue (Customs) department and fees are levied for its use which are credited to that department and which between July and October 1889, according to a statement furnished by the Port and Customs Officer, Masulipatam, amounted to Rs. 881-8-2. It seems, therefore, only fair that if Port funds are to meet the cost of upkeep of the quay wall which is essential for the protection of the shed in question, the revenue accruing from the shed should be credited to these funds although the original construction of the quay wall itself might have been met from this fund. I would, under the circumstances, recommend that the shed be transferred to the Port department; that the receipts standing to its credit and all future receipts be credited to Port fund; and that the amount of the present estimate and the cost of all future repairs to the wall be met from such receipts.

Order—dated 15th April 1891, No. 142, Marine.

Copies of the foregoing letters from the Presidency Port Officer will be forwarded to the Public Works Department with the request that the repairs to the quay wall at Masulipatam may be proceeded with at an early date.

2. The Government is of opinion that the work ought to be paid for from Customs funds, *i.e.*, Provincial Petty Construction and Repairs. G.O. No. 701, Financial, dated 25th September 1890, is accordingly cancelled. The allotment, if already made from Port funds, will be recalled and the money, if spent, debited to Provincial.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

Letter from the Presidency Port Officer, Madras, dated 23rd March 1891, N^o 1070 G.

I have the honor to request that, pending the decision of Government on the Office Letter N^o 1070 G, dated 16th January 1891, as to the fund from which the proposed expenditure on account of repairs to the Quay Wall at Masulipatam is to be met, the estimate amounting to Rupees (290) Two hundred and ninety may be sanctioned and transferred to the Superintending Engineer II Circle in view to the work being carried out.

Letter from the same Officer dated 16th January 1891, N^o 1070 G.

Amounting to the orders of Government N^o 701 Financial, dated 26th September 1890 and N^o 3207 Public Works of 4th December 1890. I have the honor to acquaint you for the information of Government, that from the reports of the Executive Engineer, Eastern Division, Rikina District, which accompanies the correspondence marginally noted forwarded herewith in original it would appear, that the repairs to the Quay wall at Masulipatam are intended for the protect.
