20TH APRIL 1891, No. 348, REVENUE.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—again G.O., dated 7th July 1890, No. 525, Revenue.

ABSTRACT.—Resolving to make no change in the head-quarters of the Collector of the Tanjore district, and stating that the question of the construction of a telegraph line at Vallam will be considered in the Public Department.

ORDER—dated 20th April 1891, No. 348, Revenue.

Miscellaneous.

On reconsideration the Government is convinced of the expediency of transferring the head-quarters of the Collector from Vallam to Tanjore. The existing arrangement must be inconvenient not only to the public who have business to transact with the Collector, but also to the Collector himself, who must find it a great hindrance to proper performance of work, having only the Correspondence branch of his office at his head-quarters, while the Treasury, Accounts and Local Fund Department are at Tanjore. His Excellency the Governor in Council is therefore of opinion that these inconveniences far outweigh the advantages put forward in favor of retaining the Collector's head-quarters at Vallam. Moreover, the accommodation for the portion of the office located at Vallam is believed to be quite inadequate. The Government, accordingly, directs that early steps be taken for removing the Collector's head-quarters to Tanjore.

2. The cost of providing an office for the Collector at Tanjore cannot be great as there is already accommodation for the departments now located there, and it is believed that there is space within the Fort to build in. The Collector should, in consultation with the Public Works Department, prepare the necessary plans and estimates and submit them for the early sanction of Government.
